INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Plan Participants of
Xcel Energy 401(k) Savings Plan:

Opinion

We have audited the financial statements of Xcel Energy 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

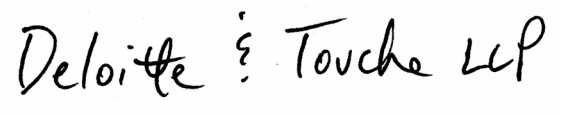

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents are presented for purposes of additional analysis and is not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

XCEL ENERGY 401(K) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS AS OF DEC. 31, 2022 AND 2021 AND FOR THE YEAR ENDED DEC. 31, 2022

1. DESCRIPTION OF PLAN

The following includes a brief description of the Xcel Energy 401(K) Savings Plan (the Plan). Participants should refer to the Plan document or Summary Plan Description for more complete information.

General — The Plan is a defined contribution benefit plan which provides eligible employees of Plan sponsor, Xcel Energy Inc., and its participating subsidiaries (Xcel Energy) the opportunity to contribute to a qualified retirement savings plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Xcel Energy contributes the employer matching contribution in cash. Participant deferrals and matching contributions are invested into one or more investment funds as elected by participants.

Plan and Trust Management — The Plan administrator is Xcel Energy who has authority to control and manage the operation and administration of the Plan. Plan assets are held by a trustee under a trust agreement as adopted by Xcel Energy. The Plan's assets invested in Xcel Energy Inc. common stock are held in the Xcel Energy Stock Fund within the Master Trust. (see Note 4). The Xcel Energy Stock Fund also holds an immaterial amount of cash equivalents for operational purposes. Individual participant accounts are valued daily based on the current market value of each asset type. The Vanguard Group is the record keeper and Vanguard Fiduciary Trust Company (VFTC) serves as trustee for the Plan.

Transfer of Plan Assets — Assets are transferred amongst plans when an eligible participant moves from one benefit plan to another within Xcel Energy.

Eligibility — All full-time, part-time and temporary employees of Xcel Energy (with the exception of bargaining unit employees covered by a collective bargaining agreement that does not provide for participation in this Plan) are eligible to participate in the Plan as of their first day of employment.

Employee and Employer Contributions — The Plan allows participants to contribute a portion of their compensation as pre-tax and/or Roth 401(k) after-tax contributions, pre-tax and/or Roth 401(k) after-tax catch-up contributions, and allows pre-tax rollovers from other qualified retirement plans. The plan also allows for a discretionary employer matching contribution (see Note 3).

Vesting — Employee contributions, matching contributions made by Xcel Energy and earnings are immediately vested.

Distributions — Benefits may be distributed after termination of employment, disability or death (payable to the designated beneficiary) in the form of a single lump sum, direct rollover, partial lump sum or installments. Distributions from the Master Trust may be in the form of Xcel Energy Inc. common stock or cash based upon the election of the participant.

If the total amount of the participant’s vested account balance exceeds $1,000 at a distributive event, the participant may defer distribution until age 72, unless the participant consents to commence distribution at an earlier date. If the total amount is less than $1,000, the Plan Administrator will schedule a payment date and the amount will be distributed as soon as administratively possible. All vested account balances remaining in the Plan after the participant leaves Xcel Energy will be invested in accordance with the participant's election, with the ability to diversify at the discretion of the participant. The participant will continue to receive investment earnings or losses and dividend distributions until the account is completely distributed.

Participant Accounts — Individual accounts are maintained for each participant of the Plan. Each participant's account is credited with the participant's contributions, company matching contributions, and Plan earnings as applicable. Participant accounts are also charged with withdrawals, an allocation of Plan losses as applicable, and per participant administrative expenses that are not paid by the Company. Allocations are based on participant earnings or account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeited Amounts — For the plan year ended Dec. 31, 2022, there were no forfeitures.

Plan Termination — While Xcel Energy expects to continue the Plan, it reserves the right at its sole and absolute discretion to amend, modify, change or terminate the Plan, at any time, in whole or in part, for whatever reason it deems appropriate, subject to collective bargaining obligations. If Xcel Energy were to terminate the Plan, assets would be distributed in accordance with ERISA guidelines.

Administrative Expenses — Xcel Energy pays certain administrative expenses of the Plan. Certain investment advisory, trustee and recordkeeping fees are paid by the Plan or by the participant, as applicable. The Self-Directed Brokerage Option annual account maintenance fee, participant loan set-up fee, and annual loan maintenance fee are paid by the participant.

Xcel Energy Inc. Common Stock Dividends — Dividends paid on shares held in Xcel Energy Inc. common stock within the Master Trust are automatically reinvested in Xcel Energy Inc. common stock unless the participant elects to receive them as a taxable cash distribution.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting — The accompanying financial statements of the Plan have been prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from estimates.

Risks and Uncertainties — The Plan provides for investment in a variety of investment funds. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in investment values will occur in the near term and such changes could materially affect participants' account balances and amounts reported in the financial statements.

Fair Value Measurements — The Plan presents money market funds and mutual funds, the Xcel Energy Stock Fund held within the Master Trust, common collective trusts and self-directed brokerage accounts investments at fair value in its financial statements.

The fair values of money market funds are based on quoted net asset value (NAV), calculated as $1 per share, and are included in the Fair Value hierarchy as Level 1 investments (see Note 6). The fair values of mutual funds and Xcel Energy Inc. common stock are based on quoted market prices.

The self-directed brokerage option allows participants to self-direct investments in a wider variety of mutual funds, equity securities, and debt securities. Within self-directed brokerage accounts, the fair value of mutual funds and equity securities are based on quoted market prices, while the fair values of debt securities are based on market interest rate curves and recent trades of similarly rated securities.

Common collective trusts include investments in retirement target date trusts, which have been assigned as Level 2 investments, are valued at the underlying investments' NAV at the close of the day multiplied by the number of shares in the fund.

Notes Receivable from Participants — Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are recorded as deemed distributions based on Plan document terms.

Investments — The Plan's net asset investment balance includes money market funds, various mutual funds, collective trusts, a portion of the Master Trust, and self-directed brokerage accounts. Each participant elects the percentage of his or her account balance to be invested in each investment option. Investment income or loss includes interest and dividends. Realized gains and losses on the sale of investments and unrealized gains or losses in the fair value of investments are shown as net appreciation (depreciation) in the fair value of investments. Total investment income or loss is allocated to each fund based on the number of units in each fund. Security transactions are recognized on the trade date (the date the order to buy or sell is executed).

Income Recognition — The difference between fair value and cost of investments, including realized and unrealized gains and losses, is reflected in the Statements of Changes in Net Assets Available for Benefits. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Payment of Benefits — Benefit payments are recorded when paid.

3. PLAN FUNDING

Employee Contributions — Participants may elect to contribute up to 30% of their eligible earnings on a pre-tax basis, Roth 401(k) after-tax basis or a combination of both not to exceed 30% of their eligible earnings, up to $20,500 in 2022. Participants who are age 50 or older during the Plan year may make additional catch-up contributions (pre-tax and/or Roth 401(k) after-tax) up to $6,500 in 2022. The Plan is required to make corrective distributions when IRS limits are exceeded due to excess deferrals, excess contributions and excess annual additions, which are returned to participants during the subsequent Plan year.

The Plan automatically enrolls newly hired/rehired full-time and part-time non-bargaining and bargaining employees as well as certain Nuclear Operations bargaining employees. Eligible employees who do not make an affirmative election or do not waive Plan participation within 30 days from date of hire are automatically enrolled at an initial percentage of pay (4% pre-tax in 2022), contribution rates are automatically increased each year by 1% (capped at 10%), and their accounts are automatically invested in an age-appropriate target-date trust. Employees who are automatically enrolled can opt out of the default options and make their own independent choices at any time.

Employer Contributions — The Plan provides for a matching contribution based on the employee's Xcel Energy Pension Plan, as noted below.

All non-bargaining participants who contributed to the Plan in 2022 are eligible for the annual matching contributions which were paid in February 2023, regardless of their employment status at year-end. Non-bargaining and bargaining employees covered under the Pension Equity, Account Balance or Cash Balance pension plan formulas are eligible to receive a matching contribution equal to 50% of the first 8% of base pay contributed on a pre-tax and/or Roth 401(k) after-tax basis during the Plan year.

Non-bargaining and bargaining employees covered under the Traditional pension plan formula are eligible to receive 100% of their pre-tax and/or Roth 401(k) after-tax contribution up to a maximum of $1,400 in matching contributions from Xcel Energy for 2022, which were paid in February 2023.

Bargaining employees participating in this Plan must be an active employee on the last day of the Plan year or separated from employment due to retirement, disability or death to be eligible for the annual matching contribution.

Investment of Employee and Employer Contributions — Participants may invest their contributions among various investment funds offered by the Plan. The Plan's net assets include a money market fund, various mutual funds, collective trusts, the Master Trust, and self-directed brokerage option. Each participant elects the percentage of his or her account balance to be invested in each investment option. The annual company match is made in the form of cash for both non-bargaining and bargaining employees.

4. INTEREST IN MASTER TRUST

The Master Trust is an investment vehicle consisting of Xcel Energy Inc. common stock and a small amount of cash to ensure daily liquidity. The Master Trust pools the stock investment from all four Xcel Energy Inc. sponsored 401(k) plans to reduce administrative and investment expenses. The value of the Plan's interest in the Master Trust is based on the beginning of the year value of the Plan's interest in the Master Trust, actual contributions, transfers and allocated investment income or loss, less distributions and allocated administrative expenses. Investment income or loss and administrative expenses related to the Master Trust are allocated to the individual plans based upon the daily valuation of the balances invested by each plan.

The net change in value from participation in the Master Trust is reported as one line item in the accompanying Statement of Changes in Net Assets Available for Benefits and the Plan's interest in the Master Trust is reported as a single line item in the accompanying Statements of Net Assets Available for Benefits.

A summary of the Plan's interest in the Master Trust as of Dec. 31, 2022 and 2021 are summarized below:

	Dec. 31, 2022	Dec. 31, 2021
Interest in Master Trust (in approximate shares)	3,989,628	4,296,471

Total net assets	$ 400,894,837	$ 292,836,723

Master Trust and Plan's interest in Master Trust income for the year ended Dec. 31, 2022 are as follows:

	Dec. 31, 2022	
	Master Trust Balances	Plan's Interest in Master Trust Balances
Total interest, dividend and other income	$ 10,867,120	$ 7,964,086
Realized and unrealized gain in Xcel Energy Stock Fund	15,177,524	11,313,100
Total net gain	$ 26,044,644	$ 19,277,186

5. FEDERAL INCOME TAX STATUS

The IRS has determined and informed Xcel Energy by a letter dated March 24, 2017, that the Xcel Energy 401(k) Savings Plan meets the requirements of Section 401(a) of the Internal Revenue Code (IRC) of 1986, as amended. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the plan continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. FAIR VALUE MEASUREMENTS

The accounting guidance for fair value measurements and disclosures provides a single definition of fair value and requires certain disclosures about assets and liabilities measured at fair value. A hierarchical framework for disclosing the observability of the inputs utilized in measuring assets and liabilities at fair value was established by this guidance. The three levels in the hierarchy are as follows:

Level 1 — Quoted prices are available in active markets for identical assets as of the reporting date. The types of assets included in Level 1 are highly liquid and actively traded instruments with quoted prices, such as listed mutual funds and money market funds.

Level 2 — Pricing inputs are other than quoted prices in active markets, but are either directly or indirectly observable as of the reporting date. The types of assets included in Level 2 are typically either comparable to actively traded securities or contracts, or priced with models using highly observable inputs, as is the case with preferred stock and debt securities within the self-directed brokerage accounts. The collective trusts are not actively traded on an exchange.

Level 3 — Significant inputs to pricing have little or no observability as of the reporting date. The types of assets included in Level 3 are those with inputs requiring significant management judgment or estimation.

The following table presents, for each of these hierarchy levels, the Plan's assets that are measured at fair value on a recurring basis:

	Dec. 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 825,815,869	$ —	$ —	$ 825,815,869
Collective Trusts	—	1,352,254,950	—	1,352,254,950

Total	$ 1,306,272,693	$ 1,354,218,750	$ —	$ 2,660,491,443

	Dec. 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,031,481,281	$ —	$ —	$1,031,481,281
Collective Trusts	—	1,679,366,683	—	1,679,366,683
Self-Directed Brokerage Accounts	86,656,249	355,689	—	87,011,938
Money Market Funds	125,875,680	—	—	125,875,680
Plan's Interest in Master Trust:				
Xcel Energy Stock Fund	292,836,723	—	—	292,836,723
Total	$ 1,536,849,933	$ 1,679,722,372	$ —	$3,216,572,305

7. NOTES RECEIVABLE FROM PARTICIPANTS

The Plan allows participants to borrow against funds held in their account in any amount greater than $1,000 but less than 50% of the participant's vested account balance. In no event can a participant borrow more than $50,000 less the participant's highest outstanding loan balance during the preceding 12 months. For most participants, only one outstanding loan is permitted at any time and may not exceed 5 years for a general-purpose loan or 15 years for a principal residence loan. Participants who had one or more outstanding loan balance at the time their former Nuclear Management Company (NMC) Plan assets were transferred to the Plan are permitted to have a maximum of two outstanding loans at any one time; however, they are not eligible for a new loan until each loan transferred from the NMC Plan has been paid in full. The loan shall bear a rate of interest equal to the prime rate in effect on the first business day of the month in which the loan request is approved plus 1%, and stays in effect until the loan is repaid. Repayment of the loan plus interest is made through automatic payroll deductions and is credited to each participant's account as paid. If a participant retires or terminates employment for any reason, the outstanding loan balance must be repaid within 90 days from date of termination. A terminated participant may elect to continue making monthly installment payments in accordance with the procedures established by the Plan Administrator.

A summary of the Plans' notes receivable as of Dec. 31, 2022 and 2021 is below:

	Dec. 31, 2022	Dec. 31, 2021
Interest rates on outstanding loans	4.25% - 8.00%	4.25% - 9.25%
Maturity range	2023 - 2037	2022 - 2036

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments include shares of Xcel Energy Inc. common stock. On the Statements of Net Assets Available for Benefits, the value interest in Master Trust includes dividends declared and payable to the Plan of $1,944,944 and $1,965,635 at Dec. 31, 2022 and 2021, respectively.

The Plan also invests in shares of mutual funds and collective trusts managed by an affiliate of VFTC, which is the Plan trustee. Transactions in such investments qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. The Plan incurred fees for investment management and recordkeeping services of $1,697,170 for the year ended Dec. 31, 2022.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and net decrease in net assets available for benefits per the financial statements to net assets and net income per the Form 5500 as of Dec. 31, 2022 and 2021, as applicable:

	2022	2021
