Independent Auditor's Report

The Audit Committee
Western New England Bancorp, Inc.
Westfield, Massachusetts

Opinion

We have audited the financial statements of the 401(k) Plan as Adopted by Westfield Bank (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

401(k) Plan as Adopted by Westfield Bank

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the 401(k) Plan as Adopted by Westfield Bank (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all salaried and hourly employees of Westfield Bank and subsidiaries and affiliates (the “Plan Sponsor” or the “Company”) who have attained age 21 or older. An officer of the Plan Sponsor serves as the Plan Administrator. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, a member of the Principal Financial Group, is the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 75 percent of their pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. The Company makes a matching contribution of 50 percent of the first 6 percent of compensation that a participant contributes to the Plan. In addition to employer matching contributions, the Company may make optional contributions for any Plan year, at its discretion. No discretionary contributions were made for the years ended December 31, 2022 and 2021. Participants are eligible for employer contributions upon completing one year of service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution, the Company’s matching contribution, and allocations of Company discretionary contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

401(k) Plan as Adopted by Westfield Bank

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

DESCRIPTION OF THE PLAN (Continued)

Investments

Participants direct the investment of their contributions into investment options offered by the Plan which include selected pooled separate accounts of The Principal Life Insurance Company (the Insurance Company), common shares of Western New England Bancorp, Inc. (the parent company of Westfield Bank), a stable value fund, common collective trusts and mutual funds. Company contributions are invested in each participant's account according to the participant's selected allocation. Participants may change or transfer their investment options at any time via an automated telephone system or the custodian's website.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The Bank's contribution portion of their accounts plus earnings thereon is 100% vested when made.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000. The maximum principal amount of any loan shall not exceed the lesser of (a) 50 percent of the vested balance of the borrower's interest in the Plan determined immediately after the origination of the loan or (b) \$50,000, reduced by the excess, if any, of the highest outstanding principal balance of loans from the Plan to the borrower during the one-year period ending on the day before the date of the new loan, over the outstanding balance of loans as of the date of the new loan.

Loan transactions are treated as transfers between the investment fund and the loan fund. Loan terms range from one to five years, or as determined by the Plan Administrator for the purchase of a primary residence. These loans are subject to the terms and conditions of the Plan's loan program and Plan Administrator approval. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates on similar types of loans at the time funds are borrowed as determined by the Plan Administrator. The interest rate on all outstanding loans ranged from 4.25% to 8.50% at December 31, 2022.

401(k) Plan as Adopted by Westfield Bank

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

DESCRIPTION OF THE PLAN (Concluded)

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in certain cases, annual installments over a period of not more than the participant's assumed life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited Accounts

Forfeited nonvested amounts are first used to pay administrative expenses then to reduce future employer contributions. Forfeited nonvested accounts totaled \$6 at December 31, 2022 and 2021. There were no forfeitures used during 2022 and 2021.

Administrative Expenses

The Plan's administrative expenses are paid by either the Plan or the Plan Sponsor as provided by the Plan document. Fees paid by the Plan to the custodian for administrative services were \$117,821 and \$130,599 for the years ended December 31, 2022 and 2021, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Estimates are principally used in the determination of the fair value of investments. Actual results could differ from those estimates.

401(k) Plan as Adopted by Westfield Bank

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Custodian and the Insurance Company. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation in the fair value of investments includes both realized and unrealized gains and losses. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Excess Contributions Payable

The Plan is required to return contributions received during the Plan year in excess of the IRC limitations. There were \$44,121 in excess contributions for the year ended December 31, 2022 and no excess contributions for the year ended December 31, 2021.

Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

3. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

401(k) Plan as Adopted by Westfield Bank

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

4. FEDERAL INCOME TAX STATUS

The Plan received a determination letter from the Internal Revenue Service, dated July 21, 2017, stating that the Plan, as designed, is in compliance with the applicable requirements of the IRC. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by federal and state tax authorities. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

5. TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan has investments in the common stock of Western New England Bancorp, Inc., and pooled separate accounts, common collective trusts and the stable value fund managed by members of the Principal Financial Group. Western New England Bancorp, Inc. is the holding company for Westfield Bank, a federally-chartered savings bank located in western Massachusetts and Plan Sponsor. Principal Trust Company is also the custodian of the Plan and therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the custodian for loan administration and other administrative services were \$117,821 and \$130,559 for the years ended December 31, 2022 and 2021, respectively. Fees paid for investment management services are included as a reduction of the return earned by each investment managed by members of the Principal Financial Group.

6. RISKS AND UNCERTAINTIES

The Plan invests in a variety of investment vehicles. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk factors in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

401(k) Plan as Adopted by Westfield Bank

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Valuation is based on quoted prices in active markets for identical assets or liabilities. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 – Valuation is based on observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Valuation is based on unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using unobservable inputs to pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

In certain cases, inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

The common stock of Western New England Bancorp, Inc. is valued at the closing price reported on the active market on which the individual securities are traded.

401(k) Plan as Adopted by Westfield Bank

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

FAIR VALUE MEASUREMENTS (Continued)

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts are valued at the net asset value (“NAV”) of units held by the Plan at year end. Participant transactions (purchases and sales) may occur daily.

Common collective trusts (“CCT”) are valued using the NAV, which is based on the quoted market prices of the underlying securities of the funds. The unit price is based on the value of the underlying investments assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The CCTs provide for daily redemptions by the Plan at reported NAV, with no advance notice requirements.

The Principal Stable Value Fund (the “Fund”) offers a diversified group of investments with competitive levels of yield consistent with a stable fixed-income methodology and a prudent assumption of investment risk. The Fund provides stability of returns, liquidity to pay plan benefits, and a high credit quality by investing in conventional, synthetic and separate account investment contracts (collective contracts) issued by life insurance companies, banks and other financial institutions.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

8. SUBSEQUENT EVENTS

Effective January 1, 2023, the Company converted to a Safe Harbor 401(k) Plan. In addition to salary deferrals, in 2023, the Company will match up to 100% of the first 4% of the participant's eligible compensation (for a total maximum employer matching contribution of 4% of a participant's eligible compensation) which vests immediately. In addition, on an annual basis, the Company may make a discretionary profit share contribution to each participant of up to 3% of eligible compensation which vests immediately, except for any employees hired on or after January 1, 2023, whose profit share contribution will vest after three years of service.

The Plan has evaluated subsequent events through June 29, 2023, which is the date the financial statements were available to be issued, and management has determined that no additional subsequent events have occurred which require disclosure or adjustments to the financial statements.
