INDEPENDENT AUDITORS' REPORT

To the Participants and the Administrator of
Metro Mini Storage Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the accompanying financial statements of Metro Mini Storage Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Metro Mini Storage Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2021 and for the year then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Members:

- The American Institute of Certified Public Accountants
- The Alabama Society of Certified Public Accountants
- PCPS - The AICPA Alliance for CPA Firms
- National CPA Health Care Advisors Association

- The information in the 2021 financial statements referred to above related to assets held by and certified by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Metro Mini Storage Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Metro Mini Storage Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Metro Mini Storage Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) at December 31, 2021 and the Schedule H, Line 4a - Schedule of Delinquent Contributions for the year ended December 31, 2021 are presented for the purpose of additional analysis but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to

auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters

The statement of net assets available for benefits for the year ended December 31, 2020 was compiled by us. We did not audit or review the statement and, accordingly, do not express an opinion or provide any assurance about whether the statement is in accordance with generally accepted accounting principles.

Metro Mini Storage Retirement Plan

Notes to Financial Statements December 31, 2021

1. Description of Plan

The following brief description of the Metro Mini Storage Retirement Plan (the “Plan”) is provided for general information only. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established on January 1, 1998 and covers all eligible employees of Metro Mini Storage (the “Employer”) and certain affiliates that do not have a separate 401(k) retirement plan established. The administrators have selected Principal Life Insurance Company (the “Trustee”) to be the Plan’s investment trustee (Note 4).

In January 2020, Congress passed the Setting Every Community Up for Retirement Enhancement Act (“SECURE Act”) of 2020 that contained the largest package of retirement system reform in over a decade. Many of the provisions of the SECURE Act became effective on January 1, 2020 and may require significant changes to plan administration and recordkeeping.

The COVID-19 outbreak in the United States caused business disruption through mandated and voluntary closings of businesses in numerous industries. As of March 27, 2020, Congress passed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) that included numerous employee benefit plan provisions to assist plan sponsors and participants.

The Consolidated Appropriations Act of 2021 was signed into law on December 27, 2020 which includes a temporary rule that prevents partial plan terminations for qualified retirement plans in certain circumstances.

Eligibility

An employee is eligible to participate in the Plan upon attaining age 21 with a 90 day service requirement.

Contributions

Contributions to the Plan may consist of employee elective contributions, employer matching contributions, employer discretionary contributions and rollover contributions. Employees may contribute to the Plan (on a pre-tax basis) up to 100% of their annual

earnings subject to annual limitations established by the United States Treasury Department.

Investments

Participants direct the investment of their contributions as well as employer matching and employer discretionary contributions into various investment options offered by the Plan. The Plan offers a common/collective trust, mutual funds and a selection of pooled separate accounts.

Vesting

Vesting is based on years of vested service, as defined by the Plan. Employer contributions to a participant's account become 20% vested after one year of credited service as defined and continue to vest at the rate of 20% for each successive year of service until 100% vested after five years of service. Amounts not vested at the time a covered employee ceases to participate in the Plan are forfeited and will be used to reduce employer contributions or plan expenses. Participants are immediately vested in their deferral contributions plus actual earnings thereon.

Participant Accounts

An account is maintained for each participant in the Plan. The accounts are credited with the participants' contributions, rollovers, and their allocated portion of the employer contributions and investment earnings. Distributions, withdrawals, and allocated expenses are subtracted from the account balances.

Forfeitures

Forfeitures may be applied to pay administrative expenses or to reduce employer contributions. The balance in the forfeiture account at December 31, 2021 was \$0. For the year ended December 31, 2021, forfeitures in the amount of \$6,008 were used to offset employer contributions

Plan Termination

It is the intention of the Employer to continue the Plan indefinitely. However, the Employer retains the right to amend or terminate the Plan at any time. Upon termination of the Plan, all participant accounts will become 100% vested.

2. Summary of Significant Accounting Policies

The following is a summary of accounting policies utilized in the financial statements which were prepared in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The reported value of the common/collective trust

fund is at the Net Asset Value (“NAV”), which is calculated by the fund based on net assets. This NAV represents the Plan’s fair value since this is the amount at which the Plan transacts with the fund. Shares of mutual funds and pooled separate accounts are valued at the net asset value of shares held by the Plan based on quoted prices at year end. Purchases and sales of securities are reflected as of the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded when earned.

In all cases, valuations are based on the judgment of management after consideration of the above and other factors, including, but not limited to, original cost, operating results, and financial condition of the portfolio investments. The valuations do not necessarily represent amounts which might ultimately be realized from the disposition of the investments.

Realized and Unrealized Gains and Losses

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Realized gains or losses on investments represent the difference between the original cost and the related market price of the investments at the time of disposition. Prior to disposition, differences between the original cost and the estimated fair value of the investments at the end of a period represent unrealized appreciation or depreciation. The Plan’s investments (including investments bought and sold, as well as held during the year) appreciated in value by \$49,206 during the year ended December 31, 2021.

Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Certain investment advisory related expenses are included in administrative expenses. Certain investment related expenses are netted in the fair value of investments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the dates of the financial statements and the reported amounts of additions and deductions during the reporting periods. Actual results could differ from these estimates.

Risks and Uncertainties

The Plan provides for various investment options including mutual funds and other investment securities. Generally, all investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment

securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Recently Issued Accounting Standards

In July 2019, the AICPA Auditing Standards Board ("ASB") issued Statement on Auditing Standards ("SAS") No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA* ("EBP SAS"). The SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 ("ERISA") and changes the form and content of the related auditors report.

The SAS expands the audit requirements in all phases of an audit, including:

- engagement acceptance and obtaining additional management representations,
- performing risk assessment procedures related to the plan instrument, plan tax status and prohibited transactions, and responding to identified risks,
- communicating additional matters (reportable findings) with those charged with plan governance,
- performing certain additional procedures unique to auditing ERISA plans, and
- issuing a new form of the auditor's report.

"Limited-Scope Audits" are now referred to as "ERISA section 103(a)(3)(C) audits." There are significant changes to the audit report when management elects to instruct the auditor not to perform any additional procedures with respect to investment information certified by a qualified institution pursuant to ERISA Section 103(a)(3)(C). These audits will no longer be considered as having a scope limitation, and the auditor will follow new performance and reporting requirements.

Accordingly, the auditor will no longer issue a disclaimer of opinion, but instead will issue an auditor's report in accordance with the EBP SAS that contains a two-pronged opinion that is based on the audit and on the procedures performed relating to the certified investment information. It provides an opinion on whether the amounts and disclosures in the financial statements not covered by the certification are presented fairly, in all material respects, in accordance with the applicable financial reporting framework, and an opinion on whether the certified investment information in the financial statements agrees to or is derived from, in all material respects, the certification.

The EBP SAS was originally effective for audits of financial statements for periods ending on or after December 15, 2020, and early application was not permitted. The EBP SAS was amended to delay the effective date by one year, and to allow early implementation. This standard was adopted by the Plan in 2021.

3. Fair Value Measurements

ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust/Pooled separate accounts – Valued based on the net asset value (NAV) of units of the account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less any liabilities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's investments are reported at fair value as follows:

	Fair Value Measurements Using:			<u>Fair Value</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
December 31, 2021:				
Mutual Funds	<u>\$439,235</u>	\$ -	\$ -	<u>\$439,235</u>
Total investments in the fair value hierarchy	<u>\$439,235</u>	\$ -	\$ -	<u>\$439,235</u>
Investments measured at NAV:				
Pooled separate accounts (a)				6,275,084
Common/collective trusts (a)				<u>654,832</u>
Total investments at fair value				<u>\$7,369,151</u>

	Fair Value Measurements Using:			<u>Fair Value</u>
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	
December 31, 2020:				
Mutual Funds	<u>\$345,563</u>	\$ -	\$ -	<u>\$345,563</u>
Total investments in the fair value hierarchy	<u>\$345,563</u>	\$ -	\$ -	<u>\$345,563</u>
Investments measured at NAV:				
Pooled separate accounts (a)				5,048,315
Common/collective trusts (a)				<u>604,622</u>
Total investments at fair value				<u>\$5,998,500</u>

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There are no unfunded commitments for these investments, they are valued daily, and there are no redemption restrictions.

4. Information Certified by Trustee (Unaudited)

The Trustee holds investment assets of the Plan and executes transactions therein. Financial information relating to these assets and changes in plan assets is included in the accompanying financial statements based upon information certified as accurate and complete by the Trustee. That information, which has not been audited by independent accountants as of December 31, 2021 and for the year ended December 31, 2021, is summarized below.

- Investments, at fair value
- Net appreciation/depreciation in fair value of investments
- Dividend and interest income
- Schedule of Assets (Held at End of Year)

5. Income Tax Status

The Plan uses a prototype plan document provided by the Trustee. The IRS has approved, by a letter dated March 31, 2014, that the prototype document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS audits for any tax periods in progress.

6. Exempt Party-In-Interest Transactions

Certain Plan assets are shares of a common collective trust fund and pooled separate accounts managed by Principal Life Insurance Company (Principal). Principal is the trustee of the Plan and therefore, these transactions qualify as party-in-interest.

The Plan uses National Bank of Commerce (NBC), as the investment advisor and therefore, some investment advisory fees related to these transactions qualify as party-in-interest.

7. Prohibited Transaction

During the year ended December 31, 2021, employee deferrals of \$233,752 were withheld from certain payrolls and not remitted on a timely basis (as defined by the Department of Labor "DOL") by the Plan Sponsor. The Plan Sponsor subsequently remitted all such deferrals to the trustee. Payment of the appropriate excise tax and lost earnings to the affected participants has been made as of the date the financial statements were available to be issued. These transactions were prohibited according to the provisions of the DOL. The Plan Sponsor has since implemented procedures to ensure timely remittance of employee deferrals to the trustee.

8. Evaluation of Subsequent Events

The Plan Sponsor has evaluated subsequent events through the date of the Independent Auditors' Report, which is the date the financial statements were available to be issued and concluded no events or transactions occurred during that period requiring recognition or disclosure.
