INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Rutgers Preparatory School Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform an audit of the accompanying financial statements of Rutgers Preparatory School Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of September 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended September 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Because of inadequacies in the Plan's prior-year records, we were unable to perform auditing procedures with respect to individual participant account balances accumulated from inception of the Plan or to satisfy ourselves as to the basis on which participants' equity is stated as of September 30, 2022, or the propriety of the distributions to participants who terminated and withdrew from the Plan during the year then ended.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Rutgers Preparatory School Defined Contribution Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

Other Matter - Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by the qualified institution. Further, the Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

In our audit report, dated July 6, 2022, we indicated that because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2021 financial statements.

**RUTGERS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan:

The following description of the Rutgers Preparatory School (the “School”) Defined Contribution Retirement Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees are eligible to participate immediately upon hire for elective deferrals. Upon completion of two years of service and attainment of age 21, employees are eligible for employer contributions.

Plan Administration - The Plan is administered by the Plan Sponsor. Teacher’s Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF) (collectively, TIAA and CREF) are the Record Keepers or Custodians of the Plan and TIAA and CREF and its affiliates are the issuers or sponsors of the Plan’s investment assets and are responsible for the custody and management of the Plan’s assets.

Contributions - Eligible participants may elect to contribute up to the maximum allowable amount. Participants direct the investment of their contributions into various investment options offered by the Plan. A participant may suspend or reinstate contributions at any time.

The School makes matching contributions based on years of service. The policy is as follows:

<u>Years of Service</u>	<u>Maximum School Matching Contribution</u>
Less than 7	100% of a 1-4% employee deferral
7, but less than 12	150% of a 1-4% employee deferral
12, but less than 17	200% of a 1-4% employee deferral
17 +	250% of a 1-4% employee deferral

Vesting - Participants are vested immediately in their contributions plus actual earnings thereon. Participants are also fully vested in all School contributions to the Plan.

Automatic Enrollment - As of March 1, 2020, all employees hired subsequent to that date, who meet the eligibility and service requirements noted above, are automatically enrolled in the Plan. Employees are deemed to have elected a pre-tax contribution of 2% of their Plan compensation in the absence of an affirmative election in the contrary.

Participant Accounts - Each participant’s account is credited with the participant’s contribution and allocation of (a) the School’s contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Payment of Benefits - Participants of the Plan are entitled to distributions upon termination of employment, attainment of age 59-1/2, death, disability, retirement, hardship or if the Plan is terminated. Participants may elect to receive benefits in the following forms:

- a) Lump sum
- b) Partial payments

**RUTGERS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

- c) Installment payments
- d) Annuity contract (if assets are held in a custodial account) or converted to an income option (if the assets are invested in an annuity contract)

The age at which required minimum distributions must begin was increased from 70½ to 72 pursuant to the Setting Every Community Up for Retirement Enhancement (SECURE) Act enacted in December 2019.

Hardship Withdrawals - Under certain conditions, participants, while still employed by the Plan Sponsor, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of postsecondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of natural disaster clean-up on the participant's principal residence, or to prevent eviction or foreclosure from the participant's principal residence.

Note 2 - Summary of Significant Accounting Policies:

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Investment contracts held by defined contribution plans are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results, as determined at a later date, could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, Trustee and insurance companies. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Effective July 26, 2021, participants may borrow from employee and employer contributions as well as investment earnings against their accounts. Participants may borrow the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 10 years for the purchase of a primary residence. The \$50,000 limit is reduced by the participant's highest outstanding loan balance during the preceding 12-month period. The loans bear interest at the Wall Street Journal Prime Rate plus 1% and participants are limited to two outstanding loans at any one time. Notes

NOTES TO FINANCIAL STATEMENTS

receivable from participants were \$70,427 and \$20,849 at September 30, 2022 and September 30, 2021, respectively. Refer to Note 8 for discussion on Plan loans and Note 9 for discussion on Participant loans.

Administrative Expenses - Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Investment related expenses are included in net depreciation of fair value of investments. Plan administrative servicing fees are shown on the statement of changes in net assets available for benefits as administrative expenses.

Payment of Benefits - Benefits are recorded when paid.

Subsequent Events - The Plan's Administrator has evaluated subsequent events through June 29, 2023, the date the financial statements were available to be issued. The effects of those events and transactions that provide additional pertinent information about conditions that existed at the Statements of Net Assets Available for Benefits date have been recognized in the accompanying financial statements.

Note 3 - Certified Investment Information:

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(3) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, the Custodians of the Plan have certified that the following information included in the financial statements and supplemental schedule is complete and accurate:

- (a) Investments, as shown in the Statements of Net Assets Available for Benefits as of September 30, 2022 and 2021.
- (b) Investment loss, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended September 30, 2022.
- (c) Investment information included in the Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of September 30, 2022, as shown on the ERISA-required supplemental schedule of assets held (at end of year).

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule of assets (held at end of year).

Note 4 - Fair Value Measurements:

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

**RUTGERS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

- *Level 2* - Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

- *Mutual Funds* - Valued at the quoted market prices in an active market which is held by the Plan at year end.
- *Pooled Separate Account* - Valued at the quoted market prices in an active market which is held by the Plan at year end.
- *CREF Registered Investment Companies* - Valued at the quoted market prices held by the Plan at year end.
- *Variable Annuity Accounts* - The accounts invest principally in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Account investments are valued daily and primarily valued using market quotations prices obtained from independent pricing sources.
- *TIAA Traditional Annuity Accounts - Non-benefit Responsive* - The TIAA Traditional Annuity Non-benefit Responsive contracts are valued at fair value. The non-benefit responsive contracts include the Retirement Annuity ("RA"), Group Retirement Annuity ("GRA"), and Retirement Choice ("RC"). The TIAA Traditional Annuity accounts are not available for sale or transfer on any securities exchange. The accounts are invested in corporate and government bonds, preferred stock, mortgage and asset backed securities, commercial mortgages, private equity, limited partnership fund investments, REIT common stock, other common stock, real estate and cash. Insurance regulations limit the proportion of investments that can be allocated to certain asset classes. Specifically, regulations limit holding of below-interest-grade bonds to 10 percent of the portfolio; emerging market debt to 4 percent, U.S. common stock and other non-preferred equity securities to 20 percent, and U.S. real estate to 20 percent. Regulations also require TIAA to maintain certain minimum amounts of capital. These capital requirements vary by the amount and type of risk. For instance, emerging market bonds, equities and real estate require significantly higher capital than investment grade bonds. Certain contracts issued for the TIAA Traditional Annuity accounts contain liquidity restrictions on transfers and withdrawals, which could impact the value realized upon exiting the contract. The Retirement Annuity and Group

**RUTGERS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Retirement contracts require cash withdrawals and transfers to be spread over 10 annual installments. Some contracts permit withdrawal over 5 annual installments after termination of employment. The Group Retirement and Retirement Choice contracts provide for a 2.5% withdrawal fee if a participant separates from service and elects to withdraw accumulations within 120 days of separation. Accordingly, transactions in similar investment instruments are not observable.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2022 and 2021, respectively:

Transfers Between Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended September 30, 2022 and 2021 there were no significant transfers in or out of levels 1, 2, or 3.

Note 5 - Pooled Separate Account with Insurance Company:

The Plan entered into a group annuity insurance contract with TIAA. TIAA maintains the contributions in a pooled account. The pooled account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TIAA.

Note 6 - Fully Benefit-Responsive Investment Contract:

The Plan holds TIAA Traditional Annuity Account (TIAA) investment contracts that comprises of traditional investment contracts. The fully-benefit responsive contracts consist of the Supplemental Retirement Annuity ("SRA"), Group Supplemental Retirement Annuity ("GSRA"), and Retirement Choice Plus ("RCP"). These contracts meets the fully benefit-responsive investment criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The account offers the opportunity for higher returns through additional amounts that may be declared on a year-by-year basis by the TIAA Board of Trustees. The account is backed by the financial strength and claims paying ability of TIAA. The fund invests in individual bonds, commercial mortgages, real estate, stocks and other assets selected by specialized teams that target different sectors of the marketplace. The portfolio follows specific guidelines with respect to major asset classes, sectors, industries, property types, geographic regions, individual issuers/borrowers, foreign holdings, liquidity, quality and derivatives. The account does not allow for lump-sum cash withdrawals from the TIAA Traditional Annuity Account and transfers must be spread over a period of 10 annual installments.

The guaranteed annual interest rate for TIAA Traditional Annuity Account is 3% for all premiums remitted since 1979 under all TIAA Traditional Annuity Accounts accumulating contracts plus additional amounts established by TIAA on a year-by-year basis. The average yield and crediting interest rates was approximately 5.22% and 3.95% for 2022 and 2021, respectively. Both the one-year total return and the yield credited to participants for 2022 are net of annual fees. The crediting interest rate is calculated on a daily basis.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (IRC) or the failure of the Trust to be tax-exempt under Section 501(a) of the IRC.

**RUTGERS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events may allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the IRC. In the event of Plan termination, participants' contributions and School contributions remain fully vested. Under no circumstances may the School take ownership of any of the Plan's assets as a result of such termination. The Plan administrator believes that the Plan is currently designed and operating, in all material respects, in accordance with the applicable requirements of section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt.

Note 8 - Plan Loans:

Participants may borrow from TIAA a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance subject to annuity contract and Plan provisions. Loan terms range from one to five years in one year increments (up to ten years for the purchase of the participant's primary residence). The loans are secured by the participant's TIAA Traditional Annuity account balances in an amount equal to 110% of the outstanding loan balances. Loans bear interest at rates that may be fixed or variable depending upon the Plan, annuity contract provisions and state insurance regulations. Principal and interest is paid ratably by the participant outside of the Plan to TIAA and each payment will reduce amounts secured by the participant's TIAA Traditional Annuity accounts. The amount of such outstanding loans collateralized by Plan assets is \$23,609 and \$34,991 at September 30, 2022 and 2021, respectively. At September 30, 2022 and 2021 the interest rates on the loans ranged from 4.00% to 4.78% and mature through March 1, 2026. There were no deemed distributions for the years ended September 30, 2022 and 2021, respectively. The option to participate in new Plan Loans ended in July 2021 once participant loans were available to plan participants.

**RUTGERS PREPARATORY SCHOOL
DEFINED CONTRIBUTION RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 9 - Notes Receivable from Participants:

Participants may obtain loans from the Plan at a minimum of \$1,000 and maximum of one-half of a participant's account balance, or \$50,000 whichever is less. Loans bear interest at the Wall Street Journal prime rate plus 1% and are collateralized by a participant's account balance. The plan allows for a total of two loans outstanding at one time.

Note 10 - Tax Status:

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Services in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for plan participants under Section 403(b).

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 11 - Risk and Uncertainties and Concentration of Investment Risk:

The Plan's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan may invest directly or indirectly in securities with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations and commercial mortgage-backed securities, including securities backed by subprime mortgage loans. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate values, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at September 30, 2022 may not necessarily be indicative of amounts that could be realized in a current market exchange.

The Plan's investment in two funds comprises approximately 34% of total investments at September 30, 2022 and 2021, respectively.

Note 12 - Party-in-Interest Transactions:

All Plan investments are held in custody by the Custodians. The Custodians provide administrative services to the Plan and, therefore, these transactions qualify as party-in-interest transactions. For the year ended September 30, 2022, the Custodians charged \$46,215 for plan servicing fees. Fees paid by the Plan for fiduciary services amounted to \$10,700.
