INDEPENDENT AUDITORS' REPORT

To Participants and Plan Investment Committee
Global Cooling, Inc. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed an audit of the accompanying financial statements of Global Cooling, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of January 1, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of January 1, 2022 and December 31, 2021 and for the period ended January 1, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Global Cooling, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Global Cooling, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Global Cooling, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Global Cooling, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at end of year as of January 1, 2022 is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling the information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

1. DESCRIPTION OF PLAN:

The following description of the Global Cooling, Inc. 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a profit sharing plan covering employees, subject to certain exclusions, as defined, of Global Cooling, Inc. (the Employer) who are age eighteen or older and have completed one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan merger

Effective January 1, 2022, the Plan was amended to merge the Plan into the BioLife Solutions, Inc. 401(k) Plan due to the acquisition of the Employer.

Contributions

Participants may contribute up to 100% of their annual eligible compensation as pre-tax or Roth contributions, as defined by the Plan, subject to certain limitations established by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute rollover contributions representing distributions from other qualified defined benefit or defined contribution plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect another contribution election. Automatically enrolled participants have their pre-tax deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participant accounts

Each participant's account is credited with the participant's contributions, Employer contributions, and earnings and losses thereon. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are vested immediately in their contributions and Employer safe harbor matching contributions plus actual earnings thereon. Vesting in other Employer contributions is based on years of service, where a year is defined as one in which an employee works 1,000 or more hours. Participants are 20% vested after 2 years of service, 40% vested after 3 years of service, 60% vested after 4 years of service, 80% vested after 5 years of service, and are fully vested after 6 years of service.

Payment of benefits

On termination of service, disability or retirement, a participant or his or her beneficiary will receive a lump-sum distribution equal to the vested value of his or her account. Normal retirement is age 65; however, the Plan also provides for early payment of benefit after reaching age 59 ½. The nonvested portion of the account is treated as a forfeiture. Hardship withdrawals are permitted in accordance with the IRS guidelines.

Participant notes receivable

Participant notes receivable are permitted under certain circumstances and are subject to limitations. Participants may borrow from their accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates determined reasonable by the plan administrator. Notes are repaid ratably through periodic payroll deductions over a term not to exceed five years with the exceptions for the purchase of a primary residence.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation

The Plan's investments are reported at fair. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustees determine the Plan's valuation policies utilizing information provided by the investment advisor and custodian.

Purchases and sales of securities are recorded on a trade-date basis.

Participant notes receivable

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent participant notes are reclassified as distributions based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2021.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Ascensus Trust Company, the trustee, has certified to the completeness and accuracy of all investments and participant notes receivable reflected on the accompanying statements of net assets available for benefits as of January 1, 2022 and December 31, 2021.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology.

- Mutual funds: The fair value of these securities is based on the net asset value (NAV) of shares held by the plan at year end which is based on observable market quotations for identical assets and are priced on a daily basis at the close of business.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of January 1, 2022 and December 31, 2021. Classification within the fair value hierarchy table is based on the lowest level or any input that is significant to the fair value measurement.

5. TAX STATUS:

The Employer adopted a volume submitter plan which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020. The Plan has been amended since receiving the opinion letter; however, management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in these financial statements.

6. PLAN OPERATIONS:

On March 27, 2020, the U.S. Congress passed the Coronavirus Aid, Relief, and Economic Security (CARES) Act. The CARES Act provided temporary relief for retirement plan sponsors and their participants with respect to distributions and participant loans. The provisions of the CARES Act were effective and operationalized immediately, prior to amending the plan document.

The plan administrator adopted the distribution and loan relief provisions included in the CARES Act which permitted qualified individuals to request a pre-approved distribution up to \$100,000 through December 30, 2020, through participant self-certification of eligibility, and permitted qualified individuals to defer repayments of an outstanding loan for one year. The CARES Act also permitted the Employer to increase the maximum loan amount available to qualified individuals up to \$100,000 per participant. The Employer intends to formally amend the Plan before the end of the applicable remedial amendment period to reflect such provisions.

7. PLAN MERGER:

The Employer and BioLife Solutions, Inc. (Plan Sponsors) have agreed to merge the plan into the BioLife Solutions, Inc. 401(k) Plan (the Merged Plan) effective January 1, 2022, per amendments executed by the Plan Sponsors. While BioLife Solutions, Inc. received ownership of the Plan assets as of January 1, 2022, the actual transfer of assets was completed in April 2022 and all investments were transferred to the Merged Plan. Transfer of assets out of the Plan include investments of \$3,377,352 and participant notes receivable of \$100,509.
