Report of Independent Registered Public Accounting Firm

To the Plan Participants and the Plan Administrator of the IAC Inc. Retirement Savings Plan

Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of the IAC Inc. Retirement Savings Plan (formerly, IAC/InterActiveCorp Retirement Savings Plan) (the Plan) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on the Plan's financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Supplemental Schedule Required by ERISA

The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022 (referred to as the "supplemental schedule") has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The information in the supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the information, we evaluated whether such information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

IAC Inc. Retirement Savings Plan

Notes to Financial Statements

Note 1—Description of the Plan

The following description of the IAC Inc. Retirement Savings Plan, (formerly the IAC/InterActiveCorp Retirement Savings Plan, renamed effective August 11, 2022; the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all U.S. employees of IAC Inc. (formerly known as IAC/InterActiveCorp and referred to herein as "IAC" or the "Company") and its subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants can make pre-tax contributions, after-tax contributions and/or Roth 401(k) contributions (including an irrevocable In-Plan Roth rollover) up to 50% of their compensation (as defined in the Plan document) through payroll deductions. Participant contributions are subject to annual limitations established by the Internal Revenue Service ("IRS"). For 2022, the IRS limited the annual tax-deferred contribution to $20,500 for each participant. The Plan allows participants who are are 50 years of age or older to make additional tax-deferred catch-up contributions (limited to $6,500 for each participant in 2022). Other IRS limits exist for certain highly compensated employees participating in the Plan. The Plan permits rollover contributions, including Roth rollovers, from other qualified plans; however, rollover contributions are not eligible for the Company matching contribution. Participants can direct their contributions to any of the Plan's investment options and may generally change their investment options on a daily basis. Employees who are 18 years of age or older are eligible to participate upon commencement of service (as defined in the Plan document).

All newly hired (and rehired) employees are automatically enrolled in the Plan, with pre-tax contributions of 6% of their eligible compensation (as defined in the Plan document) through payroll deductions commencing approximately 90 days after the date of their first paycheck. Such deductions will be automatically directed into the T. Rowe Price Retirement Trust Fund based on the employee's expected year of retirement. In addition, employees who have: (i) previously been enrolled in the Plan, but have elected to contribute 0% of their eligible compensation, will be automatically increased annually to pre-tax contributions of 6% of their eligible compensation and (ii) elected to defer less than 10% of their eligible compensation will be automatically increased annually at a rate of 1% (up to a maximum of 10%), with annual increases being effected by way of pre-tax contributions for employees who have elected to make pre-tax and Roth 401(k) contributions and by way of post-tax contributions for employees who have elected to make Roth 401(k) contributions only. New and existing employees are notified of their automatic enrollment and/or automatic changes to their contributions in advance and may elect to not participate in the Plan, change the default investment option and/or change the default contribution percentage.

Depending upon the IAC subsidiary for which a given participant provides services, the Company either matches 100% of the first 10% of eligible compensation or 50% of the first 6% of eligible compensation (subject to IRS limits on Company matching contributions) that a participant contributes in each payroll period to the Plan. In addition, the Plan limits Company matching contributions to a maximum of $10,000 per participant on an annual basis. The Company may also make discretionary contributions of funds annually, which (if applicable) would be determined by the Company's Board of Directors (or a committee thereof).

Company matching contributions and discretionary contributions (if any) are directed to Plan investment options based upon the respective participant's investment election.

IAC Inc. Retirement Savings Plan

Notes to Financial Statements (Continued)

Participant Accounts and Allocations

Each participant account is credited with participant contributions, Company matching contributions and Company discretionary contributions (if any), as well as an allocation of Plan earnings (losses). Plan earnings (losses) are allocated by fund based on the ratio of a participant's investment in a particular fund to all participants' investment in that same fund. Fees charged for participant loans and distributions are allocated directly to the relevant participant's account. The benefit to which each participant is entitled is the vested portion of each such participant's account.

Vesting

Participant contributions are fully vested at the time of contribution. Company matching contributions (plus earnings thereon) vest after two years of credited service. For participants in plans that were merged into the Plan, the Company matching contributions may vest over different periods based upon the terms of the merged plans. In these cases, participants should refer to the applicable Plan amendments for a complete description of vesting provisions of merged plans.

Forfeitures

Company matching contributions that do not vest become forfeitures. Forfeitures are first made available to reinstate previously forfeited account balances of qualifying participants who have left the Company and have subsequently returned, in accordance with applicable law. Remaining amounts, if any, are used to reduce prospective Company matching contributions and discretionary contributions, and to pay Plan expenses. Cumulative forfeited non-vested accounts totaled approximately $1.7 million and $1.4 million at December 31, 2022 and 2021, respectively. The amount of forfeitures used to reduce the Company's matching contributions for the year ended December 31, 2022 totaled approximately $1.7 million.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum amount equal to the lesser of $50,000 or 50% of their vested account balance. Except for loans used to purchase a primary residence, which can have terms of up to 15 years, loan terms are limited to a maximum of five years. Any loans that have been transferred into the Plan from a previous plan are subject to the terms of the initial loan. Loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing commercial rates at the time of the loan as determined by the recordkeeper. Principal and interest are paid ratably through regular payroll deductions. Upon a termination of employment, any outstanding loans are due and payable within 90 days following the termination date. At December 31, 2022, interest rates on outstanding loans ranged from 4.25% to 8.50%, with maturity dates through August 29, 2037. At December 31, 2021, interest rates on outstanding loans ranged from 4.25% to 6.50%, with maturity dates through September 29, 2036.

Payment of Benefits

Upon a termination of employment, death, disability, financial hardship, or the attainment of age $59^{1}/_{2}$, vested participant accounts generally become distributable in the form of a lump sum payment or substantially equal installments of cash as previously elected by the participant in accordance with applicable law and the Plan. Participant vested account balances of more than $5,000 may be left in the Plan as previously elected by the participant in accordance with applicable law and the Plan; provided, however, that related distributions may not be deferred past April 1 of the calendar year following the year in which the participant attains age 72. Vested participant account balances of less than $5,000 but more than $200 will be automatically rolled over into an individual retirement account unless the participant elects otherwise. Vested participant account balances of $200 or less will be automatically distributed in a lump sum. When participants reach the age of $59^{1}/_{2}$, they may elect to withdraw some or all of their vested account balance while still employed. In some cases, pre-tax contributions may be withdrawn earlier, subject to certain hardship withdrawal provisions of the Plan. Participants who have made after-tax contributions may elect to withdraw some or all of their vested account balance with no limit on the number of withdrawals of this type.

IAC Inc. Retirement Savings Plan

Notes to Financial Statements (Continued)

Plan Termination

Although the Company has expressed no intent to terminate the Plan, if the Plan is terminated by the Company, all amounts credited to participant accounts would become 100% vested and the net assets would be distributed to participants.

Administrative Expenses

All of the administrative expenses are borne by the Plan unless the Company elects to pay such expenses.

Note 2—Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires Plan management to make estimates, judgments and assumptions that impact the reported amounts in the financial statements and the accompanying notes. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Plan investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See "Note 3—Fair Value Measurements" for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date and interest income is recorded when earned.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Benefit Payments

Benefit payments are recorded when paid.

Recent Accounting Pronouncements

There are no recently issued accounting pronouncements that are expected to have a material effect on the Plan's financial statements.

Note 3—Fair Value Measurements

Plan management categorizes its financial instruments measured at fair value into a fair value hierarchy that prioritizes the inputs used in pricing the asset or liability. The three levels of the fair value hierarchy are:

- Level 1: Observable inputs obtained from independent sources, such as quoted market prices for identical assets and liabilities in active markets.

IAC Inc. Retirement Savings Plan

Notes to Financial Statements (Continued)

- Level 2: Other inputs, which are observable directly or indirectly, such as quoted market prices for similar assets or liabilities in active markets, quoted market prices for identical or similar assets or liabilities in markets that are not active and inputs that are derived principally from or corroborated by observable market data.

- Level 3: Unobservable inputs for which there is little or no market data and require the Plan to develop its own assumptions, based on the best information available in the circumstances, about the assumptions market participants would use in pricing the assets or liabilities.

The shares of registered investment companies, and the investments in the IAC common stock fund and the self-directed brokerage account investment option (which is invested primarily in common stocks, registered investment companies and cash equivalents), are valued at quoted market prices at year-end. The fair value of common collective trust funds is based on the Net Asset Value ("NAV") reported by the administrator of the respective common collective trust funds. The NAV is calculated daily and is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. While the underlying assets are actively traded, the funds, however, are not publicly traded and pricing information is accessible only to Plan participants. The funds are, therefore, classified as Level 2. There are no restrictions on redemptions related to the common collective trust funds. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

The preceding valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes these valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, Plan assets that are measured at fair value as of December 31, 2022 and 2021. There are no Plan assets that are measured on a recurring basis using Level 3 inputs.

	December 31, 2022

IAC Inc. Retirement Savings Plan

Notes to Financial Statements (Continued)

Note 4—Income Tax Status

The Plan received a determination letter from the IRS dated May 14, 2014, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan was amended and restated subsequent to the receipt of this determination letter. The Company, in its capacity as Plan Administrator, believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The Company, in its capacity as Plan Administrator, has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no material uncertain tax positions taken by the Plan. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5—Transfers Out, net

Following the completion of IAC's spin-off of its full stake in Vimeo, Inc. ("Vimeo") to IAC shareholders on May 25, 2021, $54.1 million of net assets available for benefits for the employees of Vimeo were transferred out of the Plan and into a separate plan established and maintained by Vimeo on January 4, 2022.

In connection with Care.com, Inc.'s acquisition of Lifecare, Inc. in October 2020, in February 2022 the Lifecare, Inc. 401(k) Plan was merged into the Plan. Net assets available for benefits transferred to the Plan totaled $25.5 million.

The aggregate transfers out, net during the year ended December 31, 2022 was $28.6 million.

Note 6—Related-Party Transactions

One of the investment options in the Plan is common stock of IAC, the sponsor of the Plan. This investment qualifies as a party-in-interest.

Note 7—Certain Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Note 8—Reconciliation of Financial Statements to Form 5500

There are two adjustments to reconcile the Plan's financial statements to the Plan's Form 5500.

Transfer in of net assets available for benefits of the Meredith Plan

In connection with the acquisition of Meredith Holdings Corporation ("Meredith") in December 2021, and as permitted by the Department of Labor, the merger of the Meredith Savings and Investment Plan (the "Meredith Plan") into the Plan on January 1, 2023, the net assets available of the Meredith Plan are reflected in net assets available for benefit in the Plan's Form 5500 for the year ended December 31, 2022 (but not in these financial statements).

Deemed distributions of notes receivable from participants under the Plan

IAC Inc. Retirement Savings Plan

Notes to Financial Statements (Continued)

Participants who remain actively employed and do not repay their outstanding loan (or the interest thereon) within the time set forth in the related promissory note, the total amount of the loan outstanding (and any interest owed) will be considered deemed distributions. Deemed distributions are excluded from the net assets available for benefits and are instead reported as an expense in the Plan's Form 5500 for the year ended December 31, 2022. For the purposes of the financial statements, in conformity with GAAP, deemed distributions remain classified as "Notes receivable from participants" until a qualifying distributable event occurs.

The following is a reconciliation of the statements of net assets available for benefits between the financial statements and Form 5500.

	December 31,

Note 9—Subsequent Event

Effective January 1, 2023, the Meredith Plan merged into the Plan. In connection with this transaction, net assets available for benefits of the Meredith Plan totaling approximately $701.6 million were transferred into the Plan. Participants who were previously covered under the Meredith Plan (or were hired after January 1, 2023) are eligible for a Company match of 100% of the first 5% of employee compensation.
