INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
the Your Part-Time Controller, LLC 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Your Part-Time Controller, LLC 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Your Part-Time Controller, LLC 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and December 31, 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Your Part-Time Controller, LLC 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Your Part-Time Controller, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Your Part-Time Controller, LLC 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Your Part-Time Controller, LLC 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

Note 1 – Description of plan

The following description of the Your Part-Time Controller, LLC 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Your Part-Time Controller, LLC (the Company). The Plan covers substantially all employees who are age twenty-one or older.

The Plan entry date is the first day of each quarter coinciding with or subsequent to meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's trustee is responsible for oversight of the Plan. The Company is the Plan Administrator and is responsible for the day-to-day operations of the Plan. The Plan's trustee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Effective January 1, 2022, the Plan was restated as part of the required Cycle 3 restatement. No Plan provisions were changed as a result of this restatement.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants that are fifty years of age or older may make catch-up contributions to the Plan. Contributions are subject to certain statutory limitations. Participants may also contribute amounts representing distributions from other qualified plans as rollover contributions.

The Company may make discretionary matching contributions, which are allocated as of the last day of the Plan quarter. Participants must complete 125 hours of service during the quarter and be employed on the last day of the quarter to receive matching contributions; however, the hours of service and last day of year requirements are waived in the event of death, disability or retirement during the Plan year.

The Company may make discretionary profit sharing contributions, which are allocated as of the last day of the Plan year. Participants must complete 500 hours of service and be employed on the last day of the year to receive profit sharing contributions; however, the hours of service and last day of year requirements are waived in the event of death, disability or retirement during the Plan year.

Matching contributions are a discretionary percentage allocated and proportionate to the elective deferrals. Profit sharing contributions are discretionary and take into consideration contributions to the Social Security system made by the Company. Profit sharing contributions consist of a base contribution comprising a percentage of a participant's compensation up to the Social Security integration level and an excess contribution comprising a percentage of a participant's compensation above the Social Security integration level. For 2022 and 2021, the Company made quarterly matching contributions and no profit sharing contribution. Participants direct the investment of contributions into various investment options offered by the Plan and may change their investment options at any time.

Note 1 – Description of plan (continued)

Participant accounts

Each participant's account is credited with the participant's elective and rollover contributions and Company's matching contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions. The vesting in the Company's matching contributions and profit sharing contributions, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested, using graduated vesting, after six years of credited service. Additionally, participants become 100% vested if separated from service due to death or disability prior to termination of employment or upon reaching normal retirement, as defined in the Plan.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of the participant's vested account balance or \$50,000. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate in effect at the loan's inception plus 1%. Principal and interest is paid ratably through payroll deductions over a period generally not to exceed sixty months, unless the loan is for the purchase of a principal residence, for which the repayment term may not exceed one hundred and twenty months. A participant may have no more than one loan outstanding at a given time.

Payment of benefits

Benefits are paid in the form of a lump sum. Participants may withdraw all or a portion of the vested portion of their accounts if they:

- terminate employment before attaining normal retirement age
- become disabled
- retire
- die
- attain normal retirement age but continue to work, or
- qualify for in-service distributions upon attaining age 59 ½

In addition, participants may withdraw their employee 401(k) contributions if they incur a financial hardship.

Note 1 – Description of plan (continued)

Forfeited accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$9,874 and \$98, respectively. The Q4 2021 employer matching contribution funded in 2022 was reduced by \$98 of forfeitures. The Q4 2022 employer matching contribution funded in 2023 was reduced by \$9,874 of forfeitures.

Funding policy

The Company remits employee deferral contributions to the Plan on a payroll by payroll basis. The Company remits employer matching contributions after the close of each Plan quarter and remits profit sharing contributions after the close of the Plan year.

Note 2 – Summary of significant accounting policies

Basis of accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's trustee determines the Plan's valuation policies using information provided by the custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Note 2 – Summary of significant accounting policies (continued)

Tax status

The Plan adopted a non-standardized prototype plan developed by ATR, Inc. The Internal Revenue Service has determined and informed ATR, Inc. by letter dated March 31, 2014, that the form of the prototype plan as then designed was in compliance with applicable provisions of the Internal Revenue Code (IRC). Although the prototype plan has been amended since receiving the determination letter, the plan administrator and the Plan's legal counsel believe that the Plan is designed and currently being operated in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt. Accordingly, there is no provision for income taxes in the accompanying financial statements.

Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 740 *Accounting for Uncertainty in Income Taxes* requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if they have taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's policy is to recognize interest and penalties related to unrecognized tax benefits in income tax expense.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from these estimates.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from the financial statements. Fees related to the administration of notes receivable from participants and benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Note 2 – Summary of significant accounting policies (continued)

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 3 – Fair value of financial instruments

Financial Accounting Standards Board ASC 820, *Fair Value Measurements*, provides a framework for measuring, reporting and disclosing fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 3 – Fair value of financial instruments (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 4 – Certified information

The following information certified by the custodian to be complete and accurate as of December 31, 2022 and 2021 was relied upon in the preparation of the financial statements and supplemental schedule:

- i) Investment asset amounts included in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- ii) Schedule of Assets (Held at End of Year) (Form 5500, Schedule H, 4i).
- iii) Net depreciation in fair value of investments included in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

Note 4 – Certified information (continued)

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, no auditing procedures were performed with respect to the information certified as complete and accurate by the custodian, except for comparing such information to information included in the financial statements.

Note 5 – Related party transactions

Certain plan investments are shares of mutual funds and guaranteed investment contracts managed by Great-West Life & Annuity Insurance Company through July 31, 2022. Effective August 1, 2022, Great-West Life & Annuity Insurance Company was renamed Empower Annuity Insurance Company of America (Empower). Empower is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Company provides certain accounting, administrative, and investment services to the Plan for which no fees are charged. These transactions are exempt party-in-interest transactions.

See below for significant related party and party-in-interest transactions for services provided during the Plan years ended December 31, 2022 and 2021.

<u>Related Party and Party-in-Interest</u>	<u>Description</u>
Empower Annuity Insurance Company of America	Recordkeeper and Custodian of assets
ATR, Inc.	Third Party Administrator (TPA) to the Plan and preparer of Form 5500
LPL Financial	Investment Advisor
Your Part-Time Controller, LLC	Plan Sponsor and Plan Administrator
Eric Frait	Plan Trustee and owner of the Plan Sponsor
Lear & Pannepacker, LLP	401(k) Plan external auditors

Note 6 – Guaranteed investment contract

In 2019, the Plan entered into a traditional benefit-responsive guaranteed investment contract with Great-West Life & Annuity Insurance Company, renamed Empower Annuity Insurance Company of America (Empower), effective August 1, 2022. Empower maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value.

Your Part-Time Controller, LLC
401(k) Profit Sharing Plan
Notes to Financial Statements
December 31, 2022 and 2021

Note 6 – Guaranteed investment contract (continued)

Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The actual average yields earned by the Plan were 0.93% and 0.90% in 2022 and 2021, respectively.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value.

Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with Plan participants or the issuer, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 7 – Employer contributions

For 2022, the Company elected to make quarterly matching contributions of 100% of employee deferrals up to 3% of eligible compensation.

Note 8 – Reportable transactions

One participant did not receive their employer quarterly match contribution for the first quarter of 2021. This participant's employment terminated on the last day of the quarter and, due to an error in the program used to determine participants' eligibility status, this match was missed. The program was corrected for subsequent quarters. To correct this error, the Company funded this participant's missed matching contribution of \$731 plus related lost earnings in the year ended December 31, 2022.

Note 9 – Subsequent events

The Plan has evaluated subsequent events through June 22, 2023, which is the date the financial statements were available to be issued.
