The Plan Administrator and Participants
Anexinet, Inc. 401(k)
Retirement Plan:

I have performed audits of the financial statements of Anexinet Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management has obtained certification from a qualified institution as of December 31, 2022 and 2021, and the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America (GAAS). My responsibility under those standards are further described in Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Anexinet Inc Retirement Plan and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate that raise substantial doubt about the Anexinet Inc, Retirement Plan to continue as a going concern for one year.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transaction that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining on a test basis, evidence regarding the amounts and disclosure in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Anexinet Inc Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluated the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions of events, considered in the aggregate, that raise substantial doubt about Anexinet Inc Retirement Plan's ability to continue as a going concern for a reasonable period of time.

My audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control – related matters that I identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held For Investment Purposes as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In my opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules, other than the information in the supplemental schedules that agreed to on is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ANEXINET, INC. 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2022

(1) Plan Description

The following description of the Anexinet, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) Background

The Plan is a participant-directed, defined contribution plan established by Anexinet, Inc. (the Company or Plan Sponsor) effective October 1, 2000. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The general administration of the Plan and the responsibility for carrying out the provisions of the Plan are maintained by a committee (the Committee) appointed by the Company. In accordance with the provisions of the Plan, the Ascensus Trust Company is acting as the Trustee and Plan Administrator. The Administrator maintains participant account records and executes transactions such as benefit payments to participants. The Trustee holds the assets of the Plan and executes transactions at the direction of the Plan Committee. The Trustee also reports to the Plan's management regarding investments and changes in these investments.

(b) Eligibility

An employee will become eligible to become a contributing participant in the Plan after attaining age 21, at which time the employee may enter the Plan on the next monthly entry date. Participation is immediate.

(c) Employee Contributions

Each year participants may contribute up to 90% of pretax annual compensation as defined in the plan, not to exceed \$19,500 in 2022. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan.

(d) Employer Contributions

Pursuant to the terms of the Plan, the Company may, at its discretion, match a percentage of base compensation for each contributory participant. The Company, at its discretion, may make an annual contribution as determined by the Board of Directors, which will be allocated to each participant in the ratio that the participant's compensation bears to the compensation of all participants. The Company may elect to forego a contribution in any year. The Company made discretionary contributions to the plan of \$1,062,141 for the plan year ending December 31, 2022 and \$514,595 for the plan year ending December 31, 2021. Participants must be employed on the last day of the year and worked at least 1,000 hours to receive matching contribution.

(1) Plan Description (continued)

(e) *Participants' Accounts*

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution, allocations of investment income or loss and forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on participant earnings or accounts balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan. Currently, the Plan offers 33 mutual funds as investment options for participants.

(f) *Vesting*

Participants are immediately vested in their voluntary contribution plus actual earnings or losses thereon. Vesting in the Company's matching contribution and profit sharing portion of their accounts plus actual earnings or losses thereon is based on years of continuous service. A participant is 33% vested after two years and vests 33% per year thereafter, and thus, is 100% vested after four years of service, as defined. Forfeitures are allocated to participant accounts in the same manner as employer contributions.

(g) *Payment of Benefits*

Upon reaching normal retirement (age 65 or age 55 with 10 years of vested service, as defined) or upon permanent disability, all vested amounts credited to a participant's account become distributable. Distributions will be made as soon as administratively feasible, following a participant's request. Participant's whose vested interest is less than \$5,000 will be paid in a single lump sum payment, while a participant whose vested interest exceed \$5,000 will be paid in the form of an annuity unless the annuity option is waived. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan

Upon a participant's death, the participant's beneficiary is entitled to 100% of the participant's vested account balance.

Upon termination of service, other than for normal retirement or death, the Administrator will direct the current Trustee to pay to the participant his or her benefit in an immediate lump sum or a deferred lump sum, if certain criteria are met.

(h) *Forfeitures*

Upon a participant's termination date, and prior to the time the participant becomes vested in his or her account, the non-vested portion, if any, shall be forfeited. These forfeitures will be used to reduce company contributions.

(1) Plan Description (continued)

(i) Administrative Expenses

All administrative expenses are paid directly through the Plan and are allocated to the participants. Professional fees were paid by the Company. It is the Company's intention to pay for these fees in the future.

(j) Loans to Participants

Under the terms of the Plan, participants may obtain loans from the Plan, utilizing funds accumulated in their accounts. The minimum amount which may be borrowed is \$1,000. Participants can borrow up to a maximum of 50% of their vested account balance but not more than \$50,000, less their highest outstanding loan balance during the previous 12 months.

The loans are repaid to the Plan through after-tax payroll deductions. The loan repayments and interest earned are allocated to each of the investment funds based upon the participant's contribution election percentages. The term of the loan is arrived at by mutual agreement between the Plan Committee and the participant, but may not exceed five years unless the loan is to be used to acquire a dwelling unit which, within a reasonable time (determined at the time the loan is made), will be used as the principal residence of the participant for which the loan may not exceed ten years.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis and present the net assets available for plan benefits of the Plan and the changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(2) Summary of Significant Accounting Policies (continued)

(c) *Risk and Uncertainties*

The assets for the Plan are primarily financial instruments which are monetary in nature. As a result, interest rates have a more significant impact on the Plan's performance than do the effects of general levels of inflation. Interest rates do not necessarily move in the same direction or in the same magnitude as the prices of goods and services as measured by the consumer price index. Investments in funds are subject to risk conditions of the individual fund objectives, stock and bond market fluctuations, interest rate changes, economic conditions and world affairs.

(d) *Payment of Benefits*

Benefits are recorded when paid.

(e) *Investment Valuation and Income Recognition*

The Plan's investments in the pooled separate accounts are stated at fair value and represent the number of participation units owned by the Plan. Quoted market prices of the underlying investments are used to value each fund, and are based in the net asset value of the shares held by the Plan at the end of the year.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Participant loans are stated at cost, which approximates fair value.

(f) *Fair Value Measurements*

FASB ASC 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

ANEXINET, INC. 401(k) RETIREMENT PLAN
Notes to Financial Statements
December 31, 2022

Summary of Significant Accounting Policies (continued)

(f) Fair Value Measurements (continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value: Shares of registered equity securities are valued at quoted market prices. .

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different instruments could result in a different fair value measurement at the reporting date.

(3) Information Certified by the Plan Custodian

At December 31, 2022, the Plan's assets were allocated among various investment options in mutual funds. The investment funds are administered by independent managers. The Plan administrator has elected the method of annual reporting compliance permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the custodian has certified that the following information is complete and accurate as of December 31, 2022 and 2021 and for the years then ended:

Description	December 31,	
	2022	2021
Mutual fund accounts	24,842,404	26,928,838

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Company were to terminate the Plan, all participants in the Plan would become fully vested.

(5) Tax Status

The Company adopted a non-standardized prototype plan provided by the Trustee, who received an IRS opinion letter which stated that the Plan, as designed, is in compliance with the applicable section of the Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Service Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(6) Subsequent Events

The Plan Administrator has evaluated subsequent events through May 30, 2023, the date the financial statements were available to be issued.
