Retirement Plan Advisory Committee
Fresno Pacific University
DC Retirement Plan
Fresno, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fresno Pacific University DC Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Auditors' Responsibilities for the Audit of the Financial Statements, continued

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by or certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FRESNO PACIFIC UNIVERSITY DC RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN:

The following brief description of the Fresno Pacific University DC Retirement Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

GENERAL

Effective July 1, 1967, Fresno Pacific University (the University) established a 403(b) plan for all eligible employees, as defined in the Plan document. The Plan has since been restated and amended to comply with changes in laws and regulations. The effective date of the most recent amendment was June 1, 2022. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Other than student employees and non-resident aliens (excluded classes as defined by the Plan document), all employees are eligible to make elective deferrals to the Plan. If not excluded from the Plan, staff employees are eligible to receive employer matching contributions after two years of service and all other employees excluding adjuncts are eligible for matching contributions immediately, with no age requirement for either.

CONTRIBUTIONS

Employees that are eligible to contribute to the Plan may contribute up to the maximum limit established annually by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The University makes matching contributions of 2% of compensation for eligible participants whose contribution is equal to or exceeds 2%. Effective January 1, 2022, eligible participants excluding adjuncts were auto-enrolled at 4%. Participants are also eligible to contribute an additional elective contribution. No matching contributions will be made on elective contributions. Contributions are subject to certain limitations.

Participants direct the investment of all contributions into various investment options offered by the Plan.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and allocations of (a) the University's contribution, (b) the Plan earnings (losses), and (c) charged with an allocation of Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING

Participants are vested after one year of qualifying service in the University's contributions to their accounts and actual earnings thereon.

Notes to the Financial Statements

December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN, continued:

FORFEITED ACCOUNTS

Upon termination of employment, participants forfeit their nonvested balances. The University may elect to use all or any portion of forfeitures to reduce employer contributions to the Plan or pay the Plan's expenses. As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$5,701 and \$2,788. During the year ended December 31, 2022, employer contributions were reduced by \$0 from forfeited nonvested accounts.

PARTICIPANT LOANS

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. In 2020, the allowable amount was increased to \$100,000. The loans are secured by the participant's account and bear interest at rates between 4.25% and 7.25%. Principal and interest are paid ratably through payroll deductions. Participant loans are reported as notes receivable from participants on the statements of net assets available for benefits. Interest income is included in other income on the statement of changes in net assets available for benefits.

PLAN LOANS

Plan loans are issued as separate contracts by Teachers Insurance and Annuity Association (TIAA) as contemplated under IRC section 72(p)(5) and do not represent Plan assets. Such loans are subject to certain limitations. Applicants receiving such loans are required to pledge as collateral annuity account value of 110% of the loan amount for the period of time it is outstanding. Loan balances outstanding from Plan participants to TIAA were \$53,604 and \$158,306, as of December 31, 2022 and 2021, respectively. As such, annuity accounts as of December 31, 2022 and 2021, include collateral for related loans, which are included in investments in the accompanying statements of net assets for benefits.

PAYMENT OF BENEFITS

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or various options as defined in the Plan. Similar options are available upon termination of employment.

Participant deferrals may be withdrawn upon attaining age 59½, and the entire vested balance of the account may be withdrawn upon attaining age 70½. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, participant deferrals may be withdrawn for a hardship purpose.

DC RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

2. SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements and Note 5 for a discussion on fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Investment fees and expenses are reported within net appreciation in fair value of investments. Expense ratios range from 0-40 basis points. Transactional and other administrative fees are paid by the Plan.

Notes to the Financial Statements

December 31, 2022 and 2021

3. INFORMATION CERTIFIED BY THE QUALIFIED INSITUION:

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equity Fund (CREF) have certified the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, and the supplemental schedule H, Line 4i-Schedule of Assets (Held at End of Year), as of December 31, 2022, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2022. TIAA, FSB is the custodian of the portion of the Plan assets invested in mutual fund shares and has authorized TIAA to certify investments held by TIAA, FSB. TIAA and CREF are the custodians of the remaining assets in the Plan.

4. FAIR VALUE MEASUREMENTS:

The Plan uses appropriate valuation techniques to determine fair value based on inputs available. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs were not available.

Fair value of assets measured on a recurring basis as of December 31, 2022 and 2021, are as follows:

	Fair Value	Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
At December 31, 2022:				
Variable annuity contracts	\$ 21,222,708	\$ 18,064,199	\$ 3,158,509	\$ -
Non-benefit responsive				
fixed annuity contracts	9,872,992	-	-	9,872,992
Mutual funds	12,706,243	12,706,243	-	-
Pooled separate accounts	641,290	641,290	-	-
	<u>\$ 44,443,233</u>	<u>\$ 31,411,732</u>	<u>\$ 3,158,509</u>	<u>\$ 9,872,992</u>

FRESNO PACIFIC UNIVERSITY

4. FAIR VALUE MEASUREMENTS, continued:

	Fair Value	Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
At December 31, 2021:				
Variable annuity contracts	\$ 29,228,334	\$ 24,647,623	\$ 4,580,711	\$ -
Non-benefit responsive				
fixed annuity contracts	9,770,047	-	-	9,770,047
Mutual funds	13,920,986	13,920,986	-	-
Pooled separate accounts	670,749	670,749	-	-
	<u>\$ 53,590,116</u>	<u>\$ 39,239,358</u>	<u>\$ 4,580,711</u>	<u>\$ 9,770,047</u>

The fair value of mutual funds, pooled separate account units, and CREF variable annuity contracts are valued using Level 1 inputs, and are primarily valued using market quotations or prices obtained from independent pricing sources. Variable annuity contracts are funded through a separate account that invests in mutual funds. The underlying investments are primarily valued using market quotations or prices obtained from independent pricing sources, except for the CREF accounts. Non benefit-responsive fixed annuity contracts are reported at contract value, which approximates fair value. The contract value equals the accumulated cash contributions and interest credited to the Plan's contracts, less any withdrawals. Crediting rates are a combination of a guaranteed rate and an annually established discretionary rate. Additionally, the discretionary rate applied to contributions received during a reporting period may vary from the discretionary rate applied to account balances at the end of the prior reporting period.

4. FAIR VALUE MEASUREMENTS, continued:

The following table provides further details for the Level 3 fair value measurements for the year ended December 31, 2022:

Purchases	\$ 771,629
Sales	\$ (1,073,363)

Quantitative information about Level 3 fair value measurements as of December 31, 2022:

	Fair Value at December 31, 2022	Valuation Technique	Significant Unobservable Inputs	Range (Weighted Average)
Non benefit-responsive				
TIAA Traditional Annuity	\$ 9,872,992	Discounted cash flow	Risk-adjusted discount rate applied	6.00% to 6.25%

Quantitative information about Level 3 fair value measurements as of December 31, 2021:

	Fair Value at December 31, 2021	Valuation Technique	Significant Unobservable Inputs	Range (Weighted Average)
Non benefit-responsive				
TIAA Traditional Annuity	\$ 9,770,047	Discounted cash flow	Risk-adjusted discount rate applied	2.78% to 3.90%

5. GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY:

The Plan has benefit-responsive guaranteed investment contracts with TIAA. TIAA maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

FRESNO PACIFIC UNIVERSITY

DC RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

5. GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY, continued:

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by TIAA represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the fully benefit-responsive investment contracts at December 31, 2022 and 2021, was \$582,867 and \$694,060, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than one to three percent, depending on the contract. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the University has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS:

The Plan has adopted a volume submitter plan document sponsored by TIAA. The volume submitter plan document has obtained an opinion letter from the Internal Revenue Service (IRS) dated August 8, 2017, which states that the volume submitter document satisfies the applicable provisions of the Internal Revenue Code. The Plan has not received a determination letter from the IRS; however the Plan administrator and the Plan's counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified.

FRESNO PACIFIC UNIVERSITY

DC RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2022 and 2021

8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PARTY-IN-INTEREST TRANSACTIONS:

Certain investments for the Plan are funds managed by TIAA. TIAA performs recordkeeping services for the Plan; therefore, these transactions qualify as party-in-interest transactions. The total value of these funds is \$38,169,390 and \$46,895,290, as of December 31, 2022 and 2021, respectively. Direct fees paid by the Plan for the recordkeeping services were \$47,777, for the year ended December 31, 2022. Indirect fees, such as investment management fees, are included in depreciation on the statement of changes in net assets available for benefits.

10. SUBSEQUENT EVENTS:

During the year ended December 31, 2022, the University offered a financial incentive for employees eligible for early retirement. Subsequent to the year ended December 31, 2022, eight employees accepted the early retirement incentive which will result in a discretionary contribution to the Plan for approximately \$405,000 in June 2023. This discretionary contribution will be recorded as an employer contribution in 2023.

Subsequent events have been evaluated through June 15, 2023, which represents the date the financial statements were available to be issued. Subsequent events after that date have not been evaluated.
