Independent Auditor's Report

To the Plan Trustees
The Metalworking Group 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of The Metalworking Group 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of The Metalworking Group 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Metalworking Group 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Metalworking Group 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Metalworking Group 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes at end of year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

2022 Supplemental Schedules Required by ERISA (Continued)

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

The 2021 financial statements of The Metalworking Group 401(k) Profit Sharing Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated July 13, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedule, and (b) the form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Metalworking Group 401(k) Profit Sharing Plan

Notes to Financial Statements

September 30, 2022 and 2021

1. Description of the Plan

The following description of The Metalworking Group 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of The Metalworking Group, Inc. (the Company) who are eighteen years old and have completed two months of service. The Plan was established effective October 1, 2000 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective August 1, 2022 the Plan was amended to change the calculation of the employer nonelective contributions.

Participant and Rollover Contributions

Eligible employees may defer a dollar amount or percentage of compensation up to a maximum of 90% of annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employees who do not voluntarily enroll in the Plan are automatically enrolled in the Plan at a deferral rate of 3% of annual compensation. Employees may opt out of the automatic enrollment feature.

Employer Contributions

The Plan allows for employer matching and profit-sharing contributions, both discretionary and non-discretionary. The employer will make matching contributions in an amount equal to 100% of the first 1% of a participant's contribution and 80% of a participant's contribution that exceeds 1% but does not exceed 6%. The employer may also choose to make an additional discretionary profit-sharing contribution. There were no additional discretionary profit-sharing contributions in 2022.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and an allocation of: (a) employer contributions, (b) plan earnings and (c) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

A participant shall have a fully vested and non-forfeitable interest in the value of his or her account derived from participant contributions. Vesting in the employer contribution portion of their account is based on years of service. For employer safe harbor matching contributions, a participant is fully vested after two years of credited service. For all other employer contributions, a participant is 20% vested after two years of credited services and gains an incremental 20% each subsequent year, reaching full vesting at the end of six years of credited service.

Payment of Benefits

A participant is entitled to a benefit, in the form of a lump-sum distribution, rollover to another qualified plan, or annual installments over a prescribed period of time, if certain events occur. These events include normal retirement at age 65, attainment of age 59½, times of hardship, death, disability or termination of employment.

Notes to Financial Statements

September 30, 2022 and 2021

1. Description of the Plan (Continued)

Notes Receivable from Participants

Participants may borrow from the vested portion of their fund accounts the lesser of \$50,000 or 50% of their vested account balance. The minimum amount for any single loan is \$500. The loans are collateralized by the balance in the participant's account and bear a reasonable rate of interest. Principal and interest is repaid through payroll withholding. Interest rates on participant loans ranged from 4.25% to 6.75% as of September 30, 2022 and 2021.

Forfeited Accounts

Forfeited, non-vested accounts totaled \$57,483 and \$75,999 at September 30, 2022 and 2021, respectively. Forfeitures of \$11,550 were used to pay plan expenses during the year ended September 30, 2022.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain amounts and disclosures reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's participant directed investments are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment gain (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Capital gain distributions are included in dividend income.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are paid by the participants. Delinquent loans are treated as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies (Continued)

Payment of Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. Such expenses shall include any expenses incident to the functioning of the Administrator, including but not limited to, fees of accountants, counsel, and other specialists and their agents, and other costs of administering the Plan. Substantially all of the Plan's administrative expenses were paid by the Plan for the year ended September 30, 2022.

3. Certified Investments

The information related to investments that is included throughout the Plan's financial statements and schedule of assets held for investment purposes at end of year as of September 30, 2022 and 2021, and for the year ended September 30, 2022, was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certification from the trustee that information provided to the Plan administrator by the trustee related to these assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in Note 8 and the supplemental schedule of assets held for investment purposes at end of year as of September 30, 2022.

Reliance Trust Company also certified to the completeness and accuracy of \$2,660,201 of net investment loss from registered investment companies, \$8,464 of net investment gain from a common/collective trust, \$623,936 of dividends, and \$13,396 of interest on notes receivable from participants for the year ended September 30, 2022.

4. Plan Termination

Although it has not expressed such an intention, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan is terminated, participants will become fully vested in their accounts.

5. Income Tax Status

The Plan has adopted a non-standardized form of a prototype plan sponsored by the record keeper, ADP, LLC. The prototype plan has received an opinion letter from the Internal Revenue Service as to the volume submitter plan's qualified status. The Plan has been amended since receiving the opinion letter, dated July 16, 2014. The Plan administrator believes the Plan is designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

The Plan administrator evaluated the Plan's tax positions and concluded that there are no uncertain tax positions that require recognition or disclosure in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by tax authorities for years before fiscal 2019.

6. Risks and Uncertainties

The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

The Metalworking Group 401(k) Profit Sharing Plan

Notes to Financial Statements

September 30, 2022 and 2021

7. Related-Party Transactions

Certain Plan investments are managed by ADP Retirement Services. ADP Retirement Services is the current record keeper as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services amount to \$28,108 for the year ended September 30, 2022.

8. Fair Value Measurements

Certain Plan investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of inputs used to measure fair value under this accounting standard are described as follows:

- Level 1 - Quoted prices in active markets that are accessible at the measurement date for identical assets or liabilities.
- Level 2 - Observable inputs other than quoted prices included within Level 1. Inputs that are principally derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement of the assets or liabilities. These include certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies the Plan used for assets measured at fair value:

Registered investment companies (mutual funds): Securities are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. Mutual funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust: Valued at the net asset value (NAV) of units of the common/collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

8. Fair Value Measurements (Continued)

The following tables summarize assets measured at fair value on a recurring basis as of September 30, 2022 and 2021, segregated by the level of the valuation inputs within the fair value hierarchy utilized to measure fair value.

September 30, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,227,439	\$ 0	\$ 0	\$ 9,227,439
Investments measured at net asset value (a)				487,383
Total assets at fair value				\$ 9,714,822

September 30, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 11,666,786	\$ 0	\$ 0	\$ 11,666,786
Investments measured at net asset value (a)				592,376
Total assets at fair value				\$ 12,259,162

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of September 30, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is only applicable to the Plan.

Investment	2022	2021	Unfunded Commitment		Redemption Frequency	Redemption Notice Period
			2022	2021		
Common/collective trust	\$ 487,383	\$ 592,376	\$ 0	\$ 0	Daily	None
