Independent Auditor's Report

To the Plan Administrator
Merlin Entertainments Group US, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Merlin Entertainments Group US, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statement of changes in net assets available for benefits for the year ended December 31, 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2021 and 2020, and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2021 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2021 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Life San Antonio

Eligibility

Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing six months of service except for leased employees, independent contractors, or employees covered by a collective bargaining agreement.

Contributions

Participants may elect to contribute up to 75% of pre-tax annual compensation to the Plan each year, subject to an annual maximum as established by Internal Revenue Service ("IRS") regulations. The maximum employee contribution permitted by the IRS for calendar year 2021 was \$19,500. Participants who have attained age 50 by year-end can make catch-up contributions of up to \$6,500 for calendar year 2021, in addition to the above. The Plan also allows participants to designate all or any portion of their elective contributions as Roth elective contributions, subject to certain annual limitations established by the Internal Revenue Service, as defined in the Plan.

The Company matches participant contributions through its safe harbor contributions, within prescribed limits, as determined on an annual basis. The Company match is 100% of the 3% and 50% of the next 2% of compensation that a participant contributes to the plan for the year ended December 31, 2021.

The Company can also make discretionary contributions. No discretionary contributions were made during the year ended December 31, 2021.

Rollover Contributions

With the Company's approval, an eligible participant may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. Participants may change their investment options on a daily basis, directly with Transamerica, the record-keeper of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested in their salary deferrals plus actual earnings thereon. Participants are immediately vested in the safe harbor contributions plus actual earnings thereon. Participants become fully vested in the event of retirement, death, total disability and Plan termination.

Merlin Entertainments Group US, LLC 401(k) Plan

Notes to Financial Statements

Notes Receivable from Participants

A participant can borrow minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable terms range from one to five years unless the note is for the purchase of a participant's primary residence, in which case the repayment period cannot extend beyond ten years from the date of the loan. The notes are collateralized by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions. Interest rates ranged from 4.25% to 6.50% at December 31, 2021.

Payment of Benefits

Participants are eligible to receive a lump-sum distribution of benefits upon termination of employment, death, disability, retirement, or Plan termination. Distributions are made for hardship withdrawals, which are authorized by the Plan administrator and conformed to the "deemed hardship" standards set forth in Treasury Regulation Section 1.401(k)(d)(2). Such hardship distributions are subject to certain limitations.

Forfeitures

Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will first be used to pay Plan administrative expenses, with any remaining amount used to reduce future Company contributions. There were \$36,365 and \$33,915 of forfeitures available to pay future administrative expenses or reduce employer matching contributions at December 31, 2021 and 2020, respectively. No forfeiture was used to reduce the Plan's expenses or employer contributions for the year ended December 31, 2021.

Investment Options

State Street Bank and Trust Company (the "Trustee" or "State Street") under a trust agreement holds the assets of the Plan, including all contributions and earnings thereon. Upon enrollment in the Plan, participants can direct contributions to a variety of investment options.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Accounting Estimates

The Plan administrator uses estimates and assumptions in preparing the Plan's financial statements in accordance with U.S. GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported changes in net assets. Actual results could materially vary from the estimates that were used.

Merlin Entertainments Group US, LLC 401(k) Plan

Notes to Financial Statements

Risks and Uncertainties

Investment securities, in general, are exposed to various risks, such as interest rate, credit risk, and overall market volatility. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments have been reported at fair value as certified by the Trustee of the Plan, as of December 31, 2021 and 2020.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest and are classified as notes receivable. Delinquent notes are paid out as deemed distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2021 and 2020, there were no benefit amounts that participants had elected to withdraw which had not been paid.

Administrative Expenses

The Company sponsors the Plan. Personnel within the Company perform various administrative services for the Plan. The payroll and related overhead costs associated with these services are not included as Plan expenses. Most administrative expenses of the Plan, including record keeping, consulting, investment, legal, and audit fees, are paid by the Company. Fees related to certain participant transactions, such as participant loan fees and certain distributions, are charged directly to the participant and are included in administrative expenses. Expenses paid by the Plan totaled \$189,671 for the year ended December 31, 2021.

Merlin Entertainments Group US, LLC 401(k) Plan

Notes to Financial Statements

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the Statements of Net Assets Available for Benefits as of December 31, 2021 and 2020.
- Net investment income and interest income on notes receivable from participants as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2021.
- Investment and participant loan information included in the Schedule of Assets (held at end of year) as of December 31, 2021, as shown on the supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted process for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs or other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Merlin Entertainments Group US, LLC 401(k) Plan

Notes to Financial Statements

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2021 and 2020.

Mutual funds: Valued at the fair value based on the quoted price in active stock exchange markets.

Common collective trust: Valued at fair value based on the fair value of the underlying investments. This investment is a stable pooled fund ("SPF"). The SPF has invested all of its assets in the Wells Fargo Stable Value Fund W, a collective trust fund sponsored by Wells Fargo Bank, which invests indirectly in stable value investment vehicles such as guaranteed investment contracts (GICs), bank investment contracts, and synthetic guaranteed investment contracts. The daily fair value of the SPF's investment is based on the underlying daily value reported by the Wells Fargo Stable Value Fund W. The employer level fund statement reflects the Plan's assets invested in the SPF measured using the net asset value per unit (which approximates fair value).

ASC 820 allows the use of NAV per share as a practical measure to estimate the fair value of an investment as long as certain requirements are met. In addition, the amendments in Part I of the ASU 2015-12 designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. As such, fully benefit-responsive investment contracts are presented at contract value, however indirect investments in benefit responsive investment contracts are presented at fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021 and 2020:

<i>December 31, 2021</i>	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 36,365	\$ -	\$ -	\$ 36,365
Mutual funds	54,235,971	-	-	54,235,971
Investments measured at net asset value*	-	-	-	1,262,820
Total investments, at fair value	\$ 54,272,336	\$ -	\$ -	\$ 55,535,156
<i>December 31, 2020</i>	Level 1	Level 2	Level 3	Total
Interest-bearing cash	\$ 33,915	\$ -	\$ -	\$ 33,915
Mutual funds	47,663,628	-	-	47,663,628
Investments measured at net asset value*	-	-	-	1,494,318
Total investments, at fair value	\$ 47,697,543	\$ -	\$ -	\$ 49,191,861

* Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

Notes to Financial Statements

Investments Measure Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2021 and 2020.

<i>December 31, 2021</i>	Fair Value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Holding Period
Common collective trust	\$ 1,262,820	N/A	Daily	2-3 years

<i>December 31, 2020</i>	Fair Value	Unfunded Commitments	Redemption Frequency (If currently eligible)	Redemption Holding Period
Common collective trust	\$ 1,494,318	N/A	Daily	2-3 years

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their accounts.

6. Tax Status

The Plan document is based on a volume submitter defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on March 31, 2008, which stated that the Plan, as then designed, was in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and continues to qualify for tax-exempt status.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest Transactions

Transamerica and the Company are parties-in-interest as defined by ERISA. Plan investments are managed by Transamerica Life Insurance Company and therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

For the year ended December 31, 2021, administrative expenses of \$159,671 were paid by the Plan to Transamerica Retirement Solutions, LLC, a division of Transamerica Life Insurance Company, for recordkeeping services. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan for these services. Notes receivable from participants also reflect party-in-interest transactions.
