INDEPENDENT AUDITOR'S REPORT

To the Trustee and Participants of
Rockford Manufacturing Company Savings Plan
Rockford, Tennessee

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

I have performed audits of the accompanying financial statements of Rockford Manufacturing Company Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Rockford Manufacturing Company Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), my audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In my opinion, based on my audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of Rockford Manufacturing Company Savings Plan and to meet my other ethical responsibilities in accordance with the relevant ethical requirements relating to my audits. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockford Manufacturing Company Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of my report, my objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rockford Manufacturing Company Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockford Manufacturing Company Savings Plan's ability to continue as a going concern for a reasonable period of time.

My audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment as of December 31, 2022, and schedules of assets (acquired and disposed of within year) and reportable transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, I compared such information to the related certified investment information.

In forming my opinion on the supplemental schedules, I evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In my opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Rockford Manufacturing Company Savings Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan covering all full-time employees of the Company, who have ninety (90) days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), Uruguay Round Agreements Act (GUST and generally referred to as GATT), the uniformed Services Employment and Reemployment Rights Act of 1994 (VJERRA), the Small Business Job Protection Act of 1996 (SBJPA), and the Taxpayer Relief Act of 1997 (TRA). Also, Rockford Manufacturing Company (employer) adopted a Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust. (See Note 11 for material modifications made to the Plan.)

The Trustee and custodian of the Plan is Newport Trust Company. Newport Trust Company retained the services of Matrix Trust Company to be a sub-custodian/trading partner.

Other Plan provisions are as follows:

- a. Contributions – Participants may elect to contribute not less than 3% and up to 100% of compensation. The Company will match 100% of the eligible contributions up to 3%. Additional amounts may be contributed at the option of the Plan Sponsor’s Board of Directors.
- b. Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s contribution and (b) Plan earnings of terminated participants’ non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. Participants direct the investment of their contributions into various investment options offered by the Plan’s trustee, Newport Trust Company.
- c. Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. A participant is 100 percent vested in the remainder of their accounts after three years of credited service.
- d. Payment of Benefits – A participant will receive a lump-sum amount equal to the value of his or her account as soon as administratively possible following attainment of normal retirement age, or as soon as administratively possible when the participant requests a distribution of his or her account for all other voluntary or involuntary terminations.
- e. Participant Loans – The Plan does not allow its participants to borrow against their respective accounts nor to pledge or otherwise assign their interest in the Plan.
- f. Forfeited Accounts – At December 31, 2022 and 2021, there were no forfeited nonvested accounts. For the year ended December 31, 2022, nonvested accounts in the amount of \$2,116 were forfeited and applied to reduce employer contributions.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan. At December 31, 2022 and 2021, the Plan had no fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits – Benefits are recorded when paid.

Expenses – The expenses of maintaining the Plan are paid by the Plan. Investment expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through May 26, 2023, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels; Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 and Level 3 inputs for the periods presented.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks are based on the closing price reported on the active market where the individual securities are traded.

Level 2 Fair Value Measurements

The fair value of corporate bonds and U.S. government securities are valued using a market approach on yields currently available on comparable securities of issuers with similar credit ratings.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value.

		Fair Value Measurements at the End of the Reporting Period Using:	
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Other Observable Inputs (Level 2)
	Fair Value		
<u>December 31, 2022</u>			
Mutual Funds	\$ 16,170,236	\$ 16,170,236	\$ -
Total assets at fair value	\$ 16,170,236	\$ 16,170,236	\$ -
<u>December 31, 2021</u>			
Mutual Funds	\$ 18,261,683	\$ 18,261,683	\$ -
Total assets at fair value	\$ 18,261,683	\$ 18,261,683	\$ -

There have been no changes in fair value measurements used at December 31, 2022 and 2021.

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2022, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2022, there were no transfers between Level 1 and Levels 2 and 3.

NOTE 4 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants will become 100 percent vested in their accounts.

NOTE 5 – TAX STATUS

The IRS has determined and issued a letter dated November 30, 2020, that the Volume Submitter Profit Sharing Plan and related trust as restated are designed in accordance with applicable sections of the Internal Revenue Code (IRC) for an exemption from federal income taxations under IRC Section 401(a) and IRC Section 501(a). Accordingly, no taxes have been provided for in the accompanying statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. The Plan Trustee has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax period in progress.

NOTE 6 – DISCRIMINATION TESTING

In accordance with the Tax Reform Act of 1986, a 401(k) Actual Deferral Percentage Test (ADP), which includes elective deferral contributions, and a 401(m) Actual Contribution Percentage Test (ACP), which includes employer matching contributions and reallocated forfeitures of employer matching contributions, were performed. For Plan years beginning in 1989, the Tax Reform Act of 1986 also requires completion of a test on Multiple Use of Alternative Limitations when more than one discrimination test is required. At December 31, 2022, the Plan was in compliance with regulations regarding discrimination testing.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 8 – SUMMARY OF INFORMATION CERTIFIED BY PLAN TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements held at December 31, 2022 and 2021, including the supplemental schedule of assets held for investment at December 31, 2022, net appreciation (depreciation) in fair value of investments, and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Newport Trust Company (the trustee of the plan)..

NOTE 9 - RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Contract administrator fees paid directly by the Plan for the investment management services totaled \$78,589, fees for trustee services totaled \$6,678, and distribution, participant, audit and other service fees totaled \$19,413 for the year ended December 31, 2022. Custodian expenses of Matrix Trust Company are paid by Newport Trust Company. As described in note 2, the Plan pays all expenses of maintaining the Plan.

The above party-in-interest transactions are exempt from prohibited transactions rules of ERISA.

NOTE 10 – RECONCILIATION BETWEEN FINANCIAL STATEMENTS AND FORM 5500

There are no reconciling items between the financial statements and Form 5500 filed with the Department of Labor.

NOTE 11 – MATERIAL MODIFICATIONS TO THE PLAN AND CHANGES TO INVESTMENT OPTIONS

Plan Restatement

In accordance with Department of Labor regulations retirement plans are required to be restated periodically in order to incorporate changes as a result of new regulations and requirements issued by ERISA and the Department of Labor since the approval or restatement of the prior plan. Newport Group Inc. submitted the restatement of its Defined Contribution Pre-Approved Plan to the Department of the Treasury on January 27, 2020. The Plan was approved on November 30, 2020, and a determination letter was issued by the Internal Revenue Service. The Rockford Manufacturing Company Savings Plan adopted the restatement on March 21, 2022, with an effective date of January 1, 2022.

Plan Amendments

On June 21, 2022 and subsequently on July 11, 2022, the Plan was amended in order to accelerate the eligibility of an employee to participate in the Plan. The amendment lowers the eligibility service requirement for salary deferrals and matching contributions only from one (1) year of service to ninety (90) days of service, and changes the entry dates for participation from semi-annual to monthly for purposes of salary deferrals and matching contributions only. This amendment became effective October 1, 2022.

On December 13, 2022, the Plan adopted the amendment for CARES Act which is the Coronavirus Aid, Relief, and Economic Security Act. The amendment is intended to bring the Plan in compliance with the provisions of the CARES Act as it relates to retirement plans. The provisions of the amendment were made effective retroactively to March 27, 2020. Also on that same date, the Plan adopted an amendment to implement SECURE Act and other law changes. The purpose of the amendment is to amend the Plan in accordance with pension-related provisions of the Further Consolidated Appropriations Act of 2019 (FCAA) in general, and Division O of the Act, the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE), in specific. It also addresses provisions of other Acts. Provisions of this amendment were made effective retroactively to January 1, 2020.

Investment Options

The Plan made certain changes to investment options available to Plan participants. Certain existing mutual funds were replaced with comparable funds with lower internal fees. In addition, to broaden the choices available to participants other mutual funds were added including the Vanguard Target Retirement funds. The target date funds are offered as a simplified, single-investment approach to participants. In addition, the target date funds are the default investment options based upon a participant's expected retirement date when no investment options are selected by the participant.
