Independent Auditor's Report

Trustees and Participants
Corval Group Companies Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Corval Group Companies Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended September 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 30, 2022 and 2021, and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended September 30, 2022, and Schedule H, line 4i—schedule of assets (held at end of year) as of September 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Corval Group Companies Retirement Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Corval Group Companies Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all nonunion employees of Corval Group, Inc., Corval Constructors, Inc., Corval Builders and Erectors, Inc., and Corval Management Services, Inc. (collectively, the Company) who have attained age 18 and completed 30 days of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company's Trustees are responsible for the oversight of the Plan, determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions: Participants may contribute up to 100% of annual compensation, as defined by the Plan, up to the maximum permitted by law. The Plan includes an automatic enrollment provision whereby all eligible employees are automatically enrolled in the Plan after 30 service days unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, as defined by the Plan, unless the participant elects their own deferral rate. The default withholding rate under the automatic enrollment provision will increase 1% annually up to a maximum of 10%, unless the participant elects, or changes, their own deferral rate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows participants to allocate contributions between pretax, Roth and after-tax deferrals. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make discretionary matching contributions, on either a payroll basis or an annual basis, and discretionary nonelective contributions on an annual basis. For the year ended September 30, 2022, the Company made payroll basis matching contributions equal to 50% of the participant's deferral up to 6% of the participant's compensation. Participants must be employed on the last day of the Plan year to be eligible for any nonelective contributions or annual basis matching contributions. The Company did not make any nonelective contributions or annual basis matching contributions for the year ended September 30, 2022.

Participant accounts: Each participant's account is credited with the participant's contributions, as well as allocations of the Company discretionary matching and nonelective contributions, if any, and Plan investment results. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on the participants' qualified compensation, account balances, or specific transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting of the Company contributions is based on years of service in which the participant worked at least 1,000 hours during the Plan year. A participant's account is 25% vested in the Company contributions after one year of vesting service; vesting increases 25% for each year of vesting service until the participant's account is 100% vested after four years of vesting service. Participant accounts transferred from other participating employers' qualified plans are 100% vested. A participant also becomes 100% vested upon reaching age 60.

Investment options: Upon enrollment in the Plan, a participant may direct contributions in any of a number of investment options, as more fully described in the Plan's literature. All choices vary in type of investment, rate of return and investment risk. Participants may change their investment options daily.

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their account a minimum of \$1,000, up to 50% of the participant's vested account balance, with a maximum outstanding note amount of \$50,000. The loans are secured by the balance in the participant's account. Note terms range from one to five years. Terms can exceed five years if the note is for the purchase of a primary residence. The notes bear interest at the prime interest rate plus 1%. Note interest rates at September 30, 2022, ranged from 4.25% to 5.00%. Principal and interest payments are due each pay period under a level amortization schedule.

Benefit payments: Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over varying periods. If the participant's vested account balance is \$1,000 or less, it will be distributed automatically as a lump-sum distribution. The Plan allows in-service withdrawals after age 59½ for any reason and financial hardship withdrawals before age 59½.

Forfeited accounts: Forfeited nonvested accounts are retained in the Plan and used to fund future Company contributions or pay Plan expenses. The Plan did not use any forfeited nonvested accounts to fund Company contributions, and used approximately \$100 of forfeited nonvested accounts to pay Plan expenses, during the year ended September 30, 2022. The balance of forfeited nonvested accounts was approximately \$60,800 and \$24,900 at September 30, 2022 and 2021, respectively.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustees determine the Plan's valuation policies utilizing information provided by the Plan's investment advisor and fund manager. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments purchased and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2022 or 2021. Delinquent loans are treated as distributions based on terms of the Plan agreement.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Note 2. Summary of Significant Accounting Policies (Continued)

Benefit payments: Benefit payments to participants are recorded upon distribution.

Administrative expenses: The Company pays certain, but not all, administrative costs of the Plan. The expenses paid directly by the Company are excluded from these financial statements. Investment-related expenses are included in net depreciation in fair value of investments.

Risk and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through July 10, 2023, the date the financial statements were available to be issued.

Note 3. Information Provided by the Record Keeper, on behalf of the Trustee, and Certified by the Trustee

The following is a summary of the Plan's asset information as of September 30, 2022 and 2021, and for the year ended September 30, 2022, included throughout the Plan's financial statements and supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year), that was prepared by or derived from information provided by the record keeper, Transamerica Retirement Solutions, on behalf of the trustee, State Street Bank and Trust Company, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the record keeper, Transamerica Retirement Solutions, on behalf of the trustee, State Street Bank and Trust Company, related to the following assets is complete and accurate to the best of their knowledge and belief. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets:

	September 30	
	2022	2021
Investments, at fair value:		
Collective trust funds	\$ 11,259,476	\$ 18,650,121
Mutual funds	13,720,078	17,777,286
Interest-bearing cash reserve	60,780	28,019
Total investments, at fair value	<u>\$ 25,040,334</u>	<u>\$ 36,455,426</u>
Notes receivable from participants	<u>\$ 44,597</u>	<u>\$ 69,338</u>
Noninterest-bearing cash reserve	<u>\$ 71,208</u>	<u>\$ 86,126</u>

The trustee also certified to the completeness and accuracy of \$7,837,262 of net depreciation in fair value of investments, \$324,738 of dividends related to the aforementioned investments, and \$2,655 of interest income on notes receivable from participants for the year ended September 30, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of September 30, 2022 and 2021.

Mutual funds: Mutual funds are valued at the quoted market prices of shares held by the Plan at year-end in the active market on which the individual securities are traded.

Collective trust funds: Collective trust funds are valued at the net asset value (NAV) of units held by the Plan on the day of valuation based upon the market value of the underlying investments. The funds' underlying assets consist of common stocks, depository receipts, mutual funds and stable value funds. The NAV is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Interest-bearing cash reserve: The interest-bearing cash reserve account is valued at cost plus accrued income, which approximates fair value measured by similar assets in active markets.

Corval Group Companies Retirement Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The methods described above may produce fair values that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2022 and 2021:

Assets at Fair Value as of September 30, 2022				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 13,720,078	\$ -	\$ -	\$ 13,720,078
Interest-bearing cash reserve	60,780	-	-	60,780
Total assets in the fair value hierarchy	<u>\$ 13,780,858</u>	<u>\$ -</u>	<u>\$ -</u>	<u>13,780,858</u>
Investments measured at NAV (a)				<u>11,259,476</u>
Total investments at fair value				<u><u>\$ 25,040,334</u></u>

Assets at Fair Value as of September 30, 2021				
	Level 1	Level 2	Level 3	Total
Investments at fair value:				
Mutual funds	\$ 17,777,286	\$ -	\$ -	\$ 17,777,286
Interest-bearing cash reserve	28,019	-	-	28,019
Total assets in the fair value hierarchy	<u>\$ 17,805,305</u>	<u>\$ -</u>	<u>\$ -</u>	<u>17,805,305</u>
Investments measured at NAV (a)				<u>18,650,121</u>
Total investments at fair value				<u><u>\$ 36,455,426</u></u>

(a) In accordance with Fair Value Measurement topic, certain investments that were measured at NAV (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as of September 30, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Note 5. Tax Status

The Plan has adopted a form of a non-standardized pre-approved profit sharing plan sponsored by Transamerica Retirement Solutions LLC. The pre-approved plan has received an opinion letter dated June 20, 2020, from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended subsequent to the version covered by the pre-approved plan's opinion letter. However, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7. Related-Party Transactions and Party-in-Interest Transactions

The Plan's investments are shares of mutual funds and collective trust funds managed by State Street Bank and Trust Company. State Street Bank and Trust Company is the trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

Note 8. Nonexempt Transactions

For the year ended September 30, 2020, the Plan Sponsor inadvertently failed to deposit \$136,121 of participant deferrals and loan repayments within the required time frame as stated by the United States DOL regulations. The Plan Sponsor reimbursed the Plan for \$230 in lost earnings on November 5, 2021.

For the year ended September 30, 2022, the Plan Sponsor inadvertently failed to deposit \$82,970 of participant deferrals and loan repayments within the required time frame as stated by the United States DOL regulations. The Plan Sponsor reimbursed the Plan for \$57 and \$27 in lost earnings on January 20, 2022 and April 5, 2022, respectively.
