Owensboro, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Moore Automotive, Inc. 401(k) Plan and Trust, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Benefits, as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution, or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution, or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, as of December 31, 2022 and 2021, and for the years ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed, as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America; and
- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis, and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management, and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Moore Automotive, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of Plan

The following description of the Moore Automotive, Inc. 401(k) Plan and Trust (Plan) provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General

The Plan is a defined contribution plan sponsored by Moore Automotive, Inc. (Company) for the benefit of its employees who have at least one year of service and are age 21 or older. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, a member of the Principal Financial Group (Principal), is the trustee of the Plan, effective January 1, 2021, and holds the investments of the Plan. Branch Banking and Trust Company (BB&T) was the trustee of the Plan through December 31, 2020, and held the investments of the Plan until January 20, 2021.

Current Economic Conditions

The current period of economic uncertainty presents employee benefit plans with difficult circumstances and challenges, which in some cases may result in large and unanticipated declines in the fair value of assets. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan.

Contributions

Each year, participants may contribute up to annual limits under the Internal Revenue Code (IRC). Each eligible participant receives a Company matching contribution based on the discretion of the Company's board of directors. Currently, each eligible participant receives a Company matching contribution equal to 100% of the participant's contribution on the first 5% of their compensation. Employee rollover contributions and in-plan Roth rollover contributions are also permitted.

Participant Investment Account Options

Investment account options available include various mutual funds, a common collective trust fund, and a self-directed brokerage investment account option. Each participant has the option of directing their contributions into any of the separate investment options, and may change the allocation daily.

Moore Automotive, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contributions, and Plan earnings, and is charged with an allocation of administrative expenses. Expense allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, plus earnings thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is fully vested after six years of continuous service. Years of service, for vesting purposes, means the total number of Plan years in which the employee works at least 1,000 hours.

The nonvested balance is forfeited upon termination of service. Forfeitures relating to employer matching accounts are used to reduce the Company's matching contributions. Forfeitures relating to the profit-sharing accounts are used to reduce the Company's profit-sharing contributions.

Payment of Benefits

Upon termination of service, an employee may choose a lump-sum amount equal to the value of their vested account balance or a life annuity option.

Participants attaining age 59 ½ may make one withdrawal every twelve months of any part of their vested account balance. The Plan allows in-service distributions from a participant's frozen money purchase pension source upon attainment of age 59 ½. In addition, participants may withdraw their rollover contributions at any time. Participants may make two withdrawals of any part of their vested accounts resulting from voluntary contributions at any time.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$8,374 and \$8,405, respectively. Forfeitures occur when the participant receives a distribution of their entire vested balance. Such forfeitures occur as of the date of the distributions and may be used after they are determined. These balances will be used to reduce future employer contributions. Employer contributions receivable were reduced by available forfeited nonvested accounts at December 31, 2022 and 2021.

Notes to Financial Statements

December 31, 2022 and 2021

Participant Loans

Participants may borrow from their fund accounts, a minimum of \$1,000, and up to a maximum of \$50,000 or 50% of their total account balance, whichever is less. Loans are made to any eligible participant demonstrating a qualified need. The loans are secured by the balance in the participant's account, and bear interest at a rate not to exceed prime plus 1%. At December 31, 2022, interest rates were from 4.25% to 9.5%, with maturity dates until November 2027. All loans under the Plan must be repaid by payroll deduction with the term of repayment not to exceed five years.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Reclassifications

Certain reclassifications to the 2021 amounts have been made to conform to the 2022 financial statement presentation. The reclassifications had no effect on the change in net assets available for benefits.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. Quoted market prices, if available, are used to value investments. Money market accounts are valued at cost. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Moore Automotive, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by Principal. The prototype plan documents have been filed with the appropriate agency. The prototype plan received its latest determination letter on March 31, 2014, in which the Internal Revenue Service (IRS) stated the form of the Plan was acceptable under Section 401 of the IRC. The Plan administrator believes the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

With a few exceptions, the Plan is no longer subject to U.S. federal, state, local, or non-U.S. income tax examinations by tax authorities for years before 2019.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan at the Company's discretion.

Notes to Financial Statements

December 31, 2022 and 2021

Note 3: Information Prepared and Certified by Plan's Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, investment income, and interest income on notes receivable from participants, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Principal for the years ended December 31, 2022 and 2021, and BB&T (former trustee) for the period January 1, 2021 through January 20, 2021.

Note 4: Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Certain Plan investments are managed by Principal. The Plan paid \$47,478 and \$51,899 in administrative fees to Principal during 2022 and 2021, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 5: Fair Value of Plan Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy that requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities;
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; and
- Level 3** Unobservable inputs that are supported by little or no market activity, and that are significant to the fair value of the assets or liabilities.

Moore Automotive, Inc. 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2022 and 2021

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include mutual funds and self-directed brokerage accounts, which hold common stock and mutual funds. If quoted market prices are not available, fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. There are no securities classified in Level 2 or Level 3 of the valuation hierarchy.

Investments in the Pooled Separate Account of the Plan's group annuity contract with Principal Life Insurance Company are valued at unit value, which is based on the aggregate fair value of the underlying assets in relation to the total number of units outstanding. Unit value is the equivalent of NAV, which is a practical expedient for estimating the fair values of these investments. The investments may be redeemed daily with a notice period of one day. The Plan had no unfunded commitments, as of December 31, 2022. Accordingly, these investments have been excluded from the fair value hierarchy.

The common collective trust fund investment is valued at NAV per share, which is a practical expedient used to estimate the fair value of each respective fund. The investments underlying the common collective trust fund include other publicly traded investment funds, and are valued at the respective fund's NAV. The common collective trust fund does not have a finite life, unfunded commitments, or significant restrictions on redemptions. Accordingly, this investment has been excluded from the fair value hierarchy.

The preceding methods may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 7: Risks, Concentrations and Uncertainties

Investment Securities

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Significant Concentrations

At December 31, Plan assets are concentrated in the following investments:
