INDEPENDENT AUDITORS' REPORT

To the Participants and Plan Administrator of
Fairbank Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Fairbank Group Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the 2022 audit of The Fairbank Group Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section –

- the amounts and disclosures in the accompanying 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Fairbank Group Retirement Plan Employee Benefit Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 Financial Statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairbank Group Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Fairbank Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Fairbank Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Delinquent Participant Contributions as of and for the year ended September 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements and supplemental schedule of Fairbank Group Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform auditing procedures with respect to the information certified by a qualified institution. In our report dated July 6, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2021 financial statements and supplemental schedule other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FAIRBANK GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2022 AND 2021

1. DESCRIPTION OF PLAN:

The following brief description of the Fairbank Group Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan established May 1, 1983 to provide benefits for all eligible employees of Jiminy Peak Mountain Resort, LLC and Cranmore Mountain Resort (collectively the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The trustee has sole responsibility for management of the assets held by the Plan. Further detailed information about the Plan is contained in the Plan document.

Eligibility

Employees of the Company who have reached the age requirement of 20 ½ years of age, are eligible to participate in the Plan at the time of hire.

Contributions

Participants can contribute up to 100% of their annual compensation, as defined by the Plan, limited to the maximum dollar limit on employee contributions as stipulated by the Internal Revenue Service (“IRS”). Additionally, participants over age 50 are eligible to make catch-up contributions, which are also limited by IRS regulations.

The Company may, at the discretion of management, make matching contributions to the Plan. Effective May, 1, 2022, the Company elected to match 25% of employees’ contributions. For the year ended September 30, 2022, there was \$21,281 in matching contributions made by the Company. There were no matching contributions made by the Company for the year ended September 30, 2021. \$2,833 of forfeitures were used to offset employer contributions for the year ended September 30, 2022.

Administration

The Company is the Plan sponsor and is responsible for the monitoring and administration of the Plan.

Participant accounts

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution and (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant wages, account balances or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

FAIRBANK GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2022 AND 2021

1. DESCRIPTION OF THE PLAN: (CONTINUED)

Vesting

All participants are immediately 100% vested in their voluntary, rollover and qualified non-elective contributions plus earnings thereon. A participant must complete at least 1,000 hours of service during a year to receive credit for a year of service. Vesting in the Company matching contribution and additional fixed non-elective contributions portion of the individual participant's accounts are based on the following schedule:

<u>Years of service</u>	<u>Percentage</u>
Less than 2	0 %
2	20 %
3	40 %
4	60 %
5	80 %
6	100 %

Forfeitures

A forfeiture is a loss of all or a portion of the Company contributions and earnings thereon allocated to an account of a participant separating from service before becoming 100 percent vested. The nonvested portion of this account represents the forfeitures which are reallocated to eligible participants. \$2,833 of forfeitures were used to offset employer contributions for year ended September 30, 2022. There were no forfeitures that were reallocated to eligible participants as matching contributions for the year ended September 30, 2021. As of September 30, 2022 and 2021, forfeitures of \$532 and \$3,268 were available to be reallocated to eligible participants, respectively.

Payment of benefits

On termination of service, death, disability or retirement a participant or their beneficiaries with a vested account balance less than \$1,000 will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Participants may also request distributions in the form of an annuity or an installment payment. For participants with a vested balance of greater than \$1,000 but less than \$5,000, the Plan will make a direct rollover of the participant's account to an individual retirement account designated by the Plan administrator. Participants with a vested balance of greater than \$5,000 may defer payment of benefits until a later date. Withdrawals of vested benefits may be made prior to severance of service if the participant has attained the age of 59 1/2 or upon the demonstration of financial hardship as defined in the Plan document. Distributions are subject to the applicable provisions of the Plan document.

Participant loans

A participant may borrow up to 50% of the value in the participant's vested account not to exceed \$50,000 and subject to a \$1,000 minimum. All participant loans are evidenced by a promissory note executed by the participant who has taken the loan. The loan term shall not exceed five years unless the loan qualifies as a home loan, then the term will be for ten years. The portion of the participant's account balance which was loaned to him/her shall be segregated into a separate account. Loans are collateralized by the balance in the participant's vested account and bear interest at the prime rate plus 1% with all interest rates presently at 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions so long as the participant is employed by the Company and thereafter by regular installment payments.

Plan termination

The Company presently expects to continue the Plan indefinitely but reserves the right to amend or terminate it, subject to the provisions of ERISA. If the Plan were terminated, all amounts credited to participants would be fully vested and non-forfeitable.

FAIRBANK GROUP RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief and Economic Security Act ("CARES Act") was signed into law. The CARES Act allows retirement plans to provide participants who are impacted by COVID-19 (as defined in the CARES Act) with greater access to their savings. As permitted by the CARES Act, the Plan opted to implement the following provisions:

- Through December 31, 2020, qualified individuals are permitted to take a distribution in an amount up to \$100,000 from the Plan. Any such distribution is not subject to the 10% early distribution penalty or the mandatory 20% federal income tax withholding rate. Participants who take a qualified distribution have the option to have the distribution taxed over a three-year period, with the ability to recontribute up to the full amount of the distribution within three years and not be subject to federal income tax.
- Required minimum distributions are waived for retired and retirement-aged individuals until December 31, 2020.
- Participants are allowed to borrow the lesser of up to \$100,000 or 100% of the participants vested balance (an increase from \$50,000 previously allowed), and repayment can be delayed.

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value, with the exception of fully benefit-responsive investment contracts which are stated at contract value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. All investments are participant directed.

The Plan administrator is responsible for determining the Plan's valuation policies and analyzing information provided by the investment advisors, custodian and record keeper that is used to determine the fair value of the Plan's investments. See Note 4 for further discussion of fair value measurements.

In accordance with the policy of stating investments at fair value, net unrealized appreciation (depreciation) in fair value is reflected in the Statements of Changes in Net Assets Available for Benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments.

Purchase and sale of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest and other investment income is recorded as earned on an accrual basis. Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Participant loans receivable

Participant loans receivable are recorded at their unpaid balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at September 30, 2022 and 2021. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Loans are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Payment of benefits

Benefit payments are recorded upon distribution.

Plan expenses

Jiminy Peak Mountain Resort, LLC, the employer and Plan sponsor, pays all of the administrative expenses of the Plan, with the exception of certain transactional fees and investment management services which are paid directly by the Plan (see Note 7).

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America and the Department of Labor ("DOL") rules and regulations for reporting and disclosure under ERISA requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

3. INFORMATION CERTIFIED BY TRUSTEE:

The Plan administrator has elected the method of compliance permitted by Section 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, John Hancock Life Insurance Company, the trustee of the Plan, certified to the Plan administrator the fair value and physical custody of investments to be complete and accurate as of and for the years ended September 30, 2022 and 2021, and investments and participant loans included in the Statements of Net Assets Available for Benefits, investment income and net appreciation (depreciation) in the fair value of investments included in the Statements of Changes in Net Assets Available for Benefits and the information contained in Notes 4 and 5 concerning investments and information included in the Schedule of Assets (Held at End of Year).

4. FAIR VALUE MEASUREMENTS:

The Plan follows established guidelines for a fair value hierarchy that prioritizes the inputs used to measure fair value. An asset or liability's classification within the hierarchy is determined based on the lowest level input that is significant to the fair value measurement. This hierarchy prioritizes the inputs into three broad levels as follows:

- Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities. Market price is generally obtained from exchange or dealer markets.
- Level 2 Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Inputs are obtained from various sources including market participants, dealers and brokers.
- Level 3 Unobservable inputs that are supported by little or no market activity as they trade infrequently or not at all and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation method used for assets measured at fair value. There have been no changes in the method used at September 30, 2022.

Pooled separate accounts: Valued at the net asset value ("NAV") per share based on the quoted market price of the underlying funds.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan's assets at fair value as of September 30:

	<u>2022</u>	<u>2021</u>	<u>Unfunded Commitment</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Investments measured at net asset value:					
Pooled separate accounts	\$ <u>3,964,408</u>	\$ <u>4,868,108</u>	N/A	Daily	None

The pooled separate accounts invest in one or more publicly traded mutual funds and are valued daily using the NAV based upon quoted market prices of the underlying investments.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS:

The guaranteed investment contract is a fully benefit-responsive investment contract, the ("Contract"), issued by John Hancock Life Insurance Company ("John Hancock"). The Contract invests primarily in guaranteed investment contracts ("GIC's") and security backed investment contracts. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the financial statements at fair value and then adjusted to contract value as reported to the Plan by John Hancock. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate was 0.05% for 2022 and 2021. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not likely to occur.

6. TAX STATUS:

The Plan received a determination letter on November 30, 2020 in which the Internal Revenue Service ("IRS") states that the Plan, as then designed, was in compliance with Section 401(a) of the Internal Revenue Code. The Plan has not been amended since receiving the determination letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

During the year ended September 30, 2022, Plan management discovered operational failures whereby the Plan failed to exclude employee bonuses when calculating the employer match. Plan management is presently in the process of correcting the error. Plan management believes the final outcome of the correction process will not have a material impact on the Plan's financial statements or the Plan's qualified tax status.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2022 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to September 30, 2019.

7. RELATED PARTY AND PARTIES-IN-INTEREST TRANSACTIONS:

Certain Plan investments are shares of pooled separate accounts managed by John Hancock Life Insurance Company, the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included in net appreciation (depreciation) in the fair value of the investments, as they are paid through revenue sharing rather than a direct payment.

Transactional fees paid by the Plan for distribution and loan services amounted to \$1,200 and \$1,659 for the years ended September 30, 2022 and 2021, respectively.

Certain employees and officers of the Company, who may also be participants in the Plan perform administrative services at no cost to the Plan.

8. RISKS AND UNCERTAINTIES:

The Plan provides for various investment fund options in any combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. PROHIBITED TRANSACTION:

During the year ended September 31, 2022, Plan management discovered a late payroll remittance to the Plan of \$3,955. The Company failed to remit certain participant contributions to the Plan within the time period prescribed by the Department of Labor Regulations. Delays in remitting contributions to the Plan were due to procedural errors. The Plan corrected the error in accordance with IRS guidance during the year ended September 31, 2022, as soon as it was noted. Any lost income due to delays was immaterial. The Plan does not feel that the correction of this matter will have an adverse impact on the Plan's tax status; therefore, no provision for income taxes has been included in the Plan's financial statements.

10. SUBSEQUENT EVENTS:

Management has evaluated subsequent events through July 10, 2023, the date on which the financial statements were available to be issued.
