INDEPENDENT AUDITOR'S REPORT

Retirement Plan Committee
Symbiont 401(k) Plan
West Allis, WI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Symbiont 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 28, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the period January 1, 2022 to September 28, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Symbiont 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 28, 2022 and December 31, 2021, and for the period January 1, 2022 to September 28, 2022, stating that the certified investment information, as described in Note B to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Symbiont 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Symbiont 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Symbiont 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Symbiont 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTE A -- Description of the plan and significant accounting policies

The following description of the Symbiont 401(k) Plan ("the plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions. The employers, as described below, have adopted, the Sikich LLP Non-standardized 401(k) Profit Sharing Plan with an original effective date of April 30, 1986. The employers have subsequently amended and restated the plan with the most recent restatement effective February 1, 2022.

The plan was terminated by the company effective May 31, 2022 (see NOTE E)

General

The plan is a defined contribution plan covering all employees of Symbiont Science, Engineering and Construction, Inc. and Symbiont Construction, Inc. (herein referred to as "the company or employers") who have one month of service and are age eighteen or older, with exception to union and leased employees. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee oversees governance of the plan, determines the appropriateness of the plan's investment offerings and monitors investment performance.

The plan's federal identification number is 39-1380641 and the plan's number is 001.

Contributions

Each year, participants may contribute the maximum amount allowed by law of pre-tax (regular) or post-tax (Roth) annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans. Participants direct the investment of their contributions into various investment options offered by the plan. The plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the plan unless they affirmatively elect not to participate in the plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The plan has an auto-escalation feature in which the auto enrollment percentage increases by 1% on January 1 of each year to a maximum of 10%. The employers contribute 100% of the first 2% and 50% of the next 4% of eligible compensation that a participant contributes to the plan as a safe harbor matching contribution. The company also has the right to make additional contributions to be allocated to participants pro-rata based on compensation. No additional discretionary contributions were made during 2022. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Participant accounts and "rollovers"

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's matching and discretionary contributions, (b) plan earnings and (c) charged with an allocation of administrative expenses. Allocations of plan earnings are based on participant account balances, as defined, and allocation of company contributions are based on participants' compensation, as provided in the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The plan permits the transfer of funds from other qualified plans to a separate participant's rollover account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the employer's portion of their account is based on years of continuous service. A participant is 100% vested ratably after two years of credited service. Participants who leave the plan because of death or disability, as defined in the plan, are considered 100% vested in all amounts.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a fixed rate that is determined as 1% over the prime rate (6.25% at September 28, 2022) as set by the Wall Street Journal. Principal and interest is paid ratably through payroll deductions.

All participant loans were distributed in 2022 when final distributions of plan assets were made to participants.

Benefits

On termination of service due to death, disability, retirement (age 65), or other reasons, a participant with an account valued at less than \$5,000 shall receive a lump sum distribution. For accounts exceeding \$5,000 the participant may elect a lump-sum distribution, request partial withdrawals or may elect to defer such distribution to any valuation date subsequent to his/her termination but no later than the valuation date of his/her normal retirement date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits in-service distributions at age 59 ½. The plan permits hardship distributions if certain criteria are met.

Forfeited accounts

At September 28, 2022 and December 31, 2021, forfeited nonvested accounts totaled \$0 and \$5,099, respectively. These accounts can be used to reduce company matching or non-elective contributions or used to reduce plan expenses. In 2022, employer contributions were reduced by \$9,270 from forfeited nonvested accounts.

A summary of significant accounting policies follows:

Basis of accounting

The financial statements of the plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE A -- Description of the plan and significant accounting policies (Continued)

Investment valuation and income recognition

The plan's investments are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Retirement Plan Committee determines the plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The employers pay some of the administrative expenses of the plan which are excluded from these financial statements. The major administrative expenses are record keeping and investment fees.

Note receivable from participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of September 28, 2022 and December 31, 2021, no allowance for credit losses has been recorded.

Subsequent events

These financial statements have not been updated for subsequent events occurring after June 21, 2023 which is the date these financial statements were available to be issued. The plan administrator has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE B -- Information certified by the asset custodian

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at September 28, 2022 and December 31, 2021, and interest and dividends, net depreciation, and interest income on notes receivable from participants for the period January 1, 2022 to September 28, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by American Trust Company, the asset custodian of the plan.

NOTE C -- Fair value measurements

The plan's investments are reported at fair value in the accompanying Statements of Net Assets Available for Benefits.

	Fair value measurements at reporting date using:			
	September 28, 2022		December 31, 2021	
	Fair value	Quoted prices in active markets for identical assets (level 1)	Fair value	Quoted prices in active markets for identical assets (level 1)
Registered investment companies:	\$ 0	\$ 0	\$ 19,795,093	\$ 19,795,093
Total assets in the fair value hierarchy	0	0	19,795,093	19,795,093
Investments measured at net asset value ¹	0	0	1,118,848	1,118,848
Investments at fair value	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 20,913,941</u>	<u>\$ 20,913,941</u>

¹ In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

NOTE C -- Fair value measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 28, 2022 and December 31, 2021.

- Registered investment companies. Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.
- Common collective trust funds. Common collective trust funds (with the exception of the stable value collective trust fund) are invested in investments such as stocks, mutual funds, short-term investments, bonds, etc. American Trust Company owns the underlying investments in these trust funds. The underlying measurements for the separate key prices are for similar assets in active or non-active markets. While the underlying asset values are quoted prices, the net asset value of each trust fund is not publicly quoted.
- Stable value collective trust fund. A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value.

Gains and losses (realized and unrealized) included in the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2022 to September 28, 2022 are reported in net depreciation in fair value of investments.

Investments Measure Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of September 28, 2022 and December 31, 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the plan.

September 28, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$0	n/a	Daily	Daily
Stable value collective trust fund	\$0	n/a	Daily	12 months

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust funds	\$528,493	n/a	Daily	Daily
Stable value collective trust fund	\$590,355	n/a	Daily	12 months

NOTES TO FINANCIAL STATEMENTS

NOTE D -- Party-in-interest transactions

Sikich, LLP is the third-party administrator, American Trust Company (“American Trust”), is the asset custodian and Retirement Plan Solutions is the investment advisor for the plan. These entities are designated as parties-in-interest. These party-in-interest transactions occur in the ordinary course of business and are exempt transactions.

American Trust provides certain administrative services to the plan pursuant to a Master Plan Services Agreement (MSA) between the company and American Trust. American Trust receives revenue from mutual fund service providers for services American Trust provides to the funds. This revenue is used to offset certain amounts owed to American Trust or its administrative services to the plan.

If revenue received by American Trust from such mutual fund service exceeds the amount owed, American Trust remits the excess to the plan’s trust on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. During 2022 there were no excess amounts. The plan or plan sponsor may make a payment to American Trust for administrative expenses not covered by revenue sharing.

NOTE E -- Plan termination

The employer has the right under the plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their company discretionary contributions.

Effective May 31, 2022, the company executed agreements to terminate the plan. No additional contributions were allowed into the plan after that date and all assets of the plan were distributed to participants under the termination provisions of the plan by September 28, 2022.

NOTE F -- Tax status

The Sikich LLC Non-standardized 401(k) Profit Sharing Plan, that the plan adopted effective February 1, 2022, obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The plan has been amended since the date of the opinion letter. However, the plan administrator and the plan’s tax counsel believe that the plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE G -- Concentration of market risks

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE H -- Plan amendment

Effective February 1, 2022, the plan executed an adoption agreement to restate and amend the plan. The amendments were administrative in nature, and brought the plan in compliance with laws and regulations.

Effective, May 31, 2022, The plan was amended to implement Setting Every Community Up for Retirement Act of 2019 (the SECURES Act) for a terminating plan, which change the plan to delay the commencement date for required minimum distributions.
