Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

SIGN HERE	Signature of actuary <u>LYNNETTE D VAUGHN</u> Type or print name of actuary <u>WILLIS TOWERS WATSON US LLC</u> Firm name <u>1120 SOUTH TRYON STREET</u> <u>SUITE 650</u> <u>CHARLOTTE, NC 28203</u> Address of the firm	<u>04/20/2023</u> Date <u>23-06464</u> Most recent enrollment number <u>704-620-6480</u> Telephone number (including area code)

Schedule SB (Form 5500) 2021
v. 201209

Part II Beginning of Year Carryover and Prefunding Balances

	(a) Carryover balance	(b) Prefunding balance
7 Balance at beginning of prior year after applicable adjustments (line 13 from prior year)	0	0
8 Portion elected for use to offset prior year's funding requirement (line 35 from prior year)	0	0
9 Amount remaining (line 7 minus line 8)	0	0
10 Interest on line 9 using prior year's actual return of _____ %		
11 Prior year's excess contributions to be added to prefunding balance:		
a Present value of excess contributions (line 38a from prior year)		108123
b(1) Interest on the excess, if any, of line 38a over line 38b from prior year Schedule SB, using prior year's effective interest rate of <u>5.77</u> %		6239
b(2) Interest on line 38b from prior year Schedule SB, using prior year's actual return		0
c Total available at beginning of current plan year to add to prefunding balance		114362
d Portion of (c) to be added to prefunding balance		0
12 Other reductions in balances due to elections or deemed elections	0	0
13 Balance at beginning of current year (line 9 + line 10 + line 11d – line 12)	0	0

Part III Funding Percentages

14 Funding target attainment percentage	14	104.88 %
15 Adjusted funding target attainment percentage	15	104.88 %
16 Prior year's funding percentage for purposes of determining whether carryover/prefunding balances may be used to reduce current year's funding requirement	16	105.87 %
17 If the current value of the assets of the plan is less than 70 percent of the funding target, enter such percentage	17	%

Part IV Contributions and Liquidity Shortfalls**18** Contributions made to the plan for the plan year by employer(s) and employees:

(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees	(a) Date (MM-DD-YYYY)	(b) Amount paid by employer(s)	(c) Amount paid by employees
04/07/2023	180000	0			
Totals ▶			18(b)	180000	18(c) 0

19 Discounted employer contributions – see instructions for small plan with a valuation date after the beginning of the year:

a Contributions allocated toward unpaid minimum required contributions from prior years	19a	0
b Contributions made to avoid restrictions adjusted to valuation date	19b	0
c Contributions allocated toward minimum required contribution for current year adjusted to valuation date	19c	165651

20 Quarterly contributions and liquidity shortfalls:

- a** Did the plan have a "funding shortfall" for the prior year? ☐ Yes ☒ No
- b** If line 20a is "Yes," were required quarterly installments for the current year made in a timely manner? ☐ Yes ☐ No
- c** If line 20a is "Yes," see instructions and complete the following table as applicable:

Liquidity shortfall as of end of quarter of this plan year

Part I	Service Provider Information (see instructions)
---------------	--

You must complete this Part, in accordance with the instructions, to report the information required for **each person** who received, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of monetary value) in connection with services rendered to the plan or the person's position with the plan during the plan year. If a person received **only** eligible indirect compensation for which the plan received the required disclosures, you are required to answer line 1 but are not required to include that person when completing the remainder of this Part.

1 Information on Persons Receiving Only Eligible Indirect Compensation

a Check "Yes" or "No" to indicate whether you are excluding a person from the remainder of this Part because they received only eligible indirect compensation for which the plan received the required disclosures (see instructions for definitions and conditions)..... ☐ Yes ☒ No

b If you answered line 1a "Yes," enter the name and EIN or address of each person providing the required disclosures for the service providers who received only eligible indirect compensation. Complete as many entries as needed (see instructions).

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation
(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation
(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation
(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

(b) Enter name and EIN or address of person who provided you disclosures on eligible indirect compensation

2. Information on Other Service Providers Receiving Direct or Indirect Compensation. Except for those persons for whom you answered "Yes" to line 1a above, complete as many entries as needed to list each person receiving, directly or indirectly, \$5,000 or more in total compensation (i.e., money or anything else of value) in connection with services rendered to the plan or their position with the plan during the plan year. (See instructions).

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: GRANT THORNTON LLP

(2) EIN: 36-6055558

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.).....

	Yes	No	Amount
4a		X	

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		300000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	X		
4j	X		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		X	
4k		X	
l Has the plan failed to provide any benefit when due under the plan?		X	
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		X	
4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			
4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☒ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year 462704.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees

Otis Elevator Company Puerto Rico Pension Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2022 financial statements

We have performed an audit of the financial statements of Otis Elevator Company Puerto Rico Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, the related statement of changes in net assets available for benefits for the year ended September 30, 2022, the statement of accumulated plan benefits as of September 30, 2021, the related statement of changes in accumulated plan benefits for the year ended September 30, 2021, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2022 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2022 supplemental schedules required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (held at end of year) as of September 30, 2022 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended September 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2022 supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures. These additional procedures included

comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2022 supplemental schedules, we evaluated whether the 2022 supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2022 supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2022 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2021 financial statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 11, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

September 30, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

General

The following brief description of the Plan is provided for general information purposes only. More complete information is provided by the plan document, which is available from the Plan Administrator.

The Otis Elevator Company Puerto Rico Pension Plan (the "Plan") is a noncontributory defined benefit pension plan that was established to provide retirement benefits and death benefits to eligible participants and beneficiaries. The Plan covers certain salaried and hourly employees of the Otis Elevator Company in Puerto Rico or certain of its affiliates that have adopted the Plan (referred collectively as the "Company"), including certain union employees. Employees who are residents of Puerto Rico for tax purposes, 21 years of age and who have completed one year of eligible service upon hire are eligible to participate in the Plan. The Plan is administered by the Otis Elevator Company through the Employee Benefit Plan Committee and its delegates (the "Plan Administrator") and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan is maintained subject to a collective bargaining agreement between Otis Elevator Company and the Los Gladiadores union for certain employees.

Effective April 3, 2020, the Company was spun off from United Technologies Corporation (the "Former Parent Company", or "UTC") and sponsorship of the Plan was transferred from the Former Parent Company to Otis Worldwide Corporation, the newly-formed parent company of Otis Elevator Company.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. During 2022 and 2021, the Company made contributions of \$45,000 and \$68,491, respectively. The Company's contribution for plan years 2021 and 2020 exceeded the minimum funding requirements of ERISA.

Pension Benefits

Participants become fully vested in the Plan upon completion of five years of vesting service. Upon termination of service or retirement, a participant receives his or her vested accrued benefit. Normal retirement benefits are based on credited service and salaried or hourly status. A salaried employee's annual retirement benefit equals \$360 per year of credited service. An hourly employee's annual benefit equals the sum of \$33 multiplied by credited service prior to October 1, 1977, plus \$39 multiplied by credited service from October 1, 1977 to September 30, 1989, plus \$126 multiplied by credited service accrued on or after October 1, 1989.

An employee can retire earlier than on the normal retirement date (age 65) if he or she has attained age 55 with 20 years of vesting service. The early retirement benefit will be the accrued benefit reduced by 6% for each year prior to age 65.

Employees may elect to receive their benefits on a straight-life basis, an actuarially equivalent 50%, 66%, 75% or 100% joint and spouse annuity option, an actuarially equivalent 10 year certain and continuous annuity option, or an actuarially equivalent Social Security level benefit option. Unless otherwise elected, any benefit payable under the Plan shall be paid as (i) a 50% joint and survivor annuity, if the employee is married on the date their benefit commences, or (ii) a straight-life annuity. The normal form of payment is converted to an annuity form using the better of: 1) interest rate of 7.00% and 1971 GAM Mortality with three-year setback for males and females; and 2) applicable 417(e) interest and mortality.

**Otis Elevator Company
Puerto Rico Pension Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

Death and Disability Benefits

Upon the death of an employee or former employee prior to commencement of his or her vested pension benefits who has been married to their spouse for at least one year prior to death, the surviving spouse will receive the benefit which would have been paid if the employee had terminated on the day prior to their death and had elected a 50% joint and survivor annuity option as of the spouse's date of commencement. The spouse's benefit will commence on the first day of the month following the later of (i) the month of the employee's death or (ii) the month of the earliest retirement date.

Participants who (i) become totally and permanently disabled while actively employed by the Company, with a totally disability of at least six months, (ii) are eligible to receive Social Security disability benefits and (iii) have completed at least 10 years of service before becoming disabled, are eligible to receive a monthly disability benefit equal to 1/12th of their applicable benefit until the earlier of death, retirement or the first day of the month after the participant is no longer considered disabled by the Social Security Administration.

NOTE 2 - SUMMARY OF ACCOUNTING AND REPORTING POLICIES

The significant accounting and reporting policies followed by the Plan are summarized below.

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein, and other amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. Fair value is determined by the trustee by referenced to published market prices. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses (realized and unrealized) on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan, Otis Worldwide Corporation, or the Company, as provided by in the Plan document. Expenses that are paid directly by Otis Worldwide Corporation or the Company are excluded from these financial statements. Certain expenses incurred in connection with the general

**Otis Elevator Company
Puerto Rico Pension Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for plan benefits. In addition, certain investment related expenses are included in net appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for plan benefits.

Risks and Uncertainties

The Plan invests in money market funds, mutual funds, and exchange-traded funds. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the credited service employees earned. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits payable under all circumstances - retirement, death, disability, and termination of employment - are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of September 30, 2021 were:

Discount rate	3.00%
Assumed retirement age	65
Mortality	Pri-2012 mortality table using improvement scale MP-2021

The significant actuarial assumptions used in the valuation as of September 30, 2020 were:

Discount rate	2.90%
Assumed retirement age	65
Mortality	Pri-2012 mortality table using improvement scale MP-2020

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions, and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. The computation of the actuarial present value of accumulated plan benefits was made as of October 1, 2021 and 2020. Had the valuations been performed as of September 30, there would be no material modifications.

**Otis Elevator Company
Puerto Rico Pension Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8, *Limitations on the Scope of Accountant's Examination*, of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from Bank of America N.A., the trustee of the Plan, that all information relating to the Plan's investments and related investment income is complete and accurate. Information as to the value of the investments in the fund managed by the trustee, investment income, and all information in the supplemental schedules are presented in reliance solely upon those certifications.

The following is a summary of certified information included in the Plan's financial statements:

	2022	2021
Statements of net assets available for plan benefits:		
Investments, at fair value	\$ 1,946,932	\$ 2,624,001
Accrued income	2,520	2,256
Statements of changes in net assets available for plan benefits:		
Net appreciation in fair value of investments	\$ (480,793)	\$ 498,390
Interest and dividends	42,914	37,227

Additionally, all information included in the supplemental schedule of assets (held at end of year) and supplemental schedule of reportable transactions was certified by the trustee as complete and accurate.

NOTE 5 - FAIR VALUE MEASUREMENTS

U.S. GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Otis Elevator Company
Puerto Rico Pension Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Money market funds - Valued at cost which approximates fair value.

Mutual funds and exchange traded funds - Valued at the net asset value of shares held at year-end, which is obtained from an active market.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2022:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 55,428	\$ -	\$ -	\$ 55,428
Mutual funds	359,141	-	-	359,141
Exchange-traded funds	1,532,363	-	-	1,532,363
	<u>\$ 1,946,932</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,946,932</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2021:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 31,354	\$ -	\$ -	\$ 31,354
Mutual funds	462,965	-	-	462,965
Exchange-traded funds	2,129,682	-	-	2,129,682
	<u>\$ 2,624,001</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 2,624,001</u>

There have been no changes in the methodologies used as of September 30, 2022 and 2021, and no transfers between levels for the years ended September 30, 2022 and 2021.

NOTE 6 - PLAN TERMINATION

Although Otis Worldwide Corporation has not expressed any intent to do so, Otis Worldwide Corporation has the right to terminate the Plan at any time. In the event the Plan terminates, the net assets generally will not be available on a pro rata basis to provide for participant's benefits. The maximum amount of Pension Benefit Guaranty Corporation ("PBGC") guaranteed benefits for terminations in 2022 at age 65 is \$6,204.55 per month for a straight life annuity (\$5,584.10 for a 50% joint and survivor annuity). Whether all Plan participants receive their full plan benefits, should the Plan terminate at some future time, would depend on the priority of these benefits and the sufficiency, at that time, of the Plan's net assets to provide those benefits and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC. Some benefits may be fully or partially provided for by the existing plan assets and the PBGC guarantee while other benefits may not be provided for at all.

**Otis Elevator Company
Puerto Rico Pension Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

Upon termination, Otis Worldwide Corporation shall give notice to the PBGC and shall comply with its procedures and lawful orders. As soon as it may do so, Otis Worldwide Corporation thereupon shall cause all amounts in the hands of the Trustee to be allocated and distributed in the manner and order set forth in Section 4044 of ERISA to the extent of the sufficiency of the Plan's assets.

Additional information concerning the priority order of participants' claims to the assets of the Plan upon termination can be obtained from the Summary Plan Description and Plan documents, which are available from the Plan Administrator.

NOTE 7 - TAX STATUS OF THE PLAN

The Plan is a dual qualified plan in the United States of America and Puerto Rico. The Internal Revenue Service ("IRS") issued the Plan a determination letter covering the Plan's most recent restatement dated January 1, 2016, which stated that the Plan qualifies in form under the applicable provisions of the Internal Revenue Code ("IRC") and, therefore, is exempt from federal income taxes. The Plan sponsor believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

The Puerto Rico Department of Treasury (Hacienda) issued a qualification letter effective January 13, 2023, which states that the Plan meets the requirements of Section 1081.01 of the Puerto Rico Internal Revenue Code of 2011, as amended and that the trust established thereunder will be entitled to exemption from local income taxes. The prior Plan's qualification letter was issued on January 1, 2014. Section 1022(i)(1) of ERISA provides that a pension trust is exempt from income tax under Section 501(a) of the IRC if all of the Plan's participants are residents of Puerto Rico. The Plan Sponsor believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. Certain Plan assets are managed by the trustee of the Plan. These transactions are party-in-interest transactions under ERISA. Included in accrued administrative expense for 2022 and 2021 on the statement of net assets available for plan benefits is a liability owed to the Company.

NOTE 9 - SUBSEQUENT EVENTS

The Plan evaluated its September 30, 2022, financial statements for subsequent events through June 22, 2023, the date the financial statements were available to be issued. The Plan received a qualified letter from the Hacienda as of January 13, 2023. In April 2023, the Company made a \$180,000 voluntary contribution designated to the Plan year ended September 30, 2022.

SCHEDULE SB ATTACHMENTS

Methods

Valuation date	First day of plan year (October 1)
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Decrement timing	<p>The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.</p>
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2020 plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of asset.</p>

SCHEDULE SB ATTACHMENTS

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with the Company and, based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

The plan sponsor furnished participant data as of 10/1/2021. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. For example, estimated benefit amounts were used for terminated participants where a final benefit was not provided or calculated.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

EIN / PN:	83-3789412/014
Plan Sponsor:	Otis Worldwide Corporation
Valuation Date:	October 1, 2021

SCHEDULE SB ATTACHMENTS

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust) and are based on historical experience.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination/Retirement/ Disability	The assumptions were selected by the plan sponsor based on prior reviews of participant experience data.
Form of payment	The form of payment was selected by the plan sponsor based on a prior review of actual participant elections.
Percent married	The assumed percentage married was set based on the plan sponsor's observations regarding its employee population.
Spouse age	The assumed age difference for spouses is based on general population statistics of the age difference for married individuals of retirement age.

SCHEDULE SB ATTACHMENTS

Prescribed Methods

Funding methods

The methods used for funding purposes as described in assumption, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement with an update from Scale MP-2018 to MP-2019, as required by IRC §430.

For ASC 960 purposes, the discount rate was changed from 2.90% at October 1, 2020 to 3.00% at October 1, 2021 and the mortality was changed from the Pri-2012 mortality table for males and females, and projected with generational improvements using scale MP-2020 to the Pri-2012 mortality table for males and projected with generational improvements using Scale MP-2021.

Change in methods since prior valuation

None.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Methods

Valuation date	First day of plan year (October 1)
Funding target	Present value of accrued benefits as required by regulations under IRC §430.
Target normal cost	Present value of benefits expected to accrue during the plan year plus plan-related expenses expected to be paid from plan assets during the plan year as required by regulations under IRC §430.
Decrement timing	<p>The approach used is called rounded middle of year (rounded MOY) decrement timing. Most events are assumed to occur at the middle of year during which the eligibility condition will be met or the start/end date will occur. For death and disability decrements, the rate applied is based on the participant's rounded age (nearest integer age) at the beginning of the year, to align with the methodology generally used to create those rate tables. For retirement and withdrawal decrements: the age is generally the participant's rounded age at the middle of the year.</p>
Actuarial value of assets	<p>Average of the fair market value of assets on the valuation date and 12 and 24 months preceding the valuation date, adjusted for contributions, benefits, administrative expenses and expected earnings (with such expected earnings limited as described in IRS Notice 2009-22). The average asset value must be within 10% of market value, including discounted contributions receivable (discounted using the effective interest rate for the 2020 plan year).</p> <p>The method of computing the actuarial value of assets complies with rules governing the calculation of such values under the Pension Protection Act of 2006 (PPA). These rules produce smoothed values that reflect the underlying market value of plan assets but fluctuate less than the market value. As a result, the actuarial value of assets will be lower than the market value in some years and greater in other years. However, over the long term under PPA's smoothing rules, the method has a significant bias to produce an actuarial value of assets that is below the market value of asset.</p>

Benefits not valued

All benefits described in the Plan Provisions section of this report were valued. Willis Towers Watson has reviewed the plan provisions with the Company and, based on that review, is not aware of any significant benefits required to be valued that were not.

Sources of Data and Other Information

The plan sponsor furnished participant data as of 10/1/2021. Information on assets, contributions and plan provisions was supplied by the plan sponsor. Data and other information were reviewed for reasonableness and consistency, but no audit was performed. Based on discussions with the plan sponsor, assumptions or estimates were made when data were not available, and the data was adjusted to reflect any significant events that occurred between the date the data was collected and the measurement date. For example, estimated benefit amounts were used for terminated participants where a final benefit was not provided or calculated.

We are not aware of any errors or omissions in the data that would have a significant effect on the results of our calculations.

Assumptions Rationale - Significant Economic Assumptions

Discount rate	The basis chosen was selected by the plan sponsor from among choices prescribed by law, all of which are based on observed market data over certain periods of time.
Plan-related expenses	As required by regulations, plan-related expenses are calculated by estimating the expenses to be paid from the trust during the coming year (including, for example, expected PBGC premiums and actuarial, accounting, legal, administration and trustee fees to be paid from the trust) and are based on historical experience.

Assumptions Rationale - Significant Demographic Assumptions

Healthy Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Disabled Mortality	Assumptions used for funding purposes are as prescribed by IRC §430(h).
Termination/Retirement/Disability	The assumptions were selected by the plan sponsor based on prior reviews of participant experience data.
Form of payment	The form of payment was selected by the plan sponsor based on a prior review of actual participant elections.
Percent married	The assumed percentage married was set based on the plan sponsor's observations regarding its employee population.
Spouse age	The assumed age difference for spouses is based on general population statistics of the age difference for married individuals of retirement age.

Prescribed Methods

Funding methods

The methods used for funding purposes as described in assumption, including the method of determining plan assets, are "prescribed methods set by law", as defined in the actuarial standards of practice (ASOPs). These methods are required by IRC §430, or were selected by the plan sponsor from a range of methods permitted by IRC §430.

Changes in Assumptions and Methods

Change in assumptions since prior valuation

The segment interest rates used to calculate the funding target and target normal cost were updated to the current valuation date as required by IRC §430.

The mortality table used to calculate the funding target and target normal cost was updated to include one additional year of projected mortality improvement with an update from Scale MP-2018 to MP-2019, as required by IRC §430.

For ASC 960 purposes, the discount rate was changed from 2.90% at October 1, 2020 to 3.00% at October 1, 2021 and the mortality was changed from the Pri-2012 mortality table for males and females, and projected with generational improvements using scale MP-2020 to the Pri-2012 mortality table for males and projected with generational improvements using Scale MP-2021.

Change in methods since prior valuation

None.

Schedule SB, Part V Summary of Plan Provisions

Plan Provisions

The plan was originally established effective October 1, 1972 and was amended and restated effective October 1, 2020. The most recent amendment was signed December 3, 2021.

Participation date

An employee becomes a participant in the plan on the first day of the month coincident with or next following the date of the following eligibility requirements are met:

- Completion of 1,000 hours of service during an eligibility computation period
- Attainment of age 21

Definitions

Vesting service

All years of service in which a participant completes at least 1,000 hours

Credited service

One month of credited service is earned for each month during which a participant completes an hour of service

Eligibility for Benefits

Normal retirement

Eligible at age 65 with 5 years of participation

Early retirement

Eligible at age 55 with 20 years of service

Deferred vested termination

Eligible at any age and 5 years of service

Disability

Eligible upon total and permanent disability as required by the Social Security Administration with at least 10 years of service

Preretirement death benefit

Eligible upon death of an employee or former employee prior to commencement of pension benefits who has completed at least 5 years of service and has been married to spouse at least 1 year prior to death or retirement date.

Benefits Paid Upon the Following Events

Normal retirement	<p>Non-Salaried Group: Annual retirement benefit equals the sum of \$33.00 multiplied by credited service prior to October 1, 1977, plus \$39.00 multiplied by credited service from October 1, 1977 to September 30, 1989, plus \$126.00 multiplied by credited service accrued on or after October 1, 1989.</p> <p>Salaried Group: Annual retirement benefit equals \$360 per year of service for all continuous service as a salaried participant. Prior to January 1, 2001 the annual retirement benefit was \$216 per year of service.</p>
Early retirement	<p>The early retirement benefit is the accrued normal retirement pension payable at age 65 or, alternatively, an immediate pension, reduced by 6% for each year prior to age 65 by which the pension commences. Effective October 1, 2020, the early retirement benefit will be reduced by 6% for each year prior to age 65 by which the pension commences as stated above or the actuarial equivalence reduction using the mortality using the applicable table under Code Section 417(e)(3)(B) in effect for the plan year and the applicable interest rate under Code Section 417(e)(3) for the month of August preceding the plan year, whichever produces the greater benefit.</p>
Deferred vested termination	<p>The vested terminated benefit is equal to the accrued normal retirement pension payable at 65.</p>
Disablement	<p>The disability benefit is the accrued normal retirement pension payable monthly until the earlier of death, retirement or recovery</p>
Preretirement death	<p>The surviving spouse will receive the benefit which would have been paid if the employee had terminated on the day prior to his death and had elected a 50% joint and spouse annuity option as of the spouse's date of commencement. The spouse benefit will commence of the first day of the month following the employee's death or if later, the earliest retirement date.</p>

Other Plan Provisions

Forms of payment	<p>An employee may elect to receive his benefit on a straight-life basis, an actuarially equivalent 50%, 66 2/3%, 75% or 100% joint and spouse annuity option, an actuarially equivalent 10 year certain and continuous option or actuarially equivalent Social Security level benefit option. Unless otherwise elected, any benefit payable under the Plan shall be paid: (1) on a 50% joint and spouse basis, if the employee is married on the date his benefit commences; or (2) on a straight-life basis otherwise.</p> <p>The normal form of payment is converted to an annuity form using an interest rate of 7.00% and 1971 GAM Mortality (Male) with three year setback. Effective October 1, 2020, the normal form of</p>
