INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Shorecrest Preparatory School 403(b) DC Plan
St. Petersburg, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the accompanying financial statements of Shorecrest Preparatory School 403(b) DC Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Shorecrest Preparatory School 403(b) DC Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of Shorecrest Preparatory School 403(b) DC Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

Shorecrest Preparatory School 403(b) DC Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 9 to the financial statements, the Shorecrest Preparatory School 403(b) DC Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Shorecrest Preparatory School 403(b) DC Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct audits of Shorecrest Preparatory School 403(b) DC Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Shorecrest Preparatory School 403(b) DC Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, ("supplemental schedule") is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis of Disclaimer of Opinion for the Financial Statements section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

1. DESCRIPTION OF THE PLAN

The following description of Shorecrest Preparatory School 403(b) DC Plan (the "Plan") provides only general information. Participants should refer to the plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Shorecrest Preparatory School (the "School" or "Employer") pursuant to section 403(b) and related provisions of the Internal Revenue Code (IRC) and was established effective September 1, 1990, and most recently restated effective January 1, 2021.

The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, or termination of employment. The Plan covers all eligible employees of the School who meet certain eligibility requirements. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan Sponsor has until the end of the first plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan has not been formally amended to adopt these provisions as of the date the financial statements were available to be issued.

Plan administration

The School is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The School has delegated certain responsibilities for the operation and administration of the Plan. TIAA and CREF, and as agent for TIAA, FSB, the asset custodians (collectively the "Custodians") of the Plan are responsible for the custody and management of the Plan's assets. An affiliate of the Custodians is responsible for maintaining participant accounts and transactions related to participant initiated activity.

Eligibility

Employees of the School are immediately eligible to participate in the Plan upon hire. The Plan excludes students, nonresident aliens, and employees who are not regularly scheduled to work 1,000 hours or more per Plan year. The Plan excluded substitutes from receiving any contributions from the School.

1. DESCRIPTION OF THE PLAN (continued)

Contributions

Participants may elect to contribute through payroll deduction amounts up to 100% of their annual compensation, as defined by the plan documents, on a tax-deferred basis, up to a maximum amount allowed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, up to a maximum amount allowed by the IRC. Participants must make a one-time contribution of \$500 pre-tax elective deferral contributions as a condition to being eligible to receive Employer fixed contributions, as defined in the plan documents.

The School makes Employer fixed contributions to the Plan based on the employees' eligible compensation and service graded formula as follows once eligibility is met by the participant:

<u>Years of Service</u>	<u>Percentage</u>
Less than or equal to five years	6 %
Greater than five, but less than or equal to ten years	7 %
Greater than ten years	8 %

For the year ended December 31, 2022, the School made Employer fixed contributions in the amount of \$718,321, net of forfeitures.

The School at its discretion, may elect to make discretionary Employer contributions to the Plan. For the year ended December 31, 2022, the School did not make any discretionary Employer contributions.

Participants may also contribute (rollover) amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, Employer fixed contribution and discretionary Employer contributions, if any, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants hired prior to January 1, 2011, are immediately vested in the Employer's fixed contribution and discretionary Employer contributions. Effective January 1, 2011, the School amended the policy such that vesting in the Employer's fixed contribution and discretionary Employer contributions and earnings or losses thereon is based on years of eligible service. Participants fully vest upon death, disability, or attaining age 59½.

The following vesting schedule is for employees hired on or after January 1, 2011:

<u>Years of Service</u>	<u>Percentage</u>
Less than 1	0 %
1	20 %
2	40 %
3	60 %
4	80 %
5 or more	100 %

Plan loans to participants

Plan loans, no longer offered as of September 2020, were available to participants through TIAA, subject to certain limitations. Plan loans were issued directly from the funds owned by TIAA and loan proceeds were not removed from a participant's account balance. However, a portion of a participant's TIAA Traditional Annuity account balance is reserved, or held in collateral, to cover the outstanding loan amount for the period of time the loan is outstanding. Plan loans may not exceed the present value of the participant's voluntary participant Plan contributions, as defined, and there was no limit to the number of plan loans a participant may have outstanding at any time. For active loans, investments equal to 110% of the outstanding loan amounts are reflected in the statements of net assets available for benefits and serve as a collateral for the loans.

The interest rate for plan loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as are the rate adjustment details and frequency. For loans that have collateral held in a group supplemental retirement annuity (GSRA) contract, principal repayments increase the amount of the TIAA Traditional Annuity funds available for the participant's use. For all plan loans, interest is paid directly to TIAA, and plan loans are not reflected in the statements of net assets available for benefits. Outstanding plan loan balances due to TIAA were \$4,138 and \$18,962, as of December 31, 2022 and 2021, respectively.

1. DESCRIPTION OF THE PLAN (continued)

Notes receivable from participants

Notes receivable from participants ("Participant Loans") are issued directly from the participant's account balances and are reported as notes receivable from participants in the statements of net assets available for benefits. Participant Loans are a minimum of \$1,000 and may not exceed the 50% of the participant's vested balance up to the maximum of \$50,000 and participants may only have a maximum of two loans outstanding at any time. Participant Loans bear a reasonable rate of interest and the interest rate for Participant Loans is fixed at the time of issuance. Loan terms range from one to five years for general purpose loans and extend up to ten years for principal residence loans. Participant Loans are secured by the remaining vested balance in the participant's account. Interest rates on outstanding participant loans ranged from 4.25%-6.50% as of December 31, 2022, and have maturity dates through November 2031.

Payment of benefits

Upon termination of service due to severance of employment, death, disability, or retirement, a participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution, partial payment, installment payments, or annuity contract. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions.

Administrative expenses

Administrative expenses of the Plan, including recordkeeping and audit fees, were paid directly by the School for the year ended December 31, 2022. The Plan is not obligated to reimburse the School for expenses paid on its behalf. Investment fees, which may vary according to the individual funds selected, are indirectly paid out of the assets of the Plan.

Forfeited accounts

Forfeited nonvested accounts are first used to reduce future School contributions and then are used to reduce administrative expenses. There were \$9,348 of forfeitures used to reduce School contributions for the year ended December 31, 2022. There were no forfeitures used to reduce administrative expenses for the year ended December 31, 2022. There were no forfeited nonvested accounts at December 31, 2022 and 2021, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The accompanying financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Shorecrest Preparatory School 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent liabilities. Accordingly, actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are reported at fair value except for the fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). Contract value is the amount participants receive under the terms of the contract, generally contributions plus interest less distributions and expenses (Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes therein.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

Shorecrest Preparatory School 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Employer, which is the pay date. Employer contributions are recorded in the year they are earned and to coincide with the year in which the School records the contribution in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Rollover contributions from participants are recorded based on the date the rollover contributions are received by the Custodians.

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses paid by the Plan are recorded when incurred and accruals recorded when due. Excess revenue credits, if any, are deposited into the Plan's Revenue Credit suspense account and is shown as Revenue sharing under Other income on the statement of changes in net assets available for benefits which may be used to pay direct, reasonable and necessary expenses of the Plan as defined by ERISA.

Subsequent events

The Plan has evaluated subsequent events through June 30, 2023, the date the financial statements were available to be issued.

Plan management is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received for an asset or paid to transfer a liability ("exit price") in the principal or most advantageous market, in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity-specific measurement. U.S. GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority measurements involving significant unobservable inputs (Level 3 measurements).

Shorecrest Preparatory School 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. FAIR VALUE MEASUREMENTS (continued)

The three levels of fair value hierarchy are as follows:

- Level 1: inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities; or
- Level 3: inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds and pooled separate account: registered investment companies (mutual fund investments) are valued at the net asset value of shares held by the Plan at year-end which are quoted in active markets. The investment in a pooled separate account consists of real estate properties and real estate-related investments. Investments are valued using market quotations or prices obtained from independent pricing services. The mutual funds and pooled separate account held by the Plan are deemed to have a readily-determinable fair value and are classified within level 1 of the fair value hierarchy.

TIAA Variable Annuities-CREF Accounts: CREF Accounts consist of eight investment portfolios: the Stock, Global Equities, Growth, Equity Index, Bond Market, Inflation Linked Bond, Social Choice, and Money Market accounts. The fair values of accumulation units held by the Plan in CREF Accounts are primarily valued using market quotations or prices obtained from independent pricing sources. CREF Accounts are deemed actively traded, and thus are classified within level 1 of the fair value hierarchy. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. Underlying holdings include mutual funds which are primarily valued using market quotations or prices obtained from independent pricing sources.

Shorecrest Preparatory School 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

3. FAIR VALUE MEASUREMENTS (continued)

TIAA Variable Annuities-TIAA Access Accounts: TIAA Access Accounts are variable annuity products that are funded through the TIAA Separate Account VA-3, a separate investment account of TIAA. VA-3 invests in proprietary and nonproprietary mutual funds through various sub-accounts. The fair values of subaccount units held by the Plan in TIAA Access Accounts are calculated daily by the issuer and the underlying investments are generally valued using market quotations obtained from independent pricing sources. Data for values are available daily to plan administrators and client investors on TIAA's website and provide sufficient corroborative evidence to ascertain the relationship between each fund's value and the values of individual underlying holdings. TIAA Access Accounts are classified within level 1 of the fair value hierarchy.

Fixed Annuity Contracts - TIAA Traditional Annuities: The Plan's investments in the TIAA Traditional Annuities are reported by TIAA at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs. TIAA Traditional Annuities are segregated into non-fully benefit-responsive and fully benefit responsive categories. The Plan's investments in the non-fully benefit responsive investment contracts are presented as Level 3 fair value investments in the fair value hierarchy. The fully benefit responsive contracts are not categorized within the fair value hierarchy (see Note 4) as they are measured at contract value. The Plan purchased and sold investments in non-fully benefit responsive contracts of \$152,117 and \$195,788, respectively during the year ended December 31, 2022. Transfer of fully benefit responsive contracts totaled \$105,376 during the year ended December 31, 2022.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

4. INVESTMENT CONTRACTS WITH TIAA

The TIAA Traditional Annuity is a guaranteed fixed annuity contract available as an investment option to Plan participants. The TIAA Traditional Annuity is offered through a variety of contract types, including the Retirement Annuity (RA), Group Supplemental Retirement Annuity (GSRA), Supplemental Retirement Annuity (SRA), Retirement Choice (RC) and Retirement Choice Plus (RCP). The RA and the RC are considered non-benefit responsive contracts and the GSRA, SRA and the RCP are considered fully benefit-responsive contracts. The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account and the options for receiving income upon retirement. The Plan invests in the SRA, GSRA and RCP investment contracts through the TIAA Traditional Annuity.

The Investment Contracts are fully and unconditionally guaranteed by TIAA, which meets the fully benefit responsive investment contract criteria and therefore are reported at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

When participants choose to allocate a portion of their retirement savings to the TIAA Traditional Annuity during the accumulation phase of the contract, their contributions purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time the premium is paid. The participant's principal, plus a minimum specified rate of interest, is guaranteed by TIAA's claims-paying ability. The TIAA Traditional Annuity also provides the potential for additional interest if declared by TIAA's Board of Trustees. Additional interest when declared, remains in effect for the declaration year, which begins each March 1 for accumulating annuities and January 1 for lifetime payout annuities. Additional interest is not guaranteed for future years. Together, the guaranteed minimum and additional amounts make up the crediting interest rate. The crediting interest rates of both the SRA and GSRA contracts were 3.00% as of December 31, 2022 and 2021. See Note 3 for crediting interest rates for the contracts that are non-benefit responsive.

When a participant's accumulation in the Investment Contracts is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statement of changes in net assets available for benefits.

The TIAA Stable Value Fund is a fully-benefit responsive investment contract. Contributions are deposited into a non-unitized separate account. The contract provides a guaranteed minimum rate of interest of between 1% and 3%. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is included in the financial statements at contract value as reported to the Plan by TIAA. Participants may ordinarily direct the withdrawal or transfer of all, or a portion, of their investment at contract value.

Notes to Financial Statements
December 31, 2022 and 2021

4. INVESTMENT CONTRACTS WITH TIAA (continued)

Certain events might limit the ability of the Plan to transact at contract value with TIAA. These events may be different under each contract. Examples of such events include the following: (1) the Plan's failure to qualify under Section 401(a) of the IRC or the failure to qualify for exemption from federal income taxes under section 501(a) of the IRC; (2) premature termination of the contracts; (3) failure to meet any required or prohibited transaction exemption under ERISA; (4) amendments to the plan documents (including complete or partial Plan termination or merger with another plan); or (5) bankruptcy of the Plan sponsor or other Plan sponsor events that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with TIAA or would limit the ability of the Plan to transact at contract value with participants.

Total fully benefit-responsive insurance company investment contracts as of December 31, 2022 and 2021 measured at contract value are as follows:

	<u>2022</u>	<u>2021</u>
TIAA Traditional Benefit-Responsive Fund	\$ 4,989	\$ 455
TIAA Stable Value Fund	<u>374,276</u>	<u>285,976</u>
	<u>\$ 379,265</u>	<u>\$ 286,431</u>

5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIANS (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodians, determined to be qualified institutions by the Plan administrator, as complete and accurate, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule. The Custodians have certified that the following data included in the financial statements is complete and accurate:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net depreciation in fair value of investments, dividends and interest and, other income, reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022; and,
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year) as of December 31, 2022.

Shorecrest Preparatory School 403(b) DC Plan
Notes to Financial Statements
December 31, 2022 and 2021

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines party-in-interest similar to a related party under accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management did not identify any related parties to the Plan that were not also considered to be party-in-interest.

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, and a person who owns 50% or more of such an employer or employee association or relatives of such persons.

The Custodians retain, as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

Certain Plan investments are owned and managed by the Custodians; therefore, these transactions qualify as party-in-interest transactions.

TIAA provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (MSA) between the School and TIAA. TIAA receives revenue from mutual fund service providers for services TIAA provides to the funds. This revenue is used to offset certain amounts owed to TIAA for its administrative services to the Plan.

If the revenue received by TIAA from such mutual fund service providers exceeds the amount owed under the MSA, TIAA remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their School contributions.

8. TAX STATUS

The Plan has adopted TIAA's ERISA 403(b) Volume Submitter Basic Plan Document #20. The Internal Revenue Service informed TIAA by a letter dated August 7, 2017, that its volume submitter plan was designed in accordance with applicable sections of the IRC and is appropriate for use by employers for the benefit of their employees. The plan administrator believes that the Plan is currently designed and has been operating in compliance with the applicable requirements of the IRC and believes the Plan is qualified. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. PLAN RECORDS MANAGEMENT

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting records and supporting documents related to the Plan's 403(b) contracts and custodial accounts issued to current and former employees prior to January 1, 2009 were not available from TIAA. Consequently, the financial statements have been prepared based on available records analyzed by Plan management.

As certain records were not available from the inception of the Plan, the effect, if any, on the completeness or accuracy of the Plan's financial statements cannot be determined. U.S. GAAP require that these accounts and the related income and distributions be included in the accompanying financial statements.
