Independent Auditor's Report

To the Administrative Committee of
the MAP Profit Sharing Plan (401k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of MAP Profit Sharing Plan (401k), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2021, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2021 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2021 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section:

- The amounts and disclosures in the accompanying 2021 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2021 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2021 Financial Statements section of our report. We are required to be independent of MAP Profit Sharing Plan (401k) and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2021 Financial Statements as Permitted by 29 CFR

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MAP Profit Sharing Plan (401k)'s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2021 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2021 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MAP Profit Sharing Plan (401k)'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MAP Profit Sharing Plan (401k)'s ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2021 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2021 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) for the year ended December 31, 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2020 Financial Statements

We were engaged to audit the 2020 financial statements of MAP Profit Sharing Plan (401k). As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated February 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2020 financial statements, and (b) the form and content of the information included in the 2020 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

MAP Profit Sharing Plan (401k)

Notes to Financial Statements

December 31, 2021

Note A – Description of Plan

The following description of the MAP Profit Sharing Plan (401k) ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan established on January 1, 1998, is a prototype profit-sharing plan with a 401(k) defined contribution feature. The 401(k) portion of the plan covers substantially all employees with at least one month of service. The profit-sharing portion of the plan covers all employees of the company who are age 21 or older and have completed one of year of service. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions. Each year, participants may contribute up to the maximum percentage allowable, not to exceed the limits of Code Sections 401(k). For 2021, the maximum deferral amount is \$19,500. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan allows for participants to contribute on an after-tax basis in accordance with the Roth contribution provisions in the Plan. Each year, the Company provides for a matching contribution on a discretionary basis to eligible participants. For the years ended December 31, 2021 and 2020, the Company made matching contributions which totaled \$240,089 and \$289,187, respectively. A profit-sharing contribution is also allowed in accordance with the Plan for eligible participants on a discretionary basis which is allocated to each participant's account according to the allocation provisions in the Plan. For the years ended December 31, 2021 and 2020, the Company did not make any profit-sharing contributions. Contributions are subject to certain limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) plan earnings (losses), and (c) forfeitures of profit-sharing contributions, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting. Participants are immediately vested in their contributions plus actual earnings thereon. Participants have a vested percentage in their employer contribution accounts based on years of continuous service. A participant is 100 percent vested after six years of credited service.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance at the origination of the loan, whichever is less. Loan maturities must not be greater than five years but can be extended for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 5.75%, which are commensurate with local prevailing rates as determined by the plan administrator and trustee. Principal and interest are paid ratably through payroll deductions.

MAP Profit Sharing Plan (401k)

Notes to Financial Statements

December 31, 2021

Note A – Description of Plan (continued)

Payment of Benefits. Benefits are distributable upon reaching normal retirement age of 65. Upon death or disability of a participant before retirement age or other termination of employment, all amounts vested in the participant's account, as defined by the plan, shall become distributable. Benefits are payable in the form of a lump-sum payment.

Forfeited Accounts. Upon termination of employment, participants forfeit their nonvested account balances. At December 31, 2021 and 2020, the forfeiture account balances totaled \$11,288 and \$16,317, respectively. During the year, forfeitures from nonvested accounts totaled \$10,632. Forfeitures in the amount of \$13,519 were used towards employer contributions and \$3,240 were used to pay plan expenses.

Note B – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates. In preparing financial statements in accordance with accounting principles generally accepted in the United States of America, management and the plan administrator are required to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities, if any. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits. Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the plan are paid by the plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements.

Note B – Summary of Significant Accounting Policies (continued)

Coronavirus Aid, Relief and Economic Security Act Plan Amendment

In March 2020, certain provisions under the Coronavirus Aid, Relief and Economic Security (CARES) Act relating to participant distributions and participants loans were enacted. The CARES Act allows utilization of these provisions immediately but requires formal adoption of the amendment no later than December 31, 2025. As of January 1, 2021, the plan was formally amended to adopt these provisions.

Note C – Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the trustee of the Plan).

Note D – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note D – Fair Value Measurements (continued)

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Pooled separate accounts, insurance company general accounts and mutual funds: Valued at quoted market prices in active markets. (Level 1 inputs).

Common/Collective trust: This investment is valued using NAV. NAV is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. This asset is classified as Level 2 within the fair value hierarchy. (Level 2)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2021 and 2020.

<u>Assets at Fair Value as of December 31, 2021</u>

Note E - Related Party Transactions

Certain plan investments are managed by Principal Trust Company and Morgan Stanley Smith Barney LLC. Principal and Morgan Stanley are trustees as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the plan for the investment management services amounted to \$70,923 for the year ended December 31, 2021.

Note F – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions portion of their account.

Note G – Reconciliation of Financial Statements to Form 5500

Under DOL regulations, any difference between the amounts reported per the financial statements and the Form 5500 must be disclosed and reconciled. For the year ended December 31, 2021, the amounts reported on the statement of net assets available for benefits and the changes in the statement of net assets available for benefits per the financial statements agreed to the amounts reflected on the Form 5500. As a result, no reconciliation is reflected.

Note H – Tax Status

The Company adopted a nonstandard prototype document with an IRS determination letter which states that the prototype plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC) Section 401(a). The Plan has been amended since receiving the determination letter; however, the Plan administrator does believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Note J – ERISA Bond Requirement

The Employee Retirement Income Security Act of 1974 (ERISA) requires that every person who handles funds or other property of the Plan be bonded. The bond coverage is to be determined by the balance of the total plan assets and is required to be at least equal to the lesser of 10% of the plan's assets at the beginning of the plan year or \$500,000. At December 31, 2021, the plan sponsor maintained bond coverage in the amount of \$2,000,000.

Note K – Subsequent Events

Subsequent events were evaluated through June 6, 2023, which is the date the financial statements were available to be issued.
