REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Measurement Solutions Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2022 financial statements

We have performed an audit of the financial statements of the Measurement Solutions Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the 2022 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2022 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2022 supplemental schedule required by ERISA

The supplemental schedule of assets held (at end of year) as of September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2022 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2022 supplemental schedule that agreed to

or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2022 supplemental schedule, we evaluated whether the 2022 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2022 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2021 financial statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 29, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
Measurement Solutions Profit Sharing Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit for the 2022 financial statements

We have performed an audit of the financial statements of the Measurement Solutions Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note H to the financial statements, is complete and accurate.

Opinion on the 2022 financial statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion on the 2022 financial statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the 2022 financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the 2022 financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2022 supplemental schedule required by ERISA

The supplemental schedule of assets held (at end of year) as of September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the 2022 supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the 2022 supplemental schedule that agreed to

or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the 2022 supplemental schedule, we evaluated whether the 2022 supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the 2022 supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2021 financial statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 29, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

September 30, 2022 and 2021

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Measurement Solutions Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the summary Plan description or Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan for which Rosemount, Inc (the Employer or the Company) is a subsidiary of Emerson Electric Company and is the current sponsor of the Plan. The Plan is intended to qualify as a profit-sharing plan and is subject to the provisions of Title I of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Management Review Committee of Emerson (MRC) is the Plan fiduciary and the committee charged with governance. Vanguard Trust Company (the Trustee) is the directed trustee of the Plan and Vanguard Group, Inc. serves as the record keeper to maintain the individual accounts of each Plan's participants.

Participation

Upon hire, employees are eligible to participate in the Plan. To become an active participant, an employee must enter into an earnings reduction agreement with the Employer whereby the employee's base salary or wage is reduced by the required minimum 2% contribution. If any employee does not enroll when first eligible to do so, the employee may enroll as of any subsequent date provided the participant completes the earnings reduction agreement. New employees are automatically enrolled at a contribution rate of 3% after a 30-day opt out period in which participants may decline to participate.

Eligible participants may receive Employer contributions equal to a percentage of each participant's recognized compensation after the completion of 6 months of service provided the employee completed 1,000 hours or more of service during a Plan year, meets the 2% minimum contribution requirement and are active employees on the last working day of the Plan year.

Contributions

The Plan document provides for the following contributions, which are all invested directly into the funds elected by the participant:

Employee contribution - Each pay period, the Employer is required to deduct and remit to the Plan an amount equal from 2% to 40% of each active participant's base salary or wages as designated by the employee (elective contribution). Base salary contributions of less than 2% or greater than 40% are not permitted.

Employer annual contribution - The Employer shall contribute to the Plan an amount determined by the combination of a worldwide sales growth and earnings before interest and tax margin matrix and a gross margin matrix, reduced by the amount contributed by the Employer to the Rosemount Inc., Employer Safe Harbor Contribution (the Safe Harbor Contribution) for such Plan year. This profit-sharing contribution shall be made annually by the Employer.

**Measurement Solutions
Profit Sharing Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

The Employer is required to contribute an Employer Safe Harbor Contribution annually to the Plan in an amount equal to 3% of the participant's recognized compensation. The Employer Safe Harbor Contribution is initially allocated to the Emerson common stock fund; however, the participant may thereafter direct the investment of all or a portion of his or her Employer Safe Harbor Contribution in other investment electives.

The Employer may contribute to the Plan a discretionary per capita contribution payable to accounts of eligible Participants who meet the requirements as established by the Employer. During 2022, the Employer did not make a discretionary contribution.

Employee rollover contribution - Active participants who have received a distribution in a lump sum from certain other types of retirement plans may deposit such distribution with the Plan, subject to certain conditions and limitations specified in the Plan.

Participant Accounts

Participants may direct the investment of their account balances into various investment options offered by the Plan. Each participant's account is credited with his or her own contributions, Employer contributions and earnings thereon. Earnings are allocated pro rata based on the value of the participant's account in an investment fund related to the total assets in the fund as of the earnings determination date. The benefit to which a participant is entitled is the benefit that can be provided from the participants vested account.

Notes Receivable from Participants

The Plan allows participants to request loans from their participant accounts. Loans are considered assets of the Plan and are limited to the lesser of (i) 50% of the vested portion of the participant's account, excluding the after-tax account, or (ii) \$50,000 minus the highest outstanding balance of loans from the Plan (and all other plans of the Employer and all Affiliates) to such Participant during the one year period ending on the day before the new loan is made, or (iii) \$25,000. The minimum loan amount is \$500. The loans are secured by the balance in the participant's account. Loan repayments are made by the participants through monthly payroll deductions, not to exceed 60 months, and include principal payments plus interest at the prime interest rate plus 1%. A participant may transfer more than one loan from a plan maintained by an affiliate to this Plan; however, no new loan shall be allowed until all loans transferred into the plan have been satisfied.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon and the 3% Employer Safe Harbor Contribution. Vesting in the Employer's annual profit-sharing contribution and discretionary Employer per capita contribution is based on years of service. All Plan years of service in which the participant has 1,000 hours or more of service count toward vesting.

Vesting occurs as follows for hours of service on or after October 1, 2001:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 1	0%
1 to 2	20
2 to 3	40
3 to 4	60
4 to 5	80
5 or more	100

**Measurement Solutions
Profit Sharing Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

A participant will be 100% vested upon death, total disability or attainment of age 55.

Payment of Benefits

A participant whose termination of employment occurs for any reason shall be entitled to benefits equal to 100% of the employee's elective contribution, voluntary contribution, 3% guaranteed contribution and rollover contribution account, plus the vested percentage of the Employer's annual contribution account. Distribution of a participant's benefits can be made to the participant or beneficiaries in a lump sum or installments.

Under certain circumstances, accelerated distributions may be made to participants from their voluntary accounts or from the Employer's annual contribution account.

Effective February 1, 2020, partial distributions to retired or terminated participants (up to one per month) are permitted with a minimum amount of \$100.

Forfeitures

If a participant has a break in service and is not again a participant in the Plan before the end of the Plan year in which the break occurs, the non-vested portion of the participant's account arising from annual Employer contributions is used first to restore any forfeited accounts as required by the Plan, to correct errors, omissions and exclusions. Any remaining portion is reallocated to the accounts of other participants as if it were an additional Employer annual profit-sharing contribution. During 2022, \$451,217 was allocated to Plan participants. As of September 30, 2022 and 2021, forfeitures totaled \$451,861 and \$476,875, respectively. Forfeited balances at September 30, 2022 were reallocated to the accounts of participants as 2022 employer contributions subsequent to year-end.

Administration and Expenses

The Plan is administered by the MRC, which is appointed by authority of the Company's board of directors. The MRC, with the approval of the board of directors, has appointed a trustee to manage and maintain the Plan's assets in accordance with a trust agreement. The reasonable expenses of administering the Plan shall be payable out of the Plan except to the extent that the Employer, in its discretion, directly pays the expenses.

Investment Options

On a daily basis, subject to six reallocations per quarter, participants may elect to reallocate how their current account balances are split among the investment funds. Participants may also elect how their future payroll contributions and Employer contributions are invested among the investment funds. The change in reallocation and investment elections can be done in 1% increments and will be effective as of the next business day.

The Plan, through its participation in the Master Trust, currently offers the Emerson common stock fund, which invests in Emerson's common stock and various mutual funds and commingled funds.

Elective contributions cannot be invested in Emerson Stock; however, the Employer annual profit sharing contribution can. The Company has a 10% limit on profit sharing contributions going into Emerson stock. Also, the 3% safe harbor is contributed to Emerson stock and can be moved out the next day if the participants wish to.

**Measurement Solutions
Profit Sharing Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

All funds may invest in cash equivalents as temporary investments and to maintain liquidity. Participants may change their investment options at any time. Participants may transfer (subject to certain restrictions on transfers into or out of the Emerson common stock fund by the Company's executive officers), in 1% increments, all or part of an existing account balance in a fund among the other investment funds to the extent permitted by the underlying investment contracts. Transfers may be made up to six times per quarter.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the use of estimates and assumptions that affect the reported amounts in the financial statements. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments, through its participation in the Master Trust, are stated at fair value. See Notes C and D regarding investments in the Master Trust.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Risks and Uncertainties

The Master Trust may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2022 or 2021.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

NOTE C - MASTER TRUST

All of the Plan's investments are held in a Master Trust, consisting of the Plan and other defined contribution plans of Emerson Electric Co. and subsidiaries. All Plan income or loss is derived from Master Trust investment appreciation or depreciation and investment income (interest and dividends). Net appreciation/depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Each participating plan's interest in the assets of the Master Trust is based on participant-directed account balances. Additionally, loans to Plan participants are included in the Master Trust. Master Trust investment income and expenses are allocated to participating plans based on respective balances.

The Plan's investments in the Master Trust are stated at fair value. The fair values of mutual funds and Emerson common stock are based on quoted market prices in active markets. Money market funds are stated at cost, which approximates fair value. Investments measured using the net asset value (NAV) as a practical expedient are primarily collective funds and trusts where the underlying securities have observable prices available from active markets. There are no redemption restrictions or unfunded commitments related to these investments. The cost basis of investments held under the Plan is determined using the average cost method of accounting.

The following table presents the fair values of all investments in the Master Trust and the Plan's interest in the Master Trust balances at September 30:

	2022		2021	
	Master Trust Balances	Plan's Interest in Master Trust Balances	Master Trust Balances	Plan's Interest in Master Trust Balances

NOTE D - FAIR VALUE MEASUREMENTS

Under Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, a formal hierarchy and framework exists for measuring fair value and making disclosures about fair value measurements and the reliability of valuation inputs. Within the hierarchy, Level 1 instruments use observable market prices for the identical item in active markets and have the most reliable valuations. Level 2 instruments, of which there are none, are valued through broker/dealer quotation or through market-observable inputs for similar items in active markets, including forward and spot prices, interest rates and volatilities. Level 3 instruments, of which there are none, are valued using inputs not observable in an active market, such as entity-developed future cash flow estimates, and are considered the least reliable.

Following is a categorization of all Master Trust investments (see Note C) by level within the ASC 820 fair value hierarchy. Investments valued based on the NAV practical expedient are excluded from the fair value hierarchy. There were no asset transfers between levels during either year shown.

NOTE E - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated April 7, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

**Measurement Solutions
Profit Sharing Plan**

NOTES TO FINANCIAL STATEMENTS - CONTINUED

September 30, 2022 and 2021

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - TRANSFERS TO OR FROM OTHER PLANS

The Company sponsors other qualified plans. If employees change their positions or locations within the Company's organization, their account balances may be transferred into the corresponding plan upon participant request. Transfers in and out are shown on the statement of changes in net assets available for benefits.

NOTE G - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to amend and terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants will become fully vested.

NOTE H - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Plan Interest in Emerson Electric Co. Master Trust and notes receivable from participants, as shown in the statements of net assets available for benefits as of September 30, 2022 and 2021.
- Plan interest in Emerson Electric Co. Master Trust net investment loss and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended September 30, 2022.
- Master Trust investment information as of September 30, 2022 and 2021, and Master Trust investment loss for the year ended September 30, 2022, as disclosed in Note C.
- Schedule H, line 4i - schedule of assets (held at end of year) as of September 30, 2022.

NOTE I - RELATED-PARTY TRANSACTIONS AND PARTIES-IN-INTEREST

Certain investments in the Master Trust are shares of mutual funds and collective trust funds that are managed by the Trustee of the Plan. Notes receivable from participants also qualify as party-in-interest transactions.

Additionally, Plan investment options include shares of Emerson common stock. Emerson is the parent company of the Plan sponsor. These transactions qualify as party-in-interest transactions and are allowable under ERISA regulations.

NOTE J - SUBSEQUENT EVENTS

Plan management evaluated events subsequent to September 30, 2022 and through June 29, 2023, the date on which the financial statements were available to be issued. Plan management is not aware of any subsequent events that would require recognition or disclosure in the accompanying financial statements.
