Retirement Committee
Western Anesthesiology Associates, Inc.
Profit Sharing Retirement Plan
St. Louis, Missouri

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2022 Financial Statements

We have performed an audit of the financial statements of Western Anesthesiology Associates, Inc. Profit Sharing Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion On The 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion On The 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The 2022 Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit For The 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required By ERISA

The supplemental schedule of assets held at end of year as of September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report On The 2021 Financial Statements

We were engaged to audit the statement of net assets available for benefits of the Plan as of September 30, 2021, and the related statement of changes in net assets available for benefits for the year then ended. As permitted by 29 CFR 2520.103-8 of the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information certified by a qualified institution. In our report, dated July 6, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department Of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

WESTERN ANESTHESIOLOGY ASSOCIATES, INC. PROFIT SHARING RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

September 30, 2022 And 2021

1. Description Of The Plan

The following description of the Western Anesthesiology Associates, Inc. Profit Sharing Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Western Anesthesiology Associates, Inc. (the Company). The Retirement Committee oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Charles Schwab Trust Bank (the Trustee) is the Plan's Trustee and Schwab Retirement Plan Services, Inc. is the Plan's recordkeeper.

Eligibility

The Plan covers substantially all employees of the Company. Participants are eligible to make contributions and receive the Company matching contribution upon attaining age 21 and completion of 500 hours of service. Participants are eligible for the discretionary Company contribution upon attaining age 21 and completion of one year of service (1,000 hours).

Entry dates are on the first day of the 1st, 4th, 7th and 10th month of the Plan year. The Plan also provides for an automatic enrollment provision, where employees will be automatically enrolled in the Plan at a default rate of 4% of compensation. Employees have the option to elect a different contribution percentage or opt out of participation.

Contributions

Participants may elect to defer 100% of eligible compensation, not to exceed amounts established by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows Roth after-tax employee contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Notes To Financial Statements (*Continued*)

The Company is required to provide a match contribution equal to 50% of participant contributions, not to exceed 4% of eligible compensation. In addition, the Company may elect to make a discretionary contribution at the discretion of the Board of Directors. The Plan made a discretionary contribution for 2022 and 2021.

Investments Options

The Plan currently offers various exchange traded funds, interest-bearing cash account, and self-directed brokerage accounts. Participants may direct their contributions, rollover and Company contributions to selected investments as made available by the Plan Trustee. Participants may change their investment direction at any time.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's discretionary contribution and Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Employee deferral contributions, rollover contributions, Company matching contributions and related earnings are immediately vested. The Company discretionary contributions and related earnings vest at 40% after one year of service, 80% upon year two of service and are fully vested after three years of service.

Forfeitures

Forfeitures of nonvested Company discretionary contributions may be used to pay Plan expenses or offset Company contributions at the discretion of the Plan Administrator. During the years ended September 30, 2022 and 2021, forfeitures were used to reduce Company contributions in the amount of \$2,515 and \$4,532, respectively. At September 30, 2022 and 2021, there were forfeitures available of \$2,515 and \$4,532, respectively.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to lesser of \$50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at any given time. Loans are for a period not exceeding five years, unless used to acquire a primary residence, in which case the term is not to exceed 15 years. Interest on loans is fixed and charged at the prime rate plus 1% at the date of issuance. Loans are secured by participants' vested account balances and principal and interest are repaid through payroll withholdings.

Pursuant to the Coronavirus Aid, Relief, and Economic Security (CARES) Act enacted in March 2020, Plan participants could request a delay of note repayments for repayments that occurred between March 27, 2020 and December 31, 2020. If a delay was granted, the participant's note was reamortized and included any interest accrued during the period of delay. The ability to request a delay in note repayments under the CARES Act ceased as of December 31, 2020.

Payment Of Benefits

Amounts in a participant's account and earnings thereon are distributed upon retirement, death, disability, or other termination of employment. A participant shall receive a lump sum distribution equal to the vested portion of the participant's account. The participant can choose to have all or a portion of his or her vested account balance paid either: (1) into a direct rollover, or (2) directly to the participant.

In-Service Withdrawals

Active participants who reach normal retirement age (59 ½) or experience a qualifying financial hardship may withdraw all or part of their vested accounts. Hardship withdrawals will be approved only if they conform to Plan provisions and established Internal Revenue Code (IRC) safe harbors.

The Plan also permitted participants to request up to \$100,000 in coronavirus related distributions, with repayment terms of up to three years, in accordance with the CARES Act. The ability to request coronavirus-related distributions under the CARES Act ceased as of December 31, 2020.

Administrative Expenses

The Plan pays expenses for loan administration fees and managed service fees. Other expenses of the Plan, including professional fees and trust fees, are paid by the Company.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

The Plan's investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes the Plan's realized gains and losses on investments bought and sold during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2022 or 2021.

Payment Of Benefits

Benefits to participants are recorded when paid.

Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.

3. Certified Financial Information

The following is a summary of the Plan's asset information as of September 30, 2022 and 2021, and for the years then ended, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information certified by the Trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator related to the following information is complete and accurate.

Accordingly, as permitted by CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of September 30:

	<u>2022</u>	<u>2021</u>
Exchange traded funds	\$ 68,161,862	\$ 79,401,847
Interest-bearing cash	1,944,785	2,283,566
Self directed brokerage accounts	19,215,311	23,518,292
Notes receivable from participants	294,222	286,941

The Trustee also certified to the completeness and accuracy related the following investment income and interest income on notes receivable from participants for the years ended September 30:

	<u>2022</u>	<u>2021</u>
Interest and dividend income	\$ 2,612,840	\$ 1,829,438
Net change in fair value of investments	(21,536,770)	16,490,089
Interest income on notes receivable from participants	13,367	18,461

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes To Financial Statements (*Continued*)

Following is a description of the valuation methodologies used for assets measured at fair value:

Exchange Traded Funds

Valued at the daily closing price reported on the active market on which the individual securities are traded.

Interest-Bearing Cash

Valued at fair value based on cash deposits plus interest, less withdrawals from the account.

Self-Directed Brokerage Accounts

Self-directed brokerage accounts are comprised of cash equivalents; money market funds; governmental, agency, and corporate bonds; common stocks; mutual funds; and exchange traded funds. The mutual funds, exchange traded funds, and money market funds held by the plan are open-end investment funds that are registered with the Securities and Exchange Commission. These investment funds are required to publish their daily net asset value and transact at that price. The investment funds held by the Plan are deemed to be actively traded. Bonds are valued based on quoted prices for similar assets in active markets. Common stocks are valued at the daily closing price reported on the active market on which the individual securities are traded.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

	September 30, 2022			
	Level 1	Level 2	Level 3	Total
Exchange traded funds	\$ 68,161,862	\$ —	\$ —	\$ 68,161,862

	\$ 104,504,274	\$ 699,431	\$ —	\$ 105,203,705

There have been no changes in the valuation methodologies used at September 30, 2022 or 2021.

5. Plan Termination

Although it has not expressed any interest to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Party In Interest Transactions

Plan investments include shares of exchange traded funds, as well as an interest-bearing account, managed by the Trustee. The Plan also pays fees to the Recordkeeper for various administrative services under a service agreement.

Certain employees have outstanding loans with the Plan as of September 30, 2022 and 2021.

These transactions are allowable party in interest transactions under ERISA.

7. Risks And Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Income Taxes

The Plan was amended and restated effective October 1, 2021 through the adoption of a prototype plan document sponsored by Schwab Retirement Plan Services, Inc. Schwab Retirement Plan Services, Inc. obtained an opinion letter dated September 21, 2020 in which the IRS stated that the prototype plan document was in compliance with the applicable requirements of the IRC. The Plan itself has not received a determination letter. The Plan has been amended since the date of the opinion letter. However, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan Administrator believes that the Plan and the related trust are tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
