INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the Berrodin Co. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Berrodin Co. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Berrodin Co. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Berrodin Co. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect Plan management's responsibility for the financial statements.

In preparing the financial statements, Plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Berrodin Co. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Plan management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Berrodin Co. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Berrodin Co. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that Plan management determined meets the requirements of ERISA Section 103(a)(3)(C).

Berrodin Co. 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2022 and 2021

1. Description of Plan

The following description of the Berrodin Co. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan, established as of October 1, 2008, is sponsored by Berrodin Co. (the “Company”). The Plan is a defined contribution plan covering certain employees of the Company who are at least twenty-one years old and have completed one year of service. Union, non-resident aliens, independent contractors, and leased employees who complete less than 1,000 hours in a twelve-month period are ineligible to participate in the Plan. For purposes of salary deferrals and safe harbor matching contributions, eligible participants may enter the Plan January 1st or July 1st. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may make before-tax contributions, as defined by the Plan. Pre-tax contributions are limited to the maximum amount allowable under the Internal Revenue Code (“IRC”). In addition, participants who have attained age 50 before the close of the Plan year are eligible to make “catch-up” contributions, up to the amount allowable under the IRC. The Company makes safe harbor matching contributions. For the years ended December 31, 2022 and 2021, the Company made a safe harbor matching contribution equal to 100% (dollar-for-dollar) on the first 3% of eligible participant salary deferrals and an additional 50% on the next 2% of eligible participant salary deferrals.

The Company may also make discretionary matching contributions as defined in the Plan document. No discretionary matching contributions were made for the years ended December 31, 2022 and 2021.

The Company, at its sole discretion, may also make profit sharing contributions. Participants must be employed at the end of the Plan year to share in the allocation of profit sharing contributions. Generally, participants not employed at the end of the Plan year may also share in the allocation of profit sharing contributions if, during the Plan year, the participant retired, became permanently and totally disabled, or died. No profit sharing contributions were declared for the years ended December 31, 2022 and 2021.

Contributions are subject to certain limitations prescribed by the IRC. Participants, with the consent of the Plan administrator, may also make rollover contributions to the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, safe harbor matching contributions, discretionary matching contributions, if any, and allocations of profit sharing contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or specific participant transactions (such as loan administration fees), as defined in the Plan. The benefit to which a participant is entitled is the benefit that is provided from the participant’s vested account.

Vesting

Participants are immediately vested in their salary deferrals, rollover contributions and safe harbor matching contributions plus actual earnings thereon. Participants shall be vested in discretionary matching and profit sharing contributions based on their years of service in accordance with the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	100%

Berrodin Co. 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2022 and 2021

A year of service for vesting purposes is 1,000 hours of service. A participant is also 100% vested in their discretionary matching or profit sharing contribution if, during the Plan year, the participant retired, became permanently and totally disabled, or died.

Forfeited Accounts

The forfeited, nonvested portion of the employer discretionary matching or profit sharing contributions may be allocated to participants or used to reinstate any previously forfeited balances of participants. Forfeitures may also be used to pay administrative expenses of the Plan. The remaining forfeitures shall then be used to reduce future Company contributions. There were \$332 and \$326 of forfeited nonvested accounts as of December 31, 2022 and 2021, respectively. During the years ended December 31, 2022 and 2021, \$0 and \$111 were used to pay administrative expenses, respectively.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account as a lump sum distribution, partial withdrawals, or installments, but only with respect to minimum required distributions, as defined in the Plan document. In circumstances when a terminated participant has a vested account balance less than \$5,000, the participant's vested account balance shall be distributed in a lump sum. In the event of a mandatory distribution greater than \$1, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly, then the Plan administrator will pay the distribution in a direct rollover to an individual retirement account designated by the Plan administrator. In-service and hardship distributions are also permitted from participant accounts, based on the terms of the Plan document.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, whichever is less. Except for loans to acquire a principal residence, the term of the loan cannot exceed five years. Payments of principal and interest are required on at least a quarterly basis and are generally made through payroll deductions. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate plus 2% on the date of the loan. Participants may have up to two loans outstanding.

Life Insurance Contracts

Participants had the right to request that a portion of their account be used to pay the premium of a life insurance contract on his/her life. The premiums on these contracts are charged to the respective participant's account and the value of the life insurance contracts is excluded from the Plan's assets. While no new life insurance policies may be purchased by participants, existing life insurance policies previously purchased may continue in the Plan with the respective participant's account being reduced by the amount of any premiums. During the year ended December 31, 2022, \$78,188 was deposited into the Plan from the life insurance policies related to certain plan participants electing to obtain the cash surrender value of their respective life insurance policy.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Berrodin Co. 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustee of the Plan determines the Plan's valuation policies utilizing information provided by custodians and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants (participant loans for Form 5500 reporting purposes) are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment Fees

Certain investment returns reflect certain fees paid by the funds to their affiliated investment advisors, transfer agents, and others as further described in each fund prospectus or other published source. These fees are deducted prior to allocation of the Plans' investment earnings activity and thus not separately identifiable as an expense.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

All reasonable administrative expenses, including trustee and third-party administration fees necessary to operate and administer the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses of maintaining the Plan that are paid directly by the Company are excluded from these financial statements. A participant's account may be charged for expenses associated with a specific optional feature elected by that participant including loan, distribution and other administrative fees, and are included in administrative expenses. Certain investment related expenses are included in the net appreciation (depreciation) in fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities in general are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Information Certified by a Qualified Institution

The Plan administrator having determined that it is permissible in the circumstances elected to have the audits of the Plan performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information included in the accompanying financial statements and ERISA-required supplemental schedule of assets (held at end of year) was obtained or derived from information obtained by the Plan administrator and certified as complete and accurate by Newport Trust Company, a qualified institution and trustee of the Plan, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.

Berrodin Co. 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2022 and 2021

- Investment activity, including net (depreciation) appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- The information for all mutual funds (registered investment companies), collective investment trust, and participant loans listed in the schedule of assets (held at end of year) as of December 31, 2022, as shown in the ERISA-required supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 or 2021.

<i>Mutual funds:</i>	Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
<i>Collective investment trust:</i>	Valued at the net asset value or equivalent based on units of the collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is generally based on the fair value of the underlying investments held by the collective investment trust less its liabilities. This practical expedient is not used when it is determined to be probable that the collective investment trust will sell the investment for an amount different than the reported NAV.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Berrodin Co. 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 13,606,477	\$ 13,606,477	\$ -	\$ -
Collective investment trust (*)	2,851,344	-	-	-
Total	<u>\$ 16,457,821</u>	<u>\$ 13,606,477</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2021:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Investments, at fair value:				
Mutual funds	\$ 16,129,219	\$ 16,129,219	\$ -	\$ -
Collective investment trust (*)	2,740,640	-	-	-
Total	<u>\$ 18,869,859</u>	<u>\$ 16,129,219</u>	<u>\$ -</u>	<u>\$ -</u>

*In accordance with fair value measurement guidance, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented as investments in the statements of net assets available for benefits.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2022 and 2021, there were no transfers between levels 1, 2, or 3.

The following table sets forth additional disclosures for the fair value measurement of investments in certain entities that calculate net asset value per share (or its equivalent) as of December 31, 2022 and 2021.

<u>Investment Type</u>	<u>Fair Value</u> <u>December</u> <u>31, 2022</u>	<u>Fair Value</u> <u>December</u> <u>31, 2021</u>	<u>Unfunded</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Redemption</u> <u>Notice Period</u>
Collective investment trust	\$ 2,851,344	\$ 2,740,640	\$ -	Daily	Daily

The Plan is applying the practical expedient as of December 31, 2022 and 2021 to its collective investment trust (Wilmington Trust Retirement and Institutional Services Company Collective Investment Trust III for MetLife Group Annuity Contract No. 25554), which is composed primarily of fully benefit-responsive investment contracts. Participants' ownership of the collective investment trust is represented in units. Participant transactions (purchases and sales) may occur daily.

The investment objective is interest income and the preservation of capital. This investment option provides guaranteed interest rates, which are adjusted quarterly. MetLife guarantees the principal plus accrued interest, based on credited interest rates, for participant-initiated withdrawals as long as the contract remains active. Interest is credited to the contract at interest rates that reflect the performance of the underlying portfolio. MetLife resets the crediting interest rate by amortizing the difference between the market value of the portfolio and the guaranteed value over the weighted average duration of the underlying investments.

Berrodin Co. 401(k) Plan
Notes to Financial Statements
As of and for the Years Ended December 31, 2022 and 2021

Participants will receive the principal and accrued earnings credited to their accounts on withdrawal for allowed events. These events include transfers to other investment options of the Plan, and payments because of retirement, termination of employment, death, disability and in-service withdrawals to the extent allowable by the Plan. It is possible that these redemption rights may be restricted by MetLife in the future in accordance with underlying agreements, including a full redemption of the collective investment trust.

5. Tax Status

Effective January 1, 2022 (see Note 8), through the adoption of a Newport Group, Inc. Non-Standardized Defined Contribution Pre-Approved Plan, the Plan was amended and restated. The Internal Revenue Service ("IRS") issued an opinion letter dated June 30, 2020, stating that the pre-approved defined contribution plan document was designed in accordance with applicable IRC requirements as of that date. Prior to the January 1, 2022 amendment and restatement of the Plan, the Plan had adopted a PNC Bank, National Association Prototype Cash or Deferred Profit-Sharing Plan. The IRS issued an opinion letter, dated March 31, 2014, stating that the prototype profit sharing plan document as then designed was in accordance with applicable IRC requirements as of that date. Although the Plan has been amended since receiving the opinion letters, management of the Plan believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan, as amended, is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become fully vested in their accounts, including any Company contributions in which they are not already vested.

7. Related-Party and Party In Interest Transactions

The Plan may issue loans to participants, which would be secured by the balances in the participants' accounts. All other transactions which may be considered parties-in-interest transactions relate to normal Plan management and administrative service, and the related payment of fees. Certain fees of the Plan are also paid by Plan participants. These related transactions would qualify as party-in-interest transactions, which are exempt from the prohibited transactions rules of ERISA.

8. Plan Amendments

Effective January 1, 2022, the Plan was amended and restated by adopting a non-standardized defined contribution pre-approved plan in order to make general administrative changes, including incorporating past amendments and adopting required amendments pursuant to statutory changes.

Notes to Financial Statements
As of and for the Years Ended December 31, 2022 and 2021

9. Subsequent Events

Effective April 7, 2023, the Plan was amended and restated by adopting a Great-West Trust Company defined contribution pre-approved plan. Changes to the Plan include:

- Changing the trustee and custodian of the Plan from Newport Trust Company to Empower Trust Company, LLC;
- Permitting participants to designate their deferral contributions as Roth contributions; and
- Reducing the total number of loans participants can have outstanding from two loans to one loan.

The Plan has evaluated subsequent events through July 11, 2023, the date the financial statements were available to be issued.
