INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of the
Teague Nall and Perkins, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Teague Nall and Perkins, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statements of changes in net assets available for benefits for the years then ended and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investments of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of and for the year ended December 31, 2022 and 2021 stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. ("US GAAP")
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance as to whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500 Schedule H, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than what is agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TEAGUE NALL AND PERKINS, INC. 401(K) RETIREMENT PLAN
Notes to the Financial Statements
For the Years Ended December 31, 2022 and 2021

A. Description of the Plan

General

The following description of the Teague Nall and Perkins, Inc. 401(K) Retirement Plan (the "Plan") provides only general information. The Plan is sponsored by Teague Nall and Perkins, Inc. (the "Company"). Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, established January 1, 1987, and restated January 1, 2016, March 12, 2019, and August 1, 2021, is a defined contribution plan, covering substantially all employees of the Company, except for union employees, leased employees, and non-resident aliens with no earned income in the United States, who have attained 18 years of age and completed one month of service. Participants may begin participating in the Plan the first day of the month for which eligibility was met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective August 1, 2021, the Company adopted the Ascensus LLC Non-Standardized Pre-Approved Profit Sharing Plan With CODA and The Vanguard Group's investment platform. On August 25, 2021 and August 27, 2021, approximately \$29,131,200 and \$2,535,900, respectively, of total plan assets were transferred from the Matrix Trust Company to Ascensus Trust Company (collectively referred to as the "Trustees"). Of this amount \$141,600 related to transfer of outstanding loans and \$31,900 related to plan forfeitures.

The purpose of the Plan is to encourage the Company's employees to systematically save and invest a portion of their current compensation so that they and their families may have a source of additional income upon their retirement or in the event of death.

Plan Administration

The Plan is administered by the Board of Directors of the Company, and certain principals and executive officers of the Company serve as trustees of the Plan.

Prior to August 1, 2021, TD Ameritrade Trust Company (the "TD Ameritrade") was responsible for the custody of Plan assets and all recordkeeper activities of the Plan. TD Ameritrade used certain subservices organizations to carry out the responsibilities. Beginning during 2020 and prior to August 1, 2021, Newport Trust Company was the Plan's recordkeeper and Matrix Trust Company was the trustee.

Effective August 1, 2021, Ascensus, LLC ("Ascensus") became responsible for the recordkeeping and administration of the plan assets. Vanguard Group, Inc. ("Vanguard"), holds the Plan's investment assets and executes investment transactions in keeping with an agreement between Ascensus, LLC (an entity owned by Ascensus, Inc.) and Vanguard. Ascensus Trust Company, a wholly owned subsidiary of Ascensus is also considered a trustee of the Plan.

Contributions

Participants may elect to make voluntary contributions up to 100% of their pre-tax eligible compensation, as defined by the Plan document. The Plan provides an automatic enrollment feature to all eligible participants that provides an initial deferral rate of 3%, unless a participant specifically opts out or chooses a different percentage/amount. Participant contributions are subject to certain annual limitations as prescribed by the Internal Revenue Code (the "Code"), which was \$20,500 and \$19,500 for 2022 and 2021, respectively. Participants are allowed to make Roth 401(K) deferrals. Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the end of the year are eligible to make catch-up contributions in accordance with, and subject to the limitations imposed by, the Code (\$6,500 for 2022 and 2021). Employees who are eligible to participate may make a rollover contribution to the Plan.

TEAGUE NALL AND PERKINS, INC. 401(K) RETIREMENT PLAN
Notes to the Financial Statements (continued)
For the Years Ended December 31, 2022 and 2021

A. Description of the Plan (continued)

Contributions (continued)

The Company may make a discretionary match of 50% of the first 15% of compensation that a participant contributes during the Plan year on a per paycheck basis. Employees are immediately eligible on the date of entry. The Company may make discretionary profit-sharing contributions to the Plan, which will be allocated to each participant's account as defined by the Plan. No profit sharing contribution occurred in 2022 or 2021, respectively. All contributions made by the Company are invested based upon participant account elections.

Participant Accounts

A separate account is maintained for each participant and is credited with the participant's voluntary contributions and an allocation of (a) the Company's contributions, and (b) Plan earnings, net of any administrative expenses applicable to the participant. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions and Company contributions to any of the available investment options, which are comprised of mutual funds and a money market account.

Vesting

Participants are immediately vested in their contributions plus or minus actual earnings or losses thereon. Vesting in any Company contribution portion of their accounts plus or minus actual earnings or losses thereon is based on years of service. A participant vests 20% each year after one year of credited service on any Company contributions until fully vested. Additionally, participants or their beneficiaries become immediately and fully vested in their Company contributions and related earnings upon full and permanent disability or death.

Notes Receivable from Participant Loans

Participants are permitted to borrow from their accounts a minimum amount of \$1,000 up to a maximum amount equal to the lesser of (a) 50% of the vested account balance; or (b) \$50,000. The \$50,000 maximum amount will be reduced by the participant's highest outstanding loan balance during the one-year period ending on the day before the date on which such loan is made. A participant may have no more than one loan outstanding at one time. The loans are secured by the remaining balance in the participant's account. The interest rate will be the prime rate of interest charged by the Federal Reserve Bank of New York, plus one percent (1%), as of the date of the loan. The rate of interest will be constant throughout the term of the loan. All loans generally become due and payable in full immediately upon the occurrence of a distributable event. All loans are required to be repaid within 5 years of the date of the loan, unless the entire proceeds of the loan will be used to acquire a dwelling unit that will, within a reasonable time, be used as the principal residence of the participant; then the loan will be required to be repaid within 15 years of the original date of the loan. If a participant does not repay the entire outstanding loan balance, his/her vested account balance will be reduced by the remaining outstanding balance of the loan. Principal and interest are paid ratably through payroll deductions.

Notes to the Financial Statements (*continued*)
For the Years Ended December 31, 2022 and 2021

A. Description of the Plan (*continued*)

Benefits Paid to Participants

Participants who withdraw from the Plan during the year for reasons of military service, disability, retirement, death, or termination are entitled to their vested account balance. In addition, a participant may withdraw any part of his or her vested account after obtaining age 59½. Payment of benefits to participants with balances less than \$1,000 will be made in a lump-sum distribution. Payment of benefits to participants with balances greater than \$1,000 can be made in either lump sum or installment payments. The non-vested portion of a terminated participant's account is generally forfeited and applied to increase further Company contributions.

Hardship distributions are permitted for certain qualifying expenses during employment with the Company and may only be made for the vested portion of the participants pre-tax 401(K) deferral accounts and Roth 401(K) deferral accounts.

Forfeited Accounts

Forfeitures of terminated participants' non-vested amounts may be used to reduce Company matching contributions or Plan expenses. Approximately \$18,200 and \$16,500 in forfeitures were used to pay Plan expenses in 2022 and 2021, respectively. No forfeitures were used to reduce Company matching contributions. At December 31, 2022 and 2021, there were approximately \$66,300 and \$43,900 unallocated non-vested forfeitures in the Plan, respectively.

Administrative Expenses

Expenses incurred in administration of the Plan, including costs relating to asset charges and recordkeeping, are paid by the Plan and allocated to all participant accounts on a pro-rata basis, or are charged directly to participant accounts for fees associated with establishment of a loan or a benefit payment. Certain expenses incurred in the administration of the Plan may be paid directly by the Company.

B. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are presented using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of certain contingent assets and liabilities. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Company and participants are accrued as they become obligations of the Company, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

B. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The investments of the Plan are stated at fair value as of the end of the year and are subject to market or credit risks customarily associated with debt and equity investments. Fair value measurements are determined in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic No. 820, *Fair Value Measurements and Disclosures*, which defines fair value, establishes a framework for measuring fair value, and establishes disclosures about assets and liabilities measured at fair value.

The net realized and unrealized gains on investments includes realized gains and losses on sales of investments during the year, using the average cost basis of the securities sold, and unrealized increases or decreases in the market value of investments held at year end. Purchases and sales of investments are reflected on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable from Participant Loans

Notes receivable from participant loans are recorded and measured at the unpaid principal balance plus accrued but unpaid interest, which approximates fair value. Notes receivable from participant loans are in default when a scheduled installment payment has not been received by the last day of the calendar quarter following the calendar quarter in which the last scheduled installment payment was due. The entire unpaid balance on a defaulted loan will be considered to be in default as of the date of the last payment was due. Loans in default, if any, are reclassified as distributions based upon the terms of the Plan document. Notes receivable from participants are considered uncollectible in the period they are deemed, and accordingly, no allowance has been established.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2022 and 2021, there were no unpaid benefit requests.

Plan Expenses

Employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. In accordance with the provisions of the Plan, the Company pays a portion of the expenses incurred in the administration of the Plan, including costs relating to asset charges and recordkeeping and such expenses are not reimbursed by the Plan nor reflected in the accompanying financial statements. Expenses paid by the Plan are allocated to all participant accounts on a pro-rata basis or are charged directly to participant accounts for fees associated with establishment of a loan or a benefit payment.

Recent Accounting Pronouncement and Law Changes

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE Act") was signed into law. The SECURE Act changed existing long-term retirement rules, such as increasing the age for required minimum distributions, additional qualifications for in-service withdrawals, allowing the option of eligibility for long-term part-time employees, and penalty-free withdrawals under certain circumstances, such as medical need. The Plan was amended to reflect these changes prior to the December 31, 2022 deadline.

Recent Accounting Pronouncement and Law Changes (continued)

On March 27, 2020, the CARES Act was signed into law. The CARES Act allows participants of the Plan to get access to their retirement funds in two different ways. The first option allows participants to withdraw up to \$100,000 out of their 401(k) penalty-free, regardless of their age. The distribution will have no tax withholding up front, and participants are able to pay the tax on this amount over three years. The second option increases the limit for loans allowed from the Plan from \$50,000 up to \$100,000, not to exceed 50% of their account balance. These loans were available through September 22, 2020. Individuals could also suspend loan payments through December 31, 2020 for up to one year if they were impacted by COVID-19. Interest rates are calculated at prime + 1%. The CARES Act also suspended required minimum distributions for 2020. These temporary CARES Act provisions expired at the end of 2020. The Plan was amended to reflect these changes prior to the December 31, 2022 deadline.

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act (the "SECURE Act") 2.0 was signed into law. The SECURE Act 2.0 is intended to expand coverage, increasing retirement savings, and clarify retirement plan rules. The SECURE Act 2.0 changed existing long-term retirement rules, which included but is not limited to, increasing the age for required minimum distributions, expanding autoenrollment features, increasing the involuntary distribution limit, expanding penalty-free withdrawals, and providing enhanced opportunities for employee savings. The effective dates vary by each provision, however, the Plan will be formally amended to reflect these changes prior to the January 1, 2025 deadline.

C. Investments

The Plan's investments are held in trust by the Trustees in participant directed accounts. All investment information presented in the accompanying financial statements and the supplemental schedule, Form 5500, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Company and certified as complete and accurate by the Trustees. The investments are reflected at fair value as of December 31, 2022 and 2021.

According to the FASB, participant loans are to be classified on the statement of net assets available for benefits as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. According to the Department of Labor, participant loans are considered an investment and measured at their fair value and are required to be included as supplemental information in the schedule of assets held for investment purposes at the end of the year.

The following is a reconciliation of the schedule of assets held for investment purposes to the financial statements as of December 31:

	<u>2022</u>
Investments per schedule of assets held for investment purposes at the end of the year	\$ 25,982,822
Less: Notes receivable from participant loans	79,906
Investments per financial statements	<u>\$ 25,902,916</u>

D. Fair Value Measurements

FASB ASC Topic No. 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used.

The three levels defined in FASB ASC Topic No. 820 are as follows:

- Level 1: Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities as of the reporting date.
- Level 2: Observable market based on inputs or unobservable inputs that are corroborated by market data, including quoted prices for similar assets or liabilities in active markets or quoted prices for similar assets or liabilities in inactive markets. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. As of December 31, 2022 and 2021, the Plan had no Level 2 investments.
- Level 3: Unobservable inputs that are not corroborated by market data. As of December 31, 2022 and 2021, the Plan had no Level 3 investments.

The assets' or liabilities' fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

FASB ASC Topic No. 820 requires a description of the methodologies used to measure the fair value of assets and liabilities. These methodologies were consistently applied to all assets carried as of December 31, 2022 and 2021. The methodology used to measure each major category of assets is as follows:

- Mutual funds: The fair value of registered investment company mutual funds are based on the daily quoted closing price as reported by the fund. Mutual funds are held by the Plan are open-ended mutual funds that are registered with the securities exchange commissions. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are actively traded and are classified within Level 1 of the valuation hierarchy.
- Money market funds: The reported value of the money market funds is the cash balance which approximates fair value. The valuation is classified within Level 1 of the valuation hierarchy.

E. Information Certified by the Trustees

The Plan Administrator, having determined it is permissible in the circumstances, has elected the method of compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator limited auditing procedures with respect to the investment information certified by Ascensus on behalf of Ascensus Trust Company and Matrix Trust Company to be complete and accurate which included total investments as of December 31, 2022 and 2021, total investment income, including net realized and unrealized gains on investments for the year ended December 31, 2022 and 2021, and all information included in the accompanying supplemental schedule of assets at the end of the year, except for notes receivable from participant accounts.

The Trustees are considered to be banks or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency.

F. Income Tax Status

The Company adopted the TD Ameritrade Trust Company Defined Contribution Volume Submitter Plan and Trust through July 31, 2021, which has received a favorable opinion letter from the Internal Revenue Service (IRS) as of September 30, 2014. The Company adopted the Ascensus LLC Non-Standardized Pre-Approved Profit Sharing Plan With CODA effective August 1, 2021, which has received a favorable opinion letter from the Internal Revenue Service (IRS) as of June 30, 2020. The Company may rely on this letter with respect to the qualification of the Plan under Section 401(a) of the Code with certain limitations. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the advisory letter and has not requested or received a determination from the IRS regarding qualifications under the appropriate section of the Code; however, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and therefore believes that the Plan is qualified and the related trust is tax-exempt as of the financial statement date.

F. Income Tax Status

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. The plan administrator believes the Plan is no longer subject to IRS examinations for years prior to 2019.

G. Risk and Uncertainties

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the financial statements.

H. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the Form 5500 to the schedule of net assets available for benefits per the financial statements as of December 31, 2022.

	<u>2022</u>	<u>2021</u>

I. Related Party and Party-In-Interest Transactions

TD Ameritrade Trust Company is a third-party administrator, record keeper, and investment custodian as defined by the Plan. Plan investments in certain mutual funds and money market accounts are sponsored and managed by TD Ameritrade Trust Company, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction provisions of ERISA and the Code.

In accordance with Plan provisions, the Company may at its option pay some of the costs associated with the Plan. The Plan also carries notes receivable from participants, which are party-in-interest transactions. The Company paid approximately \$41,000 and \$44,000 of administrative expenses on behalf of the plan during 2022 and 2021, respectively.

TEAGUE NALL AND PERKINS, INC. 401(K) RETIREMENT PLAN
Notes to the Financial Statements (*continued*)
For the Years Ended December 31, 2022 and 2021

J. Excess Contributions Payable

At December 31, 2021, the Plan had approximately \$9,000 recorded as excess contributions payable to participants for contributions made in excess of amounts allowed by the IRS. There were no such payables at December 31, 2022.

K. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

L. Subsequent Events

In preparing the accompanying financial statements, the Plan Administrator has evaluated all subsequent events and transactions for potential recognition or disclosure through July 9, 2023, the date the financial statements were available for issuance.
