INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Sonepar USA 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the accompanying financial statements of the Sonepar USA 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA
The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

General

Sonepar USA 401(k) Plan (the Plan) was established effective July 1, 2000 and was amended and restated most recently as of January 1, 2022. The Plan is sponsored by Sonepar Management US, Inc. (the Company). The following Plan description provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering certain employees of the Company. The Company's Investment Committee (Plan administrator) controls and manages the operation and administration of the Plan. Charles Schwab Trust Company (Schwab) serves as the Trustee, Prudential Retirement Insurance & Annuity Co. (Prudential) serves as the Insurance Company for the group annuity contract and Schwab Retirement Plan Services, Inc. serves as the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Transfers in/Out of Plan

On May 31, 2022, the Company sold Vallen Distribution, Inc. (Vallen). In connection with this sale, Vallen employees were no longer eligible for the Plan and became eligible for participation under a newly established plan sponsored by Vallen. As such, Plan assets were transferred out of the Plan in June 2022 totaling $167,792 and is reflected within the net plan transfer on the statement of changes in net assets available for benefits for the year ended December 31, 2022.

In 2022, the Plan was amended to allow for the merger of the Richards Electric Supply Co., Inc. Savings and Security 401(k) Plan (the RES Plan) and the Richards Electric Supply of Kentucky, LLC 401(k) Plan (the REK Plan) as well as the Springfield Electric Supply 401(k) Plan (the SESCO Plan). The mergers were effective January 3, 2023; however a portion of the RES Plan totaling $8,638 was transferred into to the Plan on December 31, 2022 (and reflected in the net transfer within the Plan's statement of changes in net assets available for benefits for the year ended December 31, 2022). The remaining assets of the RES Plan as well as all assets of REK Plan and SESCO Plan were transferred to the Plan on January 3, 2023. These assets totaled approximately $72,174.

Eligibility

All employees are automatically eligible to participate in the Plan on the first day of the month coinciding with or next following the date of hire.

Contributions

Participants may elect to contribute between 1% and 75% of eligible before-tax compensation as defined in the Plan agreement. The automatic enrollment contribution rate is 3% of eligible compensation as defined by the Plan agreement. A participant may increase or decrease the amount contributed at any time. A participant's before-tax contributions to the Plan are limited to the amount allowed under the provisions of the Internal Revenue Code (IRC). Highly compensated employees' pre-tax contributions may have their contributions restricted. In addition, the percentage of annual salary specified as before-tax contributions by a participant in

1. DESCRIPTION OF PLAN – CONTINUED

His or her deferral election shall be subject to adjustment by the Plan administrator at any time to maintain the Plan's compliance with the nondiscrimination requirements of Section 401(k) of the IRC.

A participant can roll over part or all of an eligible rollover distribution received from a prior employer's qualified plan or from an Individual Retirement Account (IRA), if allowed by the Plan administrator.

Effective July 1, 2021, the Plan added a feature to allow participants to make Roth contributions.

The Company may make a discretionary match of up to 6% of deferrals. For the year ended December 31, 2022, the Company matched 50% up to 6% of contributions for eligible participants, as defined by the Plan.

The Company can also elect to make a discretionary supplemental employer profit sharing contribution, as defined by the Plan agreement, to each eligible participant in the Plan. For the year ended December 31, 2022, the Company made no such contribution.

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's deferral contributions, the Company's matching contributions, allocations of any Company profit sharing contributions, Plan investment income, and charged with any benefit payments and allocations of Plan investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of a participant's account.

Investments
Participants direct the investment of their account into various investment options offered by the Plan. The Plan currently offers numerous mutual funds, common collective trust funds and one guaranteed investment contract in various combinations. Additionally, the Plan offers a self-directed brokerage option that allows participants to buy, sell and hold a broad array of stocks, bonds, exchange-traded funds, and mutual funds.

1. DESCRIPTION OF PLAN – CONTINUED

Vesting

Participants are fully vested in their contributions and earnings thereon. Plan participants are vested in the Company matching contributions and any supplemental employer profit sharing contributions and earnings thereon the earlier of the following vesting schedule or upon reaching 65 years of age.

Years of Service	Percentage
Less than 2	0%
2	25%
3	50%
4	75%
5	100%

Participants' interest in their accounts is fully vested upon death or disability.

Forfeitures

At December 31, 2022 and 2021, forfeited, nonvested accounts totaled approximately $598 and $337, respectively. Forfeitures of nonvested accounts are used to reduce employer contributions and administrative expenses. During the year ended December 31, 2022, forfeitures were used to reduce employer contributions by approximately $529 and administrative fees by $236.

Notes Receivable from Participants

Participants may borrow from their accounts upon request in an amount that, when added to the outstanding balance or any other loan or loans to the participant, will not exceed the lesser of: (i) $50 reduced by the highest outstanding loan balance during the previous 12-month period, or (ii) one-half of the vested amounts in the participant's account. The loan must be adequately secured, bear a reasonable interest rate, and be repaid within a maximum of five years unless such loan is to acquire a principal residence, in which case the loan is to be repaid in a maximum of 15 years. Principal and interest are paid ratably through payroll deductions.

1. DESCRIPTION OF PLAN – CONTINUED

Withdrawal Provisions

Upon application, all or a portion of a participant's before-tax contributions account, the vested portion of the Company matching contribution, earnings on the contributions, and the vested portion of any supplemental employer profit sharing contributions may be withdrawn after:

(a) A participant attains age 59½, or

(b) Providing satisfactory evidence that the withdrawal is required on account of a "hardship" in accordance with the Plan document and the IRC, a participant may withdraw amounts credited and vested in his or her before-tax accounts. Hardship withdrawals will be limited to situations in which a participant has an immediate and heavy financial need and a distribution from the Plan is necessary to meet the need.

Taxable distributions resulting from in-service withdrawals (except for financial hardship reasons) are considered to be eligible rollover amounts and are subject to a 20% mandatory federal tax withholding. In-service withdrawals for financial hardship purposes are no longer eligible rollover amounts and are subject to a reduced federal tax withholding rate of 10%, unless the participant chooses for withholding not to apply.

Payment of Benefits

The Plan is designed to provide benefits at the time of retirement. Upon termination of service because of death, disability, retirement, or for any other reason, a participant may request a distribution of his or her vested account.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates and Risks and Uncertainties

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value, except for the guaranteed investment contract which is stated at contract value. Shares of mutual funds are valued at the net asset value (NAV) of shares based on quoted market price of such funds held by the Plan. The valuations of the investment in the common collective trust funds are based upon the NAV as provided by the Trustee. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The self-directed brokerage accounts are valued at quoted market prices in active markets of investments. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Administrative Expenses
All expenses not paid by the Company are paid by the Plan through participant accounts or forfeitures. These expenses include participant transactional fees as well as trustee and investment advisor fees.

Payment of Benefits
Benefits are recorded when paid by the Plan.

3. GROUP ANNUITY CONTRACT

The Plan has a fully benefit-responsive investment contract with Prudential. Prudential maintains the contributions in the Prudential general account. The account is credited with earnings on the underlying investments at guaranteed crediting rates and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. When establishing interest crediting rates for this contract, Prudential considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

Generally, there are no events that would limit the Plan's ability to transact at contract value with Prudential. The Plan administrator believes that as of December 31, 2022, the occurrence of such events that would limit the Plan's ability to transact at contract value with Plan participants is not probable.

4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements* are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following table sets forth by level, within the fair value hierarchy, the Plan's participant-directed assets at fair value as of December 31, 2022 and 2021.
