INDEPENDENT AUDITOR'S REPORT

To the Audit Committee of Pathward, National Association and the Participants of the
Pathward, National Association 401(k) Plan
Pathward, National Association
Sioux Falls, South Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Pathward, National Association 401(k) Plan (formerly known as MetaBank National Association 401(k) Plan) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended September 30, 2022 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Pathward, National Association 401(k) Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated April 14, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

(1) Description of the Plan

The following description of the Pathward, National Association 401(k) Plan (formerly known as MetaBank National Association 401(k) Plan) (the "Plan" or "Plan Document") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

(a) General and Eligibility

The Plan is a defined contribution plan covering all full time employees of Pathward, National Association (a wholly owned subsidiary of Pathward Financial, Inc. (the "Company" or "Plan Sponsor" or "Plan Administrator")), referred to herein as the Bank, who have at least 30 days of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Record Keeper and Custodian

Principal Life Insurance Company has been designated as recordkeeper and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is custodian and trustee of the Plan (collectively, "Principal").

(c) Contributions

The Plan is funded by employee and employer contributions. Participating employees may contribute a percentage of their wages up to the maximum percentage allowable not to exceed the limits of Code Section 401(k), 402(g), 404, and 415. Annual employee contributions were limited to $20,500 per person in 2022 and $19,500 per person in 2021, as indexed by the Internal Revenue Service (IRS), except for those employees eligible for catch up contributions. The Plan also places certain restrictions on contributions from those employees defined as highly compensated.

All newly eligible employees are enrolled automatically with a 6% pre-tax elective deferral contribution rate, unless the employee elects otherwise. These contributions are invested in the Plan's default investment option. Employees may opt out of the automatic enrollment, stop contributions, modify their contribution rate, or change investment elections at any time.

Effective October 1, 2021, the Company increased their non-discretionary matching contribution to 100% of the first 6% of deferred compensation from 100% of the first 4% of deferred compensation. The Company may also make a discretionary nonelective contribution in an amount determined by the Company. There was no discretionary contribution related to the fiscal years 2022 and 2021.

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan. Participants may direct contributions into a guaranteed investment account, various mutual funds and pooled separate accounts.

The Plan allowed participants to contribute to an after-tax Roth 401(k) account. The Plan collects and distributes funds in the after-tax Roth 401(k) accounts in the same manner as for all other contributions to the Plan.

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Bank's contribution, if any, and (b) investment fund earnings (losses) and charged with an allocation of administrative expenses. Investment income and administrative expenses are allocated based on participant account value. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants are allowed to direct the investment of their contributions among the investment options offered by the Plan. Participants may change investment options at any time.

(e) Vesting

Participants are immediately vested in their voluntary contributions as well as the Bank's matching and discretionary contributions, plus actual earnings thereon. There are no forfeitures within the Plan.

(f) Payment of Benefits

On termination of service due to retirement, death, or disability, a participant may elect to receive either a lump-sum cash payment equal to the value of the participant's account or monthly, quarterly, semi-annual, or annual installment payments.

Other allowable distributions outside of terminations due to retirement, death, or disability include in-service withdrawals for employees who are 59 1/2 years of age and older, financial hardship, and termination of employment outside of retirement, death, or disability as allowed by the Plan.

In all instances, if the vested value of a participant's account is less than $5,000, a lump-sum cash payment will be made.

(g) Notes Receivable from Participants

The Plan allows participant loans against eligible participant account balances. Eligible participants obtain loans by filing a loan application with the Plan's recordkeeper and receiving all requisite approvals. Loan amounts are generally limited to the lesser of $50,000 or 50 percent of the individual participant's vested account balance, with certain restrictions.

Each loan specifies a repayment period that cannot extend beyond five years. However, the five-year limit shall not apply to any loan used to purchase a principal residence of the participant. The repayment period for a loan used to purchase a principal residence will not be longer than 15 years or the repayment period currently in effect for a commercial home loan. Loans bear interest based on the rates available for similar loans from commercial lending institutions, which is fixed at the time the loan is granted. Loans that transferred to the Plan due to acquisitions are based upon the terms of the plan agreement in effect at the time of loan origination. Repayments, including interest, are made through payroll deductions if available and are credited to the individual participant's account balance. If repayment is not made by payroll deduction, a processing fee may be charged.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable that are more than 90 days past due are recorded as distributions based on the terms of the plan document. As of September 30, 2022, rates on outstanding loans ranged from 3.25% to 6.50% and outstanding loans were scheduled to mature on dates through May 2037.

(h) Rollover Contributions

An aggregate of $19,768,758 was rolled into the Plan during the year ended September 30, 2022 and is included in rollovers on the statement of changes in net assets available for benefits. Of this aggregate amount, approximately $14.9 million are a result of a resolution to terminate the Meta Financial Group, Inc. Employee Stock Ownership Plan ("ESOP") effective September 30, 2021. Participants who had interests in the ESOP were given the option to voluntarily roll over these assets to the Plan throughout the year ended 2022. The remaining portion of rollover contributions unrelated to the ESOP termination in the statement of changes in net assets available for benefits are considered to be normal rollover activity during the year.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared in accordance with U.S. Generally Accepted Accounting Principles (GAAP). The financial statements have been prepared on the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

The Plan's investments are stated at fair value with the exception of the guaranteed investment contract, which is reported at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract because it is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year.

(d) Payment of Benefits

Benefit payments to participants are recorded upon distribution. As of September 30, 2022, there were no amounts allocated to accounts of participants who had elected to withdraw from the Plan but had not yet been paid.

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent notes receivable that are more than 90 days past due are recorded as distributions based upon the terms of the Plan document.

(3) Administrative Expenses

Certain administrative functions are performed by officers or employees of the Bank. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. A portion of recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable and distributions initiated by participants are charged directly to the participant's account and are included in administrative expenses.

(4) Investments – Certified Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at September 30, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended September 30, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d b/a Principal Trust Company.

(5) Fixed Income Guaranteed Option

The Plan has a fully benefit-responsive guaranteed investment contract (GIC) with Principal Life Insurance Company. Principal Life Insurance Company maintains the contributions in a general account. The GIC does not have specific underlying assets assigned. The GIC issuer is contractually obligated to repay the principal and a

specified interest rate that is guaranteed to the Plan. There are no events in which the issuers can terminate the GIC with the Plan and settle at an amount different from contract value.

The GIC is included in the financial statements at contract value which approximates fair value. Contract value, as reported to the Plan by Principal Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The GIC does have a surrender charge of 5% that may be charged if the Plan terminates its interest in the GIC.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Document (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be greater than 3% or less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting.

(6) Fair Value Measurements

Accounting Standards Codification (ASC) 820, Fair Value Measurement, defines fair value, establishes a framework for measuring the fair value of assets and liabilities using a hierarchy system and requires disclosures about fair value measurement. It clarifies that fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the reporting entity transacts.

ASC Topic 820 requires that assets and liabilities carried at fair value also be classified and disclosed according to the process for determining fair value. There are three levels of determining fair value. These levels are:

Level 1: Valuation is based upon quoted prices for identical instruments traded in active markets that the Plan Administrator has the ability to access at measurement date.

Level 2: Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which significant assumptions are observable in the market.

Level 3: Valuation is generated from model-based techniques that use significant assumptions not observable in the market and are used only to the extent that observable inputs are not available. These unobservable assumptions reflect the Plan Administrator's own estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, a financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial statements.

The following is a description of the valuation methods used for assets measured at fair value:

Mutual Funds: The fair values of the mutual funds are based on quoted market prices when available (Level 1).

Pooled Separate Accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The pooled separate accounts are restricted to one redemption per 30-day period.

The fair value of the Plan's assets at September 30, 2022 and 2021, by level within the fair value hierarchy, is presented as follows:

	Assets at Fair Value at September 30, 2022			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$62,473,687	$ –	$ –	$62,473,687
Total assets in the fair value hierarchy				$62,473,687
Investments measured at net asset value*:				
Pooled Separate Accounts				$17,944,476
Total investments at fair value				$80,418,163

	Assets at Fair Value at September 30, 2021			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$79,612,319	$ –	$ –	$79,612,319
Total assets in the fair value hierarchy	$79,612,319	$ –	$ –	$79,612,319

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

(7) Plan Termination

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(8) Tax Status

The Internal Revenue Service issued an opinion letter dated June 30, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code. Although the Plan has been amended from the original prototype document, Plan management believes that the Plan is currently being operated in accordance with the Internal Revenue Code. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(9) Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit liquidity risks as well as the risks associated with global events such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across the participant directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participants who make such decisions.

The Plan invests directly or indirectly in investments with contractual cash flows, such as asset-backed securities, collateralized mortgage obligations, and commercial mortgage-backed securities. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies, or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

(10) Parties-In-Interest

Parties-in-interest are defined under Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Company, and certain others. Notes receivable issued to participants qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Transactions resulting in Plan assets being transferred to or used by a related party are prohibited under ERISA unless a specific exemption is applied.

Principal and its affiliates are considered a party-in-interest as defined by ERISA as a result of being the recordkeeper and custodian of the Plan. The Plan holds units of a mutual fund managed by Principal Funds Inc. The Plan also holds units in various pooled separate accounts and a guaranteed investment contract issued by Principal Life Insurance Company. The Plan incurred administrative and trustee/custodian expenses of approximately $232,679 to Principal for the year ended September 30, 2022.

All of the above transactions are exempt from the "prohibited transactions" provisions of ERISA and the IRC.

(11) Subsequent Events

Plan management has evaluated subsequent events for recognition and disclosure through July 11, 2023, which is the date the financial statements were available to be issued.

Effective December 31, 2022, the guaranteed investment contract issued by Principal Life Insurance Company was amended to update the crediting interest rate range to no less than 0.15% and no greater than 3%.

(12) Form 5500 Reconciliation

The following is a reconciliation of net assets available for benefits per the financial statements at September 30, 2022 and 2021 to the Form 5500:

	2022	2021
Net assets available for benefits per the financial statements	$ 86,352,808	$ 83,227,588
Deemed distributions from participant loans	-	(583)
Net assets available for benefits per form 5500	$ 86,352,808	$ 83,227,005

The following is a reconciliation of the change in the net assets available for benefits for the year ended September 30, 2022, per the financial statements to the net income reported in the 2022 form 5500:

Increase in net assets available for benefits per the financial statements	$ 3,125,220
Deemed distributions from participant loans	583
Net income per form 5500	$ 3,125,803
