Independent Auditor's Report

To the Trustee Oversight Group
Andgar Retirement Fund
Ferndale, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Andgar Retirement Fund, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended September 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Andgar Retirement Fund's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2022 and 2021, and for the year ended September 30, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements sections:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Andgar Retirement Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Andgar Retirement Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Andgar Retirement Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Andgar Retirement Fund's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A – Description of Plan

The following description of the Andgar Retirement Fund (the Plan) provides only general information. Participants should refer to the Plan agreement, as amended, for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all employees of Andgar Corporation (the Company) who have three months of service. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan Administrator. The Company is responsible for day-to-day administration of the Plan, including payroll and human resources. The Trustee Oversight Group is made up of senior officers of the Company and is responsible for overall Plan management, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions – Each year, participants may elect to defer from 1% to 75% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. Annually, the Company determines whether to contribute matching and discretionary profit sharing contributions to the Plan. During the year ended September 30, 2022, the Company made discretionary match contributions of amounts equal to 25% of a participant's elective contributions to maximum elective contributions of 6% of the participant's compensation. The matching Company contribution is invested as directed by the participants. The Company did not elect to contribute a discretionary profit sharing contribution to the Plan for the year ended September 30, 2022. Contributions are subject to certain IRS limitations.

Participant accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service. All years of service are counted except for years with less than 1,000 hours. Participants are fully vested upon death or permanent disability.

Note receivable from participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate per annum as determined by the Plan Administrator. At September 30, 2022, the interest rate on all notes receivable were 10%. Loan terms range up to five years, unless for the purchase of a principal residence, in which case the loan term may not exceed ten years. Principal and interest are paid ratably through monthly payroll deductions.

Payment of benefits – If the participant's vested benefit under the Plan exceeds \$1,000, on termination of service due to death, disability, retirement, or voluntary termination of the participant, the benefits will be paid in the form of an annuity unless an election is made to receive a lump-sum payment equal to the value of the participant's vested interest in his or her account, to receive installment payments, or to receive partial withdrawals.

Notes to Financial Statements

September 30, 2022 and 2021

Note A – Description of Plan – (Continued)

Payment of benefits – (Continued) – If the participant's vested benefit under the Plan does not exceed \$1,000, then the benefit must be distributed to the participant in a single lump-sum payment as soon as practicable following the event that entitles the participant to a distribution.

Forfeited amounts – At September 30, 2022 and 2021, forfeited non-vested accounts totaled \$11,473 and \$10,733, respectively. Forfeitures may be used to offset employer contributions to the Plan, pay any administrative expenses of the Plan, or be reallocated to participants in proportion to salary for those eligible. For the year ended September 30, 2022, administrative fees totaling \$11,520 were paid from forfeited non-vested accounts.

Note B – Summary of Significant Accounting Policies

Basis of accounting – The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan provides for investments in mutual funds and a stable value trust. The Plan's investments in mutual funds are reported at fair value. The stable value trust is valued at net asset value as a practical expedient to estimated fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Trustee Oversight Group determines the Plan's valuation policies utilizing information provided by the investment custodian. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2022.

Excess contributions payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction in contributions. There were no excess contributions payable at September 30, 2022.

Payments of benefits – Benefits are recorded when paid.

Administrative expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless paid by the Company. Expenses paid by the Company, if any, are excluded from these financial statements. Distribution administration fees charged by Benefit Trust Company are deducted from the accounts of the respective Plan participants. Investment related expenses are included in net depreciation of fair value of investments.

Note B – Summary of Significant Accounting Policies – (Continued)

Subsequent events – In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 11, 2023, the date the financial statements were available to be issued.

Note C – Investments

During the twelve months ending September 30, 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows:

Net depreciation in fair value of investments	\$ (3,554,275)
Interest and dividends	889,059
Interest income from stable value trust	<u>1,436</u>
	<u>\$ (2,663,780)</u>

Note D – Information Certified by Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations and Disclosure under ERISA. Accordingly, Benefit Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of:

	<u>2022</u>	<u>2021</u>
<i>Statements of Net Assets Available for Benefits</i>		
Investments	\$ 10,660,388	\$ 13,031,721

Note E – Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1: Observable inputs to the valuation methodology that are quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Observable inputs to the valuation methodology other than quoted market prices (unadjusted) for identical assets or liabilities in active markets. Level 2 inputs include quoted prices for similar assets and liabilities in active markets, quoted prices for identical assets in markets that are not active and inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.
- Level 3: Inputs to the valuation methodology that are unobservable for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds:

The mutual funds and the money market funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable value trust:

The fair value of the stable value fund, Invesco Stable Value Trust, is based upon the net asset value of such fund. The net asset value is used as a practical expedient to estimate fair value. The objective of the stable value fund is preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for benefit-responsive payments. For liquidity purposes, the funds may have all or a portion of its assets invested in short-term money market instruments, investment companies, and collective investment trusts that meet the investment objectives. Participants cannot transfer their balances to competing fixed income funds. Balances transferred to non-competing funds cannot be transferred to competing funds for 90 days but may be transferred back to the stable value trust at any time.

Notes to Financial Statements

September 30, 2022 and 2021

Note E – Fair Value Measurements – (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at September 30, 2022.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30:

2022				
	Level 1	Level 2	Level 3	Total
Investments fair value heirarchy				
Mutual funds	<u>\$ 10,536,957</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,536,957</u>
Investments measured at net asset value ^(a)				
Stable value trust				<u>123,431</u>
Total investments, at fair value				<u>\$ 10,660,388</u>
2021				
	Level 1	Level 2	Level 3	Total
Investments fair value heirarchy				
Mutual funds	<u>\$ 12,921,739</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,921,739</u>
Investments measured at net asset value ^(a)				
Stable value trust				<u>109,982</u>
Total investments, at fair value				<u>\$ 13,031,721</u>

^(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of September 30:

Fund	Fair Value at September 30		Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
	2022	2021			
Stable value trust	\$ 123,431	\$ 109,982	Daily	None	10 days

Notes to Financial Statements

September 30, 2022 and 2021

Note E – Fair Value Measurements – (Continued)

To assess the appropriate classification of investments with the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluated the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended September 30, 2022, there were no significant transfers in or out of Level 3.

Note F – Party-In-Interest Transactions

Fees paid by the Plan to American Northwest RPS and American Northwest Advisory for recordkeeping, loan and distribution administrative services totaled \$60,847 for the year ended September 30, 2022. The Plan's custodian is Benefit Trust Company. Fees paid by the Plan to Benefit Trust Company totaled \$6,198 for the year ended September 30, 2022. Fees paid by the Plan for legal, accounting, and general plan administration totaled \$8,215 for the year ended September 30, 2022.

Note G – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note H – Tax Status

The Plan operates under a volume submitter profit sharing plan with CODA (volume submitter plan). The volume submitter plan received a favorable opinion letter from the IRS on June 30, 2020, which declared that the volume submitter plan qualifies under section 401(a) of the Internal Revenue Code as being exempt from income taxes. The Plan has been amended since receiving that determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of September 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax returns for the prior three fiscal years remain subject to examination by major tax jurisdictions.

Note I – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
