Independent Auditor's Report

July 10, 2023

To the Participants and Plan Administrator of the
King Kullen Retirement Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the financial statements of the King Kullen 401(k) Savings and Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of September 30, 2022, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the ***Auditor's Responsibilities for the Audit of the Financial Statements*** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material

misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of September 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matters - 2021 Financial Statements

The September 30, 2021, financial statements of the Plan were audited by predecessor auditors whose report dated July 15, 2022, expressed that they believed the audit evidence they obtained was sufficient and appropriate to provide a basis for their ERISA Section 103(a)(3)(C) audit opinion and included an other-matter paragraph that provided an opinion that the information in the September 30, 2021, supplemental schedule was fairly stated in all material respects in relation to the financial statements as a whole and met the requirements of ERISA Section 103(a)(3)(C).

KING KULLEN 401(k) SAVINGS AND INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 - Description of Plan

The following description of the King Kullen 401(k) Savings and Investment Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a qualified defined-contribution plan under Section 401(a) of the Internal Revenue Code, with a Section 401(k) salary deferral provision. The Plan covers all "Active Participants" (as defined in the plan document) of "Participating Employers" (as defined in the plan document) of King Kullen Grocery Co., Inc. (the "Company"). All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and the Employee Retirement Income Security Act of 1974 (ERISA).

Administration - The Plan is administered through a committee, whose members are appointed by the Board of Directors of the Company. The committee administers or delegates such duties that are required to maintain the financial records of the Plan.

Change in custodian and third-party administrator - On December 31, 2020, Empower Retirement, LLC ("Empower") acquired the retirement business of Massachusetts Mutual Life Insurance Company ("MassMutual"). Following an initial transition period, Empower became the sole administrator of this business in 2021. The Plan invests in pooled separate accounts issued by MassMutual, (see Note 2). Any applicable certification is being provided on behalf of MassMutual under a power of attorney granted to Empower Life & Annuity Insurance Company of New York ("ELAINY"), an affiliate of Empower. Empower has taken over the role as the third-party administrator from MassMutual for the year ended September 30, 2022.

Contributions - Participants are allowed to make elective salary deferral contributions up to the maximum amount allowed by the Internal Revenue Code. Eligible employees are automatically enrolled in the Plan to make elective contributions of 3% of their annual compensation to the 401(k) plan, which is increased automatically by 1% each year, up to a maximum of 5%, unless the participant elects a different percentage or expressly elects not to participate in the Plan. The Plan also contains provisions for Roth 401(k) contributions and after-tax contributions, which allow a participant to elect that a portion or all of their elective salary deferral contributions be taxed at the time of deferral. Participants who meet certain age requirements are allowed to make catch-up elective deferrals. Participants are also allowed to make rollover contributions to the Plan.

The Company may make discretionary matching contributions to the Plan as a percentage of participants' elective salary deferral contributions, as determined annually by the Board of Directors of the Company. Discretionary matching contributions were \$402,079 for the year ended September 30, 2022. The Company may also elect to make discretionary profit-sharing contributions as determined annually by the Board of Directors of the Company. There were no discretionary profit-sharing contributions for the year ended September 30, 2022.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's contributions and plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via Empower Retirement, LLC's ("Empower") website where they have the ability to change their elective deferrals and investment options, as well as apply for participant notes receivable and request distributions.

Investment options - Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. Participants may change their investment options online daily.

Vesting of benefits - Participants are immediately 100% vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. Participants are 100% vested after three years of credited service for employer discretionary contributions. In addition, a participant will be considered 100% vested if they die as an active employee or if a participant retires on or after their normal retirement date.

Forfeitures - Non-vested benefits of participants of the Plan who incur a one-year break in service are considered forfeited. If a participant returns to employment with the Company prior to incurring five consecutive one-year breaks in service, the forfeited amount will be restored. These accounts can be used to reduce future discretionary employer contributions or pay administrative expenses, which is at the discretion of the Board of Directors. Forfeited non-vested accounts totaled \$40,007 as of September 30, 2022.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the vested value of his or her account. Participants may also elect to rollover funds into another qualified plan or individual retirement account. Additionally, participants are permitted to make in-service withdrawals of account balances from the Plan. To qualify for this type of withdrawal, the participant must have attained the age of fifty-nine and one-half and/or must meet certain criteria for a hardship withdrawal, see below under hardship withdrawals.

Notes receivable from participants - Participants may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance from their accounts. The notes bear interest at a rate based on prevailing interest rates charged by financial institutions under similar terms at the date of issuance; however, the rate can be changed at the discretion of the plan administrator. The interest rates on outstanding loans ranged from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions. The term of the repayment period cannot exceed five years, except if the loan is used to acquire a residence, then the repayment period may be extended beyond five years. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on their outstanding notes as required under the plan document. Deemed distributions were \$10,325, which are reported as part of benefit payments for the year ended September 30, 2022.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships, as defined by the plan document. Any hardship withdrawals are limited to the amount necessary to meet the financial need and must be approved by the plan administrator.

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the plan document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns (inflation) and international conflicts, respectively. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Investment valuation and income recognition - Investments held by the Plan consist of pooled separate accounts, which are valued at net asset value (NAV) as a practical expedient as reported by Massachusetts Mutual Life Insurance Company ("MassMutual"), the sponsor of the funds; see below. All investment values and investment transactions have been determined and certified by ELAINY, (see Note 3). Purchases and sales of securities are recorded on a trade-date basis. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year and interest and dividends earned. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date

Pooled separate accounts invest primarily in equities, bonds, real estate, and mutual funds, which are mainly publicly traded securities. Pooled separate accounts are valued at NAV per share, which serves as a practical expedient to estimate their fair value. The NAV of each pooled separate account is not publicly quoted in the active markets. Each pooled separate account can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on these investments as of September 30, 2022 and 2021. The investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

The Plan's investments in the pooled separate accounts include certain MassMutual select funds, premier funds and target date funds. The premier funds seek to achieve as high a total rate of real return on an annual basis as is considered consistent with prudent investment risk and the preservation of capital by investing in a diversified portfolio of investment grade fixed income and high yield debt and related securities. The select funds seek to achieve long-term growth of capital by investing primarily in equity securities. The target date funds seek total return through asset allocation, which is designed to become more conservative over time. As these funds approach and pass the target retirement date, the fund's objective will shift to seeking current income and some capital appreciation.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed ninety days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balances that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible notes receivable from participants becomes material. If a participant defaults on a note receivable and distribution from the participant's account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statement of changes in net assets available for benefits and deducted from the receivable balance.

Economic dependency and concentration of credit risk - All plan investments are held by MassMutual as of September 30, 2022 and 2021, respectively. Accordingly, the Plan is dependent upon the financial condition of this company.

Excess contributions payable - Excess contributions payable represent excess employee salary deferral contributions owed to certain participants in order to satisfy the relevant nondiscrimination provisions of the Plan. The excess employee contributions ("corrective distributions") are returned to the affected participants subsequent to year end. Corrective distributions amounted to \$247 for the year ended September 30, 2022, (see Note 6).

Payment of benefits - Benefits are recorded when paid.

Administrative costs - Administrative costs, including maintaining participants' accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the Company may pay for such expenses or reimburse the Plan for any payment of these expenses. Costs of managing the investments are paid directly out of the Plan's assets, (see Note 4).

Subsequent events - In July 2023, the Plan was amended and restated in July 2023 to comply with current required Internal Revenue Service rules and regulations. Management has evaluated subsequent events through July 10, 2023, the date that the financial statements were available for issue.

Note 3 - Information certified by the Trustee of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held and net appreciation (depreciation) in investments, interest and dividends, and interest received on notes receivable from participants, was obtained by management and agreed to or derived from information certified as complete and accurate by ELAINY, the Custodian of the Plan. Accordingly, ELAINY has certified that the information included in the accompanying financial statements as of and for the year ended September 30, 2022, and supplemental schedule as of September 30, 2022, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4 - Related party transactions

The Plan's investments are pooled separate accounts that are managed by MassMutual. Fees paid for these services qualify as party-in-interest transactions and are included in the net depreciation in investments on the accompanying statement of changes in net assets available for benefits.

The Plan contracts with Empower to provide recordkeeping and third-party administrative services, which qualify as party-in-interest transactions. The fees paid by the Plan for these services amounted to \$5,775 for the year ended September 30, 2022.

Note 5 - Tax status of the Plan

The Internal Revenue Service has determined and informed the Company that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "Code"). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's trustees believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and/or interest for the year ended September 30, 2022. The Plan is no longer subject to regulatory examinations by tax authorities for the closed tax years before 2019.

Note 6 - Reconciliations of the financial statements to Form 5500

Corrective distributions are recorded in the financial statements in the plan year that the excess contributions are received (see Note 2). Corrective distributions are recorded on Form 5500 in the plan year that they are paid.
