INDEPENDENT AUDITORS' REPORT

Plan Administrator
Advisor 401(k) Retirement Plan
St. Paul, Minnesota

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Advisor 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Advisor 401(k) Retirement Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Advisor 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Advisor 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

CLA (CliftonLarsonAllen LLP) is an independent network member of CLA Global. See CLAglobal.com/disclaimer.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Advisor 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Advisor 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Plan Description

The following brief description of Advisor 401(k) Retirement Plan (the Plan) is provided for general informational purposes. Participants should refer to the Plan document for more complete information. The Plan, although not subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA), operates in compliance with ERISA.

The Plan is a defined contribution savings and retirement plan sponsored by Minnesota Life Insurance Company (the Company) for the benefit of its agents. Active agents who were at least 21 years old were eligible to make salary reduction contributions and receive employer matching contributions.

The Plan allows Plan participants to elect to voluntarily contribute from their compensation an amount up to the maximum allowed by law which was limited to $20,500 in 2022 and $19,500 in 2021. Participants are 100% vested in their voluntary contributions.

The Plan allows the Company to make a matching contribution on behalf of each eligible active Plan participant. The matching contribution will be contributed on a per pay period basis equal to 100% of the participant's voluntary contributions not to exceed 3% of the participant's compensation and 50% of the participant's voluntary contributions that exceed 3% but do not exceed 5% of the participant's compensation. Participant's compensation represents total compensation paid to the participant by the Company including contributions provided to the agent pursuant to a salary reduction agreement. Matching contributions are 100% vested and non-forfeitable at all times.

Participants may elect to make Roth Salary Savings (Roth(k)) contributions in addition to or in place of traditional 401(k) contributions. The Roth(k) contributions will be separately accounted for, as will gains and losses attributable to those Roth(k) contributions, in a Roth(k) account. Participants are 100% vested in their voluntary contributions.

Plan earnings and administrative expenses are allocated to participants' accounts based on account balances.

The Plan allows for rollover transfers to be made to the Plan by participants with the consent of the Company. These rollover transfers are lump-sum distributions from other tax-qualified plans of previous employers that participants elect to have invested in the Plan within sixty days of receipt.

Contributions are automatically deferred and/or distributed as provided by the Plan upon retirement, disability, or termination of employment of a participant. Plan participants may elect to withdraw vested amounts if the participant has attained age 60 within ten years of vesting services or has attained age 55 with fifteen years of vesting service.

Forfeitures are used to reduce employer matching contributions and management fees and other plan expenses. Forfeiture amounts used during 2022 and 2021 were $0 and $4,096, respectively. Unallocated forfeiture account balances at December 31, 2022 and 2021 were $0 and $0, respectively.

Participants may request a loan not to exceed the lesser of the participant's deferral and rollover balance and such participant's Roth salary reductions contributions or rollover accounts, 50% of the participant's vested balance or $50,000. The minimum loan amount is $1,000 for 2022 and 2021, respectively. All new loans (including refinances) will incur a one-time fee of $150. Interest charges on such loans are calculated monthly by averaging CD rates available at local financial institutions, which ranged from 4.62% to 6.10% in 2022 and 4.58% to 4.62% in 2021. Principal and interest are paid ratably by monthly payroll deductions or other methods of payments. Participants' loans are referred to as notes receivable from participants in the statement of net assets available for benefits.

(Continued)

(1) Plan Description (Continued)

The Company has expressed an intent to terminate the Plan Upon the termination date of the Plan, all participants would become 100% vested in benefits earned. Upon settlement of any outstanding obligations and allocated forfeited amounts, the assets of the terminated Plan would be distributed to the participants or transferred to another qualified Plan.

(2) Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on an accrual basis in accordance with U.S. generally accepted accounting principles (GAAP). GAAP requires management to make certain estimates and assumptions that affect reported amounts of net assets available for benefits and changes therein and disclosure of contingent net assets and liabilities at the date of the financial statements. Actual results could vary from those estimates.

Plan Assets

Assets of the Plan are deposited under a group annuity contract with the Company. The deposits are maintained in either the general account or in pooled separate accounts of the Company.

Deposits in the general account are non benefit-responsive and are stated at cost plus accrued interest, which represents fair value. Pooled separate account deposits are stated at the underlying fair value of the pooled separate account investments, which consist primarily of mutual funds, fixed maturity securities, equity securities and cash and cash equivalents. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Purchases, transfers, and withdrawals of units of the pooled separate accounts are based on the fair value of the accounts at the date of purchase, transfer, or withdrawal. Purchases and sales of securities are recorded on a trade date basis.

Net appreciation (depreciation) of pooled separate accounts is comprised of realized gains (losses) on sales of separate account investments and changes in unrealized appreciation (depreciation) in the fair value of separate account investments based on published security prices.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as taxable distributions based upon the terms of the Plan Document. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, a taxable distribution is recorded.

Administrative Expenses

A portion of the administrative expenses of the Plan were paid by the Company.

Benefit Payments

Benefits are recorded when paid.

(Continued)

(2) Summary of Significant Accounting Policies (Continued)

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through July 06, 2023, the date the financial statements were available to be issued.

(3) Risks

The Plan's financial statements are based on estimates and assumptions that are subject to significant business and economic risks and uncertainties, many of which are beyond management's control or are subject to change. As such, actual results could differ from the estimates used in the Plan's financial statements and the value of the Plan's investments and net assets available for benefits could be adversely affected. The following risks and uncertainties, among others, may have such an effect:

- Economic environment and capital markets-related risks such as those related to interest rates, equity markets and credit spreads.
- Investment-related risks such as those related to valuation.
- Business and operational-related risks such as those related to cyber or other information security, fraud, and overall risk management.
- Catastrophic and pandemic event-related risks that may impact volatility in financial markets and economic activity, and operations.
- Regulatory and legal risks such as those related to changes in tax, fiscal and other legislation, the regulatory environment impact to the Plan and accounting standards.

Management actively monitors and manages risks and uncertainties through a variety of policies and procedures in an effort to mitigate or minimize the adverse impact of any exposures impacting the Plan's financial statements.

(4) Fair Value of Financial Instruments

The fair value of the Plan's financial assets and financial liabilities has been determined by the Company using available market information as of December 31, 2022 and 2021. Although the Company is not aware of any factors that would significantly affect the fair value of financial assets and financial liabilities, such amounts have not been comprehensively revalued since those dates. Therefore, estimates of fair value subsequent to the valuation dates may differ significantly from the amounts presented herein. Considerable judgment is required to interpret market data to develop the estimates of fair value. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

(4) Fair Value of Financial Instruments (Continued)

Financial Assets and Financial Liabilities Reported at Fair Value

For reporting purposes, current value is equal to fair value.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (exit price) in an orderly transaction between market participants at the measurement date. In determining fair value, the Company primarily uses the market approach which utilizes prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. To a lesser extent, the Company also uses the income approach which uses discounted cash flows to determine fair value. When applying either approach, the Company maximizes the use of observable inputs and minimizes the use of unobservable inputs. Observable inputs reflect the assumptions market participants would use in valuing a financial instrument based on market data obtained from sources independent of the Company. Unobservable inputs reflect the Company's estimates about the assumptions market participants would use in valuing financial assets and financial liabilities based on the best information available in the circumstances.

The Plan is required to categorize its financial assets and financial liabilities recorded in the statements of net assets available for benefits according to a three-level hierarchy. A level is assigned to each financial asset and financial liability based on the lowest level input that is significant to the fair value measurement in its entirety. The levels of fair value hierarchy are as follows:

Level 1 – Fair value is based on unadjusted quoted prices for identical assets or liabilities in an active market.

Level 2 – Fair value is based on significant inputs, other than quoted prices included in Level 1, that are observable in active markets for identical or similar assets and liabilities.

Level 3 – Fair value is based on at least one or more significant unobservable inputs. These inputs reflect the Company's assumptions about the inputs market participants would use in pricing the assets or liabilities.

The Company uses prices and inputs that are current as of the measurement date. In periods of market disruption, the ability to observe prices and inputs may be reduced, which could cause an asset or liability to be reclassified to a lower level.

Refer to note 2 Summary of Significant Accounting Policies for additional information on techniques used to measure fair value and any changes in those techniques during 2022.

The following table summarizes the Plan's financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	$ —	$ 119,324,134	$ —	$ 119,324,134
Investment in general account	—	—	8,147,593	8,147,593
Total financial assets	$ —	$ 119,324,134	$ 8,147,593	$ 127,471,727

(Continued)

(4) Fair Value of Financial Instruments (Continued)

Financial Assets and Financial Liabilities Reported at Fair Value (Continued)

The following table summarizes the Plan's financial assets and financial liabilities measured at fair value on a recurring basis as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Investment in pooled separate accounts	$ —	$ 148,568,336	$ —	$ 148,568,336
Investment in general account	—	—	9,112,379	9,112,379
Total financial assets	$ —	$ 148,568,336	$ 9,112,379	$ 157,680,715

Investments in pooled separate accounts

Investments in pooled separate accounts are stated at the corresponding unit value of the pooled separate account. The estimated fair value of pooled separate accounts are based on the fair value of the underlying assets owned by the pooled separate account and are generally based on observable inputs. Assets within the pooled separate accounts include: mutual funds, fixed maturity securities, equity securities and cash and cash equivalents.

Investment in general account

Deposits in the general account are stated at cost plus accrued interest, which represents fair value. These assets principally consist of fixed maturity securities, commercial mortgage loans and equity securities and are classified as Level 3.

The following table provides the purchases and issuances during the year ended December 31, 2022:

	Purchases	Issuances
Investment in general account	$ 394,643	$ —

The following table provides the purchases and issuances during the year ended December 31, 2021:

	Purchases	Issuances
Investment in general account	$ 557,988	$ —

There were no transfers in to or out of Level 3 for the years ended December 31, 2022 and 2021.

The Plan did not have any financial liabilities that would be required to be measured at fair value.

The Plan did not have any financial assets or liabilities reported at fair value on a nonrecurring basis that are required to be disclosed.

(4) Fair Value of Financial Instruments (Continued)

Quantitative Information Regarding Level 3 Assets and Liabilities

The following table provides a summary of the significant unobservable inputs used in the fair value measurements developed by the Company or reasonably available to the Company of Level 3 assets:

	December 31, 2022	December 31, 2021
Level 3 instrument	Investment in general account	Investment in general account
Fair value	$8,147,593	$9,112,379
Valuation technique	Discounted cash flow	Discounted cash flow
Unobservable input	Crediting rate (1)	Crediting rate (1)

(1) The crediting rate represents average renewal market rates applied to new funds deposited as well as expected rollover rate and an average withdrawal factor.

(5) Party-In-Interest Transactions

Transactions resulting in Plan assets being transferred to or used by a party-in-interest are prohibited under ERISA unless a specific exemption applies. The Company is a party-in-interest as defined by ERISA and receives deposits under the Plan in accordance with the group annuity contract issued to the Plan Trustees. These transactions are covered by an exemption from the “prohibited transactions” provisions of ERISA and the Internal Revenue Code (the Code).

The Company charged the Plan contract management fees and other plan expenses of $36,989 and $42,261 for the years ended December 31, 2022 and 2021, respectively.

(6) Federal Income Taxes

The Plan has adopted a prototype plan that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that the Plan is designed in compliance with the applicable sections of the Code. The Plan has been amended since receiving the opinion letter. However, the Plan sponsor and the Plan’s legal counsel believe the Plan is being operated in compliance with the applicable provisions of the Code. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Reconciliation to Form 5500

The accompanying financial statement amounts differ from Form 5500 as filed with the Department of Labor as follows:
