Independent Auditor's Report

Administrative Committee
Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i)-schedule of assets (held at end of year), as of September 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 3, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees of Alaskan Copper Companies, Inc. (the Company), a subsidiary of Alco Investment Company. Employees who complete at least 1,000 hours of service during a consecutive 12-month period following the date of their employment and are not covered by a collective bargaining agreement are eligible to participate in the Plan. Employees are enrolled on two enrollment dates annually (April 1st and October 1st). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions: Each year, the Company shall contribute the lesser of 7.5% of its net profits, as defined, or 15% of participants' compensation to the Plan. The Company has discretion to contribute additional amounts to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with allocations of Company contributions, forfeitures of terminated participants' nonvested accounts, and Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. All investments, with the exception of the Principal Preservation option-money market fund, are nonparticipant-directed.

Vesting: Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested on a graded scale after six years of credited service. Participants who reach normal or early retirement age, become disabled, or die become 100% vested regardless of the vesting schedule.

Payment of benefits: On termination of service due to death, disability or retirement, participants or their designated beneficiaries may elect to receive the vested value of their accounts either in a lump-sum payment or in equal annual installments over two to nine years. Account balances less than \$5,000 will be paid in a lump-sum payment.

In the event of death of a participant before their retirement benefit commences, the participant becomes vested in any unvested balances, and 100% of the participant's account balance will be paid to the named beneficiary. If a participant becomes permanently disabled while a Company employee, 100% of their account will become vested and be distributed in the same manner as if the participant had retired.

Forfeited accounts: Forfeited balances of participants' nonvested accounts can be used to pay plan expenses, reduce employer contributions, and then are allocated to each participant's account based on the ratio of the participant's eligible compensation to total eligible compensation for the Plan year. At September 30, 2022 and 2021, forfeited nonvested accounts totaled \$39,757 and \$16,298, respectively, and all were allocated to participant accounts after the Plan year-end.

Principal Preservation option—money market fund: Participants who have reached the age of 55 may elect to have a portion of their account balances transferred to the Principal Preservation option (the Fund). The Fund is currently invested in the Fidelity Treasury Only Money Market.

Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Participants may direct a percentage of their account balance to the Fund based on the schedule as follows:

Age attained during the Plan year	55	56	57	58	59	60	61	62
Maximum percent directed to the Fund	10%	20%	30%	40%	50%	60%	70%	100%

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's advisers. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through July 10, 2023, the date that the financial statements were available to be issued.

Effective October 3, 2022, the Plan amended provisions surrounding enrollment and investment direction. The prior restricted enrollment dates (April 1st and October 1st) have been eliminated to allow for next day enrollment upon meeting eligibility requirements. The prior restrictions on investment direction to the Fund outlined in Note 1, aside from the age (55) restriction have been eliminated. The new provisions allow participants over the age of 55, to modify without restriction during the year, the allocation of their own investments in the Plan between the Fund and their designated mutual fund investment, determined based on their age.

Note 3. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the asset information as of September 30, 2022 and 2021, and for the year ended September 30, 2022, included throughout the Plan's financial statements and supplemental schedule, which was prepared or derived from information provided by Fidelity Management Trust Company (the trustee) and furnished to the Plan Administrator.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Continued)

The Plan Administrator has obtained the certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is to the best of its knowledge complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the assets held by the trustee of the Plan's assets, except for comparing the certified information to the information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

The following information was certified by the Plan trustee as of September 30:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 25,460,155	\$ 32,229,350
Money market fund	5,303,488	5,331,775
Total certified assets	<u>\$ 30,763,643</u>	<u>\$ 37,561,125</u>

The Plan's trustee also certified the completeness and accuracy of \$9,171,645 of net depreciation in fair value of investments and \$4,233,095 of interest and dividends for the year ended September 30, 2022, including gains and losses on investments bought and sold.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methods used to value investments as of September 30, 2022. The fair values of the Plan investments were all valued using Level 1 inputs within the fair value hierarchy at September 30, 2022.

Note 4. Fair Value Measurements (Continued)

Mutual funds and money market fund: Mutual funds and the money market fund are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 25,460,155	\$ -	\$ -	\$ 25,460,155
Principal Preservation option—money market fund	5,303,488	-	-	5,303,488
Total investments at fair value	<u>\$ 30,763,643</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 30,763,643</u>
	2021

Total investments at fair value	<u>\$ 37,561,125</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 37,561,125</u>

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee and record keeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid for investment management services are included in net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions.

Note 7. Tax Status

The plan is qualified under the appropriate section of the Internal Revenue Code (IRC) and intends to continue as a qualified plan. The IRS has determined and informed the Plan Sponsor, by a letter dated June 30, 2020, that the Plan, as designed, is qualified under the appropriate section(s) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

Note 9. Nonparticipant-Directed Investments

Nonparticipant-directed investments consist of the mutual funds held in the Plan. Information about the net assets and the significant components of the changes in net assets available for benefits relating to the nonparticipant-directed investments is as follows:

Administrative Committee
Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of the Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2022 financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4(i)-schedule of assets (held at end of year), as of September 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated June 3, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to Financial Statements

Note 1. Description of the Plan

The following description of the Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees of Alaskan Copper Companies, Inc. (the Company), a subsidiary of Alco Investment Company. Employees who complete at least 1,000 hours of service during a consecutive 12-month period following the date of their employment and are not covered by a collective bargaining agreement are eligible to participate in the Plan. Employees are enrolled on two enrollment dates annually (April 1st and October 1st). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Administrative Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions: Each year, the Company shall contribute the lesser of 7.5% of its net profits, as defined, or 15% of participants' compensation to the Plan. The Company has discretion to contribute additional amounts to the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with allocations of Company contributions, forfeitures of terminated participants' nonvested accounts, and Plan earnings and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. All investments, with the exception of the Principal Preservation option-money market fund, are nonparticipant-directed.

Vesting: Vesting in the Company's contributions is based on years of continuous service. A participant is 100% vested on a graded scale after six years of credited service. Participants who reach normal or early retirement age, become disabled, or die become 100% vested regardless of the vesting schedule.

Payment of benefits: On termination of service due to death, disability or retirement, participants or their designated beneficiaries may elect to receive the vested value of their accounts either in a lump-sum payment or in equal annual installments over two to nine years. Account balances less than \$5,000 will be paid in a lump-sum payment.

In the event of death of a participant before their retirement benefit commences, the participant becomes vested in any unvested balances, and 100% of the participant's account balance will be paid to the named beneficiary. If a participant becomes permanently disabled while a Company employee, 100% of their account will become vested and be distributed in the same manner as if the participant had retired.

Forfeited accounts: Forfeited balances of participants' nonvested accounts can be used to pay plan expenses, reduce employer contributions, and then are allocated to each participant's account based on the ratio of the participant's eligible compensation to total eligible compensation for the Plan year. At September 30, 2022 and 2021, forfeited nonvested accounts totaled \$39,757 and \$16,298, respectively, and all were allocated to participant accounts after the Plan year-end.

Principal Preservation option—money market fund: Participants who have reached the age of 55 may elect to have a portion of their account balances transferred to the Principal Preservation option (the Fund). The Fund is currently invested in the Fidelity Treasury Only Money Market.

Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Description of the Plan (Continued)

Participants may direct a percentage of their account balance to the Fund based on the schedule as follows:

Age attained during the Plan year	55	56	57	58	59	60	61	62
Maximum percent directed to the Fund	10%	20%	30%	40%	50%	60%	70%	100%

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting under accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Administrative Committee determines the Plan's valuation policies utilizing information provided by the Plan's advisers. Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Investment-related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events through July 10, 2023, the date that the financial statements were available to be issued.

Effective October 3, 2022, the Plan amended provisions surrounding enrollment and investment direction. The prior restricted enrollment dates (April 1st and October 1st) have been eliminated to allow for next day enrollment upon meeting eligibility requirements. The prior restrictions on investment direction to the Fund outlined in Note 1, aside from the age (55) restriction have been eliminated. The new provisions allow participants over the age of 55, to modify without restriction during the year, the allocation of their own investments in the Plan between the Fund and their designated mutual fund investment, determined based on their age.

Note 3. Information Certified or Provided by Fidelity Management Trust Company

The following is a summary of the asset information as of September 30, 2022 and 2021, and for the year ended September 30, 2022, included throughout the Plan's financial statements and supplemental schedule, which was prepared or derived from information provided by Fidelity Management Trust Company (the trustee) and furnished to the Plan Administrator.

Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Continued)

The Plan Administrator has obtained the certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is to the best of its knowledge complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the assets held by the trustee of the Plan's assets, except for comparing the certified information to the information included in the Plan's financial statements and supplemental schedule of assets (held at end of year).

The following information was certified by the Plan trustee as of September 30:

	2022	2021
Investments at fair value:		
Mutual funds	\$ 25,460,155	\$ 32,229,350
Money market fund	5,303,488	5,331,775
Total certified assets	<u>\$ 30,763,643</u>	<u>\$ 37,561,125</u>

The Plan's trustee also certified the completeness and accuracy of \$9,171,645 of net depreciation in fair value of investments and \$4,233,095 of interest and dividends for the year ended September 30, 2022, including gains and losses on investments bought and sold.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methods used to value investments as of September 30, 2022. The fair values of the Plan investments were all valued using Level 1 inputs within the fair value hierarchy at September 30, 2022.

Alaskan Copper Companies, Inc. Profit Sharing Plan and Trust

Note 4. Fair Value Measurements (Continued)

Mutual funds and money market fund: Mutual funds and the money market fund are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of September 30:

Mutual funds	\$ 25,460,155	\$ -	\$ -	\$ 25,460,155

Note 5. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee and record keeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid for investment management services are included in net depreciation in fair value of investments on the statement of changes in net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in any employer contributions.

Note 7. Tax Status

The plan is qualified under the appropriate section of the Internal Revenue Code (IRC) and intends to continue as a qualified plan. The IRS has determined and informed the Plan Sponsor, by a letter dated June 30, 2020, that the Plan, as designed, is qualified under the appropriate section(s) of the IRC. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the Plan's investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statement of net assets available for benefits.

Note 9. Nonparticipant-Directed Investments

Nonparticipant-directed investments consist of the mutual funds held in the Plan. Information about the net assets and the significant components of the changes in net assets available for benefits relating to the nonparticipant-directed investments is as follows:
