INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Valley Regional Healthcare Savings and Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Valley Regional Healthcare Savings and Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of September 30, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended September 30, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of September 30, 2022 and 2021, and for the year ended September 30, 2022 stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Restatement of 2021 Financial Statements

As part of our audit of the 2022 financial statements, we also audited the adjustments described in Note 3 that were applied to restate the 2021 financial statements. Based on our audit, we are not aware of any material modifications that should be made to the adjustments that were applied to restate the 2021 financial statements in order for them to be in accordance with U.S. generally accepted accounting principles.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VALLEY REGIONAL HEALTHCARE SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements

September 30, 2022 and 2021

1. Description of Plan

The following description of Valley Regional Healthcare Savings and Retirement Plan (Plan) provides only general information. Participants should refer to the Plan provisions for more information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General

The Plan is a defined contribution plan sponsored by Valley Regional Healthcare, Inc. (Company).

Contributions

The Plan allows participant voluntary contributions of up to the maximum allowed as determined by the Internal Revenue Code (IRC). Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. The Plan provides for a discretionary matching contribution to participants after one year of service. An employee becomes eligible to receive employer matching contributions upon employment commencement date or, if later, upon the next following Plan Entry Date. The Company elected to make a one-time, non-elective 2% discretionary match contribution in 2022. Contributions are subject to certain limitations.

Vesting

Vesting in both participant contributions and the Company's contributions, and the related investment income credited to the participants' accounts, occurs at the time of contribution, with no restrictions.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect the reported amounts and disclosures. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. See Note 9 for discussion of fair value measurement.

VALLEY REGIONAL HEALTHCARE SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements

September 30, 2022 and 2021

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Any active employee may apply for a loan in an amount limited to the lesser of \$50,000 or one-half of the participant's vested interest in their account, with a minimum of \$1,000.

All loans made are considered a directed investment from the account(s) of the participant maintained under the Plan. As such, all payments of principal and interest made by the participant are credited only to the account(s) of such participant. The repayment of existing loans outstanding is received monthly through direct after-tax payroll deduction. Upon termination of employment or withdrawal from the Plan, outstanding notes receivable from participants balances are treated as benefit distributions. Employees may only have two loans outstanding at a time.

Administrative Expenses

Substantially all administrative expenses are paid by the Plan. The Company does pay audit expenses, as well as any expenses associated with plan amendments.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive an amount equal to the value of the participant's account in either a lump-sum amount or in periodic payments. For termination of services due to other reasons, a participant generally receives the value of the vested interest in his or her account as a lump-sum distribution.

Subsequent Events

The Company has considered transactions or events occurring through July 12, 2023, which is the date that the financial statements were available to be issued. The Company has not evaluated subsequent events after that date for inclusion in the financial statements.

3. Restatement

The Plan's financial statements for the year ended September 30, 2021 were restated to properly include the 2021 employer receivable contribution in the Statements of Net Assets Available for Benefits and employer contribution included in the Statement of Changes in Net Assets Available for Benefits. The employer contribution was not previously recognized. The impact of the restatement was an increase in beginning net assets by \$131,120.

VALLEY REGIONAL HEALTHCARE SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements

September 30, 2022 and 2021

4. Income Tax Status

The Plan was adopted effective January 1, 2009, in compliance with certain laws and regulations. The Internal Revenue Service has not yet developed a process to provide determination letters to 403(b) plans, however, the plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

5. Information Prepared and Certified by the Custodian

The investments, investment transactions, net depreciation in fair value of investments, notes receivable from participants and interest and dividends were obtained by management and agreed to or derived from the information certified by Newport Trust Company, the custodian, as complete and accurate. This information is included in the following:

- Statements of Net Assets Available for Benefits
- Statement of Changes in Net Assets Available for Benefits
- Schedule H, line 4i - Schedule of Assets (Held at End of Year)

6. Parties-in-Interest

Fees paid to Newport Trust Company for recordkeeping services amounted to \$73,051 for the year ended September 30, 2022. Newport Trust Company is a third-party administrator as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. In addition, notes receivable from participants transactions are deemed to be party-in-interest transactions.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will continue to be 100% vested in their accounts and be entitled to receive any amount then credited to their account after proportional adjustment of the accounts for all fund expenses, losses, or profits to the date of termination.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

VALLEY REGIONAL HEALTHCARE SAVINGS AND RETIREMENT PLAN

Notes to Financial Statements

September 30, 2022 and 2021

9. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Following is a description of the valuation methodologies used for assets measured at fair value at September 30, 2022 and 2021:

Mutual funds: Valued at the net asset value of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan's assets at fair value as of September 30, 2022 and 2021 were all level 1 in mutual funds and were \$13,218,270 and \$16,261,057 (as restated), respectively.
