Independent Auditors' Report

To the Plan Administrator and Management of
The Arc Tampa Bay, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed the audit of the financial statements of The Arc Tampa Bay, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from qualified institutions as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the 2022 financial statements.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of September 30, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by the qualified institutions. In our report dated June 8, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

THE ARC TAMPA BAY, INC. RETIREMENT PLAN

Notes to Financial Statements

September 30, 2022 and 2021

(1) **Description of Plan**

The following description of The Arc Tampa Bay, Inc. (the “Organization”) Retirement Plan (“Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

(a) **General**

The Plan is a 403(b) custodial account plan as amended in February 2008. At its inception on January 1, 1995, the Plan was established as a 403(b) individual annuity plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The Plan was amended and restated effective October 1, 2019. Additionally, effective October 1, 2019, the custodian of the Plan was changed from Variable Annuity Life Insurance Company (“VALIC”) to Principal Financial Group (“Principal”).

Plan assets are held by Principal and VALIC, which invest contributions and Plan earnings and make distributions to participants. Certain administrative functions are performed by employees of the Organization. No compensation is remitted to the Organization for these services. Certain expenses of maintaining the Plan are paid directly by the Organization and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. The audit fee and other administrative expenses were paid by the Organization in 2022 and 2021. Investment related expenses are included in net depreciation of fair value of investments.

(b) **Eligibility**

Employees may become a participant in the Plan on the first day of their employment if those employees normally work more than 20 hours per week. Participants are eligible to receive employer discretionary matching contributions upon the completion of one year of service if those employees work at least 1,000 hours during the year.

(c) **Contributions**

Each year, participants may contribute up to the IRS maximum of pretax annual compensation, as defined in the Plan. Effective October 1, 2019, the Plan was amended to allow participants to make Roth contributions in addition to pre-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e. rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan may make discretionary matching contributions to eligible participants. The Organization made discretionary matching contributions of \$125,240 for the year ended September 30, 2022, before consideration of any plan forfeitures.

(1) Description of Plan - Continued

(d) Participant Accounts

Each participant's account is credited with the participant's contributions and the Organization's discretionary matching contributions, as well as allocations of Plan earnings. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(e) Vesting

Participant contributions, including rollover contributions, are 100% vested. Employer contributions are vested based on years of service. A six-year graded vesting schedule applies to all matching and non-elective contributions. A participant is 100% vested after six years of credited service based on the following tiered schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear a commercially reasonable interest rate per the Plan document. Principal and interest are paid ratably through bi-weekly payroll deductions.

Effective October 1, 2019, the Plan was amended to no longer allow new loans. Existing loans will be allowed to continue through maturity.

(g) Benefit Payments

Under terms of the Plan, participants are eligible to receive retirement benefits (1) upon actual retirement on or after the participant's normal retirement date, (2) in the event of undue financial hardship, (3) upon termination of employment, (4) upon the death or disability of the participant, or (5) through in-service distributions for participants age 59 ½ years and older.

(1) Description of Plan - Continued

(h) Forfeitures

Non-vested amounts forfeited by participants are retained in the Plan and may be used to reduce future employer contributions. Forfeitures of \$10,552 were netted against employer contributions of \$125,240 for the year ended September 30, 2022 in the accompanying Statement of Changes in Net Assets Available for Benefits. At September 30, 2022 and 2021, forfeited non-vested accounts both totaled \$0.

(i) Hardship Withdrawals

As permitted by the Internal Revenue Code (IRC), a participant may request a financial hardship withdrawal if they experience a severe financial hardship. The financial hardship withdrawal may not exceed the amount of the financial hardship or the value of the vested portion of the participant's balance, whichever is less. Qualifications to receive a hardship distribution are outlined in the Plan's provisions.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The Financial Accounting Standards Board ("FASB") has issued authoritative guidance establishing two levels of accounting principles generally accepted in the United States of America ("GAAP") - authoritative and nonauthoritative - and making the Accounting Standards Codification ("ASC") the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance has been incorporated into ASC Topic 105, *Generally Accepted Accounting Principles*.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes to Financial Statements - Continued

(2) **Summary of Significant Accounting Policies - Continued**

(d) **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2022 or 2021.

(e) **Payment of Benefits**

Benefits are recorded when paid.

(f) **Expenses**

Certain expenses of the Plan are paid by the Organization and are not included in the statement of changes in net assets available for benefits. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

(g) **Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(3) **Information Certified By Custodians**

The Plan Administrator has elected the method of annual reporting compliance, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal and VALIC, the custodians of the Plan, have certified that the following financial information included in the accompanying financial statements and supplemental schedule and the information included in Note 4 are complete and accurate with respect to investments:

- a) Total investments, at fair value and contract value, included in the statements of net assets available for benefits at September 30, 2022 and 2021.
- b) Notes receivable from participants included in the statements of net assets available for benefits at September 30, 2022 and 2021.
- c) Investment income information included in the statement of changes in net assets available for benefits for the year ended September 30, 2022.
- d) Interest income on notes receivable from participants included in the statement of changes in net assets available for benefits for the year ended September 30, 2022.
- e) All information included in the supplemental Schedule of Assets (Held at End of Year) as of September 30, 2022.

THE ARC TAMPA BAY, INC. RETIREMENT PLAN

(4) Fair Value Measurements

The Plan applies ASC 820, *Fair Value Measurement*, which establishes a framework for measuring fair value and expands disclosures about fair value measurements. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Money Market Funds: valued at the quoted net asset value (NAV) of shares held by the Plan at year end. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The money market funds held by the Plan are deemed to be actively traded.

Mutual Funds: valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in different fair value measurements at the reporting date.

THE ARC TAMPA BAY, INC. RETIREMENT PLAN

Notes to Financial Statements - Continued

(4) Fair Value Measurements - Continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2022 and 2021:

Investments at Fair Value as of September 30, 2022				
Description	Assets Measured at Fair Value at September 30, 2022	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Mutual funds	2,549,668	2,549,668	-	-
Total assets at fair value	\$ 2,604,730	2,604,730	-	-

Investments at Fair Value as of September 30, 2021				
Description	Assets Measured at Fair Value at September 30, 2021	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Money market funds	\$ 55,506	55,506	-	-
Mutual funds	3,597,791	3,597,791	-	-
Total assets at fair value	\$ 3,653,297	3,653,297	-	-

(5) Investments Reported At Contract Value

The Plan maintains two group annuity contracts with VALIC that are fully benefit-responsive investment contracts. The contracts contain a fixed account and a short-term fixed account. VALIC maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed account issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed accounts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits. Contract value, as reported to the Plan by VALIC, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

THE ARC TAMPA BAY, INC. RETIREMENT PLAN

Notes to Financial Statements - Continued

(5) Investments Reported At Contract Value - Continued

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. VALIC guarantees at least a 1.50% interest crediting rate per year during the accumulation period (i.e. the time between the date of initial investment and the annuity date for the participant) for the two fixed interest options. The interest rate credited to the short-term fixed account and fixed account plus is on a portfolio basis. On a portfolio basis, all amounts accumulated will be credited with the same rate of interest for the current period. The fixed account is credited with interest at least annually at rates declared by VALIC. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) breach of contract provisions, including the failure of the Plan to meet the requirements of applicable IRS code provisions or (2) complete or partial termination of the Plan. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers that would limit the ability of the Plan to transact at contract value with the participants.

The group annuity contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity dates.

(6) Tax Status

The Plan adopted a volume submitter 403(b) plan, which obtained a favorable opinion letter dated March 31, 2017. The Plan is required to operate in conformity with the Internal Revenue Code to maintain the tax-exempt status for plan participants under Section 403(b). The plan administrator and the Plan's management believe that the Plan is being operated in compliance with the Internal Revenue Code, and as such, no provision for income taxes has been included in the accompanying financial statements.

The plan administrator and the Plan's tax counsel have analyzed the tax positions taken by the Plan and have concluded that as of September 30, 2022, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by tax jurisdictions, however, there are currently no audits for any tax period in progress.

(7) Related Party and Party-in-Interest Transactions

Plan investments have been invested in money market funds and mutual funds managed by Principal and VALIC. Principal and VALIC are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

(8) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(9) Subsequent Events

Management of the Plan evaluated all events or transactions that occurred after September 30, 2022 through July 14, 2023, the date the Plan's financial statements were available to be issued.

E-SIGNATURE AUTHORIZATION

for

The Arc Tampa Bay, Inc. Retirement Plan

59-1056551/001

For Plan Year 10/01/2021 through 09/30/2022

I/We, the undersigned, understand that a 5500 Series filing for the plan listed above must be prepared, electronically signed and electronically transmitted to the EBSA Electronic Filing Acceptance System (EFAST).

I/We authorize BSP Retirement Services to electronically sign the 5500 Series filing on my/our behalf and to transmit that signed form to EFAST on or before the filing due date.

I/We understand that by granting this authority:

- A manually signed and dated Form 5500 that has been provided must be returned to BSP Retirement Services before they can begin the electronic filing process. I/We will retain a copy of this manually signed form and any schedules and attachments in the plan records.
 - BSP Retirement Services will not be responsible for any late filing penalty assessed under ERISA should I/we not return the manually signed and dated Form 5500 prior to the filing due date.
- An electronic copy of the manually signed and dated Form 5500 showing my/our signatures will be included in the electronic filing and will be posted by the EBSA to the Internet for public disclosure.
- BSP Retirement Services will maintain a copy of this written authorization in its records.
- BSP Retirement Services will notify all signers about any inquiries and correspondence it receives about this filing from EFAST, EBSA, IRS or PBGC.
- BSP Retirement Services shall not be deemed to be a plan fiduciary with respect to this plan solely on account of providing the electronic signature and filing of the 5500 for the plan year listed above.
