REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Oakridge School 403(b) TDA Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Oakridge School 403(b) TDA Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Further, as described in Note C to the financial statements, the Plan has excluded from investments in the accompanying statement of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America ("GAAP") require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not, express an opinion on the supplemental schedule.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

A. Description of the Plan

General

The following brief description of the Oakridge School 403(b) TDA Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by The Oakridge School, Inc. (the “Plan Sponsor” or “School”). Participants should refer to the Plan document for more complete information. The School is located in Arlington, Texas.

The Plan, recently amended and restated effective January 1, 2019, is a defined contribution plan available to all employees of the School, except for students performing services for the School and part-time employees. Employees become eligible for employer matching contributions after completing two years of service. Effective on and after July 1, 2019, administrators are eligible for employer matching contributions as of their date of hire and are not required to complete two consecutive years of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the School’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Participants may contribute up to 100% of their pre-tax annual compensation, as defined by the Plan. Contributions are subject to limitations on annual additions imposed by the Internal Revenue Code (the “Code”). Eligible participants may make rollover contributions to the Plan from other qualified plans.

Participants who are eligible to make salary deferral contributions under the Plan and who have attained age 50 before the close of the year may make catch-up contributions in accordance with, and subject to, the limitations imposed by the Code. Additionally, participants who are eligible may make special Code section 403(b) catch-up contributions subject to the limitations imposed by the Code.

The School contributes matching contributions to the Plan equal to 100% of a participant’s elective deferrals up to 5% of their eligible compensation. Participants must work two consecutive years before they are eligible to receive matching contributions. Effective July 1, 2019, any persons hired as administrators shall be eligible to receive matching contributions as of their date of hire and shall not be required to complete the two years of service requirement.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and allocations of: (a) the School’s contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

OAKRIDGE SCHOOL 403(b) TDA PLAN
NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of the Plan – continued

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Participant Loans

Prior to January 1, 2021, loans to participants were made from the Teachers Insurance and Annuity Associations of America (“TIAA”) and College Retirement Equities Fund (“CREF”) (collectively, “TIAA-CREF”), the Plan’s custodian, and are secured by each participant’s individual account balance, which are Plan assets. Loans to participants from TIAA-CREF are not reflected in the accompanying financial statements, as the loan agreements are between the participant and TIAA-CREF. Participants may borrow from their accounts as determined by TIAA-CREF. The loans bear interest at a rate commensurate with local prevailing rates as determined by TIAA-CREF. Principal and interest are paid by the participants directly to TIAA-CREF. Plan assets pledged as collateral on Plan loans as of December 31, 2022 and 2021, were approximately \$63,900 and \$124,500, respectively.

Effective January 1, 2021, participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their account balances. Loan terms range up to five years, or longer for the purchase of a primary residence. The loans are secured by the balance in the participant’s account and bear interest at a rate equal to the Federal Reserve Board Bank Prime Loan Rate at the date of loan origination, plus one percent. As of December 31, 2022, the interest rates range from 4.25% to 7.25%. As of December 31, 2021, the interest rate on all loans was 4.25%. Principal and interest are paid monthly from the participant directly to TIAA-CREF. These participant loans are classified as notes receivable from participants in the accompanying financial statements.

Benefit Payments

Participants withdrawing amounts during the year for reasons of service or disability, retirement, death, or termination are entitled to their account balances. Benefits are distributed in the form of rollovers, lump-sum, or annuity contract payments. Participants may also take partial distributions and installment payments as defined by the Plan document.

Certain in-service withdrawals are allowed. A participant may also elect to withdraw all or a portion of his/her vested account balance while employed after reaching age 59 ½.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

A. Description of the Plan – continued

Benefit Payments – continued

A participant may receive a hardship distribution from elective deferrals and employer contributions held within annuity contracts if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, his/her spouse, dependents, or beneficiary; (2) to purchase, excluding mortgage payments, a principal residence of the participant; (3) for the payment of tuition and education-related expenses for the participant, his/her spouse, dependents, or beneficiary; (4) needed to prevent eviction of the participant from his/her principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for funeral expenses for the participant, his/her spouse, dependents, or beneficiary; or (6) for payments to repair the participant's principal residence that would qualify for a casualty loss deduction under the Code.

Investment Options

Upon enrollment in the Plan, participants may direct their salary deferrals and matching contributions in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the School perform certain administrative functions with no compensation from the Plan. All significant administrative expenses are paid by the Plan Sponsor and are not reflected in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"), except for the contracts excluded under the Department of Labor's ("DOL") Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. See Note C.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

B. Summary of Significant Accounting Policies – continued

Contributions

Contributions from the School and participants are accrued as they become obligations of the School, as determined by the plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

Investment Valuation and Income

The investments of the Plan are stated at fair value as of the end of the year (except for the fully benefit-responsive annuity contract) and are subject to market or credit risks customarily associated with equity investments. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and requires disclosures about assets and liabilities measured at fair value. For information related to the Plan's valuation methodologies, see Note D of these financial statements.

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

C. Excluded Investments and Activity

The Plan has excluded from investments in the accompanying financial statements certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded from the accompanying financial statements. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. GAAP requires these accounts and the related income and distributions to be included in the accompanying financial statements.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

D. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value and requires that the lowest level input be used. The three levels defined are as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- The investments in the mutual funds consist of investments in equity securities, fixed-income instruments, and short-term investments in accordance with each portfolio's investment objectives. The investments are valued using market quotations or prices obtained from independent pricing sources with various pricing methods to value the investments including matrix pricing. The fair value is based on the Net Asset Value ("NAV") as of the close of each business day. These investments are classified within Level 1 or 2 of the valuation hierarchy based on whether the investment is actively traded. There are no significant restrictions on redeeming these investments at NAV.
- The money market fund is valued based on the short-term cash component as of the measurement date and classified within Level 1 of the valuation hierarchy.
- The non-benefit-responsive portion of the TIAA Traditional Annuity Contract is measured based on information reported by TIAA using credit ratings of the underlying portfolio based on insurance contracts. The contract is classified within Level 3 of the valuation hierarchy.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

D. Fair Value Measurements – continued

- The pooled separate account invests in real estate and real estate-related investments. The value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued using external appraisals, which are estimates of property values based on a professional's opinion. The fair value is based on the NAV as of the close of each business day which can be found on active markets. This investment is classified within Level 1 of the valuation hierarchy. There are no significant restrictions on redeeming these investments at NAV.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following tables detail the Plan's investments at fair value by level, within the fair value hierarchy, as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$10,289,340	\$ 2,941,437	\$ -	\$13,230,777
Money market fund	955,356	-	-	955,356
Pooled separate account	905,345	-	-	905,345
Non-benefit-responsive annuity contract	-	-	2,438,949	2,438,949
Total investments, at fair value	<u>\$12,150,041</u>	<u>\$ 2,941,437</u>	<u>\$ 2,438,949</u>	<u>\$17,530,427</u>

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$15,024,760	\$ 3,585,293	\$ -	\$18,610,053
Money market fund	862,543	-	-	862,543
Pooled separate account	947,549	-	-	947,549
Non-benefit-responsive annuity contract	-	-	2,301,548	2,301,548
Total investments, at fair value	<u>\$16,834,852</u>	<u>\$ 3,585,293</u>	<u>\$ 2,301,548</u>	<u>\$22,721,693</u>

The investments are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgement and may affect the placement of assets and liabilities within the levels of the fair value hierarchy. For the years ended December 31, 2022 and 2021, there were no significant transfers between levels.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

D. Fair Value Measurements – continued

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions of model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The table below sets forth a summary of certain changes in the fair value of the Plan's Level 3 assets for the years ended December 31:

<u>Non-benefit-responsive annuity contract</u>	<u>2022</u>	<u>2021</u>
Contributions	\$ 62,545	\$ 64,275
Distributions	(115,188)	(145,542)
Transfers in (out)	96,305	(76,564)

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2022 and 2021, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

<u>Instrument</u>	<u>Fair Value 12/31/2022</u>	<u>Fair Value 12/31/2021</u>	<u>Principal Valuation Technique</u>	<u>Significant Unobservable Inputs</u>
Non benefit-responsive TIAA	\$ 2,438,949	\$ 2,301,548	Discounted cash flow	Risk-adjusted discount rate applied
Traditional Annuity			Theoretical transfer (exit value)	

E. Investments

A portion of the Plan's investments consists of a group of variable annuities under TIAA-CREF, which consists of various investment portfolios. These investments are classified as mutual funds within the Plan's financial statements and Form 5500. Shareholders of these investments are locked out of the accounts for 90 days if a purchase, sale, and repurchase within that account is made within a 60-day period, except for the CREF Money Market Fund.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

E. Investments – continued

The TIAA Traditional Annuity Contract investment is a fixed-dollar annuity contract that is fully and unconditionally guaranteed by TIAA, a New York domiciled non-profit legal reserve life insurance company. It is credited with Plan contributions and earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by TIAA. The minimum guaranteed interest rate varies by contract and depends on the date the contract was established for a participant's account. Accounts generally have a minimum guaranteed interest rate of 3%, but some contracts are between 1% and 3%. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees. The annuity is reported at contract value for the fully benefit-responsive portion of the TIAA Traditional Annuity Contract. Contract value is the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any.

TIAA has evaluated the presentation for the TIAA Traditional Annuity Contract for the portion that TIAA considers to be fully benefit-responsive based on GAAP guidance, and the value has been allocated as follows:

	<u>2022</u>	<u>2021</u>
Non-benefit-responsive	\$ 2,438,949	\$ 2,301,548
Fully benefit-responsive	<u>727,411</u>	<u>800,726</u>
Total	<u><u>\$ 3,166,360</u></u>	<u><u>\$ 3,102,274</u></u>

Certain contract types contain liquidity restrictions on redemptions from the fixed-dollar annuity contract, which could impact the value realized upon exiting the contract. Certain contracts do not allow lump-sum cash withdrawals, and transfers must be spread over a period of 7 or 10 annual installments.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also limit the ability of the Plan to transact at contract value with the participants. The TIAA Traditional Annuity Contract investment is comprised of traditional investment contracts.

The Plan also invests in the TIAA Real Estate Account, which is an insurance company separate account of TIAA, which primarily invests in real estate and real estate-related investments. This investment is a pooled separate account. The investment restricts transfers out of the account to one time per calendar year quarter.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS *(continued)*

F. Nonparticipant-Directed Investments

Loans to participants that were made from TIAA-CREF and are secured by the participants' individual account balances, are Plan assets. If a loan defaults, then TIAA-CREF will transfer a portion of the participant's account balance equal to the defaulted loan balance into the TIAA Traditional Annuity Contract. Interest accrues on defaulted loan balances at a rate equal to the interest rate agreed upon in the respective loan agreement.

If a distributable event for the participant occurs (as stated in the Plan document), then the defaulted loan amount plus accrued interest will be distributed out of the Plan. Participants have the option to repay the defaulted loan balance plus accrued interest back to TIAA-CREF before a distributable event occurs to prevent the defaulted loan balance plus accrued interest from being distributed out of the Plan.

The investment balances residing in the TIAA Traditional Annuity Contract related to defaulted loans are considered nonparticipant-directed investments. Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investments is as follows:

	December 31,	
	2022	2021
Investments:		
Investments, at fair value	\$ 69,361	\$ 66,629
	<u>\$ 69,361</u>	<u>\$ 66,629</u>
	Year Ended December 31,	
	2022	2021
Changes in nonparticipant-directed investments:		
Investment income	\$ 2,802	\$ 2,620
Benefits paid to participants	(70)	-
	<u>\$ 2,732</u>	<u>\$ 2,620</u>

G. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA-CREF, the custodian of the Plan.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

H. Tax Status

Effective January 1, 2019, the Plan was amended and restated by the adoption of the TIAA ERISA 403(b) Volume Submitter Plan, which has a favorable advisory letter from the Internal Revenue Service (“IRS”) dated August 7, 2017. This advisory letter states that the form of the volume submitter 403(b) plan is acceptable under Section 403(b) of the Code.

The Plan may rely on this letter with respect to the qualification of the Plan under Code Section 403(b) with certain limitations. The Plan has been amended since receiving the advisory letter.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes that the Plan is operating in accordance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities were tax exempt as of the financial statement date.

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA.

J. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in units of mutual funds, a money market account, annuity contracts, and a pooled separate account, which are managed by TIAA-CREF, which acts as custodian for the Plan. Transactions in such investments, as well as loans made to participants, qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. These transactions are party-in-interest transactions under ERISA.

OAKRIDGE SCHOOL 403(b) TDA PLAN

NOTES TO FINANCIAL STATEMENTS (*continued*)

K. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

L. Subsequent Events

In preparing the Plan's financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through July 13, 2023, the date the financial statements were available for issuance.
