The Retirement Committee
Tetra Tech, Inc. and Subsidiaries Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tetra Tech, Inc. and Subsidiaries Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tetra Tech, Inc. and Subsidiaries Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tetra Tech, Inc. and Subsidiaries Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of Tetra Tech, Inc. and Subsidiaries Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tetra Tech, Inc. and Subsidiaries Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions as of and for the year ended September 30, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of Tetra Tech, Inc. and Subsidiaries Retirement Plan. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by a qualified institution. In our report dated July 13, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Tetra Tech, Inc. and Subsidiaries Retirement Plan

Notes to Financial Statements

Note 1 – Description of Plan

General – The following description of the Tetra Tech, Inc. and Subsidiaries Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan Document for a complete description of the Plan’s provisions. The Plan is intended to qualify as a profit-sharing plan under Section 401(a) and as a cash or deferred arrangement under Section 401(k) of the Internal Revenue Code (IRC). The Plan covers the employees of Tetra Tech, Inc. and some of its subsidiaries (collectively, the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan mergers – Effective October 1, 2021, the BlueWater Federal Solutions, Inc. 401(k) Plan was merged into the Plan. Effective December 1, 2021, the Management Systems International 401(k) Profit Sharing Plan (“MSI Plan”) was merged into the Plan. Effective December 15, 2021, the Segue Technologies, Inc. 401(k) Plan was merged into the Plan. Effective August 5, 2022, the Axion Retirement Plan was merged into the Plan. Approximately \$89 Million was transferred into the plan based on above mergers.

Administration of plan assets – The Plan is administered by a committee appointed by the Company’s Board of Directors. This committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. The Plan’s recordkeeper and trustee is Principal Life Insurance Company and Principal Trust Company.

Eligibility – Each employee of a participating operation who has completed at least 30 days of service shall be eligible to participate in the Plan. Employees are eligible for employer match contributions upon enrolling into the Plan and elective salary deferrals have been established. Employees are eligible for annual discretionary contributions upon completing at least 1,000 hours during the plan year and being employed on the last day of the plan year. Certain divisions of the Company do not participate in these matching and discretionary contributions.

Participant contributions – Participants may make elective salary deferrals up to 100% of their compensation, not to exceed the maximum allowed under appropriate provisions of the IRC. Each employee of a participating operation who has completed at least 30 days of service shall be eligible to participate in the salary deferral.

Company contributions – The Company makes matching contributions to eligible participants employed on the last day of each calendar quarter of \$0.50 on each dollar of participant salary deferrals during that quarter subject to a maximum contribution of 3% of eligible compensation during that quarter. The Company also makes discretionary contributions as determined annually by the plan sponsor. Contributions are subject to regulatory limitations.

Participant accounts – Each participant’s account is credited with their salary deferral and rollover contributions and allocations of (a) the Company’s matching contribution, (b) the Company’s discretionary contribution, and (c) plan earnings (losses) and expenses. Company-matching contributions are based on participant contributions, as noted above. Company discretionary contributions are based upon each participant’s eligible compensation, per the Plan Document. The benefit to which a participant is entitled is dependent on the balance of the participant’s vested account.

Tetra Tech, Inc. and Subsidiaries Retirement Plan

Notes to Financial Statements

Vesting – Participants are immediately 100% vested in their salary deferrals plus actual earnings thereon. Participants generally become vested in Company contributions and the allocated portion of income, gains, and losses as follows:

Years of Service Completed	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	100%

The Company contributions also become 100% vested upon reaching the normal retirement age of 65, death, or termination of employment because of a disability while employed by the Company.

Payment of benefits – Upon termination, death, disability, or retirement a participant's vested portion of the Company contribution accounts, salary deferral account, and rollover account may be paid to the participant or beneficiaries as soon as administratively feasible in the form of a lump-sum distribution. In addition, a participant may request a financial hardship withdrawal under certain conditions as provided by the Plan. Also, a participant may elect to receive in-service withdrawals of the participant's salary deferral and rollover contributions and vested Company-matching contribution account balance upon the attainment of age 59½.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and are routinely used to reduce future Company contributions. As of September 30, 2022, forfeited nonvested accounts totaled \$4,364,000. For the year ended September 30, 2022, Company-matching contributions were reduced by approximately \$12,685,000 from forfeited nonvested accounts.

Investment options – All investments are held in trust and are invested in cash and cash equivalents, common stocks, mutual funds, and collective trusts at the direction of the participants. The Plan allows the participants very broad investment options ranging from very low volatility to very high volatility. Principal Trust Company held the Plan's investment assets and executed investment transactions during the year, under a nondiscretionary trust agreement. Investment income, gains, and losses are allocated to each participant's account each business day.

Notes receivable from participants – Participants may borrow from their vested account balances up to \$50,000 or 50%, whichever is less. The loans are secured by the balance in the participants' accounts and bear interest at market rates in effect at the time of the loan ranging from 3.25% to 9.25% with maturity dates through March 2043. Loan terms range from one to five years or up to ten years for the purchase of a principal residence. Principal and interest is paid through payroll deductions.

Plan termination – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the participants' Company contribution accounts will become 100% vested and the net assets of the Plan will be distributed as prescribed by ERISA.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

The Plan financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of the financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of plan assets, liabilities, and disclosures at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the plan valuation policies utilizing information provided by the trustee and its investment advisors (see Note 3).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of September 30, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits – Benefits are recorded when paid.

Risks and uncertainties – The Plan, at the participant's direction, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term.

Administrative expenses – Participants are charged a fixed annual fee for administrative or participant recordkeeping services. In addition, participants that receive loans, withdrawals, and similar transactions from the Plan are subject to separate, individual charges and are paid to the Plan's trustees. Fees for other services, including audit, legal, and other administrative and investment advisory fees may be paid by the Company or debited directly from participant accounts.

The Plan's trustees receive revenue from certain mutual funds service providers for services the trustees provide to the funds. This revenue is paid to the Plan and credited directly to the accounts of participants and are not used to offset administrative fees.

Subsequent events – The Plan's management has evaluated subsequent events through July 14, 2023, the date the financial statements were available to be issued.

Effective October 18, 2022, the Kaizen Plan was merged into the Plan.

Note 3 – Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021, and no Level 3 inputs were used.

Level 1 fair value measurements – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 fair value measurements – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs derived from or corroborated by observable market data by correlation or other means.

Following is a description of the valuation techniques used for assets valued at fair value. There have been no changes in the techniques used at September 30, 2022 and 2021.

Registered investment companies (mutual funds) – Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Collective funds – Units held in collective funds are valued using the net asset value practical expedient (NAV practical expedient) of the fund as reported by the fund managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a fund is calculated based on a compilation of primarily observable market information.

Note 4 – Information Certified by the Trustees

The following is a summary of the unaudited information included in the Plan's financial statements and supplemental schedule that was provided by the Principal Trust Company and furnished to the plan administrator. The plan administrator has obtained certifications from the Trustees that the following information is complete and accurate:

- (a) Investments and notes receivable from participants as of September 30, 2022 and 2021.
- (b) Net depreciation in fair value of investments, interest and dividend income, and interest on notes receivable from participants, for the year ended September 30, 2022.
- (c) Supplemental schedule of assets (held at end of year) as of September 30, 2022.

Tetra Tech, Inc. and Subsidiaries Retirement Plan

Notes to Financial Statements

Note 5 – Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 22, 2016, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving this determination letter, the plan administrator and the tax counsel believe that the Plan is designed and was operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

Note 6 – Reconciliation to Form 5500

The financial statements for the years ended September 30, 2022 and 2021, agreed to the IRS Form 5500, Annual Return/Report of Employee Benefit Plan except for the following:

	2022	2021
Net assets available for benefits, per the financial statements	\$ 1,352,120,881	\$ 1,572,224,702

Difference between contract value and fair value – current year	<u>2,622,203</u>	
Net income per Form 5500	<u><u>\$ (311,219,072)</u></u>	

Note 7 – Party-in-Interest Transactions

The Plan paid expenses related to the Plan's operations and investment management to various service providers. Plan investments include a collective fund managed by Principal Trust Company which is the trustee of the Plan, and, therefore, transactions with this entity qualify as exempt party-in-interest transactions.
