REPORT OF INDEPENDENT AUDITORS

To the Plan Administrator of the
Kimbell Art Museum Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Kimbell Art Museum Retirement Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (“ERISA”), as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (“GAAP”).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or was derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or was derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103 (a)(3)(C).

KIMBELL ART MUSEUM RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

A. Description of the Plan

General

The following brief description of the Kimbell Art Museum Retirement Plan (the “Plan”) is provided for general information purposes only. The Plan is sponsored by the Kimbell Art Foundation d/b/a Kimbell Art Museum (the “Foundation”). Participants should refer to the Plan document for more complete information. The Foundation’s offices are located in Fort Worth, Texas.

The Plan is a defined contribution plan generally available to all employees of the Foundation. Eligible employees, as defined by the Plan, may enter the Plan on the first day of each month in the Plan year. The employer matching contribution is available to all employees who have attained age 21 and completed a minimum of 1,000 hours and one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The purpose of the Plan is to encourage the Foundation’s employees to save and invest, systematically, a portion of their current compensation so that they and their families may have a source of additional income upon their retirement, or in the event of death.

Contributions

Eligible employees are automatically enrolled in the Plan to make voluntary elective deferrals as pre-tax contributions as soon as administratively feasible after their employment date, unless they make a contrary election not to participate or to participate at a different percentage. Such automatic deferral contributions are three percent of eligible compensation and are invested in an appropriate target date fund until changed by the participant. Beginning January 1, 2022, voluntary elective deferrals are increased one percent annually (up to a maximum of 15%) unless the participant affirmatively elects not to participate in the increase. Participants may opt out of automatic enrollment by making an affirmative election and designating their voluntary elective deferrals as pre-tax or Roth.

Voluntary elective deferrals are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code (the “Code”). Participants who have attained the age of 50 before the close of a Plan year may make catch-up contributions in accordance with, and subject to, limitations imposed by the Code. Eligible participants may make rollover contributions to the Plan from other qualified plans.

Once an employee attains the age of 21 and completes a minimum of 1,000 hours and one year of service, the participant must make a mandatory contribution of two percent of eligible compensation as a condition of employment that is matched by a contribution by the Foundation equal to five percent of the participant’s eligible compensation. In addition, the participant becomes eligible to receive a match from the Foundation of 50% of the participant’s voluntary elective deferrals that do not exceed four percent of the participant’s eligible compensation for the Plan year.

A. Description of the Plan – continued

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of: (a) the Foundation's contributions and (b) Plan earnings. Plan expenses may be deducted from the participant's account depending on the type of contract held by the participant. (See Plan Expenses below.) The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Benefit Payments

Participants withdrawing during the year and severing their employment for reasons of disability, retirement, death, or termination are entitled to their account balances. Certain in-service withdrawals are allowed. Participants who attain the age of 59 ½ are entitled to receive their elective deferrals. Benefits are distributed in the form of rollovers, lump-sum, or annuity contract payments. Participants may also take partial distributions or installment payments, as defined by the Plan document. If participants sever their employment and do not withdraw their account balances that are greater than \$1,000 and less than \$5,000, those account balances are automatically rolled over into IRA accounts managed by an independent trust company.

A participant may receive a hardship distribution from elective deferrals if the distribution is: (1) on account of uninsured medical expenses incurred by the participant, spouse, or dependents; (2) to purchase (excluding mortgage payments) a principal residence of the participant; (3) for the payment of post-secondary tuition expenses; (4) needed to prevent eviction of the participant from the participant's principal residence or foreclosure upon the mortgage of the participant's principal residence; (5) for the payment of funeral expenses for the participant, spouse, dependents, or the participant's beneficiary; or (6) for the payment of expenses to repair the participant's principal residence.

Investment Options

Upon enrollment in the Plan, participants may direct their salary deferrals and matching contributions in 1% increments into any of the Plan's investment options.

Plan Expenses

Employees of the Foundation perform certain administrative functions with no compensation from the Plan. All significant administrative expenses are paid by the Foundation and are not reflected in the accompanying financial statements. Other administrative functions, including participant record keeping, are performed by the Plan's service provider.

A. Description of the Plan – continued

Plan Expenses – continued

Depending on the type of contract, those expenses are either netted with the investment return realized by each investment option and are not separately reflected in the accompanying financial statements or are separately deducted from participants' accounts and shown as Plan expenses in the accompanying financial statements.

B. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Contributions from the Foundation and participants are accrued as they become obligations of the Foundation, as determined by the Plan administrator, and in the period in which they are deducted, in accordance with salary deferral agreements.

Investment Valuation and Income

The investments of the Plan are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value) as of the end of the year and are subject to market or credit risks customarily associated with investment securities. Fair value measurements are determined in accordance with GAAP, which defines fair value, establishes a framework for measuring fair value, and expands disclosures about investments measured at fair value. See Note D for information related to the Plan's valuation methodologies.

KIMBELL ART MUSEUM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

B. Summary of Significant Accounting Policies – continued

Investment Valuation and Income – continued

Investment gains and losses are accounted for using the average cost basis of the securities sold. The net realized and unrealized gains and losses on investments include realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

C. Investments

A portion of the Plan's investments consist of a group of variable annuities under the Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF"), which consist of various investment portfolios. Shareholders of these investments are locked out of the accounts for 90 days if a purchase, sale, and repurchase within that account is made within a 60-day period, except for the CREF Money Market Fund.

The TIAA Traditional Annuity Contract investment is a fixed-dollar annuity contract that is fully and unconditionally guaranteed by TIAA, a New York domiciled non-profit legal reserve life insurance company, that is credited with Plan contributions and earnings on the underlying investments and that is charged for Plan withdrawals and administrative expenses charged by TIAA. The minimum guaranteed interest rate varies by contract and depends on the date the contract was established for a participant's account. Accounts generally have a minimum guaranteed interest rate of 3%, but some contracts are between 1% and 3%. Additional amounts above the guaranteed minimum interest rate may be declared at the discretion of the TIAA Board of Trustees. The annuity is reported at contract value for the fully benefit-responsive portion of the TIAA Traditional Annuity Contract. Contract value is the accumulated cash contributions, interest credited to the Plan's contracts, and transfers, if any, less any withdrawals and transfers, if any.

TIAA has evaluated the presentation for the TIAA Traditional Annuity Contract for the portion that TIAA considers to be fully benefit-responsive based on GAAP guidance, and the value has been allocated as follows at December 31:

	<u>2022</u>	<u>2021</u>
Non benefit-responsive	\$ 4,414,825	\$ 3,871,511
Fully benefit-responsive	<u>1,526,289</u>	<u>1,614,336</u>
Total	<u><u>\$ 5,941,114</u></u>	<u><u>\$ 5,485,847</u></u>

KIMBELL ART MUSEUM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (*continued*)

C. Investments – continued

Fixed-dollar annuity contracts contain liquidity restrictions which could impact the value realized upon exiting the contracts. Those contracts do not allow lump-sum cash withdrawals, and transfers must be spread over a period of 7 or 10 annual installments.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also might limit the ability of the Plan to transact at contract value with the participants. The TIAA Traditional Annuity Contract investment is comprised of traditional investment contracts.

The Plan also invests in the TIAA Real Estate Account, which is an insurance company separate account of TIAA which primarily invests in real estate and real estate related investments. This investment is a pooled separate account. The investment restricts transfers out of the account to one time per calendar year quarter.

D. Fair Value Measurements

GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a three-tier hierarchy that is used to identify assets and liabilities measured at fair value. The hierarchy focuses on the inputs used to measure fair value. The three levels are defined as follows:

- Level 1 — observable inputs that are based upon quoted market prices for identical assets or liabilities within active markets.
- Level 2 — observable inputs other than Level 1 that are based upon quoted market prices for similar assets or liabilities, based upon quoted prices within inactive markets, or based upon inputs other than quoted market prices that are observable through market data for substantially the full term of the asset or liability.
- Level 3 — inputs that are unobservable for the particular asset or liability due to little or no market activity and are significant to the fair value of the asset or liability. These inputs reflect assumptions that market participants would use when valuing the particular asset or liability.

GAAP requires that management describe the methodologies used to measure the fair value of assets and liabilities. The methodologies used to measure the fair value of the Plan's investments are as follows:

- Investments in mutual funds and the money market fund, which have quoted market prices, are valued based on the closing share price at year-end and are classified within Level 1 of the fair value hierarchy.

KIMBELL ART MUSEUM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

D. Fair Value Measurements – continued

- The non benefit-responsive portion of the TIAA Traditional Annuity Contract is measured based on information reported by TIAA using credit ratings of the underlying portfolio based on insurance contracts. This contract is reported at contract value, which approximates fair value, and is classified within Level 3 of the fair value hierarchy.
- The variable annuity funds invest in mutual funds managed by TIAA and CREF. These variable annuity funds do not have quoted market prices in active markets and are therefore valued at the net asset value (“NAV”) of the fund as determined by TIAA and CREF. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that these investments would sell for an amount different from the reported NAV. In accordance with GAAP, these investments have not been classified in the fair value hierarchy and total \$4,023,176 and \$5,905,242 at December 31, 2022 and 2021, respectively. There are no unfunded commitments; there is no redemption notice required; and the variable annuity funds can be redeemed daily.
- Investments in the pooled separate account consist of real estate and real estate related investments which are valued at NAV as determined by TIAA. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the pooled separate account will sell the investment for an amount different from the reported NAV. In accordance with GAAP, these investments have not been classified in the fair value hierarchy and total \$1,712,015 and \$1,453,692 at December 31, 2022 and 2021, respectively. There are no unfunded commitments; there is no redemption notice required; and the pooled separate account can be redeemed daily.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following table details the Plan’s investments at fair value by level, within the fair value hierarchy, as of December 31, 2022 and 2021. The Plan has no assets classified within Level 2 of the valuation hierarchy.

	2022		
	Level 1	Level 3	Total
Mutual funds	\$11,004,805	\$ -	\$11,004,805
Money market fund	172,996	-	172,996
Non benefit-responsive annuity contract	-	4,414,825	4,414,825
Total investments in the fair value hierarchy	<u>\$11,177,801</u>	<u>\$ 4,414,825</u>	15,592,626
Investments measured at NAV ^(a)			<u>5,735,191</u>
Total investments at fair value			<u>\$21,327,817</u>

KIMBELL ART MUSEUM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (continued)

D. Fair Value Measurements – continued

	2021		
	Level 1	Level 3	Total
Mutual funds	\$12,046,646	\$ -	\$12,046,646
Money market fund	105,120	-	105,120
Non benefit-responsive annuity contract	-	3,871,511	3,871,511
Total investments in the fair value hierarchy	<u>\$12,151,766</u>	<u>\$ 3,871,511</u>	16,023,277
Investments measured at NAV ^(a)			<u>7,358,934</u>
Total investments at fair value			<u>\$23,382,211</u>

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

These items are classified in their entirety based on the lowest priority level of input that is significant to the fair value measurement. The assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the placement of assets and liabilities within the levels of the fair value hierarchy.

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions of model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. There were no such transfers between levels during the years ended December 31, 2022 and 2021.

The table below sets forth activity of the Plan's Level 3 assets for the years ended December 31:

Non benefit-responsive annuity contract	2022	2021
Purchases	\$ 122,538	\$ 109,089
Issuances	(101,960)	(221,253)
Transfers in	739,059	676,658
Transfers out	(381,043)	(575,352)

D. Fair Value Measurements – continued

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan’s Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments as of December 31, 2022 and 2021, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

Instrument	Fair Value 12/31/2022	Fair Value 12/31/2021	Principal Valuation Technique	Significant Unobservable Inputs
Non benefit-responsive TIAA Traditional Annuity	\$ 4,414,825	\$ 3,871,511	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied

E. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2022 and 2021, and net realized and unrealized gains (losses) on investments and interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund, the custodian of the Plan.

F. Tax Status

The Plan has adopted the TIAA ERISA 403(b) Volume Submitter Plan, which has a favorable advisory letter from the Internal Revenue Service (“IRS”) dated August 7, 2017. This advisory letter states that the form of the volume submitter 403(b) plan is acceptable under Section 403(b) of the Code. The Plan may rely on this letter with respect to its qualification as an entity exempt from federal income taxes under Code Section 403(b) with certain limitations.

Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is operating in accordance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related custodial accounts and tax-deferred annuities were tax exempt as of the financial statement date.

KIMBELL ART MUSEUM RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (*continued*)

F. Tax Status – continued

GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

G. Parties-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, a person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee organization, or relatives of such persons.

The Plan invests in units of registered investment companies, an annuity contract, and a pooled separate account, which are managed by TIAA-CREF, which acts as custodian for the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. The Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions under ERISA.

H. Plan Termination

Although it has not expressed any intention to do so, the Foundation has the right under the Plan to terminate the Plan, subject to the provisions set forth in ERISA.

I. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. Subsequent Events

In preparing the accompanying financial statements, management has evaluated all subsequent events and transactions for potential recognition or disclosure through July 14, 2023, the date the financial statements were available for issuance.
