INDEPENDENT AUDITORS' REPORT

To The Trustees
STV Retirement Plan
Douglassville, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of STV Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise of the statement of net assets available for benefits - modified cash basis as of September 30, 2022, and the related statement of changes in net assets available for benefits - modified cash basis for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of STV Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1, these financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about STV Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of STV Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about STV Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) at September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter - 2021 Financial Statement

The financial statements of the Plan as of September 30, 2021, were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated July 13, 2022 indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements, and (b) the form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

STV RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Note 1 - Description of Plan

The following description of STV Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan covers eligible employees of STV Incorporated; STV Group Incorporated, STV Construction Services, Inc., STV Energy Services, Inc. and STV Construction, Inc. (collectively, the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company's Board of Directors is responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Board of Directors.

The Plan was established February 1, 1985. Prior to December 13, 2019, the Plan consisted of an employee stock ownership component and a contributory 401(k) profit sharing component. On December 13, 2019, the Company executed a stock purchase agreement by and among the Company, Voyage Acquisition, LLC and GreatBanc Trust Company, not in its corporate capacity but solely as trustee of the STV Group, Incorporated Employee Stock Ownership Plan Trust ("ESOP Trust"), whereby Voyage Acquisition, LLC agreed to purchase all of the outstanding shares of the Company from the ESOP Trust. The plan document was amended and restated effective December 13, 2019. The employee stock ownership component of the Plan was eliminated and only the 401(k) component remained. STV Group, Incorporated common stock ("Company Stock") held in the Employee Stock Ownership Plan ("ESOP") component of the Plan was converted to cash and credited to affected participant accounts.

Effective for plan years beginning on and after October 1, 2020, the ESOP component of the Plan was restored. The Plan provides for discretionary profit sharing contributions and for matching contributions. For both types of employer contributions, the Company has the discretion to determine the extent to which the contribution will be made in the form of cash subject to participant-directed investment, or Company Stock. All amounts contributed in the form of Company Stock are treated as the new ESOP component of the Plan.

The Plan was most recently amended and restated effective October 1, 2021.

STV RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Note 1 - Description of Plan (cont'd.)

Contributions

Each year, participants may contribute up to 100 percent of pre-tax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (the "Code"). Participants may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Prior to October 1, 2021, the Company could contribute a discretionary matching or profit sharing contribution at the option of the Board of Directors. For the year ended September 30, 2021, the Company made a discretionary cash contribution, net of forfeitures, of \$8,174,407, which was recorded as a contribution to the Plan when paid during the year ended September 30, 2022.

Shares of Company Stock are acquired by the Plan by using employer cash contributions to fund the purchase or as a direct employer contribution. Company Stock contributed directly or acquired is allocated among the accounts of eligible participants as of the end of the Plan year for which the contribution was made. For the year ended September 30, 2021, the Company made an ESOP contribution of \$2,220,492, which was recorded as a contribution to the Plan when paid during the year ended September 30, 2022 and was used to acquire Company Stock.

Effective for the plan year beginning October 1, 2021, for eligible participants, the Company will match 100% of employee deferrals up to 2% of compensation, then 50% of employee deferrals in excess of 2% up to 6% of compensation. This employer matching contribution may be made in the form of cash, Company Stock, or both, at the discretion of the Company. Additionally, the Company may elect to make discretionary profit sharing contributions.

For the year ended September 30, 2022, the Company made a cash contribution of \$6,860,212 to the 401(k) component of the plan, which was funded subsequent to year-end and was therefore recorded as a contribution to the Plan when paid.

For the year ended September 30, 2022, the Company made an ESOP contribution of \$2,486,400 to the ESOP component of the plan, which was funded subsequent to year-end and was therefore recorded as a contribution to the Plan when paid; \$564,320 of this contribution was made in the form of cash, while \$1,922,080 was in the form of Company Stock.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Note 1 - Description of Plan (cont'd.)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of Plan earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service as follows:

For a participant who terminated employment before December 13, 2019 and who is not credited with an hour of service on or after December 13, 2019, vesting is determined under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>

STV RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Note 1 - Description of Plan (cont'd.)

Notes Receivable From Participants

Participants may borrow from their 401(k) component a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates in the range of 4.25% to 7.25% as of September 30, 2022, which are commensurate with local prevailing rates at inception of loan as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive a lump sum distribution equal to the value of the participant's vested interest in their account. In addition, the Plan allows for age 59.5 in-service distributions and hardship distributions if certain criteria are met.

Forfeited Accounts

At September 30, 2022 and 2021, forfeited nonvested accounts totaled \$592,635 and \$744,962, respectively. These accounts are used to reduce future Plan expenses and reduce the Company's contributions when available. During 2022, forfeitures of \$714,775 were used to reduce the Company's contributions.

During the year ended September 30, 2022, \$35,361 of participant balances within the ESOP component were forfeited and reallocated to other participants.

ESOP Component

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee votes the shares of the stock which are not allocated to any participant's account and shares that have been allocated to the participant's account but for which no voting directions have been received in the same proportion as the trustee votes the shares for which they have received voting instructions.

Put Option

Federal income tax regulations require that employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, include a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company could pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note 1 - Description of Plan (cont'd.)

ESOP Component (cont'd.)

Diversification

Diversification is offered to participants close to retirement so that they could have the opportunity to move part of the value of their investment in Company Stock into investments which are more diversified. Participants who are at least age 55 with at least ten years of participation in the ESOP component of the Plan, can elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period after their 55th birthday. In each of the first five years, a participant can diversify up to 25% of his or her account, less any shares previously diversified. In the sixth year, the percentage increases to 50%. If an election to diversify in the sixth year was not made, it can not be done at a later date. Diversified amounts are distributed as cash or could be rolled over to an Individual Retirement Account.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, certain revenues and related assets are recognized when received by the trustees, rather than when earned, and certain expenses are recognized when paid by the trustees, rather than when the obligations are incurred. Under this method, the Plan recognizes contributions when received. Since the Plan utilized the modified cash basis of accounting, the financial statements did not reflect contributions receivable, net of forfeitures, due from the Company of \$9,346,612 and \$10,394,899 as of September 30, 2022 and 2021, respectively. There were no expenses incurred that were not paid by the trustees for the year ended September 30, 2022.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

STV RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Note 2 - Summary of Significant Accounting Policies (cont'd.)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by investment advisors and trustees. See Note 3 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of September 30, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Deemed Distributions

For participant loans in which the participant has a distributable event, such as employment termination, death, or disability, the loan is considered a deemed distribution. The participant loan is removed from the statement of net assets available for benefits and a distribution is recorded. For active participants who have not incurred a distributable event, but have delinquent loans, the participant loan remains outstanding until a distributable event occurs. For the year ended September 30, 2022, the Plan has deemed distributions amounting to \$53,167.

Note 4 - Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

STV RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Note 4 - Fair Value Measurement (cont'd.)

The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at September 30, 2022 and 2021.

Money market fund: Valued at the quoted net asset value ("NAV") of shares held by the Plan at year-end.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Consists entirely of mutual funds that are valued at their daily NAV as reported by the fund.

Collective trust funds: Valued at the NAV of units of the bank collective trust. NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

STV RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2022

Note 4 - Fair Value Measurement (cont'd.)

Unit values of the collective trust funds - retirement funds are valued at NAV based on the fair value of the underlying assets of the funds derived from inputs principally based on quoted market prices in an active market or corroborated by observable market data by correlation or other means. Underlying funds consist of target date retirement funds.

STV Group Inc. Common Stock: Valued at September 30, 2022 based on an independent appraiser hired by the Plan's trustee. The appraiser uses a two-step process to value the stock. First, the Company is compared to publicly traded competitors with comparable financial data. The second method is the income approach, specifically the discounted cash flow method.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of September 30, 2022 and 2021:

	<u>Assets at Fair Value at September 30, 2022</u>

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended September 30, 2022:

Balance, beginning of year	\$ -
Contributions	2,220,492
Unrealized gains relating to instruments held at the reporting date	<u>219,310</u>
Balance, end of year	<u>\$ 2,439,802</u>

Note 5 - Related-Party and Party-in-Interest Transactions

The recordkeeper of the Plan is T. Rowe Price Retirement Plan Services, Inc. Therefore, fees paid to this entity qualify as party-in-interest transactions. Such fees amounted to \$77,743 for the year ended September 30, 2022.

Certain Plan investments are shares of mutual funds managed by affiliates of T. Rowe Price Retirement Plan Services, Inc. Therefore, the transactions related to these investments qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are included in the net change in the fair value of investments.

STV RETIREMENT PLAN

Note 5 - Related-Party and Party-in-Interest Transactions (cont'd.)

The Plan invests in stock issued by STV Group, Incorporated ("STV Group"). STV Group is the primary sponsor as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. During the year ended September 30, 2022, STV Group contributed 9,411 shares with a value at the time of contribution of \$2,220,492. During the year ended September 30, 2022, the value appreciated by \$219,310. As of September 30, 2022, the Plan held 9,411 shares of STV Group stock with a market value of \$2,439,802.

Notes receivable from participants also qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Company contributions.

Note 7 - Tax Status

The IRS has determined and informed the Company by a letter dated March 5, 2018, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been emended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that at September 30, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset, or require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

STV RETIREMENT PLAN

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits on the financial statements to Form 5500 at September 30, 2022 and 2021:

	<u>2022</u>	<u>2021</u>

Net assets available for benefits per the Form 5500	<u>\$ 651,249,406</u>	<u>\$ 827,419,249</u>

The following is a reconciliation of the net decrease on the financial statements to Form 5500 for the year ended September 30, 2022:

Net decrease per the statement of changes in net assets available for benefits	\$(175,121,358)
2022 employer contribution receivable	9,346,414
2021 employer contribution receivable	<u>(10,394,899)</u>
Net decrease per the Form 5500	<u>\$(176,169,843)</u>

Note 10 - Subsequent Events

The Plan administrator has evaluated all events or transactions that occurred after September 30, 2022 through July 14, 2023, which is the date that the financial statements were available to be issued. During this period, there were no material subsequent events requiring disclosure.
