Ethiopian Community Development Council, Inc.
Retirement and Employee Savings Plan

Notes to Financial Statements

September 30, 2022 and 2021

NOTE 1: DESCRIPTION OF PLAN

The following description of the Ethiopian Community Development Council, Inc., Retirement and Employee Savings Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions, which is available from Plan management. The Plan is established as a 403(b) under the relevant Internal Revenue Service Code.

General

The Plan is a defined contribution plan covering all full-time employees of the Ethiopian Community Development Council, Inc. and its subsidiaries (ECDC). Employees qualify for the employer match after one year of service. All employees may make elective deferrals of salary to the plan starting with inception of employment. The Plan is subject to the provisions of ERISA. The Plan is effective as of November 1, 1993 and qualifies under the Internal Revenue Code as a 403(b) Plan. The Plan was most recently amended and restated effective January 20, 2022.

Contributions

Each year, under the Salary Deferral Contribution portion of the Plan, employees may elect to make contributions to the Plan up to current Internal Revenue Service (IRS) limits. An employee is eligible to make elective deferral contributions on his or her first day of employment with ECDC.

The Board of Directors of ECDC has the option to match or make a non-elective discretionary contribution on behalf of an employee. An employee must be 18 years and have completed 1,000 hours of service to be eligible to receive matching or non-elective employer contributions.

ECDC contributed 773,392 to the Plan in fiscal 2022 and contributed \$555,161 in 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Sponsor's contributions, and an allocation of the investment earnings and losses. Allocations of investment earnings and losses are based on account balances as defined in the Plan document. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon.

Vesting in the Company's matching or non-elective contributions plus actual earnings thereon is based on years of continuous service as per schedule below:

Vesting occurs as follows:

Ethiopian Community Development Council, Inc.
Retirement and Employee Savings Plan

One Year of Service	0%
Two Years of Service	25%
Three Years of Service	50%
Four Years of Service	75%
Five Years of Service	100%

Investment Options

Contributions to the Plan are invested in mutual funds or other investments made available through the Custodian, according to participant instructions. The Plan Administrator provides participants with current copies of the prospectus describing each investment option.

Loans to Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. All loans are treated as participant-directed investments of the Plan. The loans are secured by the vested balance in the participant's account and bear a fixed interest rate, established at the inception of the loan, set at the prime lending rate of a commercial U.S. bank available within a reasonable geographic area. All loans provide for amortization over a period not to exceed five years, except for loans used to acquire a principal residence, which may provide for periodic repayment over a reasonable period of time exceeding five years. Interest rates on the loans were 6.25% in fiscal 2022 and in a range of 4.5% to 6.25% in fiscal 2021.

Payment of Benefits

Participants are entitled to receive a distribution of their vested account in the Plan upon termination of their employment; retirement; death or disability and termination of the Plan without the establishment of a successor plan. A participant may elect to receive a lump sum amount equal to the value of his or her account, or a series of cash payments, in substantially equal installments.

Forfeited Accounts

The non-vested balance in a participant's account is forfeited upon termination of service. Forfeitures may be used to reduce future ECDC contributions. At September 30, 2022 and 2021 forfeited non-vested accounts totaled \$112,903 and \$38,424 respectively. Forfeited non-vested accounts are used to reduce future employer contributions. Employer contributions were reduced by \$112,903 and \$38,424 in 2022 and 2021 respectively from forfeited non-vested accounts.

Plan Termination

Ethiopian Community Development Council, Inc.
Retirement and Employee Savings Plan

Notes to Financial Statements

September 30, 2022 and 2021

Although it has not expressed an intention to do so, the ECDC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with FASB ASC 962, Plan Accounting-Defined Contribution Pension Plans.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Loans to Participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on loan is recorded when it is earned. Related fees are recorded as

Ethiopian Community Development Council, Inc.
Retirement and Employee Savings Plan

Notes to Financial Statements

September 30, 2022 and 2021

administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits paid directly to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by ECDC. Expenses that are paid by ECDC are excluded from these financial statements. Fees related to the administrations of loan to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Plan Management's Review of Subsequent Events

In preparing the accompanying financial statements, Plan management has reviewed all known events that have occurred after September 30, 2022, and through July 14, 2023 which is the date the financial statements were available to be issued, for inclusion in the financial statements and footnotes.

NOTE 3: INVESTMENTS (Certified by Custodians)

Information related to investments as of September 30, 2022 and 2021 and the related investment income for the year ended September 30, 2022 and 2021 were certified by the Lincoln Financial and One America (Custodians) as permitted by 29 CFR 2520.103-8 of the Department of Labor rules under ERISA.

NOTE 4: FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, (FASB ASC 820) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in an active market for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Ethiopian Community Development Council, Inc.
Retirement and Employee Savings Plan

Notes to Financial Statements

September 30, 2022 and 2021

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Pooled Separate Accounts: These accounts hold shares of mutual funds, which are traded on active markets and valued daily at net asset value per share. Plan participants hold shares of the separate accounts, which calculate net asset value (NAV) per share based on the value of the underlying mutual funds.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

September 30, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of September 30, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Level 1:		
	\$ <u> </u>	\$ <u> </u>

Level 3:		
	\$ <u> </u>	\$ <u> </u>
Total investments at fair value	\$ <u><u>6,714,668</u></u>	\$ <u><u>8,090,568</u></u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

NOTE 5: NAV PER SHARE

In accordance with FASB ASU No. 2009-12, *Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, the Plan expanded its disclosure to include the category, fair value, redemption frequency, and redemption notice period for those assets whose fair value is estimated using the per share or its equivalent for which the fair value is not readily determinable as of September 30, 2022 and 2021. For the Plan, such assets include investments in pooled separate accounts.

The investment seeks to provide total return consistent with an asset allocation targeted at retirement in various years as indicated in the fund name. The portfolio of each fund invests in a combination of underlying funds, which are actively managed funds or passively managed funds, that invest in U.S. stocks, international stocks, U.S. bonds, and other debt instruments.

NOTE 6: PARTY-IN-INTEREST TRANSACTIONS:

The Plan incurs expenses related to general administrative and record keeping. Certain cost of administering the Plan are paid by ECDC. Custodians hold the Plan's investment assets and executes investment transactions. Therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

NOTE 7: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to various risks such as interest rates, market and credit risks. Market values of investments may decline for a number of reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that change in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the assets reported in the statement of net assets available for benefits.

NOTE 8: PLAN TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for the plan participants under Section 403(b).

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 9: RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Department of Labor's Form 5500:

		September 30, 2022 and 2021	
		2022	2021
Net assets available for benefits per the financial statements	\$	9,639,490	\$ 10,457,769
		-	
Net assets per Form 5500	\$	<u>9,639,490</u>	<u>\$ 10,457,769</u>

NOTE 10: RECLASSIFICATIONS

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
