Independent Auditor's Report

Plan Administrator and Management
i3 Verticals Management Services, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of i3 Verticals Management Services, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2022 financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the year ended September 30, 2022, stating that the certified investment information, as described in note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (US GAAP).
- The information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of US GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with US GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at year-end - schedule h, line 4i for the year ended September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated December 13, 2022, indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

i3 Verticals Management Services, Inc. 401(k) Plan
Notes to Financial Statements
For the Years Ended September 30, 2022 and 2021

Note 1. Description of Plan

The following description of i3 Verticals Management Services, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective October 1, 2015. The Plan excludes part-time, temporary, or seasonal employees whose regularly scheduled service is less than 1,000 hours of service in an eligibility period. Effective October 1, 2021, any employee working at least 500 hours of service during each of three consecutive plan 12-month periods becomes a participant eligible to make elective deferrals. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors is responsible for the oversight of the Plan. The Benefit Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Board of Directors.

Eligibility

Employees of i3 Verticals Management Services, Inc. (the Employer) are eligible to participate in the deferral and match components of the Plan upon hire. The Plan has no age or minimum service requirements. Participants are also eligible for an additional employer contribution as described in the plan document if they meet the eligibility requirements above.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a portion of their compensation contributed as pre-tax 401(k) or Roth contributions to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The Employer may, at its discretion, elect to make a qualified matching contribution to the Plan. For the year ended September 30, 2022, the Employer matched 50% of elective deferrals up to 5% of eligible compensation and 3% of eligible compensation if elective deferrals were greater than 5%. The maximum percentage of plan compensation eligible for a match was 10%. There was no additional Employer contribution for the year ended September 30, 2022.

All eligible employees may contribute amounts representing distributions from other qualified plans (rollover contributions).

Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contributions and plan earnings, and is charged with an allocation of administrative expenses and plan losses. Allocations are based on participant earnings, account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

i3 Verticals Management Services, Inc. 401(k) Plan
Notes to Financial Statements
For the Years Ended September 30, 2022 and 2021

Note 1. Description of Plan

Vesting

Effective January 1, 2021, active participants are immediately vested in their contributions and Employer contributions plus actual earnings thereon. Participants who terminated prior to January 1, 2021, vested in their Employer contributions based on a graduated schedule beginning with 25% after one year of service and becoming fully vested after four years of service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime lending rate as reflected in the Wall Street Journal on the date of the loan, plus 1%. Principal and interest is paid ratably through payroll deductions.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant may elect to receive the value of the vested interest in their account in the form of a lump sum. Partial or installment distributions are permitted only to satisfy the required minimum distribution rules of the IRC. Normal retirement age for the Plan is age 59½ and the Plan does not have early retirement features. If a participant terminates employment with an account balance that does not exceed \$1,000, the Plan Administrator may authorize the benefit payment without the participant's consent. If the balance of a terminated participant's account is between \$1,000 and \$5,000, the Plan Sponsor can authorize the benefit payment to be rolled into an individual retirement account in the participant's name.

Hardship Withdrawals

In-service hardship distributions are allowed under the safe harbor criteria of the IRC in accordance with plan provisions.

Forfeited Accounts

Forfeited nonvested accounts are first used to reduce administrative expenses and then used to reduce future Employer contributions. Forfeited nonvested accounts as of September 30, 2022 and 2021 totaled \$4,914 and \$15,842, respectively. During the year ended September 30, 2022, \$17,285 of forfeitures were used to pay administrative expenses.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

i3 Verticals Management Services, Inc. 401(k) Plan
Notes to Financial Statements
For the Years Ended September 30, 2022 and 2021

Note 2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan trustee determines the Plan's valuation policies utilizing information provided by the insurance company.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of September 30, 2022 and 2021. Delinquent notes receivable are recorded as distributions on the basis of the terms of the plan document.

Benefit Payments

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net change in fair value of investments.

Reclassifications

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year presentation.

Note 3. Certification

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in the accompanying financial statements, notes, and supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Financial Life Insurance Company Inc. (Transamerica), the custodian of the Plan.

- Investments at fair value and contract value
- Notes receivable from participants
- Net change in fair value of investments
- Interest income on notes receivable from participants

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and that the Plan has the ability to access.

Level 2 inputs are based on observable inputs corroborated by market data but not quoted on active markets.

Level 3 inputs are based on unobservable inputs and include situations where there is little, if any, market activity for the assets or liabilities and have the lowest priority.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at the net asset value (NAV) of units held. NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Pursuant to Accounting Standards Update 2015-07, *Fair Value Measurements*, the pooled separate accounts measured at NAV have not been classified in the fair value hierarchy.

Participants transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the accounts, the investment adviser reserved the right to temporarily delay withdrawal from the trust in order to ensure that security liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used at September 30, 2022 and 2021.

The prior period presentation was revised to remove the pooled separate accounts from classification within the fair value hierarchy to reflect measurement at NAV practical expedient. There was no difference in fair value in making the revision.

The following tables set forth the Plan's investments at September 30:

	2022	2021
Pooled separate accounts measured at NAV practical expedient	\$ 38,441,809	\$ 34,797,295

Note 4. Fair Value Measurements

The following table summarizes investments measured at fair value based on NAV per share as of September 30, 2022 :

	<u>Fair Value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Pooled separate accounts	\$ 38,441,809	None	Daily	Daily

The following table summarizes investments measured at fair value based on NAV per share as of September 30, 2021:

	<u>Fair Value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Pooled separate accounts	\$ 34,797,295	None	Daily	Daily

The Plan holds various pooled separate accounts. A majority of these accounts seek to mirror the investments objectives and strategies of the underlying mutual fund or category for which the pooled account is named. Certain other pooled accounts are target date funds which seek capital appreciation and current income consistent with asset allocations that become more conservative over time to the specified target retirement date.

Note 5. Investment at Contract Value

The Plan entered into a stable value fund investment contract under a group annuity contract issued by Transamerica. Transamerica maintains the funds in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a semi-annual basis for resetting. There is no minimum guaranteed interest rate under the contract.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Note 5. Investment at Contract Value

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employer or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

Note 6. Related Party and Party-in-interest Transactions

Certain plan investments are maintained by Transamerica Financial Life Insurance Company Inc., the custodian of the Plan. The Plan pays administrator fees to the custodian. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules of ERISA.

The custodian receives revenues from underlying mutual fund and stable value fund service providers for services the custodian provides to the funds. These revenues are used to offset certain fees owed to the custodian for its administrative services to the Plan.

If revenues received by the custodian from such mutual fund or stable value fund services exceed the amount owed, the custodian remits the excess to the Plan on a quarterly basis. Such amounts may be applied to pay plan administrative expenses or allocated to the accounts of the participants. At September 30, 2022, \$34,314 in excess amounts were available to be used by the Plan. The Plan or Employer may make a payment to the custodian for administrative expenses not covered by revenue sharing. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules of ERISA.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Note 8. Plan Tax Status

The Plan adopted a non-standardized pre-approved plan document sponsored by ERISA Services, Inc. The non-standardized sponsor has received an opinion letter dated June 1, 2021, from the Internal Revenue Service (IRS) as to the non-standardized plan's qualified status. The non-standardized plan opinion letter has been relied upon by this Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Note 8. **Plan Tax Status**

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax position taken by the Plan and has concluded that, as of September 30, 2022, no uncertain positions have been taken or are expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is no longer subject to IRS examination for the years prior to 2019.

Note 9. **Plan Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan under the provisions of ERISA. In the event of plan termination, any participant not 100% vested would become fully vested in their employer contributions and related earnings thereon.

Note 10. **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of September 30:

	2022	2021
Net assets available for benefits per financial statements	\$ 40,870,465	\$ 35,509,744
Deemed distributed loans	-	(3,172)
Other differences	-	(7,815)
Net assets available for benefits per form 5500	<u>\$ 40,870,465</u>	<u>\$ 35,498,757</u>

The following is a reconciliation of employee contributions per the financial statements to Form 5500 for the year ended September 30, 2022:

Net increase in net assets available for benefits per the financial statements	\$ 5,360,721
Change in deemed distributed loans	3,172
Other differences	<u>7,815</u>
Net increase in net assets available for benefits per form 5500	<u>\$ 5,371,708</u>

Note 11. **Subsequent Events**

Management has evaluated subsequent events through July 17, 2023, the date on which the financial statements were available for issuance.
