Report of Independent Auditors

To the Administrator of A&B Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of A&B Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

As discussed in Note 2 to the financial statements, the financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is responsible for the evaluation of whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of

not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management

and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A&B Retirement Plan

Notes to Financial Statements

(Modified Cash Basis)

December 31, 2022 and 2021

1. Description of the Plan

The following description of the A&B Retirement Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering eligible staff, associates and partners of Alston & Bird LLP (the "Employer") who are age twenty-one or older. Eligible employees who are full-time employees may enter the Plan to make employee contributions on the first day of a calendar quarter following one month of eligible service. Eligible employees who are part-time employees may enter the Plan to make employee contributions on the first day of a calendar quarter following one year of eligible service. Participants become eligible to receive employer contributions on the first day of a calendar quarter following one year of eligible service. Principal Financial Group ("Principal" or the "Trustee") is the trustee and recordkeeper of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Retirement and Insurance Committee ("Administrator") oversees the administration and compliance of the Plan.

Effective January 1, 2018, Amendment 2 to the Plan provides the following: the Plan Administrator may establish rules and regulations in order to effectuate enrollment by default under which a Participant, given proper notice and opportunity to elect not to make a contribution, who has not made an election, may be treated as having elected to contribute a specified percentage of his/her Earnings as a Pre-Tax Contribution. The Plan Administrator has currently defined the percentage to be 5%. Amendment 2 also provides that any employee, upon written request to the Plan Administrator, may withdraw any or all of his/her Rollover Amount or, from his/her Prior Employee Contribution Account, an amount not to exceed the lesser of (1) his/her net Prior Employee Contributions, or (2) his/her Prior Employee Contribution Account balance.

Contributions

The basic profit sharing contribution made by the Employer for its staff, excluding associates, was calculated as 7.5% of each participant's compensation (as defined in the Plan) up to the Social Security limit and 13.2% of defined compensation exceeding that limit with a contribution ceiling of \$31,881. The Employer made basic profit sharing contributions for its partners based on each partner's current year budgeted compensation and age with an annual contribution ceiling of \$30,000 per partner.

The supplemental profit sharing contribution made by the Employer for its partners was based upon each partner's current year budgeted compensation, age and status (equity or income) with a contribution ceiling of \$10,500 per partner.

Contributions from participants are generally made to the Plan based upon elective salary deferral agreements signed by the participants. The Plan does not have an auto-escalation provision for employee contributions. In-plan Roth rollovers and Roth 401(k) contributions are allowed in the Plan for active participants only. Each participant may elect to defer a percentage (in multiples of 1%) not exceeding 75% of compensation, including all or part of annual bonuses, subject to a maximum of \$20,500 for the year ended December 31, 2022.

The Employer may, at its sole discretion, contribute an employer matching contribution to the Plan to be allocated to each of the staff participants employed on the last date of the Plan year. For the year ended December 31, 2022, the Employer contributed \$284,800 in matching contributions.

A&B Retirement Plan

Notes to Financial Statements

(Modified Cash Basis)

December 31, 2022 and 2021

Total contributions to a participant's account cannot exceed certain statutory limits.

Participants who have attained age 50 by the end of the taxable calendar year are eligible to make catch-up contributions. The annual limit for the 401(k) catch-up contribution was \$6,500 for 2022.

The Plan permits rollover contributions by participants from other eligible retirement plans.

Payment of Benefits and Participant Withdrawals

Under the terms of the Plan, participants may receive the full value of their account in a single lump sum payment, single life annuity, joint and 50% survivor annuity, or joint and 75% survivor annuity as requested by the participant upon retirement or termination of employment with the Employer. Participants may also receive nonperiodic distributions (partial distributions) following retirement or termination of employment on or after age 55. Participants may also receive in-service distributions of all or part of their accounts on or after attaining age 65. Death benefits are paid to a designated beneficiary upon the death of a participant.

Plan Expenses

The Plan Administrator has negotiated an agreement with the Plan Trustee that provides for payment by the Plan Trustee to the Plan a portion of revenue sharing amounts received by the Plan Trustee from sponsors of mutual funds. The Plan Trustee rebates revenue sharing amounts received directly to the accounts of participants who were beneficial owners of the applicable investment options on the last day of the period for which the revenue share amounts are attributable and based upon participants' account balances in the particular fund as of the last day of the applicable period. The revenue sharing amounts are included in net investment loss in the statement of changes in net assets available for benefits (modified cash basis).

Administrative expenses in excess of \$35 per quarter per participant are paid from Employer funds. Accordingly, Plan participant accounts are charged with administrative expenses at the lesser of the amount of actual expenses (divided by the number of participants) or \$35 per quarter.

Vesting

Per the Plan, a Participant shall be one hundred percent (100%) vested in his/her Employer Contribution Account after completing one (1) Year of Vesting Service. Also, per the Plan, a Participant shall always be one hundred percent (100%) vested in his/her Pre-Tax Contribution Account, Catch-Up Contribution Account, Roth 401(k) Contribution Account, Roth Catch-Up Contribution Account, Prior Employee Contribution Account, Rollover Account, In-Plan Roth Rollover Account and Qualified Nonelective Contribution Account.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, an allocation of Plan earnings and revenue sharing for participants invested in revenue sharing investments. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan utilizes the modified cash basis of accounting to conform to the Trustee's operation of the Plan under the Daily Valuation method, as described below. Under the modified cash basis of

A&B Retirement Plan

Notes to Financial Statements

(Modified Cash Basis)

December 31, 2022 and 2021

accounting, contributions, benefit payments, plan expenses, interest and dividends are recorded when received or paid; whereas investments are recorded at fair value.

The Daily Valuation method of operation provides daily allocations of interest and dividend income and realized and unrealized gains and losses by using unitized accounting for each individual participant. Plan transactions (cash receipts, disbursements, purchases and sales) are recorded daily at the participant account level. Investment percentages and elections may be changed by the participants on a daily basis.

Use of Estimates

Certain estimates and assumptions have been made in relation to the reporting and disclosure of assets and liabilities to prepare the financial statements in conformity with the modified cash basis method of accounting. The amounts contained within these financial statements represent Plan management's best estimate of expected outcomes based on available information. However, Plan management recognizes that certain events could occur or fail to occur and, accordingly, actual results could differ from these estimates and such differences could be material.

Recent Accounting Pronouncements

All applicable pronouncements have been adopted by the Plan. There are no issued pronouncements that will require adoption in future periods.

Payment of Benefits

Payments to participants are recognized when paid.

Investment Valuation

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Investment Transactions and Investment Income

Purchases and sales of investments are recorded on a trade-date basis. Dividends and interest income are recorded when received. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Plan participants may choose to invest in various funds. For a complete description of the Plan's investments, participants should refer to each fund's prospectus or agreement as provided by the Plan Administrator.

Reclassifications

The presentation of certain prior period amounts has been reclassified to be consistent with the current period presentation. Such reclassifications had no impact on net assets available for plan benefits, net investment (loss) income, total contributions or total deductions.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest

A&B Retirement Plan
Notes to Financial Statements
(Modified Cash Basis)
December 31, 2022 and 2021

priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
 - If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds

Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trust Funds

The Plan's investments in common collective trusts are measured at fair value using NAV per share practical expedient and have not been classified in the fair value hierarchy.

The following tables show the fair value of the Plans' investments at December 31, 2022 and 2021:

	Fair Value Measurement at December 31, 2022

- (1) In accordance with FASB ASC Subtopic 820-10, investments held by the Plan measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line item presented in the Statement of Net Assets Available for Benefits.

ASC Topic 820-10 permits, as a practical expedient, a reporting entity to measure the fair value of an investment on the basis of the NAV per share of the investment if the NAV is calculated in a manner consistent with the measurement principles of Topic 946 "Financial Services – Investment Companies." The guidance requires disclosure by major category of investment about the attributes of investments, such as the nature of the restrictions on the investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investees.

The following table summarizes investments measured at fair value based on NAV per share, unfunded commitments, and redemption restrictions as of December 31, 2022 and 2021, respectively.

4. Description of Information Certified by the Plan's Trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal. Information certified by the Trustee was as follows:

- a. Information included in the statements of net assets available for benefits at December 31, 2022 and 2021:
 - Mutual funds, at fair value (\$370,170,965 and \$466,732,959, respectively).
 - Common/collective trust funds, at fair value (\$493,547,615 and \$593,809,002, respectively).
- b. Information included in the statement of changes in net assets available for benefits for the year ended December 31, 2022:
 - Net appreciation (depreciation) in fair value of investments (\$183,487,591).
 - Dividends \$5,910,398.
 - Other income \$323,350.
- c. Information used to derive Schedule H, Line 4i – Schedule of Assets (Held at December 31 2022).
- d. Footnotes

- Information included in footnote 3 (Fair Value Measurements) referencing investment balances.
- Information included in footnote 5 (Transactions with Parties in Interest) referencing investment activity and balances.

5. Transactions with Parties in Interest

Certain Plan investments are shares of a mutual fund managed by Principal, the Plan Trustee. At December 31, 2022 and 2021, the Plan held 771,575 shares and 832,272 shares of Principal SmallCap Fund with a market value of \$18,610,378 and \$25,201,204, respectively. At December 31, 2022, the Plan held 677,441 shares of Principal/T. Rowe Price Instl LCG Mgd N CIT with a market value of \$23,172,347.

These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Revenue sharing income (Note 1) of \$323,253 was received from Principal in 2022.

6. Tax Status of Plan

The Internal Revenue Service ("IRS") has determined and informed the Plan Administrator by a letter dated September 7, 2017, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2017.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. Risks and Uncertainties

The Plan invests in various mutual funds and common/collective trust funds. Mutual funds and common/collective trust funds are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain funds, it is at least reasonably possible that changes in the values of investment funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

The Plan has evaluated subsequent events through July 17, 2023, the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.
