INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Greylock 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Greylock 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Greylock 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are required to be independent of the Greylock 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Greylock 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Greylock 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Greylock 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedules of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GREYLOCK 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

Note 1 - Description of Plan

The following description of the Greylock 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan trust agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan established effective January 1, 1994 and covers substantially all employees of the Greylock Federal Credit Union (the "Company") who meet certain eligibility requirements. The Plan was amended effective April 1, 2006 to be a safe harbor 401(k) plan. The Plan was further amended effective January 1, 2018 to allow for after-tax (Roth) contributions and include an automatic enrollment feature. Employees who are age twenty-one and have completed ninety days of service are automatically enrolled into the Plan and have pre-tax deferrals at 5% of their wages unless they opt out or opt for after-tax contributions. Deferral percentages are automatically increased 1% per year until 10% is being deferred. Employees may elect to have a different percentage withheld. Employees must be age twenty-one and have completed one year of service, as defined in the Plan, in order to share in the Company's matching contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer up to fifty percent (50%) of their compensation subject to Internal Revenue Code (IRC) limitations. Under the safe harbor election, the Company contributes an employer match to the Plan equal to 100% of the participant's elective deferrals up to 4% of compensation of the participant. In addition, the Company may make an additional discretionary contribution to the Plan. There were no such discretionary contributions for the years ended December 31, 2022 or 2021. All contributions are invested as the participant directs.

Participant Accounts

Each participant's account is credited with (a) the participant's contribution; (b) the Company's matching contribution; (c) Plan earnings; (d) forfeitures of terminated participants' nonvested accounts and (e) charged with an allocation of administration expenses. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Participant Loans

Participants may borrow from the Plan subject to certain limitations. Loan transactions are treated as a transfer to (from) the investment fund and from (to) the participant's loan account. Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. Loans are for a period not exceeding five years (thirty years if for the purchase of a principal residence) and bear interest based on prevailing market rates. Principal and interest are paid ratably through payroll deductions. Interest rates on outstanding loans were 4.25% to 8.5% at December 31, 2022 and 2021. There were \$587,106 and \$625,780 in outstanding loans as of December 31, 2022 and 2021, respectively.

Vesting

Participants are immediately vested in their deferred contributions, the safe harbor employer match and all actual earnings thereon. Vesting in the Company's discretionary contribution (if any) is based on the following schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

**GREYLOCK 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 2 - Summaries of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). In accordance with the policy of stating investments at fair market value, net appreciation or depreciation for the year is reflected in the statement of changes in net assets available for benefits. The net appreciation (depreciation) in the fair value of its investments consists of realized gains or losses and unrealized appreciation (depreciation) on those investments. Shares of registered investment companies (mutual funds) are valued at quoted market prices which represent the net asset value of shares held by the Plan. Purchases and sales of securities are recorded on a trade-date basis. Interest and other investment income are recorded as earned on the accrual basis. Dividend income is recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest thereon. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. Interest income from notes receivable from participants is recorded on the accrual basis.

Risks and Uncertainties

The Plan provides for various investment options in any combination of fixed income securities and mutual funds. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America and DOL rules and regulations for reporting and disclosure under ERISA require the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

Administrative Expenses

The Company absorbs substantially all costs related to the operation of the Plan at no charge to the Plan. Certain administrative fees are paid by the Plan.

Forfeitures

As of the end of each Plan year, forfeitures which have become available during the Plan year shall be used to pay Plan expenses or reduce the safe harbor employer match. For the years ended December 31, 2022 and 2021, there were no available forfeitures.

**GREYLOCK 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 2 - continued

Payment of Benefits and Withdrawals

Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or installments over an agreed upon period of time. Participants may withdraw their voluntary contributions at any time. They may withdraw the vested portion of any company contributions subject to restrictions or penalties as defined in the Plan trust agreement. Benefits are recorded when paid.

Note 3 - **Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides a definition of fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. The Plan has shares of registered investment companies (mutual funds) and pooled separate accounts which are considered Level 1 investments.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. The Plan has no Level 2 assets or liabilities.

Level 3: Inputs that are unobservable inputs for the asset or liability. The Plan has no Level 3 assets or liabilities.

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The pooled separate accounts invest mainly in mutual funds and domestic stocks that have observable level 1 quoted pricing inputs. The net asset value of the pooled separate accounts is not publicly quoted but is available to its investors when plan participants access their account values. The net asset value is the basis for current transactions and the funds can be redeemed for net asset value as of the measurement date, therefore, the trustee believes the accounts have a readily determinable fair value.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

December 31, 2022	Fair Value	Level 1
Registered investment companies	\$ 9,651,402	\$ 9,651,402

Note 4 - **Information Certified by the Trustee**

The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the years then ended, included in the Plan's financial statements and supplemental schedules, that was prepared by, or derived from information prepared by Principal Life Insurance Company (Principal), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that such information is complete and accurate.

Note 4 - continued

The following table presents the income earned during the years ended December 31:

	2022	2021
Interest and dividends – investments	\$ 165,992	\$ 169,952
Net appreciation (depreciation)	\$ (6,044,594)	\$ 4,351,021
Interest – notes receivable from participants	\$ 29,074	\$ 31,529

Note 5 - Guaranteed Investment Contract with Insurance Company

In 2012, the Plan entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Principal, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021 was \$6,026,103 and \$5,405,740, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reset on a semiannual basis and will never be less than the guaranteed minimum interest rate.

Certain events limit the Plan's ability to transact at contract value with Principal. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

Note 6 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

YEARS ENDED DECEMBER 31, 2022 AND 2021**

Note 7 - Related Party Transactions

Plan investments are shares of mutual funds and a guaranteed investment contract managed by Principal. Principal serves as the custodian and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services amounted to \$10,169 and \$8,940 for the years ended December 31, 2022 and 2021, respectively.

In addition, Global Retirement Partners, LLC d/b/a BCG Retirement Consultants provided investment advisory services to the plan. During each of the years ended December 31, 2022 and 2021, this company received \$24,000, of indirect compensation from the Plan.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 9 - Subsequent Events

The Plan has evaluated subsequent events through June 8, 2023, the date on which the financial statements were available to be issued.
