INDEPENDENT AUDITORS REPORT

To Britz's, Inc. 401(k) Retirement Plan and Participants:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Britz Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(c) (ERISA Section 103 (a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year of 2022 ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103 (a)(3)(c), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the auditor's responsibilities for the audit of the 2022 financial statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed or derived from the certified investment information, are fairly presented, on the modified basis of the accounting, other than accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of 2022 Financial Statements section of our report. We are required to be independent of Britz, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities. In accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Britz, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a year after June 30, 2023, the date of the 2022 financial statements is issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Britz's Inc., 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Britz Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules required by ERISA

The supplemental schedules of Assets Held for Investment Purposes (Schedule I) for the year ended December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rule and Regulations for reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our Opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Notes to Financial Statements

December 31, 2022

NOTE A - DESCRIPTION OF PLAN

The following description of Britz, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Britz, Inc. and the trustee is Prudential Trust Company.

General

The Plan is a defined contribution plan covering all employees of Britz Inc. who have completed at least one year of eligible service, as defined in the Plan document, and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee Contributions – Participants are permitted to contribute to the IRS allowed amount annually, on a tax-deferred basis. Transfers from qualified plans are allowed under the provisions of the Plan. Additional voluntary contributions are not allowed.

Employer Contributions – The Company's contribution is a dollar-for-dollar match for the first 3% of compensation and then a 50% match on the next 2% compensation. The maximum match is 4% of compensation. The Safe Harbor contribution only covers the employees with compensation deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and a quarterly allocation of Plan earnings based on participant's beginning of the year account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants in the Plan are immediately 100% vested in their elective and matching salary deferrals plus the earnings thereon. Employer's Safe Harbor contributions are also 100% vested immediately.

Participant Loans

Loans are not permitted under the Plan.

NOTE A - DESCRIPTION OF PLAN (cont.)

Distribution

Hardship distributions of the participant's pre-tax salary deferrals are permitted.

The participants may receive in-service distribution of their salary deferral amounts when they reach the normal retirement date.

The participant will reach the plans' normal retirement age when they reach age 65.

On termination of service, a participant may elect to receive their benefits in one of several methods, which range from a single sum payment to monthly or annual installment payments over a period.

Forfeitures

In theory, there should be no forfeitures in the plan since all the company's contributions are immediately vested.

Investment of Contribution

As a participant in the plan, an individual directs the investment of his or her accounts. He or she can also discontinue referrals at any time, upon written notice to the plan administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan maintains its books and records on the cash basis of accounting, modified to reflect the Sponsor's contribution receivable and to reflect the increase or decrease in the fair value of investments. This is a basis of accounting other than Generally Accepted Accounting Principles of the United States of America. Investment income is recorded when occurred while benefit is recorded when paid.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (cont.)

Recent Accounting Pronouncements

In July 2019, the AICPA Auditing Standards Board (ASB) issued as a final standard, Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plan Subject to ERISA* (EBP SAS). The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and changes the form and content of the related auditor's report. It should not be adapted for plans that are not subject to ERISA.

Codified in new AU-C section 703 of the AICPA *Professional Standards*, this standard is the foundational section that addresses the auditor's responsibility to form an opinion on the ERISA plan financial statements and prescribes the form and content of the auditor's report for ERISA plan audits.

AU-C section 703 included changes that will need to be implemented for all ERISA audits, including management acceptance, management representations, communications with governance, and the auditor's report. And if the audit firm performs ERISA Section 103(a)(3)(c) audits additional performance and new requirements also apply.

AU-C section 703 requires the auditors to perform certain procedures when planning and performing the audit that in the past were not expressly required.

AU-C section 703 is effective for audits of ERISA plan financial statements for periods Ending on or after December 15, 2021.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefit

Benefits are recorded when paid.

NOTE B – SIGNIFICANT ACCOUNTANTING POLICIES (cont.)

Investment Valuation and Income Recognition

The Investments in all the funds except Guaranteed Interest Account are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

On July 31, 2015, the FASB issued ASU 2015-12, under this new standard, plan reporting entities within the scope of ASC 962 and ASC 965 no longer need to measure Fully Benefit-Responsive Investment Contracts (FBRIC) at fair value and would only measure them at contract value. Consequently, plan reporting entities should no longer present a reconciliation of a FBRIC's fair value to its contract value on the face of the financial statements. The Plan is in compliance with this new standard. Because of this new standard the Statement of Net Assets available for Benefits is restated.

Part II of ASU 2015-12 deals with plan investment disclosure. The ASU's amendments to the plan investment disclosure requirements for employee benefit plans, including disclosure requirements for investments in master trusts, within the scope of ASC 960, ASC 962, and ASC 965 (for both participant-directed and nonparticipant-directed investments) include the following: Plan investments need to be disaggregated only by general type within the statement of net assets available for benefits or within the footnotes. Plans are no longer required to provide the disclosures by investment class in accordance with ASC 820-10-50 but must instead provide such disclosures by general type.

Administrative Expenses

Most expenses of maintaining the Plan are paid by the Sponsor.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The new ASC 2018-13 updated ASC 820 with fair value disclosure changes. Those changes do not apply to this Plan's investment assets.

NOTE C – FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying balance sheet, as well as, the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued based on the fair value of the underlying securities which have observable level 1 pricing inputs.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

	Level 1	Level 2	Level 3	Total

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a portfolio of investment contracts that is a traditional investment contract. These contracts meet the fully benefit-responsive investment criteria and therefore are reported at contract value. On July 31, 2015, the FASB issued ASU 2015-12. Under this standard, contract value is the relevant measure for fully responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract Value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. One of the Plan's investment options, Prudential's Guaranteed Interest account (GIA), meets the fully benefit-responsive investment criteria and is therefore reported at contract value. Prudential's GIA is obligated to repay the Plan the principal and a guaranteed 3% interest rate.

The following represents the contract value held by the Plan.

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (cont.)

The traditional investment contract held by the Plan is a guaranteed investment contract. The Guaranteed Interest Account (GIA) is a group annuity product issued by The Prudential Insurance Company of America. The GIA objective is to credit interest on contributions at competitive rates that generally exceed the returns available from money market instruments. The contract issuer is contractually obligated to repay the Plan the principal and interest at a guaranteed specified interest rate. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at a contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

BRITZ, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (cont.)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE E – TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated March 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE F – USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE G – INVESTMENT CERTIFIED BY THE TRUSTEE (UN-AUDITED)

As of December 31, 2022, and 2021, the Plan's investments were held by Empower /Prudential Insurance Company of America (Trustee).

NOTE I – UPDATED PLAN DOCUMENT

The Britz Inc. 401K plan document was updated on March 8, 2010. The updates incorporated all the required amendments over the preceding five or so years.

The PPA restatement of the Plan was done in 2022 to comply with IRS requirement.

NOTE J – RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

There is a possible risk and uncertainty related to the Plan's financial statements given the current situation. The war between Russia and Ukraine started in February and has not yet ended. COVID seems to be slowing down, but it is still present. Inflation is causing interest rate hikes by the Federal Reserve. All of these factors could materially affect the Plan's financial statements and the Plan Sponsor's operations. The management is closely monitoring the effects. As of now, the impact to the operation and the Plan is minimal.

NOTE K – PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. As of December 31, 2022, and 2021, the Plan held investments in mutual funds and pooled separate account with Prudential Insurance Company of America, the custodian, also the issuer of the Guaranteed Interest Account, the group annuity contract. The Plan also contracted Baker, Chi & Parkey Accountancy Corporation as the auditor. Therefore, Prudential Insurance Company of America and Baker, Chi & Parkey Accountancy Corporation qualify as parties-in-interest to the Plan. The Plan Sponsor, Britz, Inc. absorbs all audit fees and most of the administrative fees paid to Empower/Prudential.

These above transactions are not, however, considered prohibited transactions under 29 CFR 408 (b) of the ERISA.

NOTE L – PLAN SPONSOR OPERATION CHANGE

In 2022, Britz, Inc. sold Sun West Fruit Company, one of the subsidiaries that participated in the Plan. The sale triggered a decrease in the Plan participation and in the increase of the distributions due to the major terminations of Sun West employees.

NOTE M – WITHDRAWING PARTICIPANTS

As of December 31, 2016, and 2015, no amounts were allocated to participants who had elected to withdraw from the Plan but had not been paid.

NOTE N - SUBSEQUENT EVENTS

For the year ended December 31, 2022, the Plan has evaluated subsequent events for potential recognition and disclosure through June 30, 2023, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS REPORT

To Britz's, Inc. 401(k) Retirement Plan and Participants:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Britz Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(c) (ERISA Section 103 (a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year of 2022 ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103 (a)(3)(c), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the auditor's responsibilities for the audit of the 2022 financial statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed or derived from the certified investment information, are fairly presented, on the modified basis of the accounting, other than accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of 2022 Financial Statements section of our report. We are required to be independent of Britz, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities. In accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Britz, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a year after June 30, 2023, the date of the 2022 financial statements is issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Britz's Inc., 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Britz Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules required by ERISA

The supplemental schedules of Assets Held for Investment Purposes (Schedule I) for the year ended December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rule and Regulations for reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our Opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

NOTE A - DESCRIPTION OF PLAN

The following description of Britz, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Britz, Inc. and the trustee is Prudential Trust Company.

General

The Plan is a defined contribution plan covering all employees of Britz Inc. who have completed at least one year of eligible service, as defined in the Plan document, and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee Contributions – Participants are permitted to contribute to the IRS allowed amount annually, on a tax-deferred basis. Transfers from qualified plans are allowed under the provisions of the Plan. Additional voluntary contributions are not allowed.

Employer Contributions – The Company's contribution is a dollar-for-dollar match for the first 3% of compensation and then a 50% match on the next 2% compensation. The maximum match is 4% of compensation. The Safe Harbor contribution only covers the employees with compensation deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and a quarterly allocation of Plan earnings based on participant's beginning of the year account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants in the Plan are immediately 100% vested in their elective and matching salary deferrals plus the earnings thereon. Employer's Safe Harbor contributions are also 100% vested immediately.

Participant Loans

Loans are not permitted under the Plan.

Notes to Financial Statements

December 31, 2022

NOTE A - DESCRIPTION OF PLAN (cont.)

Distribution

Hardship distributions of the participant's pre-tax salary deferrals are permitted.

The participants may receive in-service distribution of their salary deferral amounts when they reach the normal retirement date.

The participant will reach the plans' normal retirement age when they reach age 65.

On termination of service, a participant may elect to receive their benefits in one of several methods, which range from a single sum payment to monthly or annual installment payments over a period.

Forfeitures

In theory, there should be no forfeitures in the plan since all the company's contributions are immediately vested.

Investment of Contribution

As a participant in the plan, an individual directs the investment of his or her accounts. He or she can also discontinue referrals at any time, upon written notice to the plan administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan maintains its books and records on the cash basis of accounting, modified to reflect the Sponsor's contribution receivable and to reflect the increase or decrease in the fair value of investments. This is a basis of accounting other than Generally Accepted Accounting Principles of the United States of America. Investment income is recorded when occurred while benefit is recorded when paid.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (cont.)

Recent Accounting Pronouncements

In July 2019, the AICPA Auditing Standards Board (ASB) issued as a final standard, Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plan Subject to ERISA* (EBP SAS). The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and changes the form and content of the related auditor's report. It should not be adapted for plans that are not subject to ERISA.

Codified in new AU-C section 703 of the AICPA *Professional Standards*, this standard is the foundational section that addresses the auditor's responsibility to form an opinion on the ERISA plan financial statements and prescribes the form and content of the auditor's report for ERISA plan audits.

AU-C section 703 included changes that will need to be implemented for all ERISA audits, including management acceptance, management representations, communications with governance, and the auditor's report. And if the audit firm performs ERISA Section 103(a)(3)(c) audits additional performance and new requirements also apply.

AU-C section 703 requires the auditors to perform certain procedures when planning and performing the audit that in the past were not expressly required.

AU-C section 703 is effective for audits of ERISA plan financial statements for periods Ending on or after December 15, 2021.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefit

Benefits are recorded when paid.

BRITZ, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

NOTE B – SIGNIFICANT ACCOUNTANTING POLICIES (cont.)

Investment Valuation and Income Recognition

The Investments in all the funds except Guaranteed Interest Account are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

On July 31, 2015, the FASB issued ASU 2015-12, under this new standard, plan reporting entities within the scope of ASC 962 and ASC 965 no longer need to measure Fully Benefit-Responsive Investment Contracts (FBRIC) at fair value and would only measure them at contract value. Consequently, plan reporting entities should no longer present a reconciliation of a FBRIC's fair value to its contract value on the face of the financial statements. The Plan is in compliance with this new standard. Because of this new standard the Statement of Net Assets available for Benefits is restated.

Part II of ASU 2015-12 deals with plan investment disclosure. The ASU's amendments to the plan investment disclosure requirements for employee benefit plans, including disclosure requirements for investments in master trusts, within the scope of ASC 960, ASC 962, and ASC 965 (for both participant-directed and nonparticipant-directed investments) include the following: Plan investments need to be disaggregated only by general type within the statement of net assets available for benefits or within the footnotes. Plans are no longer required to provide the disclosures by investment class in accordance with ASC 820-10-50 but must instead provide such disclosures by general type.

Administrative Expenses

Most expenses of maintaining the Plan are paid by the Sponsor.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The new ASC 2018-13 updated ASC 820 with fair value disclosure changes. Those changes do not apply to this Plan's investment assets.

NOTE C – FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying balance sheet, as well as, the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued based on the fair value of the underlying securities which have observable level 1 pricing inputs.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a portfolio of investment contracts that is a traditional investment contract. These contracts meet the fully benefit-responsive investment criteria and therefore are reported at contract value. On July 31, 2015, the FASB issued ASU 2015-12. Under this standard, contract value is the relevant measure for fully responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract Value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. One of the Plan's investment options, Prudential's Guaranteed Interest account (GIA), meets the fully benefit-responsive investment criteria and is therefore reported at contract value. Prudential's GIA is obligated to repay the Plan the principal and a guaranteed 3% interest rate.

The following represents the contract value held by the Plan.

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (cont.)

The traditional investment contract held by the Plan is a guaranteed investment contract. The Guaranteed Interest Account (GIA) is a group annuity product issued by The Prudential Insurance Company of America. The GIA objective is to credit interest on contributions at competitive rates that generally exceed the returns available from money market instruments. The contract issuer is contractually obligated to repay the Plan the principal and interest at a guaranteed specified interest rate. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at a contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

BRITZ, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (cont.)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE E – TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated March 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE F – USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE G – INVESTMENT CERTIFIED BY THE TRUSTEE (UN-AUDITED)

NOTE I – UPDATED PLAN DOCUMENT

The Britz Inc. 401K plan document was updated on March 8, 2010. The updates incorporated all the required amendments over the preceding five or so years.

The PPA restatement of the Plan was done in 2022 to comply with IRS requirement.

NOTE J – RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

There is a possible risk and uncertainty related to the Plan's financial statements given the current situation. The war between Russia and Ukraine started in February and has not yet ended. COVID seems to be slowing down, but it is still present. Inflation is causing interest rate hikes by the Federal Reserve. All of these factors could materially affect the Plan's financial statements and the Plan Sponsor's operations. The management is closely monitoring the effects. As of now, the impact to the operation and the Plan is minimal.

NOTE K – PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. As of December 31, 2022, and 2021, the Plan held investments in mutual funds and pooled separate account with Prudential Insurance Company of America, the custodian, also the issuer of the Guaranteed Interest Account, the group annuity contract. The Plan also contracted Baker, Chi & Parkey Accountancy Corporation as the auditor. Therefore, Prudential Insurance Company of America and Baker, Chi & Parkey Accountancy Corporation qualify as parties-in-interest to the Plan. The Plan Sponsor, Britz, Inc. absorbs all audit fees and most of the administrative fees paid to Empower/Prudential.

These above transactions are not, however, considered prohibited transactions under 29 CFR 408 (b) of the ERISA.

NOTE L – PLAN SPONSOR OPERATION CHANGE

In 2022, Britz, Inc. sold Sun West Fruit Company, one of the subsidiaries that participated in the Plan. The sale triggered a decrease in the Plan participation and in the increase of the distributions due to the major terminations of Sun West employees.

NOTE M – WITHDRAWING PARTICIPANTS

As of December 31, 2016, and 2015, no amounts were allocated to participants who had elected to withdraw from the Plan but had not been paid.

NOTE N - SUBSEQUENT EVENTS

For the year ended December 31, 2022, the Plan has evaluated subsequent events for potential recognition and disclosure through June 30, 2023, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS REPORT

To Britz's, Inc. 401(k) Retirement Plan and Participants:

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Britz Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103 (a)(3)(c) (ERISA Section 103 (a)(3)(c) audit). The financial statements comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year of 2022 ended, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103 (a)(3)(c), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rule and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note G to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the auditor's responsibilities for the audit of the 2022 financial statements section

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed or derived from the certified investment information, are fairly presented, on the modified basis of the accounting, other than accounting principles generally accepted in the United States of America (GAAP).

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of 2022 Financial Statements section of our report. We are required to be independent of Britz, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities. In accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP), and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Britz, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a year after June 30, 2023, the date of the 2022 financial statements is issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Britz's Inc., 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Britz Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of the ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules required by ERISA

The supplemental schedules of Assets Held for Investment Purposes (Schedule I) for the year ended December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rule and Regulations for reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our Opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(c).

Notes to Financial Statements

December 31, 2022

NOTE A - DESCRIPTION OF PLAN

The following description of Britz, Inc. 401(k) Retirement Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan's sponsor is Britz, Inc. and the trustee is Prudential Trust Company.

General

The Plan is a defined contribution plan covering all employees of Britz Inc. who have completed at least one year of eligible service, as defined in the Plan document, and are twenty-one years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Employee Contributions – Participants are permitted to contribute to the IRS allowed amount annually, on a tax-deferred basis. Transfers from qualified plans are allowed under the provisions of the Plan. Additional voluntary contributions are not allowed.

Employer Contributions – The Company's contribution is a dollar-for-dollar match for the first 3% of compensation and then a 50% match on the next 2% compensation. The maximum match is 4% of compensation. The Safe Harbor contribution only covers the employees with compensation deferrals.

Participant Accounts

Each participant's account is credited with the participant's contribution and a quarterly allocation of Plan earnings based on participant's beginning of the year account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants in the Plan are immediately 100% vested in their elective and matching salary deferrals plus the earnings thereon. Employer's Safe Harbor contributions are also 100% vested immediately.

Participant Loans

Loans are not permitted under the Plan.

BRITZ, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022

NOTE A - DESCRIPTION OF PLAN (cont.)

Distribution

Hardship distributions of the participant's pre-tax salary deferrals are permitted.

The participants may receive in-service distribution of their salary deferral amounts when they reach the normal retirement date.

The participant will reach the plans' normal retirement age when they reach age 65.

On termination of service, a participant may elect to receive their benefits in one of several methods, which range from a single sum payment to monthly or annual installment payments over a period.

Forfeitures

In theory, there should be no forfeitures in the plan since all the company's contributions are immediately vested.

Investment of Contribution

As a participant in the plan, an individual directs the investment of his or her accounts. He or she can also discontinue referrals at any time, upon written notice to the plan administrator.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan maintains its books and records on the cash basis of accounting, modified to reflect the Sponsor's contribution receivable and to reflect the increase or decrease in the fair value of investments. This is a basis of accounting other than Generally Accepted Accounting Principles of the United States of America. Investment income is recorded when occurred while benefit is recorded when paid.

Notes to Financial Statements

December 31, 2022

NOTE B - SIGNIFICANT ACCOUNTING POLICIES (cont.)

Recent Accounting Pronouncements

In July 2019, the AICPA Auditing Standards Board (ASB) issued as a final standard, Statement on Auditing Standards (SAS) No. 136, *Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plan Subject to ERISA* (EBP SAS). The EBP SAS prescribes certain new performance requirements for an audit of financial statements of employee benefit plans subject to the Employee Retirement Income Security Act of 1974 (ERISA) and changes the form and content of the related auditor's report. It should not be adapted for plans that are not subject to ERISA.

Codified in new AU-C section 703 of the AICPA *Professional Standards*, this standard is the foundational section that addresses the auditor's responsibility to form an opinion on the ERISA plan financial statements and prescribes the form and content of the auditor's report for ERISA plan audits.

AU-C section 703 included changes that will need to be implemented for all ERISA audits, including management acceptance, management representations, communications with governance, and the auditor's report. And if the audit firm performs ERISA Section 103(a)(3)(c) audits additional performance and new requirements also apply.

AU-C section 703 requires the auditors to perform certain procedures when planning and performing the audit that in the past were not expressly required.

AU-C section 703 is effective for audits of ERISA plan financial statements for periods Ending on or after December 15, 2021.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefit

Benefits are recorded when paid.

BRITZ, INC. 401(k) RETIREMENT PLAN

Notes to Financial Statements

December 31, 2022

NOTE B – SIGNIFICANT ACCOUNTANTING POLICIES (cont.)

Investment Valuation and Income Recognition

The Investments in all the funds except Guaranteed Interest Account are presented at fair value, based on the quoted market prices of the underlying securities within each fund at December 31, 2022 and 2021. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

On July 31, 2015, the FASB issued ASU 2015-12, under this new standard, plan reporting entities within the scope of ASC 962 and ASC 965 no longer need to measure Fully Benefit-Responsive Investment Contracts (FBRIC) at fair value and would only measure them at contract value. Consequently, plan reporting entities should no longer present a reconciliation of a FBRIC's fair value to its contract value on the face of the financial statements. The Plan is in compliance with this new standard. Because of this new standard the Statement of Net Assets available for Benefits is restated.

Part II of ASU 2015-12 deals with plan investment disclosure. The ASU's amendments to the plan investment disclosure requirements for employee benefit plans, including disclosure requirements for investments in master trusts, within the scope of ASC 960, ASC 962, and ASC 965 (for both participant-directed and nonparticipant-directed investments) include the following: Plan investments need to be disaggregated only by general type within the statement of net assets available for benefits or within the footnotes. Plans are no longer required to provide the disclosures by investment class in accordance with ASC 820-10-50 but must instead provide such disclosures by general type.

Administrative Expenses

Most expenses of maintaining the Plan are paid by the Sponsor.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The new ASC 2018-13 updated ASC 820 with fair value disclosure changes. Those changes do not apply to this Plan's investment assets.

NOTE C – FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying balance sheet, as well as, the general classification of such instruments pursuant to the valuation hierarchy.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Account: Valued based on the fair value of the underlying securities which have observable level 1 pricing inputs.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a portfolio of investment contracts that is a traditional investment contract. These contracts meet the fully benefit-responsive investment criteria and therefore are reported at contract value. On July 31, 2015, the FASB issued ASU 2015-12. Under this standard, contract value is the relevant measure for fully responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the plan. Contract Value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. One of the Plan's investment options, Prudential's Guaranteed Interest account (GIA), meets the fully benefit-responsive investment criteria and is therefore reported at contract value. Prudential's GIA is obligated to repay the Plan the principal and a guaranteed 3% interest rate.

The following represents the contract value held by the Plan.

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (cont.)

The traditional investment contract held by the Plan is a guaranteed investment contract. The Guaranteed Interest Account (GIA) is a group annuity product issued by The Prudential Insurance Company of America. The GIA objective is to credit interest on contributions at competitive rates that generally exceed the returns available from money market instruments. The contract issuer is contractually obligated to repay the Plan the principal and interest at a guaranteed specified interest rate. The crediting rate is based on a formula established by the contract issuer but may not be less than 3 percent. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at a contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code.
2. Premature termination of the contracts.
3. Plan termination or merger.
4. Changes to the Plan's prohibition on competing investment options.
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

NOTE D – FULLY BENEFIT – RESPONSIVE INVESTMENT CONTRACT WITH INSURANCE COMPANY (cont.)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines.
2. A breach of material obligation under the contract.
3. A material misrepresentation.
4. A material amendment to the agreements without the consent of the issuer.

NOTE E – TAX STATUS

The Internal Revenue Service has determined and informed the company by a letter dated March 2008, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the plan has been amended since receiving the determination letter, the plan administrator and the plan's tax counsel believe that the plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE F – USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE G – INVESTMENT CERTIFIED BY THE TRUSTEE (UN-AUDITED)

As of December 31, 2022, and 2021, the Plan's investments were held by Empower /Prudential Insurance Company of America (Trustee).

NOTE I – UPDATED PLAN DOCUMENT

The Britz Inc. 401K plan document was updated on March 8, 2010. The updates incorporated all the required amendments over the preceding five or so years.

The PPA restatement of the Plan was done in 2022 to comply with IRS requirement.

NOTE J – RISK AND UNCERTAINTIES

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

There is a possible risk and uncertainty related to the Plan's financial statements given the current situation. The war between Russia and Ukraine started in February and has not yet ended. COVID seems to be slowing down, but it is still present. Inflation is causing interest rate hikes by the Federal Reserve. All of these factors could materially affect the Plan's financial statements and the Plan Sponsor's operations. The management is closely monitoring the effects. As of now, the impact to the operation and the Plan is minimal.

NOTE K – PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. As of December 31, 2022, and 2021, the Plan held investments in mutual funds and pooled separate account with Prudential Insurance Company of America, the custodian, also the issuer of the Guaranteed Interest Account, the group annuity contract. The Plan also contracted Baker, Chi & Parkey Accountancy Corporation as the auditor. Therefore, Prudential Insurance Company of America and Baker, Chi & Parkey Accountancy Corporation qualify as parties-in-interest to the Plan. The Plan Sponsor, Britz, Inc. absorbs all audit fees and most of the administrative fees paid to Empower/Prudential.

These above transactions are not, however, considered prohibited transactions under 29 CFR 408 (b) of the ERISA.

NOTE L – PLAN SPONSOR OPERATION CHANGE

In 2022, Britz, Inc. sold Sun West Fruit Company, one of the subsidiaries that participated in the Plan. The sale triggered a decrease in the Plan participation and in the increase of the distributions due to the major terminations of Sun West employees.

NOTE M – WITHDRAWING PARTICIPANTS

As of December 31, 2016, and 2015, no amounts were allocated to participants who had elected to withdraw from the Plan but had not been paid.

NOTE N - SUBSEQUENT EVENTS

For the year ended December 31, 2022, the Plan has evaluated subsequent events for potential recognition and disclosure through June 30, 2023, the date the financial statements were available to be issued.
