INDEPENDENT AUDITOR'S REPORT

To the International Transmission Company Savings & Investment Plan
Novi, MI

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of International Transmission Company Savings & Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the International Transmission Company Savings & Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan covering substantially all employees of ITC Holdings Corp. ("ITC Holdings," or together with its subsidiaries, "ITC") and select FortisUS Inc. employees. International Transmission Company, a wholly-owned subsidiary of ITC Holdings, is the plan sponsor. The ITC Retirement Benefits Board ("RBB") controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (the "Trustee") serves as the trustee and Fidelity Workplace Services LLC is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 75% of their eligible compensation, as defined in the Plan, subject to certain Internal Revenue Code (the "IRC") limitations. Participants' contributions are withheld from the participants' eligible compensation on a pre-tax, after-tax, or Roth after-tax basis. ITC provides a matching contribution of 100% of the first 4% of eligible compensation and 50% of the next 4% of eligible compensation that a participant contributes to the Plan. Participants may also contribute amounts representing distributions from other qualified defined contribution plans.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is increased for any participant contribution, ITC's matching contributions, an allocation of the Plan's investment earnings, and revenue sharing. Additionally, each participant's account is charged with withdrawals, administrative fees, and an allocation of the Plan's investment losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Participants direct the investment of their contributions and ITC's contributions into various investment options offered by the Plan and may change investments and transfer amounts between funds daily. The Plan currently offers mutual funds, including target retirement date funds, and a common collective trust fund as investment options for participants. Participants also have the option to invest, through a self-directed brokerage account, in a variety of investments including individual stocks, bonds, mutual funds, and other investments beyond those offered directly by the Plan.

Vesting

Participants are vested immediately in all amounts credited to their accounts.

Notes Receivable from Participants

Participants may borrow from their fund accounts at a minimum of $1,000 up to a maximum of $50,000 or 50% of their account balance during the prior twelve-month period, whichever is less. Participants may only have two loans outstanding at any given time. Once any loan is paid in full, participants have a 180-day waiting period between loans. The notes are secured by the balance in the participant's account and bear interest at rates determined by the plan administrator based on the prevailing interest rates charged by financial institutions for loans, which would be made under similar circumstances. The interest rate remains fixed throughout the duration of the note. Principal and interest is paid ratably through payroll deductions and participants can pay down additional principal via check or ACH. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes are recorded as distributions based on the terms of the Plan document.

Notes receivable from participants under the Plan mature during the period of 2023 through 2032 and carry interest rates ranging from 5.25% to 8.25%.

Payment of Benefits

Upon death, disability, retirement, termination of service, or upon reaching age 59 ½, a participant or participant's beneficiary may generally elect to receive either a lump-sum amount equal to the value of the participant's account balance or substantially equal installment distributions over a period of time equal to the participant's account balance. In addition, a participant may apply to receive a hardship withdrawal.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to use estimates and assumptions that impact the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Risks and Uncertainties

The Plan utilizes various investment instruments, including mutual funds, a common collective trust fund, and a self-directed investment option. Investment securities are exposed to various risks, such as interest rate risk, credit risk and overall market volatility caused by various factors including, but not limited to a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the value of the participants' account balances that are reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments consist of publicly traded mutual funds, self-directed brokerage accounts, and a common collective trust fund. The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The publicly-traded mutual funds and substantially all the self-directed brokerage accounts' underlying assets are recorded at fair value based on observable trades for identical securities in an active market. A small portion of the self-directed brokerage accounts' underlying assets are certificates of deposit which are measured based on observable inputs (other than quoted prices in active markets).

The common collective trust fund, which is a stable value fund that invests primarily in fully benefit-responsive investments, is a fund for which fair value is determined using the net asset value practical expedient. In the determination of the common collective trust fund's net asset value, the relevant measurement for the fully benefit-responsive investments held by the common collective trust is contract value, which represents invested principal plus accrued interest. The net asset value of the fund represents fair value since this is the net asset value at which the Plan transacts with the fund. As of December 31, 2022 and 2021, there were no unfunded commitments for the common collective trust and this investment offered daily liquidity. If the Plan initiates a full redemption of the common collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Certain market value events may limit the ability of the stable value fund to transact at contract value; such events are outside the normal operation of the fund and may include but are not limited to: fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants to not invest in the fund, transfers to competing options without meeting the equity wash provisions of the fund, and plan sponsor withdrawals without the appropriate notice to the fund and/or issue. The occurrence of each of these events that would limit the Plan's ability to transact at contract value with participants in the Plan is not probable of occurring.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date.

Expenses

Administrative expenses of $17.25 per participant are deducted from participant accounts with balances greater than $3,000 each calendar quarter. Participants also pay administrative fees for loans, distributions and investment management services. Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to the record keeper to offset the Plan's administrative expenses. Administrative expenses are directly billed to each participant; therefore, the revenue sharing is returned to plan participants.

Payment of Benefits

Benefit payments to participants are recorded upon distribution. As of December 31, 2022 and 2021, there were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid.

Subsequent Events

Subsequent events were evaluated up to July 18, 2023, which is the date the financial statements were available to be issued. There were no additional subsequent events impacting the Plan which require recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENTS

The measurement of fair value is based on a three-tier hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets for identical assets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. For the years ended December 31, 2022 and 2021, there were no transfers between levels.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021:

	Fair Value Measurements at December 31, 2022, Using			
	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs	Total
	(Level 1)	(Level 2)	(Level 3)	
Mutual funds	$ 230,475,105	$ —	$ —	$ 230,475,105
Self-directed brokerage accounts [(a)]	8,701,087	14,996	—	8,716,083
Total assets in the fair value hierarchy	239,176,192	14,996	—	239,191,188
Common collective trust fund [(b)]	—	—	—	6,328,344
Investments at fair value	$ 239,176,192	$ 14,996	$ —	$ 245,519,532

(a) The self-directed brokerage accounts contain investments in a variety of categories including common stock and money market funds which are classified as level 1 investments, and certificates of deposit which are classified as level 2 investments. The certificates of deposit are carried at amortized cost, which approximates market value.

(b) The common collective trust fund is measured at fair value using the net asset value per share practical expedient and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments presented at fair value in the statement of net assets available for benefits.

	Fair Value Measurements at December 31, 2021, Using			
	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs	Significant Unobservable Inputs	Total
	(Level 1)	(Level 2)	(Level 3)	
Mutual funds	$ 282,795,941	$ —	$ —	$ 282,795,941
Self-directed brokerage accounts	10,245,903	—	—	10,245,903
Total assets in the fair value hierarchy	293,041,844	—	—	293,041,844
Common collective trust fund [(a)]	—	—	—	5,932,871
Investments at fair value	$ 293,041,844	$ —	$ —	$ 298,974,715

(a) The common collective trust fund is measured at fair value using the net asset value per share practical expedient and has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the investments presented at fair value in the statement of net assets available for benefits.

4. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of investment funds, including mutual funds such as target retirement date funds, and a money market mutual fund managed by the Trustee. Therefore, these transactions qualify as exempt party-in-interest transactions. Revenue sharing of $54,379 and administrative expenses paid by the Plan of $116,850 for the year ended December 31, 2022 were allocated by investment to participant accounts and included as an increase and reduction, respectively, to each fund. The revenue sharing is treated as a reduction of expenses paid by the Plan and, therefore, it is netted within administrative expenses on the statement of changes in net assets available for benefits.

5. PLAN TERMINATION

Although it has not expressed any intention to do so, ITC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

6. FEDERAL INCOME TAX STATUS

The Plan adopted a prototype plan document sponsored by Fidelity on March 1, 2003. Fidelity received an opinion letter from the Internal Revenue Service (“IRS”), dated March 31, 2014, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code (“IRC”). The Plan itself has not received a determination letter from the IRS. However, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. As of December 31, 2022, the Plan had not taken any uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years 2018 and earlier.

7. CERTIFIED INVESTMENT INFORMATION
