INDEPENDENT AUDITOR'S REPORT

To the Investment Committee of
Wheaton College Retirement Plan
Wheaton, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Wheaton College Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan may not have maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 11 to the financial statements, based on the uncertainty of complete records the Plan may have excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of schedule of assets (held at end of year) and schedule of delinquent participant contributions as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on these supplemental schedules.

WHEATON COLLEGE RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of Wheaton College Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Wheaton College (the College), except for student employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

With the exception of the College's student employees, all employees are eligible to participate in the unmatched portion of the Plan by making employee Roth or pre-tax contributions up to the Internal Revenue Code (IRC) limits.

After attainment of age 21, one year of service in a qualifying position, and a minimum of 1,000 hours worked in a 12-month measurement period, an employee becomes eligible for matched retirement contributions. A qualifying position is a position other than adjunct/guest faculty, temporary/on-call employees and all student employees. The waiting period for the employer match may be waived for 12 consecutive months of prior full-time service with an employer that qualifies as a higher education institution or a Code Section 501(c)(3) institution.

Contributions

Participants may make pre-tax and/or Roth contributions subject to certain Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have been employed by the College for over 15 years may make additional contributions, subject to IRS limitations.

The College will make matching contributions calculated as 150% of the participant's contribution, limited to the first 4% of eligible compensation. Both pre-tax contributions and Roth after-tax contributions are eligible for the match under the Plan.

Contributions are subject to certain limitations as mandated by the IRC.

WHEATON COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Contributions (Continued)

Additionally, participants with at least one year of service participate in a long term disability insurance contract. When the benefits from this contract, known as Monthly Annuity Premium Benefits (MAPB), are paid out, the portion of the benefit attributable to employer contributions are deposited into the participant's 403(b) account. For the years ended December 31, 2022 and 2021, the contributions applicable to this benefit were \$54,168 and \$65,560, respectively, and reported as other contributions on the statements of changes in net assets available for benefits.

Investment Options

Participants may direct all their contributions among one or more investment options subject to the allocation limitations set forth in the Plan. Changes in allocation of future contributions and transfers among investment options of presently invested contributions are permitted pursuant to the Plan's provisions.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the College's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are vested immediately in their contributions and the College's matching contributions, plus actual earnings thereon at all times.

Notes Receivable from Participants (Participant Loans)

Participants may borrow from their fund accounts a minimum of \$1,000 up to the maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balances in the participants' accounts and bear interest at the prime rate plus 1% at the time of issuance of the loan. The term of the loan may not exceed five years or ten years if the loan proceeds will be used to acquire the principal residence of the participant. Notes receivable from participants balances were \$184,698 and \$0 as of December 31, 2022 and 2021, respectively, and are reported in the statements of net assets available for benefits.

WHEATON COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

1. DESCRIPTION OF PLAN (Continued)

Plan Loans

Plan loans were issued as separate contracts by Teachers Insurance and Annuity Association of America (TIAA) as contemplated under IRC Section 72(p)(5) and do not represent plan assets. Loans issued prior to November 18, 2021 were collateralized using a participant's TIAA Traditional Annuity account balance in an amount equal to 110% of the outstanding loan balance. Participants were able to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 45% of a participant's TIAA Traditional Annuity account balance subject to annuity contract and plan provisions. Principal and interest is paid ratably by the participant to TIAA and each payment will reduce amounts collateralized by the borrowing participant's TIAA Traditional Annuity account balance. Loan term ranges from one to five years in one-year increments, unless for purchase of the participant's primary residence. Interest rates are tied to Moody's Corporate Bond rates at the time of issuance of the loan. Plan loan balances outstanding from participants to TIAA were \$380,372 and \$607,413 as of December 31, 2022 and 2021, respectively, and are not reported in the statements of net assets available for benefits.

Payment of Benefits

On termination of service, death, disability, or retirement, a participant may receive a lump sum amount equal to the value of the participant's vested interest in his or her account or annual installments payments.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the College and are excluded from these financial statements. The Plan also pays certain investment advisory and plan administration fees from plan assets. Certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

The Plan has a revenue-sharing agreement with TIAA whereby TIAA agrees to pay a portion of the Plan's management fees to help offset administrative expenses. The following table sets forth a summary of changes in the expense reduction credits for the years ended December 31, 2022 and 2021.

	2022	2021
BALANCE, BEGINNING OF YEAR	\$ 100,742	\$ 95,881
Received to offset expenses	113,950	131,228
Used to reduce administrative expenses	(81,350)	(128,347)
Reallocated to plan participants	(60,000)	-
Investment income	3,281	1,980
BALANCE, END OF YEAR	\$ 76,623	\$ 100,742

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan also holds non-fully benefit-responsive contracts that are reported at fair value (which is estimated using contract value).

Use of Estimates

The preparation of financial statements is in conformity with accounting principles generally accepted in the United States of America (US GAAP) and requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee and management determine the Plan's valuation policies utilizing information provided by the custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, less amounts defaulted (if any). Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Subsequent events are events or transactions that occur after year end but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at year end, including the estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at year end but arose after that date (that is, nonrecognized subsequent events).

The College has evaluated subsequent events through July 19, 2023, which was the date that these financial statements were available for issuance, and determined that there were no significant nonrecognized subsequent events through that date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Inputs to the valuation methodology other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- a. Quoted prices for similar assets or liabilities in active markets,
- b. Quoted prices for identical or similar assets or liabilities in inactive markets,
- c. Inputs other than quoted prices that are observable for the asset or liability,
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

3. FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Investment in units of a pooled separate account held with an insurance company are stated at fair market value and are valued by the insurance company based on the net asset value (NAV) of units held by the Plan on a daily basis. The unit value is updated and posted on NASDAQ's website for each day that NASDAQ is open. The NAV is determined by the insurance company based on the market value of the underlying investments held in the pooled fund.

Registered investment companies: CREF accounts are variable annuities and are valued utilizing each account's daily net asset value, which is considered by plan management to be the best approximation of fair value. The unit values are updated and posted on NASDAQ's website for each day that NASDAQ is open. There are no unfunded commitments from participants in the Plan who invest in these accounts.

Non-fully benefit-responsive investments contracts: Investments in TIAA Traditional Annuity that are not fully benefit-responsive are reported at contract value, which approximates fair value. As these investments are contract-based, observable prices for identical or similar investments do not exist and, accordingly, these investments are valued using unobservable inputs (Level 3).

The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals. Liquidity restrictions apply to these investments that could impact the value realized upon exiting the contract. In assuming the reasonableness of TIAA's methodology, the College has various procedures in place to monitor TIAA including review of performance on a fund basis and review of the reports of controls on an ongoing basis. As noted in Note 2, fully benefit-responsive contracts are reported at contract value.

WHEATON COLLEGE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

3. FAIR VALUE MEASUREMENTS (Continued)

Changes in Fair Value of Level 3 Assets

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. We evaluate the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits.

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets for the Plan years ended December 31, 2022 and 2021:

	2022	2021
BALANCE, BEGINNING OF YEAR	\$ 46,568,756	\$ 47,644,030
Net investment income	1,875,361	1,669,903
Purchases	486,483	409,160
Sales	(4,054,461)	(3,154,337)
BALANCE, END OF YEAR	\$ 44,876,139	\$ 46,568,756

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

Quantitative Information about Level 3 Fair Value Measurements
December 31, 2022

Instrument	Fair Value	Valuation Techniques	Unobservable Input	Range
Non-fully benefit-responsive investment contracts	\$ 44,876,139	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 3.70% - 6.25%

Quantitative Information about Level 3 Fair Value Measurements
December 31, 2021

Instrument	Fair Value	Valuation Techniques	Unobservable Input	Range
Non-fully benefit-responsive investment contracts	\$ 46,568,756	Discounted cash flow Theoretical transfer (exit value)	Risk-adjusted discount rate applied	RA: 3.00% - 3.80%

4. TIAA TRADITIONAL ANNUITY CONTRACT

The TIAA Traditional Annuity is a guaranteed fixed annuity offered to plan participants through a contract with Teachers Insurance and Annuity Association, an insurance company. The Plan invests in the following TIAA Traditional Annuity contracts: Retirement Annuities (RAs), Supplemental Retirement Annuities (SRAs), and Group Supplemental Retirement Annuities (GSRA). The type of contract through which a participant invests in the TIAA Traditional Annuity determines the applicability of certain account features, such as the guaranteed minimum interest rate, additional interest declarations, the degree of liquidity of the participant's account, and the options for receiving income upon retirement. The SRA and GSRA contracts are considered to be fully benefit-responsive, and the RA contracts are not considered fully benefit-responsive. Participants with RA contracts have certain restrictions over the availability of lump sum withdrawals from the contracts as well as over the number of installments in which participant-initiated transfers and participant-initiated withdrawals are made.

Based on these provisions, the RA contracts are considered to be non-fully benefit-responsive. As there are no comparable restrictions over the SRA and GSRA contracts, those contracts are considered fully benefit-responsive. Participants in the Plan hold investments in both non-fully benefit-responsive and benefit-responsive contracts through the TIAA Traditional Annuity. Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2022 and 2021, the contract value of the fully benefit-responsive investment contract was \$6,216,535 and \$5,124,268, respectively. Non-fully benefit-responsive contracts are reported at fair value, as described in Note 3.

Participants who chose to allocate a portion of their retirement savings to the TIAA Traditional Annuity make contributions that purchase a specific amount of lifetime income based on the contractual rate schedule in effect at the time of the premium is paid. Interest credited to the TIAA Traditional Annuity includes a guaranteed rate, plus additional amounts that are not guaranteed but may be established on a year-by-year basis by the TIAA Board of Trustees. These additional amounts, when declared, remain in effect for the "declaration year" which begins each March 1. The minimum guaranteed interest rate for TIAA Traditional for RA/SRA/GSRA is generally 3%.

For the RA accumulating contract, the crediting interest rate ranged from 4.00% - 6.60% for the year ended December 31, 2022 and was 3% for the year ended December 31, 2021.

For the SRA and GSRA accumulating contracts, the crediting interest rate ranged from 3.25% - 5.85% for the year ended December 31, 2022 and was 3% for the year ended December 31, 2021.

4. TIAA TRADITIONAL ANNUITY CONTRACT (Continued)

When a participant's accumulation in the TIAA Traditional Annuity is converted to a lifetime payout annuity, the present value of the stream of payments is equal to the accumulated balance, and the entire amount is recorded as a distribution in the statements of change in net assets available for benefits.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the contract issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with the contract issuers and with participants are probable of occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreements without the consent of the issuer.

5. CERTIFICATION OF FINANCIAL INFORMATION

The following financial data included in the accompanying financial statements and supplemental schedule as of and for the years ended December 31, 2022 and 2021 has been certified as complete and accurate by TIAA and CREF, qualified institutions, and has not been audited by the independent auditors for the Plan: investments at fair value, investments at contract value, notes receivable from participants, interest, dividends, interest on notes receivable from participants, and net appreciation (depreciation) in fair value of investments.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the College has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the College may determine.

7. TAX STATUS

The volume submitter plan sponsor has obtained an opinion letter dated August 7, 2017, in which the IRS stated that the restated volume submitter plan document was in compliance with applicable requirements of the IRC. The Plan has not received a determination letter specific to the Plan itself and has been amended since the date of the opinion letter; however, the plan administrator believes that the Plan was designed, and is being operated, in compliance with the applicable requirements of the IRC.

US GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by TIAA and CREF, the custodians; therefore, these transactions qualify as party-in-interest. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan issues loans to participants, which are secured by the vested balance in the participants' accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the College. These transactions qualify as party-in-interest. Employees of the College provide administrative services to the Plan for which no fees are charged.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. PROHIBITED TRANSACTIONS

During 2021, the College failed to remit to the Plan's trustee certain employee contributions totaling \$156 within the period prescribed by Department of Labor's regulations. Delays in remitting contributions to the trustee were due to an administrative error, and the College has made a contribution to the affected participant's account to compensate the participant for potential lost income due to the delays.

11. OTHER MATTERS

The Plan may not have maintained sufficient accounting records and supporting documents for certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009 to determine the proper accounting of plan assets.

The plan administrator has determined that these accounts meet the conditions to be excluded from plan investments. The plan administrator is unable to obtain sufficient documentation to establish the balances in these transferred accounts as of December 31, 2022 and 2021.

As permitted by the Department of Labor's Field Assistance Bulletin (FAB) No. 2009-02, the plan administrator has elected to exclude from plan assets certain annuity and custodial accounts issued to current and former employees. The FAB specifically excludes from plan assets annuity contracts and custodial accounts for purposes of ERISA's annual reporting requirements provided that:

1. The contract or account was issued to a current or former employee before January 1, 2009;
2. The employer ceased to have any obligation to make contributions (including employee salary reduction contributions), and in fact ceased making contributions to the contract or account before January 1, 2009;
3. All of the rights and benefits under the contract or account are legally enforceable against the insurer or custodian by the individual owner of the contract or account without any involvement by the employer; and
4. The individual owner of the contract is fully vested in the contract or account.
