INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
TreeSap Farms, LLC 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of TreeSap Farms, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

(Continued)

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its (their) form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

TreeSap Farms, LLC 401(k) Plan (the Plan) is a qualified retirement plan that has been adopted to provide employees of TreeSap Farms, LLC dba Tree Town USA (the Company) with the opportunity to save for retirement on a tax-advantaged basis. The Plan was originally effective January 1, 2011, and was amended and restated January 20, 2022 to conform to new tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility: All non-excluded employees of the Company who have attained age 21 and have 4 months of service are eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of the plan year quarter coinciding with or next following the date the eligibility requirements were satisfied.

Contributions: Participants may elect to defer a percentage of their eligible compensation into the Plan on a pre-tax or Roth basis. Total deferrals in any taxable year may not exceed a dollar limit which is set by law. Participants who are projected to be age 50 or older by the end of a taxable year may defer additional amounts as catch-up contributions. Participants can increase, decrease, suspend, or resume their deferral contributions at any time.

The Company may make a discretionary matching contribution equal to a uniform percentage of participants' salary deferrals. In addition, the Company may make a discretionary profit sharing contribution to the Plan. For 2022, the Company elected not to make any employer contributions to the Plan.

Participants can also roll over a part of all of any eligible rollover distribution they receive from another eligible retirement plan into the Plan as rollover contributions.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company contributions, (b) Plan earnings and losses, and (c) forfeitures of Company contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment in his or her account to any of the investment options available under the Plan.

Vesting: Participants are always 100% vested in in their contributions and actual Plan earnings thereon. Vesting in the employer contribution portion of their accounts is based on periods of service. A participant is 100% vested after three periods of credited service.

Notes Receivable From Participants: Participants may apply for a loan by contacting the trustee. Loans will be allowed for any purpose. The minimum loan is $1,000 and the maximum amount is the lesser of one-half of their vested account balance or $50,000 reduced by the highest outstanding loan balance in their account during the prior twelve months. The loans are adequately secured by the balance in the participant's account and bear a reasonable rate of interest. Participants may only have one outstanding at any given time. Principal and interest payments are paid in level payments through after-tax payroll deductions over a five-year period, unless the loan is for the purchase of a principal residence, in which the loan repayment period may not extend beyond 10 years.

Investment Options: Participants direct the investment of their entire interest in the Plan into various investment securities offered by the Plan. The Plan currently offers mutual funds and a collective trust fund as investment options for its participants. Participants may change their investment choices at any time.

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Participants may receive a distribution of the vested portion of some or all of their accounts in the Plan following termination of employment, normal retirement, disability, or death. If the vested account balance does not exceed $5,000, then the vested account balance may only be distributed in a single lump-sum payment. If the vested account balance exceeds $5,000, the participant must consent to any distribution before it is made. The distribution can be a single lump-sum payment, installments, or partial withdrawals. All benefit payments will generally be paid in cash.

Participants may receive a distribution from the Plan from certain accounts prior to their termination of employment provided they have attained age 59½. A hardship distribution may also be made to satisfy certain immediate and heavy financial needs that a participant has.

Forfeited Accounts: If a participant terminates employment before being fully vested, the non-vested portion of a terminated participant's accounts remains in the Plan as a forfeiture. The Company may use forfeitures to pay plan expenses or reduce employer contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled $3,304 and $4,084, respectively.

Plan Termination: The Company reserves the right to terminate the Plan at any time. Each participant in the Plan upon termination will automatically become 100% vested in their account balance.

Administrative Expenses: The Plan permits the payment of Plan expenses to be made from the Plan's assets. If expenses are paid using the Plan's assets, the expenses will generally be allocated among the accounts of all participants in the Plan. There are certain other expenses that may be paid just from a participant's account. These are expenses that are specifically incurred by, or attributable to, the participant.

Subsequent Events: The Plan has evaluated subsequent events through June 30, 2023, the date the financial statements were available to be issued.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value as further described in *Note 3*. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the trustee. See *Note 3* for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest, with no allowances for credit losses, as repayments of principal and interest are received through payroll deductions and notes are collateralized by the participants' account balance. Related fees are recorded as administrative expenses and are expensed when they are incurred.

NOTE 2 – SUMMARY OF ACCOUNTING POLICIES (Continued)

Excess Contributions: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants prior to March 15, 2023 and 2022, respectively.

Payment of Benefits: Benefits are recorded when paid.

Risks and Uncertainties: The Plan holds various investments. Investments are exposed to various risks such as interest rate, market, liquidity, credit, and risks related to global events. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- *Level 2* – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- *Level 3* – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Fund: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued by the trustee using the NAV of the collective trust times the number of units held by the Plan. The NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying assets held by the fund less its liabilities. There are no unfunded commitments related to its investments, or significant restrictions on redemptions.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The Plan may redeem its investment on a daily and immediate basis.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 6,653,199	$ -	$ -	$ 6,653,199
Total investments classified within fair value hierarchy	$ 6,653,199	$ -	$ -	6,653,199
Collective trust measured at NAV as practical expedient*				107,286
Total investments at fair value				$ 6,760,485

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 7,790,584	$ -	$ -	$ 7,790,584
Total investments classified within fair value hierarchy	$ 7,790,584	$ -	$ -	7,790,584
Collective trust measured at NAV as practical expedient*				19,654
Total investments at fair value				$ 7,810,238

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy above. The fair value amounts presented in the table above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 4 – CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company.

NOTE 5 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Fidelity Management & Research Co. Fidelity Management & Research Co. received a favorable opinion letter from the IRS dated June 30, 2020, which stated that the volume submitter plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income tax has been included in the plan's financial statements.

U.S. GAAP requires the Company to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 6 – PARTY IN INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan held investments managed by the trustee. Notes receivable from participants also reflect party-in-interest transactions. Certain professional fees for the administration and audit of the Plan were paid by the Company. Various administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. During 2022, the Plan paid administrative fees to various service providers including an investment advisor and the Plan's recordkeeper. These reflect party-in-interest transactions.
