INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Arrow Gear Incentive Savings Plan
College Point, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Arrow Gear Incentive Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of Plan

The following description of the Arrow Gear Incentive Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all employees, except employees of an affiliate that is not a participating employer and leased employees, of Arrow Gear LLC (the “Company”), who are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

The Plan was amended in February 2021 with a retroactive effective date of May 1, 2019 to exclude overtime, bonuses, and commissions from the definition of Plan compensation for purposes of matching and profit sharing contributions and to allow for the allocation of the profit sharing contribution by classification of participants consisting of collectively bargained (union) employees and non-collective bargained (non-union) employees.

The Plan was further amended in December 2021 to: a) change the effective date of the February 2021 amendment from May 1, 2019 to January 1, 2021; b) revise the exclusion of overtime, bonuses, and commissions from the definition of Plan compensation as provided in the February 2021 amendment to apply only for purposes of matching contributions and not for purposes of profit sharing contributions; c) modify the allocation formula for profit sharing contributions plus any forfeitures as follows: the profit sharing contribution plus any forfeitures shall be allocated to eligible participants based on the ratio that eligible participant bears to the annual base pay the eligible participants annual base compensation; and d) define annual base pay for salaried and hourly non-union employees and for hourly union employees for purposes of profit sharing contributions.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, with automatic annual increases of 1% on or after each January 1 up to a maximum percentage of 15%. Automatically enrolled participants have their contributions invested in a designated balanced fund until changed by the participant. The Company may make discretionary matching contributions equal to a percentage as determined by the Company, and the amounts matched may be different for union and non-union employees. During 2022, the Company matched 25% of the first \$4,800 of the participant’s elective deferrals for union employees (up to a maximum matching contribution totaling \$1,200), and 50% of the first 5% of compensation a participant contributed to the Plan (up to a maximum matching contribution totaling \$2,000) for non-union employees. The Company may also make profit sharing contributions equal to an amount as determined by the Company, for each participant eligible to share in the allocation for the Plan year and allocated based on the participant’s classification as a union or non-union employee. For the 2022 Plan year, the Company made profit sharing contributions equal to 1.75% of base pay for union employees and 2% of base pay for non-union employees. Company contributions are invested in a portfolio of investments as directed by participants. During the year ended December 31, 2022, matching contributions totaled \$191,055 and profit sharing contributions totaled \$216,574. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Note 1 – Description of Plan (continued)

Participants' Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by any outstanding note balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates at the time of issuance. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive the value of the vested interest in his or her account as a lump-sum distribution, a series of substantially equal annual payments over a fixed period, or in the form of various annuity options. Participants with vested account balances of \$5,000 or less will receive the value of the vested interest in his or her account balance as a lump-sum distribution.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$11,954 and \$1,976, respectively. These accounts shall be first, used to offset the Plan's administrative expenses, second, any remaining forfeitures shall be used to reduce company contributions, and third, any remaining forfeitures shall be allocated to participants. During 2022, forfeitures totaling \$6,783 were used to reduce Company contributions. During 2022, there were no forfeitures used to pay Plan administrative expenses or allocated to participants.

Recent Regulatory and Economic Event

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was signed into law as part of the Consolidated Appropriations Act of 2023. The SECURE 2.0 Act of 2022 builds on the SECURE Act of 2019 which revised existing rules around retirement saving. The SECURE 2.0 Act of 2022 contains dozens of new retirement-related provisions intended to expand and increase retirement savings and to simplify and clarify many complex existing retirement plan rules.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Note 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment advisers and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Expenses paid by the Plan are included in administrative expenses and consist of advisory and recordkeeping fees and fees related to the administration of notes receivable from participants which are charged directly to the participant's account. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 10 for disclosure information of subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

ARROW GEAR INCENTIVE SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 3 – Fair Value Measurements (continued)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: A stable value fund that is comprised primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the bank collective trust. The NAV is used as the practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable the fund will sell the investment for an amount from the reported NAV.

The following table sets forth the Plan's assets at fair value as of December 31, 2022 and 2021. There were no level 2 or 3 assets held by the Plan at December 31, 2022 and 2021.

	Assets at Fair Value	
	2022	2021
Mutual funds (level 1)	\$ 15,663,087	\$ 20,174,378
Common collective trust (at net asset value) *	3,648,788	3,421,818
Total investments at fair value	<u>\$ 19,311,875</u>	<u>\$ 23,596,196</u>

*Investments measured at fair value using the NAV per share as the practical expedient are excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to reconcile the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The following table sets forth additional disclosures for investments measured at fair value using the NAV per share practical expedient. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

<u>Investment Type</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
<u>December 31, 2022:</u>				
Common collective trust	\$ 3,648,788	N/A	Daily	12 months
<u>December 31, 2021</u>				
Common collective trust	\$ 3,421,818	N/A	Daily	12 months

Note 4 – Related Party Transactions and Party-In-Interest Transactions

The Plan uses various third-party service providers who provide certain administrative and investment related services to the Plan pursuant to service agreements. Expenses paid by the Plan to these service providers are netted against investment earnings if paid through revenue sharing arrangements or included in administrative expenses if paid directly. During 2022, the Plan made direct payments to third-party service providers totaling \$4,303, which are included in administrative expenses. These transactions qualify as exempt party-in-interest transactions.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company contributions.

Note 6 – Tax Status

Effective January 1, 2022, the Plan adopted a prototype non-standardized profit sharing plan with cash or deferred arrangement (CODA) pre-approved by the IRS. The IRS issued an opinion letter dated June 30, 2020, that the prototype non-standardized profit sharing plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Prior to January 1, 2022, the Plan was structured and followed a prototype non-standardized profit sharing plan with CODA pre-approved by the IRS on March 31, 2014. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Trustee Certification

Certain information disclosed in the accompanying financial statements and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) related to investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, dividends, other income and interest income on notes receivable from participants, for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Bank of America, N.A., the trustee of the Plan.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 – Compliance Matter

During 2020, the Company identified an error in the plan document that was adopted in May 2019 related to the definition of eligible compensation for purposes of determining the discretionary matching and profit sharing contributions. In February 2021, the Company amended the Plan with a retroactive effective date of May 1, 2019 with the intent of correcting this error. In August 2021, it was identified that the definition of eligible compensation for purpose of determining profit sharing contributions and the allocation formula as amended, was still inconsistent with the Company's intent. In December 2021, the Plan administrator further amended the Plan, effective January 1, 2021, to change the effective date of the February 2021 amendment from May 1, 2019 to January 1, 2021, revise the definition of eligible compensation for profit sharing contributions as defined in the February 2021 amendment and modify the allocation formula for profit sharing contributions plus any forfeitures. As result of the change in the amendment's effective date, the Company recalculated the 2020 and 2019 profit sharing contributions using the compensation and allocation methodology effective for those years and on February 25, 2022 made a corrective profit sharing contribution totaling \$37,577 (\$14,422 for the 2020 Plan year and \$23,155 for the 2019 Plan year). There was no impact on matching contributions resulting from these amendments.

In March 2022, the Company filed a submission with the IRS under the Voluntary Compliance Program of the Employee Plans Compliance Resolution System (Rev. Proc. 2019-19) related to these Plan errors and proposed corrections (see also Note 10).

During 2022, the Company identified that elective deferrals were not being withheld from compensation paid to terminated participants on their last paycheck. The Company intends to self-correct this error by making qualified non elective contributions (QNEC) for the missed deferrals and remitting the missed matching contributions on those deferrals plus lost earnings, to the affected participants' accounts for Plan years 2020 to 2022. A receivable totaling \$10,165 as of December 31, 2022, which consists of a QNEC totaling \$7,387 related to the missed elective deferrals plus related matching contributions totaling 2,778, is included in the statements of net assets available for benefits under employer contributions – other (see Note 10).

Note 10 – Subsequent Events

On April 25, 2023, the Company received a letter from the IRS in response to the compliance statement filed on March 2022 (see Note 9), stating that the IRS accepted their submission and agreed with the corrective actions and changes to administrative procedures outlined in the compliance statement.

In May 2023, the Company remitted the QNEC and related matching contributions and lost earnings resulting from the administrative error identified in 2022 related to income excluded from elective deferrals and matching contributions (see Note 9).
