Report of Independent Auditors

The Benefit Plans Administration Committee of
Expedia Retirement Savings Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Expedia Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Expedia Retirement Savings Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Expedia Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Expedia Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Expedia Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Expedia Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Expedia Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on August 9, 2005 and is a defined contribution plan covering substantially all U.S. employees of Expedia Group, Inc. and its subsidiaries (the "Company" or "Expedia") who have reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). New employees are automatically enrolled in the Plan upon satisfying its eligibility requirements. When enrolled, such employees are deemed to enter into a pre-tax salary reduction agreement with the Company to contribute 3% of compensation (as defined in the Plan document) and to make an election to invest in a qualified default investment fund determined by the Plan's administrative committee unless an employee affirmatively changes his or her automatic pre-tax salary deferral election and/or default investment fund. The Plan's qualified default investment funds are various Vanguard Target Retirement Trusts.

Contributions

Participants can make pre-tax deferrals ranging from 1% to 50%, (or effective September 1, 2022) combined pre-tax deferrals and Roth contributions ranging from 1% to 50% and after-tax contributions ranging from 1% to 10% of their compensation (as defined in the Plan document) through payroll deductions. Participants can direct their contributions to any of the Plan's investment options.

There are two types of Company contributions available under the Plan. (1) The Company made matching contributions in an amount equal to 50% of the first 6% of pre-tax compensation deferred by participants in each payroll period, subject to regulatory limitations. In addition, the Company made matching contributions after the end of each plan year ("true-up matching contributions") in an amount sufficient to ensure a participant receives matching contributions for the plan year equal to 50% of the first 6% of the pre-tax compensation deferred by the participant for the plan year, provided that the participant is employed on the last day of the plan year unless an exception applies. For the year ended December 31, 2022, true-up matching contributions of $2,530,249 were made to the Plan. (2) The Company may also make discretionary matching and/or profit sharing contributions. For the year ended December 31, 2022, no discretionary matching or profit sharing contributions were made to the Plan.

Participants can direct Company contributions to any of the Plan's investment options in the same manner as they direct their own contributions.

Vesting

Participant contributions are fully vested at the time of contribution. Generally, participants are 100% vested in the Company contributions in their accounts, plus actual earnings thereon, after two years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings. Allocations are determined in accordance with the provisions of the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are first made available to reinstate previously forfeited account balances of qualifying participants who have left the Company and subsequently returned. The remaining amount, if any, is used to reduce the Company's future contributions and then to pay the expenses of operating the Plan and the related trust. The balances of forfeited accounts at December 31, 2022 and 2021 were $237,559 and $444,456, respectively. During 2022, $883,279 of the forfeited amounts were used to fund Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance within the last 12 months or 50% of their vested account balances. With the exception of loans used to purchase a primary residence, which can have terms up to 15 years, loan terms are limited to a maximum of 5 years. Loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with commercial prevailing rates as determined in accordance with the terms of the Plan document. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. Upon termination of employment, any outstanding loans are due and payable within ninety days following the termination date, unless the participant continues to make loan payments by Automated Clearing House (ACH) payments. As of December 31, 2022, the rates of interest on outstanding loans ranged from 4.25-9.25% with various maturities through 2037.

Payment of Benefits

Upon participants' retirement at or after normal retirement age (as defined in the Plan document), death, disability or termination of employment, they, or their designated beneficiary (in the event of a participant's death), may elect to withdraw their entire vested account balances in a lump sum payment or in partial distribution, provided that to the extent a participant's account is invested in Expedia stock, the participant may elect to receive whole shares of such Expedia stock and cash for any excess fractional shares. Participants reaching the age of 59½ may elect to withdraw some or all of their vested account balances while still employed. In the event of hardship (as defined by the Plan document) participants may withdraw some or all of the vested portion of their eligible account balances up to the amount of the hardship, subject to the requirements of the Plan document. Participants may withdraw some or all of their rollover or after-tax contributions at any time. Participants who meet the requirements for a qualified reservist distribution described in the Plan document may withdraw some or all of their pre-tax salary deferral contributions while on active duty. Effective June 1, 2022, active participants who experience a qualified birth or adoption described in the Plan document may withdraw up to $5,000 of their vested account balances within one year of the qualified birth or adoption. If the value of the vested portion of a participant's account (without regard to the value of the participant's rollover account) at the time the participant incurs a termination of employment or at any time thereafter is more than $1,000 but not more than $5,000 and, after receiving all required notices the participant does not elect to receive a direct payment or rollover, the balance will be rolled over to an IRA designated by the Plan administrator. If the participant's account balance is $1,000 or less, such amount will be distributed to them in a lump sum.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company in its discretion, but otherwise will be paid by participants through quarterly fees charged to their accounts and transaction fees. In addition, the Plan's investment options charge expenses as described in their respective prospectuses or prospectus summaries.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of applicable law. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates that affect amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year end. The Plan invests in the Fidelity Managed Income Portfolio Class 1 and Fidelity Managed Income Portfolio Class 2 (collectively referred to as "MIP") stable value common collective trust funds, Loomis Sayles Core Plus Fixed Income common collective trust fund ("Loomis Core"), Conestoga Small Cap Growth common collective trust fund ("Conestoga"), TimesSquare Mid Cap Growth Fund common collective trust ("TimesSquare"), TS&W Mid Cap Value trust ("TS&W"), Fidelity Contrafund Commingled Pool ("Fidelity Contrafund"), and multiple Vanguard Target Retirement Trust common collective trust funds (Vanguard Target Retirement Income Trust II, Vanguard Target Retirement 2020 Trust II, Vanguard Target Retirement 2025 Trust II, Vanguard Target Retirement 2030 Trust II, Vanguard Target Retirement 2035 Trust II, Vanguard Target Retirement 2040 Trust II, Vanguard Target Retirement 2045 Trust II, Vanguard Target Retirement 2050 Trust II, Vanguard Target Retirement 2055 Trust II, Vanguard Target Retirement 2060 Trust II, Vanguard Target Retirement 2065 Trust II, and Vanguard Target Retirement 2070 Trust II, collectively referred to as "Vanguard Retirement"). The Plan's interest in the MIP, Loomis Core, Conestoga, TimesSquare, TS&W, Fidelity Contrafund, and Vanguard Retirement is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the MIP and Loomis Core consist primarily of readily marketable fixed income securities, Conestoga consists primarily of domestic small cap equity securities, TimesSquare consists primarily of mid and small cap equity securities, TS&W consists primarily of domestic mid cap equity securities, the Fidelity Contrafund consists primarily of domestic large cap equity securities, and the Vanguard Retirement consists of a mix of fixed income and equity securities. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Purchases and sales of securities are recorded as of their trade-date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Loomis Core, Conestoga, TimesSquare, and TS&W may be traded daily without restriction. The MIP may be traded daily, but has a 90-day restriction requirement to exchange to a competing fund. The Fidelity Contrafund and Vanguard Retirement both may be traded daily, but have a 30-day frequent trading policy.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

3. Fair Value of Investments

The Plan's investments are measured at fair value on a recurring basis. Accounting Standards Codification Topic 820 describes three levels of inputs that may be used to measure fair value:

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
Level 2	Quoted prices for identical or similar assets or liabilities in markets that are not considered to be active or identical or similar financial instruments for which all significant inputs are observable, either directly or indirectly.
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The Plan's mutual funds, equity securities, and self-directed brokerage accounts are generally classified within Level 1 of the fair value hierarchy. The fair value of these investments is valued based on quoted market prices in active markets.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022

	Level 1	Total
Mutual funds	$ 390,597,261	$ 390,597,261
Investments in self-directed brokerage accounts	56,234,244	56,234,244
Investments in Expedia Group, Inc. common stock	15,843,650	15,843,650
Total investments at fair value	462,675,155	462,675,155
Common collective trust funds measured at NAV*		703,466,230
Total investments		$ 1,166,141,385

Investment Assets at Fair Value as of December 31, 2021

	Level 1	Total
Mutual funds	$ 450,908,313	$ 450,908,313
Investments in self-directed brokerage accounts	73,221,563	73,221,563
Investments in Expedia Group, Inc. common stock	30,984,108	30,984,108
Total investments at fair value	555,113,984	555,113,984
Common collective trust funds measured at NAV*		860,539,468
Total investments		$ 1,415,653,452

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2022 and 2021 there were no unfunded commitments for investments presented at NAV.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 2, 2015, stating that the Plan, as restated effective January 1, 2013, is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and therefore entitled to favorable tax treatment. The favorable determination letter was subject to the adoption of additional amendments that were proposed to the IRS and timely adopted by the Company. Although the Plan has been further amended since receiving the determination letter (the Plan was most recently amended and restated effective January 1, 2022), the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In line with GAAP, the Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, to the Plan administrator's knowledge, there are currently no audits in progress for any tax periods.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and units of participation in a common collective trust fund managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan, and therefore these transactions

qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for investment management services were $600,599 for the year ended December 31, 2022.

At December 31, 2022 and 2021, the Plan held 180,826 and 171,427 shares, respectively, of common stock of the Company, with a fair value of $15,843,650 and $30,984,108, respectively. No dividend income on the common stock of the Company was recorded during the year ended December 31, 2022.

Report of Independent Auditors

The Benefit Plans Administration Committee of
Expedia Retirement Savings Plan

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Expedia Retirement Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Expedia Retirement Savings Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America (GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Expedia Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Expedia Retirement Savings Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Expedia Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Expedia Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Description of the Plan

The following description of the Expedia Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on August 9, 2005 and is a defined contribution plan covering substantially all U.S. employees of Expedia Group, Inc. and its subsidiaries (the "Company" or "Expedia") who have reached the age of 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). New employees are automatically enrolled in the Plan upon satisfying its eligibility requirements. When enrolled, such employees are deemed to enter into a pre-tax salary reduction agreement with the Company to contribute 3% of compensation (as defined in the Plan document) and to make an election to invest in a qualified default investment fund determined by the Plan's administrative committee unless an employee affirmatively changes his or her automatic pre-tax salary deferral election and/or default investment fund. The Plan's qualified default investment funds are various Vanguard Target Retirement Trusts.

Contributions

Participants can make pre-tax deferrals ranging from 1% to 50%, (or effective September 1, 2022) combined pre-tax deferrals and Roth contributions ranging from 1% to 50% and after-tax contributions ranging from 1% to 10% of their compensation (as defined in the Plan document) through payroll deductions. Participants can direct their contributions to any of the Plan's investment options.

There are two types of Company contributions available under the Plan. (1) The Company made matching contributions in an amount equal to 50% of the first 6% of pre-tax compensation deferred by participants in each payroll period, subject to regulatory limitations. In addition, the Company made matching contributions after the end of each plan year ("true-up matching contributions") in an amount sufficient to ensure a participant receives matching contributions for the plan year equal to 50% of the first 6% of the pre-tax compensation deferred by the participant for the plan year, provided that the participant is employed on the last day of the plan year unless an exception applies. For the year ended December 31, 2022, true-up matching contributions of $2,530,249 were made to the Plan. (2) The Company may also make discretionary matching and/or profit sharing contributions. For the year ended December 31, 2022, no discretionary matching or profit sharing contributions were made to the Plan.

Participants can direct Company contributions to any of the Plan's investment options in the same manner as they direct their own contributions.

Vesting

Participant contributions are fully vested at the time of contribution. Generally, participants are 100% vested in the Company contributions in their accounts, plus actual earnings thereon, after two years of credited service.

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Company's contributions and Plan earnings. Allocations are determined in accordance with the provisions of the Plan document. The benefit to which a participant is entitled is the vested portion of the participant's account.

Forfeitures

Forfeitures of terminated participants' non-vested account balances are first made available to reinstate previously forfeited account balances of qualifying participants who have left the Company and subsequently returned. The remaining amount, if any, is used to reduce the Company's future contributions and then to pay the expenses of operating the Plan and the related trust. The balances of forfeited accounts at December 31, 2022 and 2021 were $237,559 and $444,456, respectively. During 2022, $883,279 of the forfeited amounts were used to fund Company contributions.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 reduced by the highest outstanding loan balance within the last 12 months or 50% of their vested account balances. With the exception of loans used to purchase a primary residence, which can have terms up to 15 years, loan terms are limited to a maximum of 5 years. Loans are secured by the balance in the participant's vested account and bear interest at a rate commensurate with commercial prevailing rates as determined in accordance with the terms of the Plan document. Principal and interest are paid ratably through regular payroll deductions for actively employed participants. Upon termination of employment, any outstanding loans are due and payable within ninety days following the termination date, unless the participant continues to make loan payments by Automated Clearing House (ACH) payments. As of December 31, 2022, the rates of interest on outstanding loans ranged from 4.25-9.25% with various maturities through 2037.

Payment of Benefits

Upon participants' retirement at or after normal retirement age (as defined in the Plan document), death, disability or termination of employment, they, or their designated beneficiary (in the event of a participant's death), may elect to withdraw their entire vested account balances in a lump sum payment or in partial distribution, provided that to the extent a participant's account is invested in Expedia stock, the participant may elect to receive whole shares of such Expedia stock and cash for any excess fractional shares. Participants reaching the age of 59½ may elect to withdraw some or all of their vested account balances while still employed. In the event of hardship (as defined by the Plan document) participants may withdraw some or all of the vested portion of their eligible account balances up to the amount of the hardship, subject to the requirements of the Plan document. Participants may withdraw some or all of their rollover or after-tax contributions at any time. Participants who meet the requirements for a qualified reservist distribution described in the Plan document may withdraw some or all of their pre-tax salary deferral contributions while on active duty. Effective June 1, 2022, active participants who experience a qualified birth or adoption described in the Plan document may withdraw up to $5,000 of their vested account balances within one year of the qualified birth or adoption. If the value of the vested portion of a participant's account (without regard to the value of the participant's rollover account) at the time the participant incurs a termination of employment or at any time thereafter is more than $1,000 but not more than $5,000 and, after receiving all required notices the participant does not elect to receive a direct payment or rollover, the balance will be rolled over to an IRA designated by the Plan administrator. If the participant's account balance is $1,000 or less, such amount will be distributed to them in a lump sum.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company in its discretion, but otherwise will be paid by participants through quarterly fees charged to their accounts and transaction fees. In addition, the Plan's investment options charge expenses as described in their respective prospectuses or prospectus summaries.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of applicable law. In the event of Plan termination, participants will become 100% vested in their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefit Payments

Benefit payments are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates that affect amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values ("NAVs") of shares held by the Plan at year end. The Plan invests in the Fidelity Managed Income Portfolio Class 1 and Fidelity Managed Income Portfolio Class 2 (collectively referred to as "MIP") stable value common collective trust funds, Loomis Sayles Core Plus Fixed Income common collective trust fund ("Loomis Core"), Conestoga Small Cap Growth common collective trust fund ("Conestoga"), TimesSquare Mid Cap Growth Fund common collective trust ("TimesSquare"), TS&W Mid Cap Value trust ("TS&W"), Fidelity Contrafund Commingled Pool ("Fidelity Contrafund"), and multiple Vanguard Target Retirement Trust common collective trust funds (Vanguard Target Retirement Income Trust II, Vanguard Target Retirement 2020 Trust II, Vanguard Target Retirement 2025 Trust II, Vanguard Target Retirement 2030 Trust II, Vanguard Target Retirement 2035 Trust II, Vanguard Target Retirement 2040 Trust II, Vanguard Target Retirement 2045 Trust II, Vanguard Target Retirement 2050 Trust II, Vanguard Target Retirement 2055 Trust II, Vanguard Target Retirement 2060 Trust II, Vanguard Target Retirement 2065 Trust II, and Vanguard Target Retirement 2070 Trust II, collectively referred to as "Vanguard Retirement"). The Plan's interest in the MIP, Loomis Core, Conestoga, TimesSquare, TS&W, Fidelity Contrafund, and Vanguard Retirement is valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from reported net asset value. The underlying assets owned by the MIP and Loomis Core consist primarily of readily marketable fixed income securities, Conestoga consists primarily of domestic small cap equity securities, TimesSquare consists primarily of mid and small cap equity securities, TS&W consists primarily of domestic mid cap equity securities, the Fidelity Contrafund consists primarily of domestic large cap equity securities, and the Vanguard Retirement consists of a mix of fixed income and equity securities. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Purchases and sales of securities are recorded as of their trade-date. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Loomis Core, Conestoga, TimesSquare, and TS&W may be traded daily without restriction. The MIP may be traded daily, but has a 90-day restriction requirement to exchange to a competing fund. The Fidelity Contrafund and Vanguard Retirement both may be traded daily, but have a 30-day frequent trading policy.

Notes Receivable from Participants

Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest, and are classified as notes receivable from participants. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

3. Fair Value of Investments

The Plan's investments are measured at fair value on a recurring basis. Accounting Standards Codification Topic 820 describes three levels of inputs that may be used to measure fair value:

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
Level 2	Quoted prices for identical or similar assets or liabilities in markets that are not considered to be active or identical or similar financial instruments for which all significant inputs are observable, either directly or indirectly.
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The Plan's mutual funds, equity securities, and self-directed brokerage accounts are generally classified within Level 1 of the fair value hierarchy. The fair value of these investments is valued based on quoted market prices in active markets.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2022 and 2021:

Investment Assets at Fair Value as of December 31, 2022

	Level 1	Total
Mutual funds	$ 390,597,261	$ 390,597,261
Investments in self-directed brokerage accounts	56,234,244	56,234,244
Investments in Expedia Group, Inc. common stock	15,843,650	15,843,650
Total investments at fair value	462,675,155	462,675,155
Common collective trust funds measured at NAV*		703,466,230
Total investments		$ 1,166,141,385

Investment Assets at Fair Value as of December 31, 2021

	Level 1	Total
Mutual funds	$ 450,908,313	$ 450,908,313
Investments in self-directed brokerage accounts	73,221,563	73,221,563
Investments in Expedia Group, Inc. common stock	30,984,108	30,984,108
Total investments at fair value	555,113,984	555,113,984
Common collective trust funds measured at NAV*		860,539,468
Total investments		$ 1,415,653,452

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits. As of December 31, 2022 and 2021 there were no unfunded commitments for investments presented at NAV.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Income Tax Status

The Plan has received a favorable determination letter from the Internal Revenue Service ("IRS") dated June 2, 2015, stating that the Plan, as restated effective January 1, 2013, is qualified under Section 401(a) of the Internal Revenue Code ("IRC") and therefore entitled to favorable tax treatment. The favorable determination letter was subject to the adoption of additional amendments that were proposed to the IRS and timely adopted by the Company. Although the Plan has been further amended since receiving the determination letter (the Plan was most recently amended and restated effective January 1, 2022), the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

In line with GAAP, the Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, to the Plan administrator's knowledge, there are currently no audits in progress for any tax periods.

6. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds and units of participation in a common collective trust fund managed by Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee as defined by the Plan, and therefore these transactions

qualify as party-in-interest transactions. Fees paid by the Plan to Fidelity for investment management services were $600,599 for the year ended December 31, 2022.

At December 31, 2022 and 2021, the Plan held 180,826 and 171,427 shares, respectively, of common stock of the Company, with a fair value of $15,843,650 and $30,984,108, respectively. No dividend income on the common stock of the Company was recorded during the year ended December 31, 2022.
