ORR Corporation Retirement Plan
Louisville, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of the ORR Corporation Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of September 30, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements ("2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Principal Trust Company for the period October 1, 2021, through September 30, 2022, the Trustee, qualified institution, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section-

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by Principal Trust Company, the Trustee, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of September 30, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2021 Financial Statements

We were engaged to audit the 2021 financial statements of the Plan. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed us not to perform and we did not perform any auditing procedures with respect to the information certified by Principal Trust Company, a qualified institution. In our report dated May 20, 2022, we indicated that (a) because of the significance of the information that we did not audit, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, we did not express an opinion on the 2021 financial statements, and (b) the form and content of the information included in the 2021 financial statements other than that derived from the certified information were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

ORR Corporation Retirement Plan

September 30, 2022 and 2021

Note A--Description of Plan

The following description of the ORR Corporation Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General--The Plan is a defined contribution plan covering all employees of ORR Safety Corporation, ORR Protection Systems, Inc. and its wholly-owned subsidiary InspectionLogic Corporation, and B2C Ventures, Inc., (the "Company"), after completing one month of service and attaining the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator oversees governance of the Plan including the appropriateness of the Plan's investment offerings, and monitors investment performance.

In June 2022, the Company sold its ownership interest in InspectionLogic Corporation. As part of the sale, employees continuing employment with InspectionLogic were eligible to participate in the buyer's retirement plan immediately after the sale.

In March 2021, the Company sold its ownership interest in ORR Safety Corporation. As part of the sale, employees continuing employment with ORR Safety Corporation were eligible to participate in the buyer's retirement plan immediately after the sale.

Contributions--Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, subject to Internal Revenue Service limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Each year, the Company determines the amount of profit sharing and matching contribution to the Plan, if any. The discretionary matching contribution is no more than 50% up to 6% of eligible pay.

Participants direct the investment of both their and the Company's contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and an investment contract as investment options for participants. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 6% of eligible compensation. The automatic deferral percentage is increased annually by 1% up to a maximum of 10% until changed by the participant. Contributions are automatically invested in a designated balanced fund until changed by the participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may defer after-tax Roth contributions. Contributions are subject to certain statutory limitations.

Participant Accounts--Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant's earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ORR Corporation Retirement Plan

September 30, 2022 and 2021

Note A--Description of Plan--Continued

Vesting--Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service.

Notes Receivable from Participants--Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of the vested account balance, whichever is less. The notes are payable within five years. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%, which is commensurate with local prevailing rates as determined quarterly by the Plan Administrator. Principal and interest are paid ratably through periodic payroll deductions.

Payment of Benefits--On termination of service due to death, disability, termination or retirement, a participant with a vested account of more than \$5,000 may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or in various periodic payment options as defined in the Plan. On termination of service due to death, disability, termination or retirement, a participant with a vested account of \$5,000 or less may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows participants who have attained age 59½ to withdraw any part of their vested accounts, including elective deferral, matching, and qualified non-elective and discretionary contributions.

Plan Expenses--All accounting, administrative and legal expenses related to the Plan are paid for by the Company, except for certain expenses related to the administration of the Plan by the Plan Trustee, which are paid for by the participants.

Forfeited Accounts--At September 30, 2022 and 2021, forfeited nonvested accounts totaled \$42 and \$4, respectively. These amounts will be used to reduce future employer contributions and to pay Plan expenses. Also in 2022 and 2021, employer contributions were reduced by \$24,030 and \$79,942, respectively, from forfeited nonvested accounts.

Note B--Summary of Significant Accounting Policies

Date of Management's Review--Subsequent events were evaluated through June 30, 2023, which is the date the financial statements were available to be issued.

Estimates--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting--The financial statements of the Plan are prepared on the accrual basis of accounting.

Note B--Summary of Significant Accounting Policies--Continued

Notes Receivable from Participants--Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of September 30, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment Valuation and Income Recognition--Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits--Benefits are recorded when paid.

Operating Expenses--All expenses of maintaining the Plan are paid by the Plan. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants are included in administrative expenses and charged directly to the participant's account.

Note C--Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1), and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at September 30, 2022 and 2021.

Note C--Fair Value Measurements--Continued

Collective investment trusts invest in collective trust funds as well as a variety of separate accounts and mutual funds. The fair value of collective investment trusts and the separate accounts are not publicly quoted pricing inputs. The fair value of mutual funds are publicly quoted pricing inputs (Level 1). The fair value of all these investments are used in determining the net asset value ("NAV") of the collective investment trusts, which are not publicly quoted but are available to current investors via the Employer website or when plan participants access their account values. This collective investment trusts' Annual Report with underlying asset information (with ASC 820 disclosures) is available. The NAV is the basis for current transactions and the collective investment trusts can be redeemed at NAV as of the measurement date. Therefore, we believe that this investment has a "Readily Determinable Fair Value". The NAV is calculated in a manner consistent with GAAP for investment companies. Because it is valued similarly to mutual funds, we believe collective trusts should be a Level 1 fair value measurement.

Pooled separate accounts invest in single mutual funds. The fair values of the mutual funds are publicly quoted pricing input used in determining the net asset value ("NAV") of the pooled separate account, which is not publicly quoted but is available to current investors via the Employer website or when plan participants access their account values. The NAV is the basis for current transactions and the pooled separate accounts can be redeemed at NAV as of the measurement date. Therefore, we believe that this investment has a "Readily Determinable Fair Value". The NAV is calculated in a manner consistent with GAAP for investment companies. The fair value of the underlying mutual fund is based on third-party pricing vendors and utilize observable market information. Because it is valued similarly to mutual funds, we believe this separate account should be a Level 1 fair value measurement.

The guaranteed interest account with an insurance company is not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed interest account is determined using the amount plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination, or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. Based on the above, we believe this separate account should be a Level 3 fair value measurement.

Note C--Fair Value Measurements--Continued

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) for the years ended September 30, 2022 and 2021:

	Guaranteed Interest Account
Year Ended September 30, 2022	
Beginning balance	\$ 504,019
Unrealized gains	(19,995)
Interest credited	7,096
Purchases	249,257
Sales	<u>(166,345)</u>
Ending Balance	<u>\$ 574,032</u>
Year Ended September 30, 2021	
Beginning balance	\$ 534,617
Unrealized gains	(2,395)
Interest credited	6,271
Purchases	92,755
Sales	<u>(127,229)</u>
Ending Balance	<u>\$ 504,019</u>

Gains and losses included in changes in net assets available for benefits are reported in net appreciation (depreciation) in fair value of investments.

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended September 30, 2022 and 2021, there were no transfers into or out of Level 3.

Note D--Certified Investments and Related Activity

The September 30, 2022 and 2021 statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits for the years ended September 30, 2022 and 2021, and the accompanying notes to the financial statements were prepared in part or entirely from information certified to be complete and accurate by the Trustee (Principal Trust Company) in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. The information certified includes total investments of \$39,672,155 and \$56,989,879 as of September 30, 2022 and 2021, respectively, and related investment income (loss) to (\$8,957,916) and \$11,714,309 for the years ended September 30, 2022 and 2021, respectively.

Note E--Related Party and Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and collective investment trusts managed by The Principal Trust Company, the Trustee and record keeper of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan for investment management and administrative services amounted to \$12,692 and \$23,699 for the years ended September 30, 2022 and 2021, respectively.

These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note F--Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note G--Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan's Trustee by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note H--Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
