Independent Auditors' Report

To the Participants and Plan Administrator of
The Macerich Property Management Company 401(k) Profit Sharing Plan

Opinion

We have audited the financial statements of The Macerich Property Management Company 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

THE MACERICH PROPERTY MANAGEMENT COMPANY
401(k) PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1: DESCRIPTION OF THE PLAN

The following description of The Macerich Property Management Company 401(k) Profit-Sharing Plan (the “Plan”) provides only general information. Participants and other interested parties should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution pension plan covering eligible employees of The Macerich Property Management Company LLC and participating affiliates (the “Company,” the “Employer” and the “Plan Administrator”) as defined in the Plan document. The Plan is subject to the provision of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the qualification provisions of the Internal Revenue Code (the “Code”).

On December 30, 2021, the Plan was amended effective as of January 1, 2020 to revise hardship distributions to conform to regulations passed pursuant to the Bipartisan Budget Act of 2019.

On July 6, 2022, the Plan was amended as follows: (i) provide for the arbitration of participant claims and class action waivers, effective as of January 1, 2022; and (ii) provide for partial distributions, effective as of July 1, 2022.

Administration

The Company is the Plan Administrator (as defined in ERISA). The Company has designated an Administrative Committee (the “Committee” and the “Trustees”). Among other duties, it is the responsibility of the Committee to select and monitor the performance of investments, the Plan custodian, the Plan third-party record keeper, and other service providers to the Plan; and to maintain certain administrative records. The Committee has engaged a third party recordkeeper, Empower Retirement, LLC (“Empower”) to provide recordkeeping and administrative services. The Committee has entered into a Retirement Plan Consulting Services Agreement with UBS Retirement Plan Consulting Services Program to provide investment advisory services to the Plan. The Committee has engaged Mesirow to provide investment management services in connection with the asset allocation models in the Plan.

Employee Participation and Eligibility

All full-time and part-time employees of the Company may enter the Plan immediately following his or her satisfaction of the eligibility requirements. Temporary employees are eligible once the employee completes twelve consecutive months of employment during which the employee provides at least 1,000 hours of service; is not a leased employee; is not a non-resident alien; and is not covered by a collective bargaining agreement as to which retirement benefits are the subject of good faith bargaining. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan also includes a voluntary automatic increase feature which allows participants to elect to automatically increase their deferral rate by 1 percent annually until the deferral rate reaches 12 percent.

NOTE 1: DESCRIPTION OF THE PLAN (CONTINUED)

Contributions

Each year, participants may defer pre-tax or after-tax Roth contributions of up to 50 percent of their compensation, as defined in the Plan and subject to certain limitations set forth in the Code. The Company provides matching contributions, under the “Safe Harbor” provisions under Sections 401(k)(12) and 401(m)(11) of the Code. In accordance with these provisions, the Company makes matching contributions equal to 100 percent of the first three percent of compensation deferred by a participant and 50 percent of the next two percent of compensation deferred by a participant. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans (rollovers). Participants direct the investment of their contributions and company matching contributions into various investment options offered by the Plan, as further discussed in Note 3.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the Company’s Safe Harbor matching contribution, and Plan earnings; and charged with any withdrawals or distributions requested by the participant, investment losses, and an allocation of administrative expenses that are paid by the Plan, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting Provisions

Participant accounts, including salary deferrals and Safe Harbor matching contributions, are 100 percent vested at all times.

Notes Receivable From Participants

Active participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50 percent of their vested account balances, whichever is less. The notes are secured by the balance in the participant’s vested account and bear interest at the prime rate plus one at issuance, as defined by the Plan document. Notes issued during 2022 bear interest at rates ranging from 4.25% to 8.00%. Notes issued during 2021 bear interest at 4.25%. Principal and interest are paid ratably through payroll deductions over a term not to exceed five years. A participant applying for a note through the Plan will be charged a \$50 processing fee. The processing fee is nonrefundable and will be used to offset the administrative expenses associated with the note. The fee will be deducted from the participant’s proceeds prior to distribution of the loan.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may receive the value of the vested interest in his or her account as a single cash lump-sum or partial cash lump-sums distributions. Upon reaching 59 ½ years of age, a participant shall be entitled to make in-service withdrawals of the participant’s account in the form of a lump-sum payment.

The Plan also permits hardship withdrawals which meet a hardship purpose of immediate and heavy financial need as provided in the Plan document. Hardship withdrawals may be subject to certain income tax penalties.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the guaranteed interest contract, which is valued at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, consultants and insurance company. The investments and changes therein of the trust funds have been reported to the Plan by the Custodian using fair value and contract value, as indicated. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Administrative expenses that are not paid by the Plan are paid by the Company and excluded from these financial statements. Administrative expenses paid by the Plan for the year ended December 31, 2022 were \$332,430. This consisted of \$9,628 of direct participant expenses and \$322,802 paid to Empower to cover the Plan's recordkeeping, investment advisor, and investment manager expenses.

Revenue Sharing

Revenue sharing arrangements exist for some of the Plan's investment funds. The revenue sharing is not used to pay the Plan's administrative expenses, but rather is credited to the accounts of the participants invested in the respective investment funds which generate the revenue. Revenue sharing for the year ended December 31, 2022 was \$295,776.

NOTE 3: INVESTMENTS

The Plan allows participants to allocate their accounts among several investment options. These options include numerous registered investment companies, a guaranteed interest contract and the Macerich Company Common Stock Fund. Participants may change their investment elections daily for both existing account balances and future contributions.

The Macerich Company Common Stock Fund allows participants the ability to participate in the ownership of their employer's common stock. Participants are not allowed to allocate more than 25 percent of a participant's account balance and/or deferrals to this investment. For liquidity purposes, a portion of this fund may be invested in a money market account classified as a registered investment company. Total funds invested in the common stock were \$1,547,000 and \$2,343,617 at December 31, 2022 and 2021, respectively. Total funds invested in money market accounts were \$78,060 and \$103,090 at December 31, 2022 and 2021, respectively.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include:</p> <ul style="list-style-type: none">◦ quoted prices for similar assets or liabilities in active markets;◦ quoted prices for identical or similar assets or liabilities in inactive markets;◦ inputs other than quoted prices that are observable for the asset or liability; and◦ inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The registered investment companies are valued at the net asset value ("NAV") of shares held by the Plan at year-end, based upon quoted market prices. The Macerich Company Common Stock Fund is valued at the NAV at year-end, based upon (1) the quoted market price of the Company common stock shares held at year-end, and, (2) the NAV of the quoted market price of the money market fund shares held at year-end, which together comprise the Macerich Company Common Stock Fund.

NOTE 5: FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In September 2015, the Plan entered into a benefit-responsive investment contract with MassMutual Core Bond Separate Investment Account (the "SAGIC"), which is now managed by Great West Investments (Empower). The SAGIC, a traditional guaranteed investment contract, maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the financial statements at contract value as reported to the Plan by the SAGIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed interest contract issuer is contractually obligated to repay the principal and interest earned at a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive, and as such contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract was \$13,802,122 and \$15,152,395 at December 31, 2022 and 2021, respectively. The average crediting interest rate is calculated by dividing the annual interest credited to the participants during the plan year by the average annual fair value of the investment. The separate account guaranteed interest contract does not allow the crediting interest rate below zero percent.

Average Yields	2022	2021
Based on actual earnings	3.51 %	2.47 %
Based on interest rate credited to participants	3.51 %	2.47 %

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) complete or partial termination of the Plan, (2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including the removal of a group of employees from Plan coverage as a result of the sale or liquidation of a subsidiary or division or as a result of group layoffs or early retirement programs. The guaranteed interest contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement. The guaranteed interest contract does not permit the insurance company to terminate the agreement unless the Plan is not in compliance with the investment agreement. The Plan administrator does not believe that any events have occurred which would limit the Plan's ability to transact at contract.

NOTE 6: RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in Company common stock through the Macerich Company Common Stock Fund. These are related-party and party-in-interest transactions. The Plan held common stock shares valued at \$1,547,000 and \$2,343,617 at December 31, 2022 and 2021, respectively.

The Macerich Company Common Stock Activity

	2022	2021
Shares purchased	15,534	20,602
Shares sold	13,771	19,946
Shares held as of December 31	137,389	135,626

Notes receivable from participants also qualify as party-in-interest transactions.

As described in Note 1, the Plan has a number of service providers. Such parties are parties-in-interest under ERISA. As described in Note 5, the SAGIC is managed by Great West Investments (Empower). Empower is the record-keeper for the Plan, and therefore these transactions qualify as party-in-interest transactions.

Certain administrative functions of the Plan are performed by employees and officers of the Company. The Plan does not compensate these employees and officers.

All transactions are exempt from the prohibited transaction rules under ERISA.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8: TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated February 10, 2016, that the Plan and related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the 2016 determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and related trust is tax-exempt.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require the recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Less employer contribution receivable as of December 31, 2022	(309,628)
Net decrease in assets per Form 5500	<u>\$ (40,261,841)</u>

NOTE 10: RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, concentration, market and credit risks. Market risks include global events, such as a pandemic or international conflict, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11: SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through June 23, 2023, the date the financial statements were available to be issued, and have determined that no additional disclosures are required.
