Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Everi Holdings Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Everi Holdings Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Everi Holdings Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Everi Holdings Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY PLAN DESCRIPTION

The following description of Everi Holdings Inc. (the “Company”) 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General—The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Company. To be eligible to participate in the Plan, an employee must have attained the age of 18. There is no service requirement to become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During the year ended December 31, 2020, the Plan implemented certain directives, where applicable, of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were implemented during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions—Participants may contribute up to 75% of their annual compensation, subject to Internal Revenue Service limits (\$20,500 for 2022 and \$19,500 for 2021), with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. During the years ended December 31, 2022 and 2021, the Company matched 45% and 40%, respectively, of the employees’ first 10% of compensation up to a maximum amount, as defined in the summary plan description each plan year. The Company may also make discretionary contributions to the Plan determined by its Board of Directors. There were no employer discretionary contributions during the years ended December 31, 2022 and 2021. Employees who have reached the age of fifty by the end of the plan year are eligible to make an additional catch-up elective deferral contribution subject to a maximum amount of \$6,500, for the years ended December 31, 2022 and 2021.

Rollovers—Rollovers represent funds transferred to the Plan from other qualified plans of the participants. Effective May 1, 2021, the Plan was amended to permit in-plan Roth rollover contributions.

Participant Accounts—Each participant’s account is credited with the participant’s contributions, the Company’s contributions, an allocation of Plan earnings based on participants’ directed account balances, and administrative expenses, where applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeitures—Upon withdrawal from the Plan, a participant’s non-vested portion of Company contributions and earnings is considered a forfeiture and is used to reduce the Company contributions or allocated to administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,059 and \$6,163, respectively. During the years ended December 31, 2022 and 2021, forfeitures of \$142,000 and \$296,600 were used to reduce employer contributions, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY PLAN DESCRIPTION (CONTINUED)

Vesting—Participants are fully vested in their own contributions to the Plan, plus any earnings thereon. Participants hired prior to January 1, 2016 are immediately vested in all accrued and future Company contributions. Participants hired on or after January 1, 2016 become vested in the Company's contributions, plus earnings thereon, based on years of service in accordance with the following vesting schedule:

Years of Service	Percentage of Account Vested
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Investments—Participants direct the investments of their own contributions and the employer contributions into various investment options offered by the Plan.

Withdrawals—Participants may make withdrawals from the Plan upon reaching age 59½, retirement, complete and total disability, death, or in certain cases of financial hardship. Upon termination of service, participants may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to have it rolled over into another qualified retirement plan.

Participant Loans—Generally, loans are available to any participant with an account balance. The loan amount may not exceed the lesser of 50% of the participant's vested account balance or \$50,000 and is subject to a minimum of \$1,000. The participant's vested account provides security for the loan. The interest rates are determined by the plan administrator based upon interest rates charged for similar types of loans by other lenders. Participant loans outstanding at December 31, 2022 and 2021 have interest rates ranging from 3.25% to 6.25% with maturity dates through November 2037. The loans are repaid ratably through payroll deductions generally over a period of five years or less, except for the purchase of a principal residence which may be repaid over a period that may exceed five years.

Administrative Expenses— The Plan primarily pays the administrative expenses associated with administration of the Plan. Administrative expenses, including fees and expenses of the custodian, commissions, and other charges on purchases, sales and transfers of investments, are paid out of the fund or account involved in such purchase or sale. Investment related expenses are included in net appreciation or depreciation of investments. Participants are responsible for their own loan and distribution fees. The participants pay for annual fund and recordkeeping fees.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus unpaid accrued interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income (Loss) Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains and losses and the unrealized appreciation and depreciation of these investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no amounts allocated to the accounts of the persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2022 or 2021.

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company have supplied the Plan administrator with a certification as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021 that the Plan's investments at fair value and contract value, notes receivable from participants, net depreciation/appreciation in fair value of investments, dividends and interest earned on investments, interest income earned on notes receivable from participants, and information included in the supplemental schedule are complete and accurate.

Effective April 1, 2022, Empower Annuity Insurance Company officially acquired the full-service retirement business of Prudential Financial, Inc., including Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: The collective investment trusts are valued at the NAV as calculated by the funds daily. The NAV is based upon the market value of the underlying investments. The NAV of the collective investment trusts are not publicly quoted but are available to current investors. The NAV is the basis for current transactions and the collective investment trusts can be redeemed at NAV as of the measurement date.

Self-directed brokerage accounts: Self-directed brokerage accounts are valued at the daily closing price as reported by the fund. The self-directed brokerage accounts consist of interest-bearing cash accounts and stocks.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2022. There were no Level 3 Plan assets at fair value at December 31, 2022. The Plan also invests in a guaranteed investment contract which is valued at contract value and is not categorized within the fair value hierarchy. The contract value for this investment is included in the tables below to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

	Level 1	Level 2	Total
Mutual funds	\$ 92,339,142	\$ -	\$ 92,339,142

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2021. There were no Level 2 or Level 3 Plan assets at fair value at December 31, 2021.

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$106,460,057	\$106,460,057

Investments measured at contract value		<u>5,900,891</u>
Total investments		<u>\$112,450,876</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company. These transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for these investment management services were \$260,060 and \$319,515 for the years ended December 31, 2022 and 2021, respectively.

6. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Empower Retirement, LLC. Effective January, 2022, the Plan was restated. The prototype plan document received an opinion letter from the Internal Revenue Service, dated September, 2022, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract (“GIC”). The issuer, Prudential Retirement Insurance and Annuity Company, maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no events that would limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan or complete discontinuance of contributions thereunder, each participant’s account will become fully vested and nonforfeitable.

9. SUBSEQUENT EVENTS

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes numerous provisional changes to the rules governing qualified retirement plans, with changes becoming effective for various plan years starting with 2023. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

The Plan has evaluated subsequent events through June 28, 2023, the date the financial statements were available to be issued.

Trustees and Participants
Everi Holdings Inc. 401(k) Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Everi Holdings Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Everi Holdings Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Everi Holdings Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Everi Holdings Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY PLAN DESCRIPTION

The following description of Everi Holdings Inc. (the “Company”) 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General—The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Company. To be eligible to participate in the Plan, an employee must have attained the age of 18. There is no service requirement to become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During the year ended December 31, 2020, the Plan implemented certain directives, where applicable, of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were implemented during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions—Participants may contribute up to 75% of their annual compensation, subject to Internal Revenue Service limits (\$20,500 for 2022 and \$19,500 for 2021), with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. During the years ended December 31, 2022 and 2021, the Company matched 45% and 40%, respectively, of the employees’ first 10% of compensation up to a maximum amount, as defined in the summary plan description each plan year. The Company may also make discretionary contributions to the Plan determined by its Board of Directors. There were no employer discretionary contributions during the years ended December 31, 2022 and 2021. Employees who have reached the age of fifty by the end of the plan year are eligible to make an additional catch-up elective deferral contribution subject to a maximum amount of \$6,500, for the years ended December 31, 2022 and 2021.

Rollovers—Rollovers represent funds transferred to the Plan from other qualified plans of the participants. Effective May 1, 2021, the Plan was amended to permit in-plan Roth rollover contributions.

Participant Accounts—Each participant’s account is credited with the participant’s contributions, the Company’s contributions, an allocation of Plan earnings based on participants’ directed account balances, and administrative expenses, where applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeitures—Upon withdrawal from the Plan, a participant’s non-vested portion of Company contributions and earnings is considered a forfeiture and is used to reduce the Company contributions or allocated to administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,059 and \$6,163, respectively. During the years ended December 31, 2022 and 2021, forfeitures of \$142,000 and \$296,600 were used to reduce employer contributions, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY PLAN DESCRIPTION (CONTINUED)

Vesting—Participants are fully vested in their own contributions to the Plan, plus any earnings thereon. Participants hired prior to January 1, 2016 are immediately vested in all accrued and future Company contributions. Participants hired on or after January 1, 2016 become vested in the Company's contributions, plus earnings thereon, based on years of service in accordance with the following vesting schedule:

Years of Service	Percentage of Account Vested
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Investments—Participants direct the investments of their own contributions and the employer contributions into various investment options offered by the Plan.

Withdrawals—Participants may make withdrawals from the Plan upon reaching age 59½, retirement, complete and total disability, death, or in certain cases of financial hardship. Upon termination of service, participants may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to have it rolled over into another qualified retirement plan.

Participant Loans—Generally, loans are available to any participant with an account balance. The loan amount may not exceed the lesser of 50% of the participant's vested account balance or \$50,000 and is subject to a minimum of \$1,000. The participant's vested account provides security for the loan. The interest rates are determined by the plan administrator based upon interest rates charged for similar types of loans by other lenders. Participant loans outstanding at December 31, 2022 and 2021 have interest rates ranging from 3.25% to 6.25% with maturity dates through November 2037. The loans are repaid ratably through payroll deductions generally over a period of five years or less, except for the purchase of a principal residence which may be repaid over a period that may exceed five years.

Administrative Expenses— The Plan primarily pays the administrative expenses associated with administration of the Plan. Administrative expenses, including fees and expenses of the custodian, commissions, and other charges on purchases, sales and transfers of investments, are paid out of the fund or account involved in such purchase or sale. Investment related expenses are included in net appreciation or depreciation of investments. Participants are responsible for their own loan and distribution fees. The participants pay for annual fund and recordkeeping fees.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus unpaid accrued interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income (Loss) Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains and losses and the unrealized appreciation and depreciation of these investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no amounts allocated to the accounts of the persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2022 or 2021.

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company have supplied the Plan administrator with a certification as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021 that the Plan's investments at fair value and contract value, notes receivable from participants, net depreciation/appreciation in fair value of investments, dividends and interest earned on investments, interest income earned on notes receivable from participants, and information included in the supplemental schedule are complete and accurate.

Effective April 1, 2022, Empower Annuity Insurance Company officially acquired the full-service retirement business of Prudential Financial, Inc., including Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: The collective investment trusts are valued at the NAV as calculated by the funds daily. The NAV is based upon the market value of the underlying investments. The NAV of the collective investment trusts are not publicly quoted but are available to current investors. The NAV is the basis for current transactions and the collective investment trusts can be redeemed at NAV as of the measurement date.

Self-directed brokerage accounts: Self-directed brokerage accounts are valued at the daily closing price as reported by the fund. The self-directed brokerage accounts consist of interest-bearing cash accounts and stocks.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2022. There were no Level 3 Plan assets at fair value at December 31, 2022. The Plan also invests in a guaranteed investment contract which is valued at contract value and is not categorized within the fair value hierarchy. The contract value for this investment is included in the tables below to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

	Level 1	Level 2	Total
Mutual funds	\$ 92,339,142	\$ -	\$ 92,339,142

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2021. There were no Level 2 or Level 3 Plan assets at fair value at December 31, 2021.

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$106,460,057	\$106,460,057

Total assets in fair value hierarchy	106,549,985	106,549,985
Investments measured at contract value		<u>5,900,891</u>
Total investments		<u>\$112,450,876</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company. These transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for these investment management services were \$260,060 and \$319,515 for the years ended December 31, 2022 and 2021, respectively.

6. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Empower Retirement, LLC. Effective January, 2022, the Plan was restated. The prototype plan document received an opinion letter from the Internal Revenue Service, dated September, 2022, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract ("GIC"). The issuer, Prudential Retirement Insurance and Annuity Company, maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no events that would limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan or complete discontinuance of contributions thereunder, each participant's account will become fully vested and nonforfeitable.

9. SUBSEQUENT EVENTS

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes numerous provisional changes to the rules governing qualified retirement plans, with changes becoming effective for various plan years starting with 2023. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

The Plan has evaluated subsequent events through June 28, 2023, the date the financial statements were available to be issued.

Everi Holdings Inc. 401(k) Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Everi Holdings Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Everi Holdings Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Everi Holdings Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Everi Holdings Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY PLAN DESCRIPTION

The following description of Everi Holdings Inc. (the “Company”) 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General—The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Company. To be eligible to participate in the Plan, an employee must have attained the age of 18. There is no service requirement to become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During the year ended December 31, 2020, the Plan implemented certain directives, where applicable, of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were implemented during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions—Participants may contribute up to 75% of their annual compensation, subject to Internal Revenue Service limits (\$20,500 for 2022 and \$19,500 for 2021), with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. During the years ended December 31, 2022 and 2021, the Company matched 45% and 40%, respectively, of the employees’ first 10% of compensation up to a maximum amount, as defined in the summary plan description each plan year. The Company may also make discretionary contributions to the Plan determined by its Board of Directors. There were no employer discretionary contributions during the years ended December 31, 2022 and 2021. Employees who have reached the age of fifty by the end of the plan year are eligible to make an additional catch-up elective deferral contribution subject to a maximum amount of \$6,500, for the years ended December 31, 2022 and 2021.

Rollovers—Rollovers represent funds transferred to the Plan from other qualified plans of the participants. Effective May 1, 2021, the Plan was amended to permit in-plan Roth rollover contributions.

Participant Accounts—Each participant’s account is credited with the participant’s contributions, the Company’s contributions, an allocation of Plan earnings based on participants’ directed account balances, and administrative expenses, where applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeitures—Upon withdrawal from the Plan, a participant’s non-vested portion of Company contributions and earnings is considered a forfeiture and is used to reduce the Company contributions or allocated to administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,059 and \$6,163, respectively. During the years ended December 31, 2022 and 2021, forfeitures of \$142,000 and \$296,600 were used to reduce employer contributions, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY PLAN DESCRIPTION (CONTINUED)

Vesting—Participants are fully vested in their own contributions to the Plan, plus any earnings thereon. Participants hired prior to January 1, 2016 are immediately vested in all accrued and future Company contributions. Participants hired on or after January 1, 2016 become vested in the Company's contributions, plus earnings thereon, based on years of service in accordance with the following vesting schedule:

Years of Service	Percentage of Account Vested
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Investments—Participants direct the investments of their own contributions and the employer contributions into various investment options offered by the Plan.

Withdrawals—Participants may make withdrawals from the Plan upon reaching age 59½, retirement, complete and total disability, death, or in certain cases of financial hardship. Upon termination of service, participants may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to have it rolled over into another qualified retirement plan.

Participant Loans—Generally, loans are available to any participant with an account balance. The loan amount may not exceed the lesser of 50% of the participant's vested account balance or \$50,000 and is subject to a minimum of \$1,000. The participant's vested account provides security for the loan. The interest rates are determined by the plan administrator based upon interest rates charged for similar types of loans by other lenders. Participant loans outstanding at December 31, 2022 and 2021 have interest rates ranging from 3.25% to 6.25% with maturity dates through November 2037. The loans are repaid ratably through payroll deductions generally over a period of five years or less, except for the purchase of a principal residence which may be repaid over a period that may exceed five years.

Administrative Expenses— The Plan primarily pays the administrative expenses associated with administration of the Plan. Administrative expenses, including fees and expenses of the custodian, commissions, and other charges on purchases, sales and transfers of investments, are paid out of the fund or account involved in such purchase or sale. Investment related expenses are included in net appreciation or depreciation of investments. Participants are responsible for their own loan and distribution fees. The participants pay for annual fund and recordkeeping fees.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus unpaid accrued interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income (Loss) Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains and losses and the unrealized appreciation and depreciation of these investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no amounts allocated to the accounts of the persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2022 or 2021.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company have supplied the Plan administrator with a certification as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021 that the Plan's investments at fair value and contract value, notes receivable from participants, net depreciation/appreciation in fair value of investments, dividends and interest earned on investments, interest income earned on notes receivable from participants, and information included in the supplemental schedule are complete and accurate.

Effective April 1, 2022, Empower Annuity Insurance Company officially acquired the full-service retirement business of Prudential Financial, Inc., including Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: The collective investment trusts are valued at the NAV as calculated by the funds daily. The NAV is based upon the market value of the underlying investments. The NAV of the collective investment trusts are not publicly quoted but are available to current investors. The NAV is the basis for current transactions and the collective investment trusts can be redeemed at NAV as of the measurement date.

Self-directed brokerage accounts: Self-directed brokerage accounts are valued at the daily closing price as reported by the fund. The self-directed brokerage accounts consist of interest-bearing cash accounts and stocks.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2022. There were no Level 3 Plan assets at fair value at December 31, 2022. The Plan also invests in a guaranteed investment contract which is valued at contract value and is not categorized within the fair value hierarchy. The contract value for this investment is included in the tables below to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

	Level 1	Level 2	Total
Mutual funds	\$ 92,339,142	\$ -	\$ 92,339,142

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2021. There were no Level 2 or Level 3 Plan assets at fair value at December 31, 2021.

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$106,460,057	\$106,460,057
Self-directed brokerage accounts	<u>89,928</u>	<u>89,928</u>
Total assets in fair value hierarchy	106,549,985	106,549,985
Investments measured at contract value		<u>5,900,891</u>
Total investments		<u>\$112,450,876</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company. These transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for these investment management services were \$260,060 and \$319,515 for the years ended December 31, 2022 and 2021, respectively.

6. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Empower Retirement, LLC. Effective January, 2022, the Plan was restated. The prototype plan document received an opinion letter from the Internal Revenue Service, dated September, 2022, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract (“GIC”). The issuer, Prudential Retirement Insurance and Annuity Company, maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no events that would limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan or complete discontinuance of contributions thereunder, each participant’s account will become fully vested and nonforfeitable.

9. SUBSEQUENT EVENTS

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes numerous provisional changes to the rules governing qualified retirement plans, with changes becoming effective for various plan years starting with 2023. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

The Plan has evaluated subsequent events through June 28, 2023, the date the financial statements were available to be issued.

Everi Holdings Inc. 401(k) Plan
Las Vegas, Nevada

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Everi Holdings Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and December 31, 2021, and the related statement of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Everi Holdings Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Everi Holdings Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Everi Holdings Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt Everi Holdings Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

1. SUMMARY PLAN DESCRIPTION

The following description of Everi Holdings Inc. (the “Company”) 401(k) Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General—The Plan is a contributory, defined contribution 401(k) plan available to qualifying employees of the Company. To be eligible to participate in the Plan, an employee must have attained the age of 18. There is no service requirement to become eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

During the year ended December 31, 2020, the Plan implemented certain directives, where applicable, of the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) and the Setting Every Community Up for Retirement Enhancement Act of 2019 (the “SECURE Act”), which laws change the Plan to, among others, allow certain eligible individuals to receive coronavirus-related relief for loan repayment, suspend required minimum distributions, and delay the commencement date for required minimum distributions. The optional features within these acts were implemented during the year ended December 31, 2020. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions—Participants may contribute up to 75% of their annual compensation, subject to Internal Revenue Service limits (\$20,500 for 2022 and \$19,500 for 2021), with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. During the years ended December 31, 2022 and 2021, the Company matched 45% and 40%, respectively, of the employees’ first 10% of compensation up to a maximum amount, as defined in the summary plan description each plan year. The Company may also make discretionary contributions to the Plan determined by its Board of Directors. There were no employer discretionary contributions during the years ended December 31, 2022 and 2021. Employees who have reached the age of fifty by the end of the plan year are eligible to make an additional catch-up elective deferral contribution subject to a maximum amount of \$6,500, for the years ended December 31, 2022 and 2021.

Rollovers—Rollovers represent funds transferred to the Plan from other qualified plans of the participants. Effective May 1, 2021, the Plan was amended to permit in-plan Roth rollover contributions.

Participant Accounts—Each participant’s account is credited with the participant’s contributions, the Company’s contributions, an allocation of Plan earnings based on participants’ directed account balances, and administrative expenses, where applicable. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeitures—Upon withdrawal from the Plan, a participant’s non-vested portion of Company contributions and earnings is considered a forfeiture and is used to reduce the Company contributions or allocated to administrative expenses. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$1,059 and \$6,163, respectively. During the years ended December 31, 2022 and 2021, forfeitures of \$142,000 and \$296,600 were used to reduce employer contributions, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. SUMMARY PLAN DESCRIPTION (CONTINUED)

Vesting—Participants are fully vested in their own contributions to the Plan, plus any earnings thereon. Participants hired prior to January 1, 2016 are immediately vested in all accrued and future Company contributions. Participants hired on or after January 1, 2016 become vested in the Company's contributions, plus earnings thereon, based on years of service in accordance with the following vesting schedule:

Years of Service	Percentage of Account Vested
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Investments—Participants direct the investments of their own contributions and the employer contributions into various investment options offered by the Plan.

Withdrawals—Participants may make withdrawals from the Plan upon reaching age 59½, retirement, complete and total disability, death, or in certain cases of financial hardship. Upon termination of service, participants may receive the value of the vested interest in his or her account as a lump-sum distribution or elect to have it rolled over into another qualified retirement plan.

Participant Loans—Generally, loans are available to any participant with an account balance. The loan amount may not exceed the lesser of 50% of the participant's vested account balance or \$50,000 and is subject to a minimum of \$1,000. The participant's vested account provides security for the loan. The interest rates are determined by the plan administrator based upon interest rates charged for similar types of loans by other lenders. Participant loans outstanding at December 31, 2022 and 2021 have interest rates ranging from 3.25% to 6.25% with maturity dates through November 2037. The loans are repaid ratably through payroll deductions generally over a period of five years or less, except for the purchase of a principal residence which may be repaid over a period that may exceed five years.

Administrative Expenses— The Plan primarily pays the administrative expenses associated with administration of the Plan. Administrative expenses, including fees and expenses of the custodian, commissions, and other charges on purchases, sales and transfers of investments, are paid out of the fund or account involved in such purchase or sale. Investment related expenses are included in net appreciation or depreciation of investments. Participants are responsible for their own loan and distribution fees. The participants pay for annual fund and recordkeeping fees.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus unpaid accrued interest. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Use of Estimates—The preparation of financial statements in conformity with U.S. GAAP requires the Plan’s management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income (Loss) Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains and losses and the unrealized appreciation and depreciation of these investments.

Payment of Benefits—Benefit payments to participants are recorded upon distribution. There were no amounts allocated to the accounts of the persons who had elected to withdraw from the Plan but had not yet been paid at December 31, 2022 or 2021.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

3. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company have supplied the Plan administrator with a certification as of December 31, 2022 and 2021, and for the years ended December 31, 2022 and 2021 that the Plan's investments at fair value and contract value, notes receivable from participants, net depreciation/appreciation in fair value of investments, dividends and interest earned on investments, interest income earned on notes receivable from participants, and information included in the supplemental schedule are complete and accurate.

Effective April 1, 2022, Empower Annuity Insurance Company officially acquired the full-service retirement business of Prudential Financial, Inc., including Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. FAIR VALUE MEASUREMENTS (CONTINUED)

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: The collective investment trusts are valued at the NAV as calculated by the funds daily. The NAV is based upon the market value of the underlying investments. The NAV of the collective investment trusts are not publicly quoted but are available to current investors. The NAV is the basis for current transactions and the collective investment trusts can be redeemed at NAV as of the measurement date.

Self-directed brokerage accounts: Self-directed brokerage accounts are valued at the daily closing price as reported by the fund. The self-directed brokerage accounts consist of interest-bearing cash accounts and stocks.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2022. There were no Level 3 Plan assets at fair value at December 31, 2022. The Plan also invests in a guaranteed investment contract which is valued at contract value and is not categorized within the fair value hierarchy. The contract value for this investment is included in the tables below to permit reconciliation to the amounts presented in the Statements of Net Assets Available for Benefits.

	Level 1	Level 2	Total
Mutual funds	\$ 92,339,142	\$ -	\$ 92,339,142

4. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value required to be categorized as of December 31, 2021. There were no Level 2 or Level 3 Plan assets at fair value at December 31, 2021.

	<u>Level 1</u>	<u>Total</u>
Mutual funds	\$106,460,057	\$106,460,057

Total assets in fair value hierarchy	106,549,985	106,549,985
Investments measured at contract value		<u>5,900,891</u>
Total investments		<u>\$112,450,876</u>

5. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments were managed by Prudential Bank & Trust, F.S.B., Prudential Retirement Insurance and Annuity Company and Empower Annuity Insurance Company. These transactions qualify as party-in-interest transactions. Participant loans also qualify as party-in-interest transactions. Fees paid by the Plan for these investment management services were \$260,060 and \$319,515 for the years ended December 31, 2022 and 2021, respectively.

6. INCOME TAX STATUS

The Plan uses a prototype plan document sponsored by Empower Retirement, LLC. Effective January, 2022, the Plan was restated. The prototype plan document received an opinion letter from the Internal Revenue Service, dated September, 2022, which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). Management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

EVERI HOLDINGS INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan invests in a traditional fully benefit-responsive guaranteed investment contract (“GIC”). The issuer, Prudential Retirement Insurance and Annuity Company, maintains the contributions in a general account. The account is credited with participant contributions plus earnings and charged for participant withdrawals and administrative expenses. The issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no events that would limit the ability of the Plan to transact at contract value with the insurance company and the financial institution issuer. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

8. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. Upon termination of the Plan or complete discontinuance of contributions thereunder, each participant’s account will become fully vested and nonforfeitable.

9. SUBSEQUENT EVENTS

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes numerous provisional changes to the rules governing qualified retirement plans, with changes becoming effective for various plan years starting with 2023. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

The Plan has evaluated subsequent events through June 28, 2023, the date the financial statements were available to be issued.
