Independent Auditors' Report

To the Plan Administrator and Participants
Tryon Distributing LLC 401(k) Retirement Plan
Charlotte, North Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Tryon Distributing LLC 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets under contract with and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tryon Distributing LLC 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tryon Distributing LLC 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tryon Distributing LLC 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tryon Distributing LLC 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Tryon Distributing LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022

1. Description of Plan

The following description of Tryon Distributing LLC 401(k) Retirement Plan ("the Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Tryon Distributing, LLC (the "Company") covering substantially all employees of the Company other than union, non-resident aliens and any part-time, temporary, and seasonal employee whose regularly scheduled service is less than 1,000 hours. The Plan was adopted effective February 1, 1997. Employees become eligible to participate in the Plan after two months of employment and upon attaining age 18. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA").

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains approximately 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

The Plan was restated for regulatory provisions effective May 1, 2022. At this time, the 6 percent cap on the discretionary matching contributions was removed. The Plan was also amended to change the eligibility service for employer non-elective contributions to 90 days of service and 500 hours of service during the Plan year.

Contributions

Participants are allowed to contribute up to the annual maximum allowed by the Internal Revenue Service ("IRS"). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan permits Roth contributions.

The Company may make discretionary matching contributions as determined by the Company. In 2022, the Company contributed 50 percent up to 6 percent of compensation to the Plan after year-end. The Company may also contribute a discretionary non-elective contribution as determined by the Company's Board of Directors. There were no discretionary non-elective contributions for the year ended December 31, 2022. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with participant contributions and allocations of Company contributions and Plan earnings and charged with withdrawals and allocations of Plan losses and investment transaction fees. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a pooled separate account that holds sub-accounts that invest in registered investments and a fixed account.

Notes to Financial Statements

December 31, 2022

Vesting

Participants are fully vested in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. All participants vest at a rate of 25 percent each year after two years of service and are 100 percent vested in the Company's discretionary match and discretionary non-elective contributions after five years of service.

Benefit Payments

Upon termination of service due to death, disability, early retirement with five years of plan participation, or retirement, a participant or their beneficiary will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0 in each year. Forfeitures may reduce employer contributions and plan expenses. Forfeitures of \$1,000 were used to offset plan expenses. Forfeitures of \$11,006 and \$13,603 were used to offset the 2022 and 2021 employer contribution receivables, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fixed account which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees, and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefits Paid to Participants

Benefits are recorded when paid.

Tryon Distributing LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022

Excess Contributions Refundable

Amounts refundable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to employee or employer contributions. The Plan distributed the 2022 excess contributions of \$26,534 to the applicable participants in 2023.

Administrative Expenses

The Company absorbs various plan expenses. Certain plan administrative expenses are paid by the Plan and may be offset with plan forfeitures. Investment management fees are included in net appreciation/depreciation in fair value of investments.

3. Unaudited Information

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5(c)(1) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, American United Life Insurance Company ("AUL"), the certifying entity has certified the following as complete and accurate:

<i>December 31,</i>	2022	2021
Fixed interest account, at contract value	\$ 932	\$ 387,110
Stable value account, at contract value	\$ 395,786	\$ -
Separate accounts, at fair value	\$ 7,492,276	\$ 8,355,069

<i>Year Ended December 31,</i>	2022
Net depreciation in separate accounts	\$ (1,653,359)
Interest income-fixed insurance contract	\$ 8,698

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to related information in the financial statements and supplemental schedule.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Tryon Distributing LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2022

Level 2- Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3- Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at December 31, 2022 and 2021.

The Plan holds a pooled separate account that is divided into sub-accounts. The participants may select from these sub-account offerings which include a fixed contract and registered investments. As the pooled separate account does not file as a direct filing entity, the underlying investments are reported on these financial statements and on the Form 5500.

Separate Accounts: The Plan holds a separate account that does not file as a direct filing entity. Each of the separate accounts invest in a single, open-ended mutual fund which is generally identified in the name of the separate account. The investment strategies of these separate accounts are consistent with each of the mutual funds identified in the name of the fund. The fair value of participation units held in these separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the separate accounts provides for daily redemptions by the Plan with no advance requirements and has redemption prices that are determined by the fund's net asset value per unit as a practical expedient.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There are no investments that fall within the fair value hierarchy as of December 31, 2022 and 2021. The following table presents the fair value of the Plan's assets as of December 31, 2022 and 2021.

<i>December 31,</i>	2022	2021
Investments not subject to the fair value hierarchy:

5. Investments that Trade at NAV as a Practical Expedient

The following tables set forth additional disclosures of the investments whose fair value is estimated using net asset value per share (or its equivalent) as of December 31, 2022 and 2021 for the Plan.

Fair Value Estimated Using Net Asset Value per Share

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Separate accounts (a)	\$ 7,492,276	\$ -	Daily	None	None

Fair Value Estimated Using Net Asset Value per Share

December 31, 2021

Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Other Redemption Restrictions	Redemption Notice Period
Separate accounts (a)	\$ 8,355,069	\$ -	Daily	None	None

- (a) The Plan invests in various separate accounts that each invest in a single open-ended mutual fund which is generally identified in the name of the registered investment. The investment strategies of these funds are consistent with each of the mutual funds identified in the name of the fund.

6. Insurance Contract

The Plan has a fully benefit responsive fixed interest account and stable value account available through AUL. AUL maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Each premium allocated to the fixed interest account buys a guaranteed minimum amount of lifetime income based on the rate schedule in effect at the time the premium is credited.

For investment contracts that are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. These contracts are included in the financial statements at contract value, as reported to the Plan by AUL. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Interest rates on the fixed interest account are reviewed on a quarterly basis for resetting. Interest rates on the stable value account are reviewed on an annual basis for resetting.

Notes to Financial Statements

December 31, 2022

The following table summarizes the contract value of fully benefit responsive investment contracts held as of December 31, 2022 and 2021:

<i>December 31,</i>	2022	2021
AUL Fixed Interest Account	\$ 932	\$ 387,110
AUL Stable Value Account	\$ 395,786	\$ -

7. Plan Termination

Although it has not expressed any intent to do so, the Company reserves the right to discontinue contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants would become 100 percent vested in their employer contributions.

8. Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit volatility. Market risks include U.S. and global events that could impact the value of Plan investments. Such events may include public health emergencies such as a pandemic, as well as international conflicts, cybersecurity attacks, supply chain disruptions, global monetary policy decisions, inflation, significant economic influences, and other adverse credit and market events and conditions. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Tax Status

The Plan has received an opinion letter dated August 19, 2020, that the Plan Document is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator and the Plan's management believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are units of a pooled separate account managed by AUL, the certifying entity of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation or depreciation in the fair value of the investment, rather than a direct payment. Direct fees member services were paid to AUL during 2022.

Excess employee contributions refundable	26,534	24,466
Net assets available for benefits per the Form 5500	\$ 8,126,285	\$ 8,934,515

The following is a reconciliation of the change in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

<i>Year Ended December 31,</i>	2022
Changes in net assets available for benefits per the financial statements	\$ (810,298)
Prior year excess employee contributions refundable	(24,466)
Current year excess employee contributions refundable	26,534
Changes in net assets available for benefits per the Form 5500	\$ (808,230)

12. Subsequent Events

The Plan has evaluated subsequent events through the report date of June 22, 2023, the date the financial statements were available to be issued.
