Independent Auditor's Report

July 20, 2023

Plan Administrator
Houston Zoo Employees' 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Houston Zoo Employees' 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions and maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

July 20, 2023
Houston Zoo Employees' 401(k) Plan

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

July 20, 2023
Houston Zoo Employees' 401(k) Plan

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

Note 1 - Plan Description

The following description of the Houston Zoo Employees' 401(k) Plan (the Plan) is provided for general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Houston Zoo, Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was adopted by the Company on September 1, 2002, and has since been amended and restated.

The Company serves as the plan administrator and an employee of the Company serves as the Plan's trustee. John Hancock Life Insurance Company (U.S.A.) (John Hancock) serves as the Plan's asset custodian.

Eligibility

Participation in the Plan is available for all employees, as defined, who are at least 18 years of age and complete 60 days of service. The Plan includes a savings feature designed to permit the employee and the Company to contribute to the Plan, at amounts allowable under Section 401(k) of the Internal Revenue Code (IRC).

Contributions

Employee pre-tax and Roth contributions are made to the Plan by electing to contribute up to 100% of the employee's compensation, as defined, subject to the maximum limits allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions to the Plan from other qualified plans and certain other qualified sources as defined in the plan document.

Upon meeting the eligibility requirements, employees automatically begin deferring 3% of their compensation for each payroll period, unless an affirmative election not to contribute or to contribute at a different percentage is made by the employee. The contributions are Roth deferrals unless the employee affirmatively designates that any portion or all of the contributions be treated as pre-tax contributions. On October 1st of each year, the automatic deferral percentage increases by 1% each year up to a maximum of 10%, unless otherwise instructed by the employee.

For the year ended December 31, 2022, the Company made safe harbor matching contributions to all eligible participants in an amount equal to 100% of the first 3% of eligible compensation contributed to the Plan and 50% of the next 2% of eligible compensation contributed to the Plan. Additionally, the Company may elect to make discretionary matching contributions. The Company did not make discretionary matching contributions for the year ended December 31, 2022.

See independent auditor's report.

NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022 and 2021

Participant Accounts

Participants direct the investment of their accounts into various investment options offered by the Plan. Under the Plan, earnings and losses are allocated to the participants' accounts daily according to an allocation formula provided in the plan document.

Vesting

Participants are immediately vested in their contributions, the Company's contributions, plus actual earnings thereon.

Benefit Payments

Distributions may be made to participants upon termination of employment, death, disability or retirement. Withdrawals may be made by active participants upon attainment of age 59½, due to financial hardship or for any other reason stated in the plan document. Distributions from the Plan may be paid in the form of a lump sum distribution or installment payments at the discretion of the participant. Upon withdrawal from the Plan or termination, participants with an account balance of \$1 or less receive an automatic lump sum distribution from the Plan. For participants with an account balance greater than \$1 but less than \$5,000, the plan administrator will make a direct rollover into an individual retirement account. Withdrawals from the Plan may be subject to income tax on contributions and income earned.

Notes Receivable from Participants

Notes receivable from participants are loans to participants secured by the vested portion of their accounts. Participants may borrow from their accounts up to a maximum amount equal to the lesser of \$50,000, reduced by the highest outstanding loan balance during the preceding 12 months, or 50% of their vested interest in the Plan. The minimum loan is \$1,000. Interest rates are based on the prime rate at the date of origination, plus 2%. Principal and interest are generally repaid through payroll deductions. Loans are to be repaid within five years unless the purpose of the loan is to acquire a principal residence, which allows the loan to extend to 20 years. A participant may only have one loan outstanding at any given time.

December 31, 2022 and 2021

Note 2 - Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. The net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold during the year as well as appreciation or depreciation of investments held at the end of the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021, as the notes are collateralized by the participants' account balances. In general, notes receivable from participants are placed into default in the calendar quarter following the quarter in which no payment on the note is made and such defaults are recognized as distributions based upon the terms of the plan document when a distributable event has occurred.

Benefit Payments

Benefit payments are recorded when paid.

Administrative Expenses

Loan fees and certain transactional charges are paid by the participants. All other administrative costs are paid by the Plan unless paid by the Company, at its discretion. Investment-related expenses are included in the net appreciation or depreciation in the fair value of investments.

HOUSTON ZOO EMPLOYEES' 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022 and 2021

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investments will occur in the near term and may impact participants' account balances and the amounts reported in the financial statements.

Subsequent Events

Management of the Plan evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through July 20, 2023, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Asset Custodian

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator has obtained certifications from John Hancock as of December 31, 2022 and 2021, and for the year ended December 31, 2022, that all of the information provided is complete and accurate. Information included in the financial statements and accompanying notes to the financial statements as to investments, notes receivable from participants, net depreciation in the fair value of investments, interest income on notes receivable from participants, and all of the related information in the supplemental schedule is presented in reliance solely upon these certifications.

The Plan's independent auditor did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements, the accompanying notes to the financial statements and the supplemental schedule.

HOUSTON ZOO EMPLOYEES' 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022 and 2021

Note 4 - Fair Value Measurements

GAAP provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2022 and 2021.

Pooled Separate Accounts: These funds are valued at their net asset value (NAV) as determined by the issuer, based on the value of each of the underlying investments, less applicable fees charged by the issuer. The NAV is used as a practical expedient to estimate fair value. The practical expedient is not used when it is determined to be probable that the investment will be sold for an amount different than reported NAV.

The pooled separate accounts that are measured using NAV as a practical expedient have been excluded from the fair value hierarchy in accordance with GAAP. The following table provides additional information for the pooled separate accounts as of December 31, 2022 and 2021.

- (a) The strategy of these investments is to achieve as high a total return on an annual basis as is considered consistent with prudent investment risk and the preservation of capital by investing in a combination of mutual funds and money market funds, using an asset allocation strategy designed for investors expecting to retire around a specific target date.
- (b) The strategy of these investments is to seek both long-term capital appreciation and income by investing primarily in common stocks.
- (c) The strategy of these investments is to appreciate in value by means of capital gains generated primarily from the growth portion and income derived from the value portion.
- (d) The strategy of these investments is to seek long-term capital appreciation by investing in companies with a favorable industry structure and strong market position.
- (e) The strategy of these investments is to seek long-term growth of capital by investing primarily in common stock.
- (f) The strategy of these investments is to seek a high level of current income consistent with prudent investment risk.
- (g) The strategy of this investment is to preserve capital and provide stability of principal while earning current income that exceeds money market rates over the long term.

Note 5 - Federal Income Tax

Prior to January 1, 2022, the volume submitter plan adopted by the Plan received an advisory letter from the Internal Revenue Service (IRS) dated March 31, 2014, stating that it was in compliance with the applicable requirements of the IRC. Effective January 1, 2022, the Plan was amended and restated via its adoption of a pre-approved plan. The pre-approved plan received an opinion letter from the IRS dated June 30, 2020, stating that it was in compliance with the applicable requirements of the IRC. The volume submitter plan and the pre-approved plan have both been amended since receiving their IRS letters; however, the plan administrator believes that the Plan continues to be designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

See independent auditor's report.

HOUSTON ZOO EMPLOYEES' 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS (Continued)
December 31, 2022 and 2021

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are units of pooled separate accounts issued by John Hancock. The Plan's investment transactions in these funds qualify as party-in-interest transactions. These transactions are covered by an exemption from the "prohibited transaction" provisions of ERISA and the IRC.
